

Quarterly Activity Report - December 2023

Wednesday 24 January 2024

Wrkr Ltd (ASX: WRK, Wrkr or Company), is pleased to announce its Quarterly Activity Report and Appendix 4C (Quarterly Cash Flow report) for the quarter ending 31 December 2023.

Wrkr's Chief Executive Officer (Trent Lund) and Chief Financial Officer (Karen Gilmour) will host an investor webinar to discuss the quarterly reports at 10am (AEDT) Thursday 1 February. To register for the webinar, please see the details at the end of this document.

Q2 FY24 FINANCIAL HIGHLIGHTS

- H1 FY24 **cash receipts from customers +24% on pcp** (\$1.91m H1FY24; \$1.75m H1FY23).
Notably, a material payment of \$770k (incl GST) that was due from a customer on 29 December was not received. This resulted in a lower closing cash balance than was forecasted for 31 December 2023. The amount was paid in January and will be reflected in the Q3 results.

- H1 FY24 unaudited **revenue +44% on pcp** (\$3.88m H1 FY24; \$2.69m H1 FY23)
 - \$425k revenue recognised for work performed for detailed planning and commencement of development work for the Link Group;
 - Increase in our platform as a service (PaaS) development fees, annual licence and monthly support & maintenance fees for work performed by the team with the Australian Retirement Trust's Beam platform to provide additional customer led, innovative features;
 - Increase in interest rates resulting in an increase in float income on super contribution and other disbursement payments processed;
 - Continued performance of the SMSF Hub with revenues +48% on pcp (\$0.39m H1 FY24; \$0.26m H1 FY23)
- Wrkr has made considerable inroads to improving the cost to income ratio over the past 2 years by strategically balancing the investment required for growth and cost efficiencies. Q2 FY24 saw a slight increase of 3.5% in the 12mth rolling cost to income ratio due to the investment in:
 - resources for the Link Group build and Wrkr Platform; and
 - engagement of Transmit Security to embed increased identity management, verification and authentication into the Wrkr Platform.

Cost to Income Ratio (12mth rolling)

*Based on unaudited figures. Excludes interest, depreciation & amortisation, cost of employee share schemes, costs relating to changes in share capital, impairment of patents, convertible notes costs, and the fair value movement of the convertible notes embedded derivative.

Business Strength

FY2024 remains strong with increased activity in revenue generating activity. The core engineering team is now actively engaged in deploying new clients on the Wrkr Platform. This work is a precursor to transaction and user licence revenue. With the Rest Super deployment and Hong Kong implementations on track, we expect to move from set-up and pilots into full production in Q1 FY25. Our product team is supporting the sales and awareness activity across the Link Group customer base alongside direct activity with Super Funds. Our early investment in pilot integrations for Payroll and HRM providers is showing positive results, particularly with an advanced funnel of Workday HRM opportunities.

In addition to Wrkr's market collaboration progress, we have seen an increase in inbound enquiries across Wrkr's SMSF Hub, PAY and READY (Onboarding) products. We expect this trend to continue as marketing awareness increases and Australian businesses take action on compliance changes.

Q3 FY24 Focus

- Conclude designs for product improvements to deliver an integrated Pay, Super, and Single Touch Payroll reporting for PayDay Super reforms expected in 2026.
- Continue deployment of the Link Group build of the Wrkr Platform.
- Deliver the Rest solution on the Wrkr Platform and set up the branded pilot for Q4 of FY24 delivery.
- Deliver the Hong Kong instance of the Link Group build of the Wrkr Platform and all modifications for the Hong Kong ORSO requirements.
- Set up the HSBC ORSO Client.
- Support KPMG's forecast client implementations of Workday with new API for Bank, Tax, and Super onboarding.
