Dear Shareholder,

The 2023 Annual General Meeting (**Meeting**) of Pharmaxis Ltd (**Company**) will be held as a virtual meeting via live webcast on Tuesday, 28 November 2023 at 11:00 AM (Sydney time). The Notice of Meeting along with a Proxy Voting Form are enclosed.

The ordinary business of the Meeting will cover the consideration of the Company's financial statements and remuneration report and the re-election of two of our non-executive directors.

The special business of the Meeting will also cover the approval of the annual grant of performance rights to Mr Gary Phillips, our Managing Director and Chief Executive Officer, under our Performance Rights Plan.

At the 2022 Annual General Meeting, shareholders approved giving the then current directors with the flexibility to receive their base remuneration wholly in cash, in a combination of cash and zero grant price and zero exercise price options (**ZEPOs**) or wholly in ZEPOs. At the same time, shareholders approved the grant to the then current directors of options over ordinary shares that have a nil grant price but an exercise price that is at a premium to market at the time of grant (**NED Options**). Since that approval, Dr Simon Green and Mr Hashan De Silva have been appointed as directors of the Company. The special business will therefore also cover the approval of the potential grants of ZEPOs and the grant of NED Options, to Dr Green and Mr De Silva.

On 3 October 2023, the Company announced a company restructure which included the sale of its mannitol business unit. The Pharmaxis name is closely associated with, and used in the branding of, the mannitol products. Accordingly, it is intended that the name Pharmaxis and associated branding be transferred as part of the sale of the mannitol business unit and that the Company change its name to Syntara Limited. The special business of the meeting seeks shareholder approval for the change of company name.

Details of the resolutions to be considered at the Meeting are contained in the Explanatory Statement which accompanies the Notice of Meeting.

Even if you plan to attend the Meeting online, we encourage you to submit a directed proxy vote online by visiting www.investorvote.com.au as early as possible and in any event by no later than 11:00 am (Sydney time) on Sunday, 26 November 2023. Shareholders wishing to ask questions are also encouraged to ask questions of the Company and/or its auditor before the Meeting by emailing questions or any comments to David.McGarvey@pharmaxis.com.au by no later than Sunday, 26 November 2023.

In the event that it is necessary for the Company to give further updates, information will be provided on the Company's website and lodged with the Australian Securities Exchange.

We look forward to welcoming you at the Meeting.

Yours faithfully

David McGarvey
Company Secretary and Chief Financial Officer

EXPLANATORY STATEMENT

Financial report, directors' report and auditor's report

Purpose of consideration

The financial report, directors' report and the auditor's report of the Company for the financial year ended 30 June 2023 are contained in the Company's 2023 Annual Report, available at <https://www.pharmaxis.com.au/investor-centre/annual-reports/>.

Shareholders will be provided with a reasonable opportunity to ask questions about and to make comments on the reports, and the business and management of the Company. Shareholders are not required to approve these reports so there will be no formal resolution put to the shareholders at the Meeting.

Shareholders will also be given a reasonable opportunity to ask questions of the Company's external auditor in relation to the conduct of the audit of the Company, the preparation and content of the auditor's report, the accounting policies adopted and the independence of the auditor.

Resolution 1 - Remuneration Report

Purpose of approval

Section 250R(2) of the Corporations Act 2001 (*Cth*) (**Corporations Act**) requires that shareholders vote in respect of the adoption of the Company's remuneration report at each annual general meeting of the Company. The remuneration report is set out in section 2 of the Company's 2023 Annual Report, available at <https://www.pharmaxis.com.au/investor-centre/annual-reports/>.

Section 250R(3) of the Corporations Act provides that the vote on the resolution is advisory only and does not bind the Company's board of directors (**Board**) or the Company. The Board will continue to consider and take into account the outcome of the vote and feedback from shareholders on the remuneration report when reviewing the Company's remuneration policies. The Chair of the Meeting will allow a reasonable opportunity for shareholders as a whole to ask questions about, and make comments on, the remuneration report at the Meeting before calling for a vote.

