Commenting on the September 2023 Quarter, Skyfii Chairman Bob Alexander said:

"Securing another significant contract with a major international airport reflects both our leading position in the global airport vertical and the large global opportunity set. Whilst our topline revenue growth was more subdued than in previous quarters we continue to implement a range of initiatives focussed on growing our sales and marketing efforts by re-focussing the business to deliver cross-sell/upsell revenue opportunities to existing customers and investment in business development roles to increase sales conversion. As a Board we remain confident that the strategic review will position Skyfii to benefit from the significant growth opportunities ahead.
