The directors of iioneer Ltd present their report, together with the condensed consolidated financial statements of iioneer Ltd ('ioneer' or the 'Company') and its controlled entities (collectively the Group) for the six months ended 31 December 2023 ('half-year') and the Auditor's review report thereon. The financial statements are presented in US dollars.

Directors

The following persons were directors of the Company during the whole of the financial period and up to the date of this report, unless otherwise stated:

Mr. J.D. Calaway (Executive Chairman)	<i>Appointed Non-executive Director 5 April 2017, Executive Chairman 1 July 2020</i>
Mr. B. Rowe (Managing Director)	<i>Appointed 1 August 2017</i>
Mr. A. Davies (Non-executive Director)	<i>Appointed 22 May 2017</i>
Mr. S. Gardiner (Non-executive Director)	<i>Appointed 25 August 2022</i>
Ms. R. McKinney-James (Non-executive Director)	<i>Appointed 1 February 2021</i>
Ms. M. Walker (Non-executive Director)	<i>Appointed 1 February 2021</i>

Results and review of operations

The Group reported a consolidated comprehensive loss of \$2.6m for the half year ending 31 December 2023 (2022: loss: \$6.3m).

Further details of the Group's performance can be found in the 'Summary of Performance and Financial Position' review on page 4.

Principal activities

The principal activity of the Group continues to be the development of the Rhyolite Ridge Lithium-Boron Project ('Rhyolite Ridge' or 'Project') in Nevada, United States of America.

Rhyolite Ridge is one of the largest lithium and boron deposits in the world and has the potential to become a strategic, long-life source of lithium and boron. The Project is located close to existing infrastructure and is well positioned to become a major US domestic lithium producer capable of supplying a meaningful portion of future American lithium demand.

No significant change in the nature of these activities occurred during the half year.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the Group during the half year.

Matters subsequent to the end of the financial period

The directors are not aware of any matter of material circumstance which has arisen since the end of the half year ending 31 December 2023 which would be expected to have a material effect on the financial and operating performance or results of the Group.

Dividends

The directors have determined that there will be no dividend paid in respect of the half year ending 31 December 2023 (2022: \$nil). No dividends have been proposed or paid since the start of the financial year.

Operating and financial performance

The operating and financial performance review forms part of the Directors' Report and has been prepared in accordance with section 299A of the Corporations Act 2001 (Cth). The information provided aims to assist users to better understand the operations and financial position of the Group.

(1) Further detail on Mineral Resources and Ore Reserves can be found in the Group's annual consolidated financial statements as at 30 June 2023.

The Group recorded a loss from ordinary activities for the period of \$2.7 million (2022: loss \$5.8 million).

The net assets of iioneer decreased slightly to \$196.3 million as at 31 December 2023, from \$197.4 million at 30 June 2023, due primarily to a lower cash balance offset by continued investment in the Rhyolite Ridge asset and lower total liabilities.

Exploration and evaluation expenditure for the first half of FY2024 was \$20.0 million (first half FY2023 \$15.2 million) incurred advancing the engineering and permitting of the Project.

Cash at 31 December 2023 was \$28.0 million (30 June 2023: \$69.3 million).

Highlights for the half year ended 31 December 2023

State & Federal permitting process

- Rhyolite Ridge continued to advance through the NEPA permitting process with no major issues or delays. Key milestone achieved, including completion by Bureau of Land Management of the draft EIS.

Environmental

- Endangered Species Act Section 7 Consultation began informally with the submittal and approval of the ERTI Buckwheat Protection Plan.
- The Company collected 3,600 Tiehm's buckwheat seeds from plants grown in our conservation center, in addition to the Rae Selling Berry Seed Bank completing the collection of an additional 8,000 seeds at site.

Geotechnical Program

- Successful geotechnical drilling program completed on time and on budget.
- Drilling program completed coverage of the southern and southeastern sections of the South Basin and provided valuable information for the NEPA evaluation that will also feed into the updated resource and quarry design.

Engineering and Vendor packages

- Engineering design now at a mature stage requiring only minimal spend ahead of FID and commencement of construction.