Board recommendation

The Board unanimously recommends that shareholders vote in favour of resolution 1.

Resolution 2 - Re-election of Dr Simon Green as a non-executive director

Background

Dr Simon Green was appointed to the Board in December 2022.

Dr Green is an experienced senior global pharma executive with 30 years of experience in the biotechnology industry focused on the discovery, development and commercialisation of life saving medicines. Simon was actively involved in CSL's global expansion over a 17-year period and held roles as Senior Vice President, Global Plasma R&D and General Manager of CSL's manufacturing plants in Germany and Australia. Prior to joining CSL he worked in the USA at leading biotechnology companies Genentech Inc and Chiron Corporation.

His skills cover R&D drug development, corporate due diligence, mergers and acquisitions, strategic planning, portfolio management, financial management, intellectual property management, business development, contract management and organisational design.

Dr Green was educated at Monash University (Bachelor's Degree in Science with Honours) and the University of Melbourne (Doctor of Philosophy, Biochemistry and Immunology). He is also a graduate of the Australian Institute of Company Directors'. Dr Green was a non-executive director of Acrux Pty Ltd (2016 -2019) and is currently a non-executive director of Clover Corporation Ltd and co-founder and CEO of Immunosis Pty Ltd, a start-up diagnostics company.

Dr Green was appointed Chair of the Remuneration and Nomination Committee and a member of the Audit and Risk Committee in May 2023.

In considering Dr Green's suitability for re-election, the Board has considered the specific time commitments of Dr Green's other responsibilities and has determined that those other responsibilities do not conflict with Dr Green's commitments to the Company. Additionally, the Board considers that Dr Green prior extensive experience in global pharma complements the Board's existing skills and experience.

Purpose of approval

In accordance with the requirements of the ASX Listing Rules and the Company's constitution, Dr Green will retire and offer himself for re-election at the Meeting. If re-elected, Dr Green's term of appointment will be until the end of the third annual general meeting following her re-election or three years (whichever is longer), subject to the constitution of the Company, the ASX Listing Rules and the Corporations Act.

Prior to moving into life science investment he worked at Eli Lilly in various roles focused on the commercialisation of new and existing pharmaceuticals.

Mr De Silva was appointed to the Remuneration and Nomination Committee in May 2023.

In considering Mr De Silva's suitability for re-election, the Board has considered the specific time commitments of Mr De Silva's other responsibilities and has determined that those other responsibilities do not conflict with Mr De Silva's commitments to the Company. Additionally, the Board considers that Mr De Silva prior extensive experience as a life sciences investment professional complements the Board's existing skills and experience.

Purpose of approval

In accordance with the requirements of the ASX Listing Rules and the Company's constitution, Mr De Silva will retire and offer himself for re-election at the Meeting. If re-elected, Mr De Silva's term of appointment will be until the end of the third annual general meeting following her re-election or three years (whichever is longer), subject to the constitution of the Company, the ASX Listing Rules and the Corporations Act.

Board recommendation

The Board (with Mr De Silva abstaining) unanimously recommends that shareholders vote in favour of this resolution.

Resolution 4 – Approval of the grant of Performance Rights to Mr Gary Phillips

Background

The Company is proposing to grant Mr Gary Phillips 2,771,000 zero grant price and zero exercise price options (**Performance Rights**) pursuant to the terms and conditions of the Company's performance rights plan, which is governed by the Company's existing employee option plan (**Performance Rights Plan**). Further information about our remuneration framework for executive officers, including the use of performance rights, is set out in the remuneration report contained in the 2023 Annual Report.

Purpose of approval

ASX Listing Rule 10.14 provides that a listed company must not permit any of the following persons to acquire equity securities under an employee incentive scheme: (i) a director of the company; (ii) an associate of a director of the company; or (iii) a person whose relationship with the company or

a person referred to under (i) or (ii) is such that, in ASX's opinion, the acquisition should be approved by shareholders, in each case, unless it obtains the approval of its shareholders.

