Half Year Report - 31 December 2023

Asset Vision Co Limited
Directors' report
31 December 2023

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Group') consisting of Asset Vision Co Limited (formerly Future First Technologies Ltd (referred to hereafter as the 'company' or 'parent entity')) and the entities it controlled at the end of, or during, the half-year ended 31 December 2023.

Directors

The names of the directors in office at any time during or since the end of the half year are:

Non-Executive Directors

Luke Donnellan (appointed 1 July 2023)
Renata Sguario (resigned 26 October 2023)

Executive Directors

Damian Smith
Lucas Murtagh

Principal activities

During the financial half-year the principal continuing activities of the Group consisted of:

- The growth of the Asset Vision business - an advanced asset and works management system with native GIS / spatial capabilities, used by asset owners (government and enterprise) and contractors to streamline the delivery of critical maintenance contracts globally.

Dividends

There were no dividends paid, recommended or declared during the current or previous financial half-year.

Review of operations

The loss for the Group after providing for income tax amounted to \$219,054 (31 December 2022: \$8,390,358).

The loss includes the following non-cash items totalling \$355,468:

- Revaluation of the Right-of-use-asset of \$32,456
- Fair value adjustments of \$125,920 for the cost of shares and options issued to current and former directors, employees and advisors
- Depreciation and amortisation charges of \$197,092

We are proud to report that the Group has achieved strong financial results during the half-year with EBITDA of \$135,136 and positive operating cash flows of \$408,925. Our core business, Asset Vision, has achieved a 41% increase to its Annual Recurring Revenue compared to the end of the prior comparative period (pcp) - \$3.1m compared with \$2.2m. Licensing Revenue has increased by 39% on pcp to \$1.5m, after winning the five road maintenance contracts in Victoria, the contract with the Department of Infrastructure and Transport in South Australia and the successful renegotiation of our contracts with the Victorian and NSW State Governments, which both included price increases.

Operating expenses have stabilised since the completion of the cost management program during FY23, and we have demonstrated that the business is able to grow on a fundamentally altered cost base. Total operating costs for the Group reduced by 40% on pcp to \$2.3m for the half.

All costs incurred on R&D activity continue to be expensed through the statement of profit or loss. Any R&D claim will be treated as income during the reporting period received.

One of the key priorities of the Group for FY24 is to become cash flow positive on a recurring monthly basis. We are pleased to report that we are on our way to achieving this goal. The Group reported operating cash flow inflows of \$408,925 (a turnaround of \$2.2m on pcp) with four of the six months cash flow positive. The reduction in operating expenses and the earlier receipt of the R&D tax offset refund have attributed to the turnaround.

Net assets are now \$4.5m. The \$2.7m reduction since 30 June 2023 has been caused by the write down of the investment in The 1derful Group Pty Ltd to nil.

Significant changes in the state of affairs

On 27 October 2023, Future First Technologies Limited completed its company name change with the Australian Securities and Investment Commission (ASIC). The new listing code "ASV" went live on 1 November 2023. This change had Shareholder approval at the Annual General Meeting held on 26 October 2023.

Note 1. Material accounting policy information

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The consolidated financial statements have been prepared on a going concern basis, which assumes the continuity of normal business activities and the settlement of liabilities in the normal course of business.

During the half-year ended 31 December 2023, the Group incurred a net loss after tax of \$219,054 (2022: loss of \$8,390,358) and had net cash operating inflows of \$408,925 (2022: outflows of \$1,767,814). The result for the current half-year included the following non-cash items:

- Revaluation of the Right-of-use-asset of \$32,456
- Fair value adjustments of \$125,920 for the cost of shares and options issued to current and former directors, employees and advisors; and
- Depreciation and amortisation charges of \$197,092.

As at 31 December 2023, the Group's current liabilities exceeded current assets by \$723,273 (2022: \$1,564,913). The deficiency includes the deferred consideration amounts owing from the EagleSoft acquisition of \$750,000.

In determining that the going concern basis is appropriate, the directors have had regard to:

- The Group's confidence in raising equity based on successful past raises;
- The Group's ability to renegotiate the payment terms of some of the deferred consideration; and
- The Group's cash flow forecast and budgets to 28 February 2025 for the remaining operations show positive operating cash flows.

The directors remain confident that the Group will be able to continue as a going concern which assumes it will be able to continue trading and realise assets and discharge liabilities in the ordinary course of business for at least 12 months from the date of the consolidated financial report.

The factors outlined above indicate the existence of a material uncertainty in respect of the Group's ability to continue as a going concern. The Group's ability to continue to operate as a going concern is dependent upon the items listed above. Should these events not occur as anticipated, the Group may not be able to pursue its business objectives and will have difficulty continuing to operate as a going concern, including realising its assets and extinguishing its liabilities at the amounts shown in the financial statements. No allowance for such circumstances has been made in the financial report.

Note 2. Operating segments

Identification of reportable operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-makers (CODMs). The CODMs, who are responsible for allocating resources and assessing performance of the operating segments, have been identified as the Co-Chief Executive Officers.

The Group's continuing operations are organised into two operating segments: Asset Vision and Corporate.

The EagleSoft segment that was reported in the prior period no longer exists. The engineering capability of EagleSoft was integrated into the Asset Vision team during the financial year ended 30 June 2023 and the remaining operations were shut down.

