Commenting on the December 2023 Quarter, Beonic CEO, Billy Tucker said:

“Beonic presents an exciting opportunity, and it is a privilege to have been appointed CEO. With industry leading LiDAR technology, a dominant position in the airport vertical and a truly global presence, Beonic has a robust platform for significant growth.

We continue to execute against that growth opportunity and it was exceptionally pleasing to secure a major partnership with Next50 that allows for state-of-the-art AI solutions, LiDAR and data capture technology to deliver enhanced operational insights for Abu Dhabi International Airport, ultimately delivering an exceptional customer experience. The contract, the largest in our Company’s history, reflects our leading position in the global airport sector.

Importantly we have secured our finances via the execution of the loan facility with Blue Venshures post quarter end. The facility provides sufficient working capital and a more flexible financing facility to execute on our growth strategy.

With a strong growth pipeline, improved financial position and industry leading technology, I am looking forward to utilising my skills to drive global growth and deliver Beonic into a position of meaningful and sustainable cash flow generation.”

Revenue Performance by Quarter

Key contract wins during the quarter

Abu Dhabi International Airport Contract (announced 13th November 2023)

During the quarter, Beonic secured, via a partnership with Next50, for Abu Dhabi International Airport’s Terminal A in the United Arab Emirates. Next50, is the leading Abu Dhabi based Industrial AI company that specialises in applying AI to solve complex business challenges in the aviation sector. The contract is for an initial three-year period (with an option for a two-year extension) and has a total contract value in excess of \$5m which includes implementation revenue and ongoing recurring revenue over the term. When implemented, the airport will benefit from Beonic’s leading passenger flow and queue management solutions available worldwide. It will manage all major checkpoints for departing and arriving passengers.

For personal use only

Beonic provides its LiDAR based passenger flow and queue management solution in many of the world's largest airports and is experiencing strong demand globally for security checkpoint solutions across airport and mass transit hub verticals.

Notable new contracts this quarter

During the quarter the company delivered a number of meaningful new contracts wins representing a total contract value of \$3.5m (in addition to Abu Dhabi Airport) including:

Portland International Airport (USA), Leroy Merlin (Brazil), Winning Appliances (APAC), Tulsa International Airport (USA)

Notable renewals this quarter

During the quarter the company successfully renewed a number of customers with a total contract value of \$4.8m including:

Sicredi (Brazil), TJM (EMEA), David Jones (APAC), Nuffield (EMEA), Landsec (EMEA), Charlotte International Airport (USA) and Virgin Hotels (USA)

Net Cash Flow from Operating Activities

In Q2 FY24, Beonic generated operating cash outflow of \$1.9m, which was exclusive of the impacts of capitalisation of employee and contractor and other expenditure attributable to software development. Net Cashflow for the period was impacted by a number of one-off expenses including restructuring costs, CEO transition costs and rebranding. The cashflow performance versus Q1FY24 was influenced by the timing of the working capital cycle, mainly related to upfront payments received for the Abu Dhabi Airport contract, with the cost of sales related to the project incurred in the Q2 FY24.

1H FY24 cash outflow was \$0.8m, including one-off costs of \$690k associated with restructuring, CEO transition and rebranding

Cashflow performance is anticipated to improve over 2H FY24 driven by the positive impact of cost saving initiatives and improved topline performance.

Cash Position

The Company reported \$1.6m of cash as at 31 December 2023.

Post the end of the period, Beonic secured a loan facility ('the Facility') of USD \$2.1 million (~AUD\$3m) with Blue Venshures SPV 1 LLC ('Blue Venshures'). Funds from the Facility will be utilised in growth and restructuring initiatives and for general working capital purposes. The Facility will replace the \$1.8 million loan Beonic previously had with Export Finance Australia, which had financial covenants that required a minimum of \$3 million cash at bank during the loan facility at the end of each quarter. The Facility with Blue Venshures has no financial covenants and as such provides Beonic with improved capital flexibility.

Corporate

Appointment of Billy Tucker as CEO and Managing Director

Beonic announced the appointment of Billy Tucker as Chief Executive Officer and Executive Director of Beonic on 8 November 2023.

ASX: BEO | 31 January 2024

Billy is an experienced leader and transformation specialist with a career spanning over 20 years across the technology, startup, private and listed company sectors. Billy was most recently CEO of marketplace business Oneflare. Oneflare saw a threefold growth in revenues before being sold to Airtasker (ASX:ART) late in 2022. Prior to Oneflare, Billy spent almost a decade as a global executive in product and corporate development roles within Microsoft before leaving to build startup Cudo, which he ran as Founder and CEO. Billy has also served as a long-term advisor to Kmart and other retailers as well as working with QBE and American Express to build and integrate digital ventures.

Billy commenced as CEO on 13 November 2023 replacing interim CEO, Tony Karp.

Rebrand as Beonic

The Company completed the rebranding of its registered trading name from Skyfii Limited (ASX:SKF) to Beonic Limited (ASX:BEO) during the quarter after shareholder approval at the Annual General Meeting held on 14 November 2023. The change reflects the Company's transition from a WiFi analytics provider to a data analytics company powered by enhanced AI and machine learning capabilities. This will better communicate our products and services to our global customer base, which has grown from retail mall customers to operators of the largest and busiest venues and transport hubs across the globe.

Director Fees

As noted in Section 6 of the Appendix 4C, the Directors' fees stated were made to the Directors of the entity during the quarter, consisting of salaries and fees for Executive and Non-Executive Directors, respectively. No other payments were made to any related parties or their associates of the entity.

<i>Note: if the entity has reported positive net operating cash flows in item 1.9, answer item 8.5 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.5.</i>	
8.6 If item 8.5 is less than 2 quarters, please provide answers to the following questions:	
8.6.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
Answer: The company is executing the delivery of operating cost savings via transformation initiatives and a focus on operating hubs in low cost regions which is anticipated to deliver more than \$1m reduction in annualised operating expenditure, effective 1st February 2024. That coupled with the positive impact on cash receipts from recent contract wins should see an improvement in the operating cashflows reported over the previous 2 quarters.	
8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer: Yes, please see ASX announcement dated 25 January 2024. On 25 January 2024, the Company has secured a loan facility of USD \$2.1 million (~AUD\$3m) with Blue Venshures SPV 1 LLC ('Blue Venshures'). Funds from the facility will be utilised for restructuring initiatives and general working capital purposes.	

8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes, please see ASX announcement dated 25 January 2024.

The facility will replace the \$1.8 million loan Beonic previously had with Export Finance Australia, which had financial covenants that required a minimum of \$3 million cash at bank during the loan facility at the end of each quarter. The facility with Blue Venshures has no financial covenants and as such provides Beonic with improved capital flexibility.

Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.