Additionally, in general terms, ASX Listing Rule 7.1 provides that a listed company must not issue or agree to issue equity securities that total more than 15% of its fully paid ordinary shares in a 12 month period without the approval of its shareholders (**15% Capacity**), subject to certain exceptions. ASX Listing Rule 7.2 Exception 14 provides that ASX Listing Rule 7.1 does not apply to an issue of securities made with the approval of holders of the Company's ordinary shares under ASX Listing Rule 10.11 or 10.14. Exception 13(b) of ASX Listing Rule 7.2 also provides that Listing Rule 7.1 does not apply in relation to, among other things, an issue of securities under an employee incentive scheme if within 3 years before the date of the issue the holders of the entity's ordinary securities approved the issue of securities under the scheme as an exception to Listing Rule 7.1, to the extent that the number of equity securities issued under the scheme does not exceed the maximum number set out in the notice of meeting. The Company's Option Plan (the same plan also known as the Performance Rights Plan when used to grant Performance Rights) was approved by shareholders at the Company's 2021 annual general meeting.

The grant of Performance Rights to Mr Phillips, falls within ASX Listing Rule 10.14 and accordingly requires approval of shareholders. With respect to the 15% Capacity, the grant of Performance Right falls within Exception 14 of ASX Listing Rule 7.2.

If shareholder approval for resolution 4 is obtained, the Company will be able to proceed with the grant of the Performance Rights to Mr Phillips as outlined in this Explanatory Statement. If shareholder approval is not obtained, the Performance Rights proposed to be granted to Mr Phillips will not be granted and the Board may need to consider alternative long-term deferred incentives for Mr Phillips (such as cash-based incentives).

Details of the proposed grant

The name of the person: Mr Gary Phillips or his nominee(s).

Category the person falls into: Mr Gary Phillips is the Company's Chief Executive Officer and Managing Director and falls in the category set out in ASX Listing Rule 10.14.1 as he is a director of the Company and his nominee(s) would be his associate and would fall in the category set out in ASX Listing Rule 10.14.2.

The number and class of securities proposed to be issued for which approval is being sought: 2,771,000 Performance Rights. The quantum of Performance Rights granted to participants in the Performance Rights Plan is calculated by the Board with reference to a percentage of the participant's salary based on responsibility within the Company, and the Company's share price. In calculating the quantum of Performance Rights to be granted to the Chief Executive Officer the relevant percentage is 50%. The share price used for the current year calculation was the share price used in the 2022 calculation, \$0.0825

Details (including the amount) of the director's current total remuneration package: Mr Phillips total remuneration package is detailed in the financial statements of the Company. Mr Phillips' current total remuneration package consists of: (i) an annual base salary of \$466,402 plus superannuation of \$51,304; (ii) a variable cash incentive up to 30% of annual base salary; and (iii) equity remuneration in the form of Performance Rights (as approved by shareholders).

The number of securities that have previously been issued to the person under the scheme and the average acquisition price (if any) paid by the person for those securities: Excluding the Performance Rights for which the Company is seeking approval at this Meeting, since commencing as an employee of the Company in 2003, Mr Phillips has been granted an aggregate total of 14,372,000 options over ordinary shares of which 4,148,750 have lapsed and 6,148,450 have been exercised into ordinary shares in the capital of the Company. The options previously granted to Mr Phillips consist of 13,117,000 Performance Rights with a zero grant price and zero exercise price and 1,255,000 market priced options with a zero grant price and an average exercise price of \$1.65.

