AUSMON RESOURCES LIMITED

AGM PRESENTATION

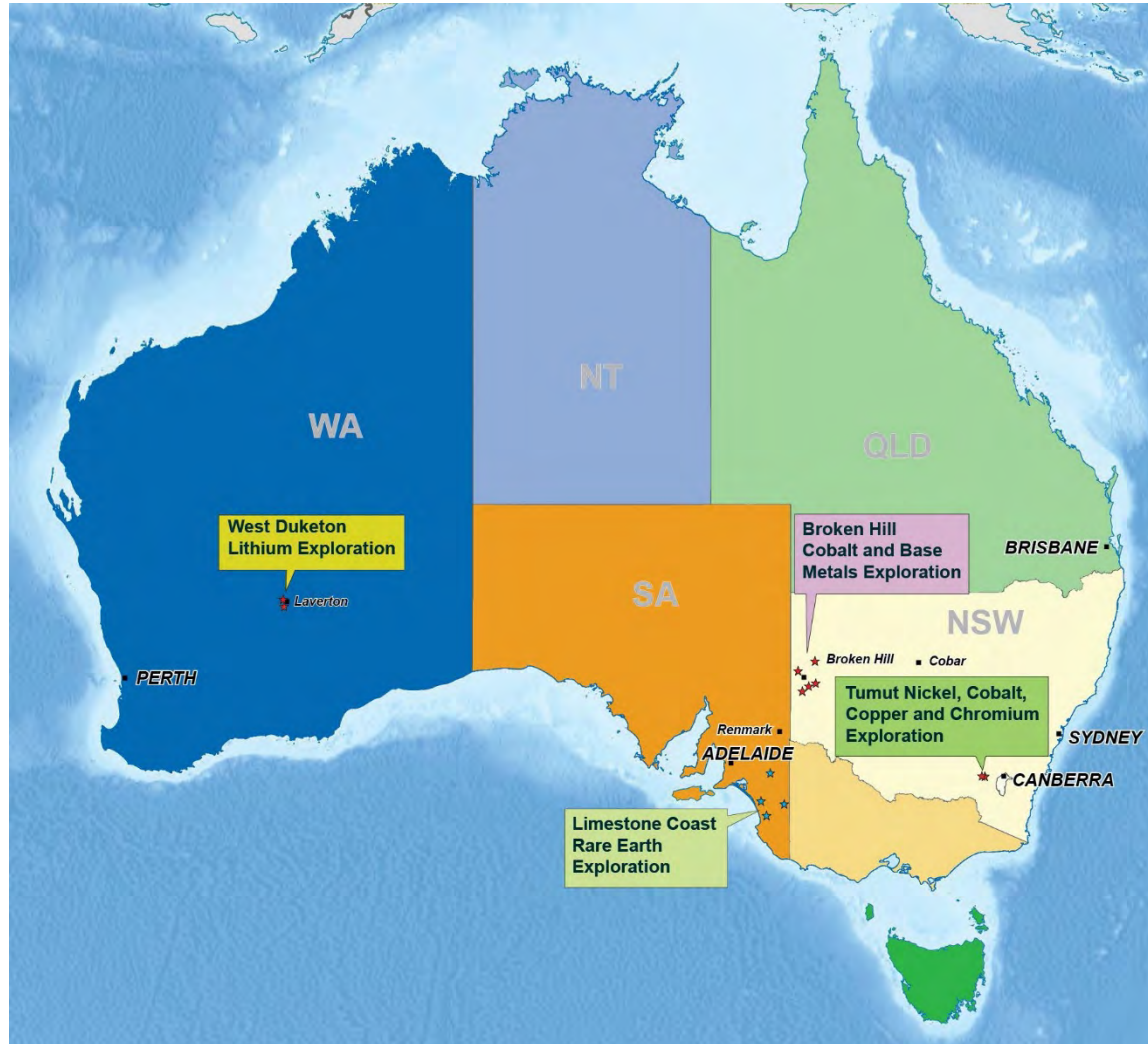

Mark Derriman (Chief Technical Officer)

26th OCTOBER 2023

SA : 4 Tenements 100% Interest– Rare Earth Elements
NSW : 7 Tenements 100% interest - Cobalt & Base Metals
WA : 2 Tenement 100% interest - Lithium

AUSMON RESOURCES LIMITED

ersonal use only

Exploration Activities Overview

AUSMON RESOURCES
LIMITED

SA Limestone Coast: Rare Earth Elements Exploration

- pXRF scan and lab tests of samples from historic holes in all 4 tenements (completed)
- Identify areas for Aircore drilling in all 4 tenements (completed)
- Obtain Council approvals to drill on selected road verges (completed)
- Approval from Mines Department for drilling at Parrakie and Wolseley (awaiting)
- Meetings with local communities in preparation of drilling (planning)
- Engage drillers/Traffic Managers for Aircore drilling on road verges (in process)
- ***Drill along road verges at Parrakie and Wolseley to test for clay REE's (December Qtr)***

