

8VI Appendix 4C & Quarterly Activity Report

Singapore, 31 January 2024

8VI Holdings Limited ("8VI" or the "Group") releases its cash flow report for the quarter ended 31 December 2023 (Appendix 4C) and provides an update on the key areas for the quarter ended 31 December 2023.

- Ongoing challenges have continued to impact the 8VI's performance in the third quarter of FY2024. The Group deeply regrets to report that performance has faced further decline due to a confluence of factors.
- In the preceding quarter, one of the key initiatives entailed a shift towards Total Wealth Care, encapsulated within the "3P" framework: Prevention Care, Protection Care, and Portfolio Care. This comprehensive approach was meticulously designed to facilitate wealth accumulation while concurrently preserving physical and mental well-being.
- The Protection Care segment, a pivotal element of the 3P framework, is still in its nascent stage and actively seeks strategic partnerships to foster sustainable growth or potential buyers to buy out the operation. The prolonged quest for suitable partners or potential buyers has resulted in a discernible impact on the revenue generation within this segment.
- The prevailing market conditions has posed significant challenges for the Group's Portfolio Care segment. In response, 8VI has prudently scaled back operations and intensified its focus on cost-cutting measures. Notably, VI College, a cornerstone of Portfolio Care, has temporarily suspended the majority of its investing programmes and operations in Taiwan. This decision stems from financial impracticality of its programmes, primarily driven by exorbitant Direct Response Marketing (DRM) costs. To mitigate expenses, substantial reductions in operating and marketing expenditures including DRM have been judiciously implemented, albeit resulting in a commensurate decline in revenue.

Additionally, following the successful transfer of the GoodWhale App from 8BIT Global Pte. Ltd. to GoodWhale Pte. Ltd., a company in which 8VI Global Pte. Ltd. holds a 20% ownership stake, 8BIT Global Pte. Ltd. has dutifully submitted to the Monetary Authority of Singapore a notice of cessation regarding the provision of financial advisory services.

This strategic realignment underscores our commitment to prudent financial management in the face of challenging market dynamics.

- While grappling with adversities in other segments, the Preventive Care division is demonstrating promising growth, though at an early stage of development. 8VI expects that this segment holds significant promise for future growth and profitability for the Group.
- Regrettably, the Group must report a decline in customer receipts and a diminishment
 of our cash balance. This trajectory is anticipated to persist in the forthcoming months.
 The challenging market conditions, compounded by ongoing investments in the Group's
 growth initiatives, have exerted substantial pressure on 8VI's financial resources.
- In response to these exigent challenges, we have strategically resolved to allocate all
 available resource pool to the expansion of the Preventive Care segment. This strategic
 reorientation is expected to harmonize seamlessly with the evolving market dynamics
 and fortify our ability to navigate the prevailing economic landscape effectively.
- Q3 FY2024 revenue (unaudited) stands at S\$3.5 million, up 66.7% as compared to S\$2.1 million in the previous quarter (Q2 FY2024). The revenue recognised is mainly from fulfilment of obligation in the contract liabilities at the beginning of the quarter.
- Cash receipts from customers for the December 2023 quarter were recorded at S\$0.2 million, a 71.4% decrease as compared to S\$0.7 million in the previous quarter (Q2 FY2024).

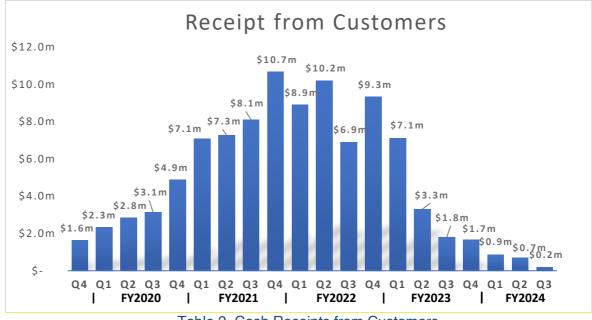

Table 2. Cash Receipts from Customers

• Liquid assets which include cash and cash equivalents and investment in securities ("Stocks") as of 31 December 2023 stands at S\$5.1 million, a 23.9% decrease as compared to S\$6.7 million from end of the previous quarter (Q2 FY2024).

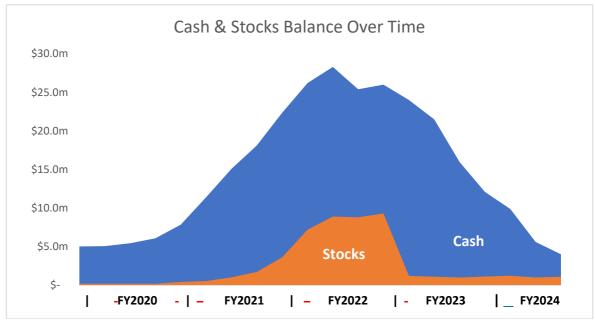

Table 3. Cash & Stocks Balance Over Time

- Cash outflows from operating activities for the December 2023 quarter was recorded at S\$1.6 million, as compared to S\$2.9 million in the previous quarter (Q2 FY2024).
- Free cash flows for the December 2023 quarter stood at negative S\$1.6 million, as compared to negative S\$2.8 million in the previous quarter (Q2 FY2024).

Related Party Payments:

During the quarter, the Company made payments of S\$171 thousand to related parties
and their associates. These payments relate to the existing remuneration agreements
and service agreements between the Company and its related parties.

In the upcoming quarterly report, the Board of Directors will meticulously assess the financial stability and viability of the company, specifically scrutinizing any potential ongoing concerns and issues that may arise within the next 12 months. This comprehensive review aims to ensure a thorough understanding of the organization's financial position and its ability to meet its obligations as they become due. The Board will analyse various factors, including cash flow projections, liquidity, debt covenants, and market conditions, to make informed decisions about the company's ability to continue its operations as a going concern. This proactive approach underscores our commitment to transparent and prudent financial management, as we strive to address and mitigate any challenges that may impact 8VI's long-term sustainability.