A summary of the material terms of the securities: The Performance Rights have a life of 10 years and will vest in two equal tranches at each of 30 June 2025 and 2026 subject to Mr Phillips being an eligible person on those dates. An "eligible person" for the purposes of the Performance Rights Plan means any person considered by the Board to be employed by the Company or any subsidiaries of the Company whether full time, part time or on a long term casual basis and includes all executive and non-executive directors. While Mr Phillips is the Company's Chief Executive Officer, restrictions will apply to the shares issued on exercise of Performance Rights, including

that the shares may only be traded following Board approval. Additionally, any shares acquired on exercise of the Performance Rights which are capable of vesting on 30 June 2025 are not able to be traded until 30 June 2026, and then only after Board approval. Any shares acquired on exercise of the Performance Rights which are capable of vesting on 30 June 2026 may only be traded after Board approval. The Performance Rights are granted under the Company's Option Plan/ Performance Rights Plan. For additional information concerning the terms of the Performance Rights, refer to the summary of the Option Plan/ Performance Rights Plan following the description of resolutions 6a and 6b in this Explanatory Statement.

Why that type of security is being used and the value the Company attributes to that security and its basis: The Board considers that Performance Rights are widely accepted in the Australian context to provide equity remuneration to management and employees. Performance rights typically provide lower potential rewards to managers and employees when compared to traditional options, but by also reducing the risk for employees they provide a stable equity remuneration instrument to retain and reward employees over the longer term, and as such, are an appropriate type of security to be used for the purpose of incentivising Mr Phillips. The Company attributes a value of \$0.03705 to the Performance Rights for which approval is sought, which is calculated based on the 30 calendar day VWAP prior to the day of the Board resolution to grant the Performance Rights (being 11 October 2023), and assuming that they fully vest.

The date or dates on or by which the entity will issue the securities: The Performance Rights would be granted on 28 November 2023 (unless the Meeting is deferred, in which case they will be granted as soon as practicable after the Meeting, but in any case, no later than 3 years after the date of the Meeting).

The price at which the entity will issue the securities to the person: The Performance Rights have a zero grant and zero exercise price.

A summary of the material terms of the scheme: Refer to the summary following the description of resolutions 6a and 6b in this Explanatory Statement.

A summary of the material terms of any loan that will be made to the person in relation to the acquisition: The Company will not provide any loans in connection with the grant or exercise of Performance Rights.

Disclosure in annual report and future issues: Details of any securities issued under the Company's Option Plan/Performance Rights Plan will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any additional persons covered by ASX Listing Rule 10.14 who become entitled to participate in an issue of securities under the Option Plan/Performance Rights Plan after this resolution is approved and who were not named in this Notice of Meeting will not participate until approval is obtained under that rule.

Voting exclusion statement: A voting exclusion statement for resolution 4 is set out in the Notes and Important Information section of the Notice of Meeting.

Board recommendation

The Board (with Mr Phillips abstaining) unanimously recommends that shareholders vote in favour of resolution 4.

Resolutions 5a and 5b - Approval of the grant of ZEPOs to two Non-Executive Directors

Background

Dr Green and Mr De Silva have both been appointed since the 2022 Annual General Meeting. Consistent with the approach approved by shareholders for the then current non-executive directors at the 2022 annual general meeting, it is proposed that Dr Green and Mr De Silva be given the flexibility, at the advanced election of the relevant non-executive director, to receive their base remuneration wholly in cash, in a combination of cash and equity or wholly in equity. The equity being in the form of zero grant price and zero exercise price options (**ZEPOs**). If Dr Green or Mr De Silva director wishes to receive some or all of their base remuneration in ZEPOs with respect to a financial year, that non-executive director will be required to provide a written advanced election in the prior financial year which nominates how they want their base non-executive director remuneration to be provided in the following financial year (or prior to 31

December for the second half of the financial year only). If a director elects to receive some or all of their remuneration in ZEPOs, the number of ZEPOs to be granted (if any) will be determined by dividing the value of ZEPOs elected to be taken up by the relevant non-executive director in the relevant financial year (not to exceed the then current aggregate base director remuneration) by the 5 trading day VWAP prior to 30 June immediately prior to the commencement of the relevant financial year (or 31 December if notice is given with respect only to the second half of the financial year only). The ZEPOs would have a term of 5 years and will vest in equal quarterly instalments such that any ZEPOs granted in any given financial year would vest in that same financial year in which they are granted, subject to the relevant non-executive director continuing to be an eligible person for the purposes of the Option Plan at the relevant time. The structure, which has already been approved for other non-executive directors, provides the relevant non-executive directors the ability to increase their equity in the Company providing further potential equity alignment with shareholders of the Company while also providing the potential for reduced cash outlays by the Company. Approval for the grant of ZEPOs with respect to Dr Green and Mr De Silva is being sought under resolutions 5a and 5b; and

