

ACTIVITIES REPORT

QUARTER ENDED 30th SEPTEMBER 2023

30th October, 2023

PHILIPPINES

SERVICE CONTRACT 44 (100% working interest), Onshore Cebu

Service Contract 44 ("SC 44") was unjustly terminated in 2021 by the then Philippines Government during a period of Government imposed Covid-19 sanctions. These sanctions had compelled the Company to stop its active Nuevo Malolos-1 Deepening drilling operations that were underway in 2020 under a Force Majeure event as provided for in SC 44.

After the 2022 Philippines national elections, representatives of the Company discussed the unjust cancellation of SC 44 with the newly appointed Energy Secretary and his DOE administration. Based on those discussions the Company suspended its International Chamber of Commerce arbitration application that was under preparation and in July 2023 applied for a new Service Contract over an area like that covered by SC 44.

The Company's aim is to continue evaluation of the Malolos Oil Field and explore other, nearby attractive oil and gas targets. The current process to official grant of a new Service Contract could take another 3-4 months.

A new Service Contract, if granted, should provide for a new 7-year initial term, and therefore give the Company the opportunity to conduct substantive oil and gas exploration activities.

FRANCE

Legal Claim on unlawful non-renewal by the French Government of ST. GRIEDE (100% working interest), Onshore Aquitaine Basin

The court hearing to determine the Company's €34.35 million (approximately A\$57 million at current exchange rate) compensation claim against the French Government was held at the Pau Tribunal in France on the 28th June, 2023 as scheduled.

The Company awaits the handing down of the court determination. The timing of that court verdict is uncertain.

Background

In early January 2020, the Company lodged with the Pau Tribunal, France, a claim of €34.35 million

For personal use only

for compensation against the French Government. This claim is in respect to the damages caused by the French Government in refusing, unlawfully as ruled by the French Courts, to renew the St Griede conventional hydrocarbon exploration permit in accordance with the prevailing mining law. The non-renewal of the permit prevented the Company continuing exploration with the aim to eventual exploitation of oil and gas to achieve a return on exploration work incurred since the grant of the permit.

ASX LISTING RULE 12.1 COMPLIANCE

The Company's securities were suspended from quotation on the Australian Securities Exchange on 1 September 2023. The ASX determined that the level of the Company's operations is not adequate to warrant the continued quotation of its securities and therefore it is not in compliance with Listing Rule 12.1. The suspension will continue until the Company is able to demonstrate compliance with Listing Rule 12.1. The Company believes that the grant of a new Service Contract in Philippines will assist in that demonstration.

EXPLORATION EXPENDITURE

In accordance with Accounting Standards, as the Company does not have current legal tenure in exploration areas, all costs incurred on past and potential new exploration areas are classified under Operating Activities as project costs.

PAYMENTS TO RELATED PARTIES OF THE ENTITY AND THEIR ASSOCIATES

The aggregate amount of payments to related parties and their associates for the quarter reported in item 6.1 in Appendix 5B Cash Flow Report of \$75K were for Director's fees and management fees.

Competent Person
