**Attention: Daniel Nugawela, Adviser, Listings Compliance (Perth)**

Dear Daniel,

**Heavy Minerals Limited (“HVY”): Response to Appendix 5B Query**

We refer to the ASX’s letter dated 7 February 2024 and as requested, we set out below the Company’s response to the ASX’s queries (using the numbering and lettering in your letter) as follows:

1. HVY expects that it will receive further amounts under the Royalty Raising, however, at present no binding agreements have been entered into and accordingly, HVY is unable to advise the market with sufficient certainty as to the timing and quantum of further funding tranches under the Royalty Raising.
2. HVY expects to be able to continue its operations and to meet its business objectives and it intends to fund its operations through the Royalty Raising, as set out in question 1 above, and in accordance with the below.

HVY’s closing cash balance as at 31 December 2023 was \$159,000. In addition to the Royalty Raising, the Company is actively considering alternative capital raising methods to raise funds to support its ongoing operations. The board has not yet resolved the funding quantum, pricing and method of its proposed raising, but expects it will be conducted by way of an equity raising.

Until funding is received from its proposed capital raising initiatives above, HVY will continue to manage its expenditure to preserve its cash position. By managing its expenditure, it is likely that the negative operating cash flows will be smaller than the \$512,000 expended in the previous quarter.

HVY considers that it is in compliance with Listing Rule 12.2 and expects to continue to comply with Listing Rule 12.2 following its proposed capital raising.

3. See question 2 above.

4. HVY is relying on the carve-out in Listing Rule 3.1A to not disclose information about HVY's proposed capital raising. HVY has resolved to call a trading halt, effective immediately with regards to its proposed capital raising.
5. HVY confirms that its responses to the questions above have been authorised and approved by the Board of Directors of HVY.

Should you have any queries regarding the above I look forward to discussing these with you.

Kind Regards,

**Adam Schofield**  
Non-Executive Chairman

Dear Mr Brockhurst

**Heavy Minerals Limited ('HVY'): Appendix 5B - Query**

ASX refers to HVY's Appendix 5B quarterly report for the period ended 31 December 2023 lodged with ASX Market Announcements Platform on 31 January 2024 (the 'Appendix 5B').

ASX notes that HVY has reported:

- A. negative net operating cash flows for the quarter of \$512,000;
- B. cash at the end of the quarter of \$159,000; and
- C. the following responses to the questions in section 8.8 of the Appendix 5B:
  - Q1 – Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?
  - A1 – *'HVY expects that it will continue to have negative operating cash flows. While the Company is progressing and intends to continue to progress its pre-feasibility study at its Port Gregory project, it expects its development expenditure and net operating cash flows to be curtailed in line with available funding over the coming quarter. The Company is currently considering other cost saving measures while it secures its funding position.'*
  - Q2 – Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?
  - A2 – *'Yes. The Company is raising capital on an ongoing basis via a project level royalty raising as first disclosed on 29 September 2023 ('Royalty Raising'). The Company has a significant number of interested parties in the Royalty Raising, with new agreements planned to be executed during the quarter. Funds will be received once executed. The Company has raised \$750K (with \$100K yet to be received) to date via the Royalty Raising, including \$250K received in December 2023. The Board is confident it will be able to raise further funding via the Royalty Raising, however, in the event it is not able to obtain funds from the Royalty Raising in a timely manner it will assess other forms of funding over the quarter to supplement funds from the Royalty Raising, including further equity raises.'*
  - Q3 – Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?
  - A3 – *'Yes, while the Company may curtail its spending over the quarter to ensure that it is sufficiently capitalised, it expects that based on funding options currently being advanced it will have sufficient funds to continue to progress its pre-feasibility study at Port Gregory.'*

(together, the 'Responses').

Please also provide any other information that HVY considers may be relevant to ASX forming an opinion on whether HVY is complying with Listing Rule 12.2 that a listed entity's financial condition must, in ASX's opinion, be adequate to warrant the continued quotation of its securities and its continued listing.