The grant of ZEPOs to the Company's non-executive directors or their nominees falls within ASX Listing Rule 10.14 and accordingly requires approval of shareholders. Further information about ASX Listing Rule 10.14 is set out above in the explanatory notes to resolution 4. If shareholder approval is obtained for a particular resolution 5a or 5b the relevant ZEPOs to which the resolution relates will be able to be granted to the director (or their nominee) to which that resolution relates. If shareholder approval is not obtained for any of these resolutions, the relevant ZEPOs to which the resolution relates will not be granted to the director (or their nominee) to which that resolution relates. In such case, the Board may consider alternative appropriate remuneration structures for that director.

Details of the proposed grant of ZEPOs to which resolutions 5a and 5b relate

The names of the persons: Dr Simon Green or his nominee(s) (resolution 5a) and Mr Hashan De Silva or his nominee(s) (resolution 5b)

Category the person falls into: Each of these persons falls in the category set out in ASX Listing Rule 10.14.1 as they are a director of the Company and their nominee(s) would be their associate and would fall in the category set out in ASX Listing Rule 10.14.2.

The number and class of securities proposed to be issued for which approval is being sought: If a non-executive director wishes to receive some or all of their base remuneration in ZEPOs with respect to a financial year, that non-executive director will be required to provide a written advanced election in the prior financial year which nominates how they want their base non-executive director remuneration to be provided in the following financial year. Given the timing of shareholder approval, the proposal for the financial year ending 30 June 2024 only applies to the remuneration applicable to the period 1 January 2024 to 30 June 2024 and accordingly the election must be provided prior to 31 December 2023. If a director elects to receive some or all of their remuneration in ZEPOs, the number of ZEPOs to be granted (if any) will be determined by dividing the value of ZEPOs elected to be taken up by the relevant non-executive director in the relevant financial year (not to exceed the then current aggregate base director remuneration) by the 5 trading day VWAP prior to: (i) in the case of the financial year ending 30 June 2024, 31 December 2023; and (ii) in the case of each subsequent financial year, 30 June immediately prior to the commencement of the relevant financial year.

Details (including the amount) of the director's current total remuneration package: For the financial year ended 30 June 2023, the fees for each of Dr Green and Mr De Silva were an annual cash fee of \$70,000 including any applicable statutory superannuation, with no additional payments for serving on Board committees. Refer also to details of securities that have previously been issued.

The number of securities that have previously been issued to the person under the scheme and the average acquisition price (if any) paid by the person for those securities: No securities have previously been issued to either Dr Green or Mr De Silva under the scheme.

A summary of the material terms of the securities: The ZEPOs have a life of 5 years and will vest in equal quarterly instalments such that they are fully vested in the same financial year as the ZEPOs are granted, subject to the non-executive director continuing to be an eligible person for the purposes of the Option Plan at the time of vesting. If a holder of ZEPOs ceases to be an eligible person, all of his or her ZEPOs which have not yet vested lapse and all ZEPOs which have already vested lapse after 90 days if not exercised. Trading of shares issued on exercise will be subject to

the Company's Share Trading Policy. The ZEPOs are granted under the Company's Option Plan. For additional information concerning the terms of the ZEPOs, refer to the summary of the Option Plan following the description of resolutions 6a and 6b in this Explanatory Statement.