The farmbuy.com business was divested during the prior period and is reported as Discontinued Operations for the current and prior period. The current period includes transactions associated with the winding up of Respring Pty Ltd which was deregistered with ASIC on 6 August 2023.

The CODMs reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODMs are consistent with those adopted in the financial statements.

The information reported to the CODMs is on a monthly basis.

Types of products and services

The principal products and services of each of these operating segments are as follows:

Asset Vision	The Asset Vision segment comprises Asset Vision Pty Ltd, a proprietary cloud and mobile based platform which provides a unified approach to asset inspections, maintenance and operations management in the global Enterprise Asset Management software market.
---------------------	---

Intersegment transactions

There were no material transactions between operating segments.

Intersegment receivables, payables and loans

Intersegment loans are initially recognised at the consideration received. Intersegment loans receivable and loans payable that earn or incur non-market interest are not adjusted to fair value based on market interest rates. Intersegment loans are eliminated on consolidation.

Revenue Categorised

Revenue is generated by the Group and is categorised into the reportable segments disclosed below. Sales to external customers is recognised when the performance obligations are delivered over time. Once a contract has been entered into, the Group has an enforceable right to payment for work completed to date. Therefore, revenue is recognised over time.

Other revenue represents R&D tax offsets with respect to research and development expenditure incurred in prior years.

The consideration for the acquisition of the EagleSoft business included deferred consideration that was contingent upon the achievement of future milestones. The milestones are no longer expected to be achieved and the contingent consideration liability was released to the statement of profit or loss in the prior period.

Note 5. Discontinued operations

Description

Current Period

The \$63 reported as a gain on disposal in the current period relates to residual transactions from the farmbuy.com segment prior to the winding up of Respring Pty Ltd on 6 August 2023 by ASIC.

Prior Period

On 1 July 2022, the Group announced that it had signed a binding Heads of Agreement to sell farmbuy.com (part of Respring Pty Ltd) to Australian Community Media (ACM). Under the Heads of Agreement, ACM purchased all of the business assets for a purchase price of \$800,000. The formal Sale of Business Agreement was executed on 3 August 2022 and the sale successfully completed on 1 September 2022. Consideration was paid across six instalments.

Note 5. Discontinued operations (continued)

As a result of the sale transactions outlined above, the financial result of the business that was divested and associated Group reclassification and consolidation impacts are treated as discontinued operations from a financial reporting perspective both in the current and prior periods.

Details of the financial performance, cash flows and the carrying value of the assets and liabilities of the discontinued operations are shown below.

Note 7. Financial assets at fair value through other comprehensive income (continued)

This represents shares held in The 1derful Group Pty Ltd (1derful), a Fin-Tech start up that provides financial services product and technology solutions on a business to business basis.

On 13 July 2020, the Group made an initial investment of \$1,250,000 in 1derful. The Group subscribed to 1,250,000 of Convertible Notes at a face value of \$1.00 per note. The Group made a follow on investment of \$1,250,000 on 2 February 2021 whereby it subscribed to a further 1,250,000 of Convertible Notes at a face value of \$1.00. On 28 June 2021, the 2,500,000 notes plus accrued interest (\$2,676,467) were converted to shares representing an 8.8% holding in 1derful (1,284,462 shares).

On 20 October 2023, the Group released an announcement to the market advising that The 1derful Group Pty Ltd had been placed into external administration. No further information has been provided since the initial communication however an ASIC search shows the company is now in receivership.

Management has formed the view, based on the limited information available, that the fair value of the investment is now zero.

The fair value of the investment has been written down to nil as at 31 December 2023. The fair value write down has been taken to other comprehensive income (OCI) on the basis that the Group made the election under AASB 9 to account for the investment at fair value through OCI.

Changes to the macro-economic environment in the past six months, namely interest rate increases impacting the risk-free rate have triggered the need to review the inputs to the model and re-assess for impairment at the half-year.

The key assumptions used in the value in use calculation for Asset Vision were as follows:

- Pre-tax discount rate 30.83% (June 2023: 32.17%)
- Terminal value growth rate 2.50% (June 2023: 2.50%)
- Revenue growth rate (average over next five years) 12.7% (June 2023: 15.6%)

There were no other key assumptions for the Asset Vision division.

The review indicates that the value in use is higher than the carrying amount of goodwill therefore no impairment charge is necessary.

Note 15. Events after the reporting period

No matter or circumstance has arisen since 31 December 2023 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

Asset Vision Co Limited
Directors' declaration
31 December 2023

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the directors

**Independent Auditor's Review Report to the Members of Asset Vision Co Limited
(formerly Future First Technologies Limited)**

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Asset Vision Co Limited (formerly Future First Technologies Limited) ("the company") and its controlled entities ("the Group"), which comprises the consolidated interim statement of financial position as at 31 December 2023, the consolidated interim statement of profit or loss and other comprehensive income, the consolidated interim statement of changes in equity and the consolidated interim statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 Going Concern in the interim financial report, which indicates that the Group incurred a loss after tax of \$219,054 for the 6-month period ended 31 December 2023 (2022: loss of \$8,390,358) and, as of that date, its current liabilities exceed its current assets by \$723,273 (2022: \$1,564,913). These events or conditions, along with others outlined in Note 1 Going Concern, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibility of the Directors for the Financial Report

The directors of the Group are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the interim financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