NSW Broken Hill: Enmore/Eureka/Mt Darling – Cobalt and Base Metals Exploration

- IP survey at Enmore over the East Borehole area of historical drilling (completed)
- Surficial geological sampling at NW Eureka (completed)
- Surficial geochemical sampling at Mt Darling (completed)
- Review data at Stirling Vale/Kanbarra for new exploration areas (on-going)
- ***Drill test East Borehole IP chargeability anomalies (in 2024)***

Exploration Activities Overview

AUSMON RESOURCES
LIMITED

NSW Tumut: Brungle Creek/McAlpine – Cobalt and Base Metals Exploration

- Reprocessing and interpretation of seismic line traversing the tenements (completed)
- Field based surficial exploration program (completed)
- Elevated gold results warrant further exploration in certain areas (planning)

WA Laverton: Barneys/Neckersgat – Lithium Exploration

- 2 Tenements granted in March 2023 (completed)
- Native Title compliance procedures (in process)
- Review historic data, mapping and surficial geochemical sampling (planning)

WA: Laverton – Lithium Exploration

AUSMON RESOURCES
LIMITED

Barneys and Neckersgat located to the north of Laverton in the Eastern Goldfields of WA

Granted Licences

Tenement	Area Name	Location	Beneficial Interest	Status
EL 8745	Kanbarra	NSW	100%	Expiry on 15 May 2024
EL 8747	Stirling Vale	NSW	100%	Expiry on 24 May 2024
EL 8954	Brungle Creek	NSW	100%	Expiry on 11 March 2026
EL 9220	Enmore	NSW	100%	Expiry on 21 July 2026
EL 9224	Eureka	NSW	100%	Expiry on 21 July 2026
EL 9230	Mt Darling	NSW	100%	Expiry on 21 July 2026
EL 9252	McAlpine	NSW	100%	Expiry on 6 August 2027
EL 6795	Parakie	SA	100%	Grant on 5 July 2022 and expiry on 4 July 2028
EL 6796	Mt Rough	SA	100%	Grant on 5 July 2022 and expiry on 4 July 2028
EL 6797	Kingston	SA	100%	Grant on 5 July 2022 and expiry on 4 July 2028
EL 6807	Wolseley	SA	100%	Grant on 19 July 2022 and expiry on 18 July 2028
EL 38/3718	Barney	WA	100%	Grant on 17 March 2023 and expiry on 16 March 2028
EL 38/3719	Neckersgat	WA	100%	Grant on 17 March 2023 and expiry on 16 March 2028

Reference Technical Releases on ASX

Date	Description
29 July 2022	Quarterly Activities Report
6 September 2022	Field Exploration Commences for Rare earth in SA
5 October 2022	Field Reconnaissance Rare Earth Exploration in SA Completed
26 October 2022	Quarterly Activities Report
25 November 2022	Presentation at 2022 AGM
7 December 2022	Field Exploration Commences at EL8954 and EL9252
20 December 2022	Field Exploration Completed at EL8954 and EL9252, NSW
25 January 2023	Quarterly Activities Report
21 March 2023	Soil Sampling commences at ELs 9230/2224 Broken Hill, NSW
23 March 2023	Two tenements for lithium exploration granted in WA
30 March 2023	Field exploration sampling results at EL8954 and EL 9252 NSW
4 April 2023	Soil sampling completed at EL9230 and EL9224, Broken Hill NSW
28 April 2023	Quarterly Activities Report

Disclaimer

Certain statements contained in this presentation, including information as to the future financial or operating performance of Ausmon Resources Limited and its projects, are forward-looking statements. Such forward looking statements:

- Are necessarily based upon a number of assumptions and estimates that, while considered reasonable by Ausmon Resources Limited, are inherently subject to significant technical, business, economic, competitive, political and social uncertainties and contingencies;
- Involve known and unknown risks and uncertainties that could cause actual events or results to differ materially from estimated or anticipated events or results reflected in such forward-looking statements; and
- May include, among other things, statements regarding targets, estimates and assumptions in respect of production, prices, operating costs, results, capital expenditures, reserves and resources, and are or may be based on assumptions and estimates related to future technical, economic, market, political, social and other conditions.

Ausmon Resources Limited disclaims any intent or obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise.

All forward-looking statements made in this presentation are qualified by the foregoing cautionary statements. Investors are cautioned that forward-looking statements are not guarantees of future performance and accordingly investors are cautioned not to rely on forward-looking statements due to the inherent uncertainty therein.

The information in this presentation relates to exploration results and is based on information compiled by Mr Mark Derriman, Member of the Australasian Institute of Geoscientist. Mr Derriman has sufficient experience that is relevant to the style of mineralisation and type of deposits under consideration and to the activities which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the JORC Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves.
