Clive Donner, Managing Director commented:

"The Board is very appreciative of the strong support from current shareholders and welcomes a number of new institutional investors onto the register.

The oversubscribed Equity Raising has now been completed, which together with the US\$14.5 million Bridging Facility closed last quarter, provides the Company with the capital to advance the Nifty technical studies and finalise an appropriate development funding package next year. This will enable the delivery and execution of our strategy to restart the Nifty Project as a larger scale open pit copper operation."

Placement and Entitlement Offer

Cyprium Metals Limited (**CYM, Cyprium or the Company**) is pleased to announce the capital raising via a placement (**Placement**) and a pro rata non-renounceable entitlement offer (**Entitlement Offer**) was oversubscribed, raising a total of \$31.6 million before costs (**Equity Raising**).

The Company has completed the Placement to issue 600 million new shares (**Placement Shares**) at an offer price of \$0.04 per share (**Offer Price**), raising \$24 million. The Placement was strongly supported by sophisticated and professional investors, including numerous new and existing high quality domestic and offshore natural resources focused institutions, family offices and private equity investors.

The Company has also completed the Entitlement Offer under which it has issued 125 million new shares (**Entitlement Shares**) at the Offer Price, raising \$5 million. The oversubscriptions in this

About Cyprium Metals Limited

Cyprium Metals Limited (ASX: CYM) is an ASX listed Australian copper company. Cyprium has a vision to become a significant mid-tier copper producer with a multi-asset strategy set to capitalise on the global electrification thematic. The Company's strategy is to acquire, develop, operate and explore mineral resource projects using modern responsible methods to minimise environmental impact and optimise resource recovery and utilisation. Cyprium will make use of past investment to minimise capital intensity and lower risk to maximise the risk adjusted value of its projects.

The Company has projects in the Paterson and Murchison regions of Western Australia that are host to multiple base metals deposits.

Paterson Copper Projects

This portfolio of copper projects comprises the Nifty Copper Mine, Maroochydore Copper Project and Paterson Exploration Project.

The Nifty Copper Mine ("Nifty") is located on the western edge of the Great Sandy Desert in the north-eastern Pilbara region of Western Australia, approximately 330km southeast of Port Hedland. Nifty contains a 2012 JORC Mineral Resource of 940,200 tonnes of contained copperⁱ. Cyprium is focussed on a business plan to develop a large open pit mine.

The Maroochydore deposit is located ~85km southeast of Nifty and includes a shallow 2012 JORC Mineral Resource of 486,000 tonnes of contained copperⁱⁱ. Cyprium will commence a scoping studies targeting development of a +10 year 20,000 to 30,000 tonne per year copper metal producing leach-SXEW operation to commence once Nifty is fully developed and achieves stable profitable production.

An exploration earn-in joint venture has been entered into with IGO Limited on ~2,400km² of the Paterson Exploration Project. Under the agreement, IGO is to sole fund \$32 million of exploration activities over 6.5 years to earn a 70% interest in the Paterson Exploration Project, including a minimum expenditure of \$11 million over the first 3.5 years. Upon earning a 70% interest, the Joint Venture will form and IGO will free-carry Paterson Copper to the completion of a pre-feasibility study (PFS) on a new mineral discovery.

Murchison Copper-Gold Projects

The Nanadie Well Project is located ~650km northeast of Perth and ~75km southeast of Meekatharra in the Murchison District of Western Australia, within mining lease M51/887, includes the Nanadie Well Copper-Gold Mineral Resources of 162,000 tonnes contained copper^{iv}, which is open at depth and along strike to the north. Exploration will continue to define the scale and potential of this large prospective multi element geological footprint.

Cyprium has an 80% attributable interest in a joint venture with Musgrave Minerals Limited (ASX: MGX) at the Cue Copper-Gold Project, which is located ~20km to the east of Cue and includes the Holladaire Copper-Gold Mineral Resources of 51,500 tonnes contained copperⁱⁱⁱ.