Why that type of security is being used and the value the Company attributes to that security and its basis. The ZEPOs structure provides non-executive directors the ability to increase their equity in the Company providing further potential equity alignment with shareholders of the Company. The approach also provides flexibility for reduced cash outlays by the Company. The value of any ZEPOs granted in any given financial year will be that portion of a non-executive director's base remuneration that such director elects to be granted in the form of ZEPOs (based on the 5 trading day VWAP prior to VWAP prior to: (i) in the case of the financial year ending 30 June 2024, 31 December 2023; and (ii) in the case of each subsequent financial year, 30 June immediately prior to the commencement of the relevant financial year. The aggregate maximum value of ZEPOs that a non-executive director could be granted in a financial year is the then total base remuneration based on the 5 trading day VWAP as described above. As noted above, given the timing of shareholder approval, the proposal for the financial year ending 30 June 2024 only applies to the remuneration applicable to the period 1 January 2024 to 30 June 2024 (i.e. 50% of each non-executive director's annual remuneration).

The date or dates on or by which the entity will issue the securities: If a non-executive director provides advance election to be granted ZEPOs for a given financial year (or half year), such ZEPOs would be granted promptly following the calculation of the relevant VWAP (as described above). Unless further shareholder approval is obtained, no ZEPOs will be granted later than three years after the date of the Meeting.

The price at which the entity will issue the securities to the person: Each ZEPO will have a zero grant and zero exercise price.

A summary of the material terms of the scheme: Refer to the summary following the description of resolutions 6a and 6b in this Explanatory Statement.

A summary of the material terms of any loan that will be made to the person in relation to the acquisition: The Company will not provide any loans in connection with the grant or exercise of the ZEPOs.

Disclosure in annual report and future issues: Details of any securities issued under the Company's Option Plan/Performance Rights Plan will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any additional persons covered by ASX Listing Rule 10.14 who become entitled to participate in an issue of securities under the Option Plan/Performance Rights Plan after any of these resolutions 5a and 5b is approved and who were not named in this Notice of Meeting will not participate until approval is obtained under that rule.

Voting exclusion statement: A voting exclusion statement for resolutions 5a and 5b is set out in the Notes and Important Information section of the Notice of Meeting.

Board recommendation

The Board recommends that shareholders vote in favour of resolutions 5a and 5b, with:

- Dr Green abstaining from making a recommendation in respect of resolution 5a; and
- Mr De Silva abstaining from making a recommendation in respect of resolution 5b.

Resolutions 6a and 6b - Approval of the grant of NED Options to certain Non-Executive Directors

Background

At the 2022 Annual General Meeting, shareholders approved the grant of three million (3,000,000) options over ordinary shares in the capital of the Company, referred to as NED Options to each non-executive director in office at that time. Dr Green and Mr Hashan have been appointed since that meeting and it is proposed that they each be granted the same number of NED Options.

The grant of NED Options to the Company's non-executive directors falls within ASX Listing Rule 10.14 and accordingly requires approval of shareholders. Further information about ASX Listing Rule 10.14 is set out above in the explanatory notes to resolution 4. If shareholder approval is obtained for a particular resolution 6a or 6b, the relevant NED Options to which the resolution

relates will be granted to the director (or their nominee) to which that resolution relates. If shareholder approval is not obtained for any of these resolution, the relevant NED Options to which the resolution relates will not be granted to the director (or their nominee) to which that resolution relates. In such case, the Board may consider alternative appropriate remuneration structures for that director.

Details of the proposed grant

The names of the persons: Dr Green or his nominee(s) (resolution 6a) and Mr De Silva or his nominee(s) (resolution 6b).

Category the person falls into: Each of these persons falls in the category set out in ASX Listing Rule 10.14.1 as they are a director of the Company and their nominee(s) would be their associate and would fall in the category set out in ASX Listing Rule 10.14.2.

Details (including the amount) of the director's current total remuneration package: Refer to the details set out in connection with resolutions 5a and 5b.

The number of securities that have previously been issued to the person under the scheme and the average acquisition price (if any) paid by the person for those securities: Refer to the details set out in connection with resolutions 5a and 5b.

