Foreign currency reserve

The reserve is used to recognise exchange differences arising from the translation of the financial statements of foreign operations to Australian dollars. It is also used to recognise gains and losses on hedges of the net investments in foreign operations.

Share-based payments reserve

The reserve is used to recognise the value of equity benefits provided to employees and directors as part of their remuneration, and other parties as part of their compensation for services.

Other reserves

This reserve is used to account for commonly controlled acquisitions, and the reserve represents the excess of the purchase price over the identifiable fair value of net assets acquired from German subsidiaries.

Non-controlling interest derecognised

This reserve is used to recognise the non-controlling interest at the time of gaining a 100% ownership interest in a subsidiary.
