Ainsworth Game Technology Limited (AGT or the Company or Ainsworth) – Trading Update

Financial Results

AGT advises that based on current forecasts and scheduled deliveries it expects to report a normalised Profit before Tax, excluding currency impacts and one-off items, of approximately \$18.0 million for the six months ending 31 December 2023 (H2CY23). This result is subject to completion of period end closing and audit procedures.

The normalised Profit before Tax on the above basis is expected to be \$41.3 million for the twelve months ending 31 December 2023 (CY23).

AGT added that the new A-STAR RAPTOR (Raptor) cabinet, first shown at the Global Gaming Expo (G2E) in October 2023 is now built, approved in several North American markets, and ready for initial installs towards the end of CY23.

The Company expects to release its audited Financial Report for CY23 on Wednesday 28th February 2024 before market opening.

Mr Harald Neumann, AGT's Chief Executive Officer commented, "I am pleased with the progress made, in particular the launch and commercialization of the technically advanced and innovative Raptor cabinet. We continue to increase our presence in Historical Horse Racing (HHR) markets through recent property openings in Kentucky and New Hampshire. The benefits of previous investments made in Research and Development are expected to positively contribute to the Company's financial performance in coming periods."

This announcement was authorised for lodgment by the Board of Directors.