A summary of the material terms of the securities: The NED Options would have a term of 5 years, and would vest in equal quarterly instalments over 3 years, subject to the non-executive director continuing to be an eligible person for the purposes of the Option Plan at the relevant time. The NED Options would be granted for zero grant price and would have an exercise price per NED Option that is a 67% premium to the 5 trading day VWAP prior to the date the relevant non-executive director accepts the offer of such NED Option (which offer will not occur until after receipt of relevant shareholder approval). If a holder of NED Options ceases to be an eligible person all of his or her NED Options which have not yet vested lapse and all NED Options which have already vested lapse after 90 days if not exercised. While each non-executive director is a director, trading of shares issued on exercise will be subject to the Company's Share Trading Policy. The NED Options are granted under the Company's Option Plan. For additional information concerning the terms of the NED Options, refer to the summary of the Option Plan following this description of resolutions 6a and 6b.

Why that type of security is being used and the value the Company attributes to that security and its basis. The Company considers that the grant of non-executive director options is widely accepted in the Australian context and that the NED Options are reasonable and appropriate in order to attract and retain high quality directors. The Company also considers that the NED Options do not conflict with the obligation of the directors to bring independent judgement to bear. Consistent with the recommendations in the ASX Corporate Governance Principles and Recommendations, the NED Options do not have any performance hurdles attached.

As the value is based on a future calculation it is not possible to provide a precise value at this time. To provide some guidance, using a 67% premium to the closing price of \$0.036 on 11 October 2023, the value the Company ascribes based on a Black- Scholes model would be approximately \$0.012 per NED Option or approximately \$36,000 in the aggregate for 3,000,000 NED Options (being \$12,000 per year over the three year vesting period). For the purposes of this Black-Sholes calculation, the Company has assumed an exercise price of \$0.061, a term of 5 years and that all NED Options fully vest, a risk-free interest rate of 4.256%, volatility of 50% and a dividend yield of 0%.

The date or dates on or by which the entity will issue the securities: The NED Options would be granted on 28 November 2023 (unless the Meeting is deferred, in which case they will be granted as soon as practicable after the Meeting, but in any case, will not be later than 3 years after the date of the Meeting).

The price at which the entity will issue the securities to the person: Each NED Option will be granted for zero grant price but will have an exercise price per NED Option calculated as described above.

A summary of the material terms of the scheme: Refer to the summary following this description of resolutions 6a and 6b.

A summary of the material terms of any loan that will be made to the person in relation to the acquisition: The Company will not provide any loans in connection with the grant or exercise of the NED Options.

Disclosure in annual report and future issues: Details of any securities issued under the Company's Option Plan/Performance Rights Plan will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any additional persons covered by ASX Listing Rule 10.14 who become entitled to participate in an issue of securities under the Option Plan/Performance Rights Plan after any of these resolutions 6a and 6b is approved and who were not named in this Notice of Meeting will not participate until approval is obtained under that rule.

Voting exclusion statement: A voting exclusion statement for resolutions 6a and 6b (inclusive) is set out in the Notes and Important Information section of the Notice of Meeting.

Board recommendation

The Board recommends that shareholders vote in favour of resolutions 6a and 6b, with:

- Dr Green abstaining from making a recommendation in respect of resolution 6a; and
- Mr De Silva abstaining from making a recommendation in respect of resolution 6b.

Summary of Option Plan/ Performance Rights Plan and the terms of the options, Performance Rights, ZEPOS and NED Options

References to "options" in this summary include options, Performance Rights, ZEPOs and NED Options that are issued under the Company's Option Plan/ Performance Rights Plan, which was first approved by shareholders in 1999 and most recently approved by shareholders at the 2021 annual general meeting of the Company.

Eligibility

Any person considered by the Board to be employed by the Company or any other entity in the Group whether full time, part time or on a long term casual basis and includes all executive and non-executive directors is an "eligible person" and eligible to participate in the Option Plan/ Performance Rights Plan, but does so at the invitation of our Board.

Board determines terms

The Board may issue options over ordinary shares on such terms, including the issue price, the exercise price and the vesting conditions, as it determines.