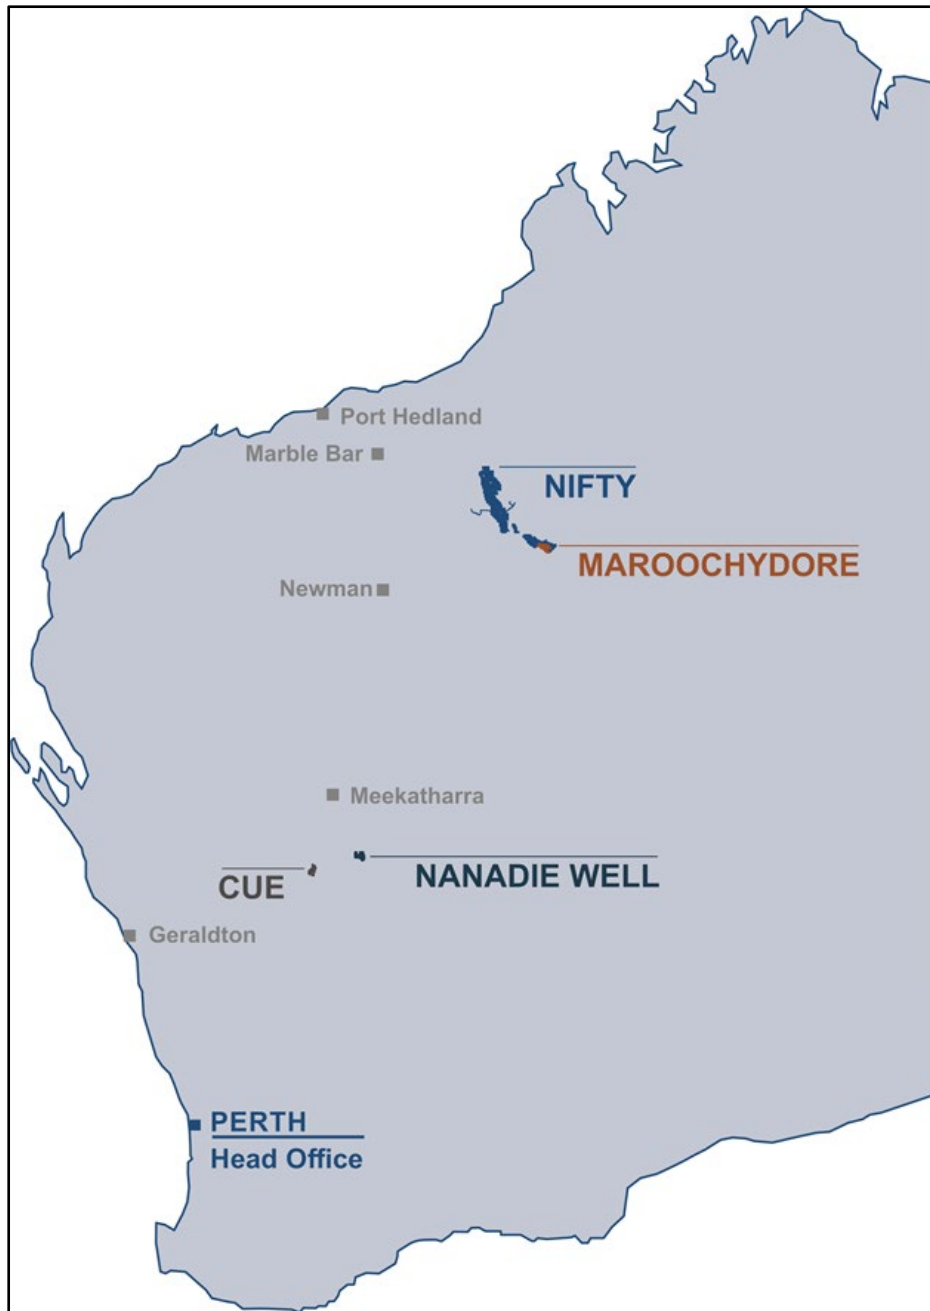

Nanadie Well and Cue Copper-Gold projects are included in an ongoing scoping study, to determine the parameters required to develop a copper project in the region which will determine optimal resource development and exploration work going forward.