Vesting, exercise and lapse of options/ Performance Rights

Any vesting conditions must be satisfied before the options vest and become exercisable. When exercisable, each option issued under the Option Plan/ Performance Rights Plan entitles the holder to subscribe for one fully paid ordinary share in the Company. When exercisable, each option would entitle the holder to subscribe for one fully paid ordinary share (subject to adjustment in accordance with the terms of the Option Plan/Performance Rights Plan if there is a reconstruction, including consolidation or subdivision, of share capital). Each ordinary share issued on exercise of an option will rank equally with all other ordinary shares then on issue. Each ordinary share issued on exercise of an option will rank equally with all other ordinary shares then on issue. The options lapse on such date as determined by the Board at the time of grant. Unless otherwise determined by the Board, if an optionholder ceases to be regarded as an eligible person, all of his or her options which have not yet vested lapse and all options which have already vested lapse after 30 days (or 90 days in the case of the ZEPOs and NED Options) if not exercised. If an optionholder is terminated for cause, his or her options lapse immediately on ceasing to be an eligible person. If an optionholder dies, all options which have not vested lapse and all options which have vested, lapse on the expiry of 12 months after the death of the optionholder. In accordance with the Option Plan /Performance Rights Plan, if a formal takeover offer is made for the Company, all options which have not yet vested, automatically vest.

Rights attaching employee options

The options do not confer a right to notices of general meetings (except as may be required by law) or a right to attend, speak or vote at general meeting. A holder of options may only participate in new issues of securities in respect of options which have been exercised and ordinary shares issued prior to the record date for the entitlements to the new issue.

Changes to issued capital

In the event of a consolidation, subdivision or similar reconstruction of our issued share capital, the number of shares to which a holder of options is entitled on exercise of an option will be adjusted in the same proportion as our issued share capital is consolidated, subdivided or reconstructed (as applicable) and an appropriate adjustment will be made to the exercise price with the effect that the total amount payable on an exercise of all options by each holder will not change. If any pro-rata offer is made by the Company to at least all holders of shares, the exercise price of the relevant employee options will be reduced according to a formula set out in the Option Plan/ Performance Rights Plan. If the Company makes a bonus issue of shares to ordinary shareholders, the number of shares over which the employee options are exercisable may be increased by the Board by the number of shares the relevant option holder would have received if the option had been exercised prior to the record date of the bonus issue. If the Company makes a return of capital to its shareholders generally, the exercise price of the options will be proportionately reduced by the amount of the return of capital.

Restrictions on options

Except by transmission on death or with the prior written consent of our Board, options may not be transferred, encumbered, assigned or otherwise disposed of by the relevant holder. The Company seeks quotation of any shares issued on exercise of an option on the Australian Securities Exchange. The Option Plan/ Performance Rights Plan may be amended by the Board, subject to any necessary approvals under the Corporations Act and ASX Listing Rules. The Corporations Act and the ASX Listing Rules prevail over the Option Plan/ Performance Rights Plan to the extent of any inconsistency.

Resolution 7 – Change of company name

On 3 October 2023, the Company announced a restructure which included the sale of its mannitol business. The Pharmaxis name is closely associated with, and used in the branding of, the mannitol products and it is intended that the name and associated branding be transferred to the purchaser of that business. The Company considers that it is an appropriate opportunity to rebrand the company and change its name from Pharmaxis Ltd to Syntara Limited.

Sections 157(1) of the Corporations Act requires that shareholders approve a change of company name by special resolution. Section 136(2) of the Corporations Act requires that shareholders approve the consequential changes to the name of the company in the constitution. Resolution 7 seeks shareholder approval for the change of the name of Pharmaxis Ltd to Syntara Limited, effective from the date that ASIC updates its register to reflect the new name, and to replace all references to “Pharmaxis Ltd” in the Company’s constitution with references to “Syntara Limited”.

On and from the effectiveness of the change, the Company will trade under the ASX code “SNT”.

The Board recommends that shareholders vote in favour of resolution 7.