Corporate

- iioneer and Eco Pro expanded the existing partnership with an MOU covering potential future development of the Rhyolite Ridge lithium clay resource (currently excluded from Project design and economics).

Environmental performance

The Group holds exploration licences issued by the relevant government authorities which specify guidelines for environmental impacts in relation to exploration activities. The licence conditions provide for the full rehabilitation of the areas of exploration in accordance with regulatory guidelines and standards. There have been no known breaches of the licence conditions.

In late December 2022, Rhyolite Ridge Project advanced into the final stage of federal permitting with the decision by the U.S. Bureau of Land Management (BLM) to publish a Notice of Intent (NOI) in the Federal Register. This marked a major milestone toward the completion of the National Environmental Policy Act (NEPA) process and approval of the Project's Plan of Operations ("Plan").

The Plan is the foundational permitting document for the Project and will become the basis for compliance during operations and closure. Under the Plan, there will be no Project-related direct impacts to any of the subpopulations of Tiehm's buckwheat.

The Project continues to progress through NEPA with a draft Environmental Impact Statement (DEIS) expected to be completed and distributed to the public during Q1 2024. The Company continues to work closely with the BLM and USFWS to keep both the NEPA process and the Section 7 Endangered Species Act (ESA) progressing in tandem. To date, no unexpected issues or areas of concern have been identified.

A significantly expanded groundwater model was submitted to the BLM, to account for the increase in pumping of water from the 2020 5-year quarry to the current 2022 17-year quarry.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this directors' report.

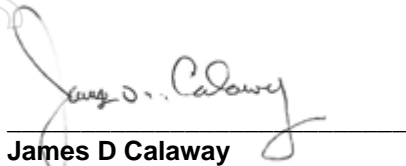

Rounding of amounts

The Group is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, unless otherwise stated.

Note 1. Corporate information

The interim condensed consolidated financial statements of iioneer Ltd and its subsidiaries (collectively the "Group" or the "Company") for the six months ended 31 December 2023 were authorised for issue in accordance with a resolution of the directors on 27 February 2024.

iioneer Ltd is a for profit company limited by shares and incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange ("ASX") under the ticker code "INR". The registered office of the Company is suite 16.01, 213 Miller Street, North Sydney, NSW 2060 Australia.

Note 2. Basis of preparation

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

The Group has prepared the financial statements on the basis that it will continue to operate as a going concern. The Directors consider that there are no material uncertainties that may cast significant doubt over this assumption. They have formed a judgement that there is reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Company.

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 30 June 2023. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

Note 3. Operating segments

Description of segments

The Group operates predominantly as a mineral exploration and development company. The operating segments are based on the reports reviewed by the Managing Director for assessing performance and determining the allocation of resources and strategic decision making within the Group. The following summary describes the operations in each of the Groups reportable segments:

North America	Represents activity in the US, primarily in relation to Rhyolite Ridge and the Reno office.
Australia	Represents head office expenditure, exchange gains and losses and corporate assets (predominantly cash).

Note 3. Operating segments (continued)

The following table presents segment information for the six months ended 31 December 2023 and 2022, respectively:

Ordinary shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the Company in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the Company does not have a limited amount of authorised capital.

On a show of hands every member present at a meeting in person or by proxy shall have one vote and upon a poll each share shall have one vote.

Share buy-back

There is no current on-market share buy-back.

Note 17. Equity - dividends

There were no dividends paid, recommended or declared during the current or previous financial period.

Note 18. Financial risk management

Framework

The Group is involved in activities that expose it to a variety of financial risks including:

- Credit risk
- Liquidity risk
- Capital management risk
- Market risk related to commodity pricing, interest rates and currency fluctuations.

The board of directors has overall responsibility for the establishment and oversight of the financial risk management framework of the Group. Management is responsible for monitoring the financial risks.

The objective of the financial risk management strategy is to minimise the impact of volatility in financial markets on the financial performance, cash flows and shareholder returns. This requires the identification and analysis of relevant financial risks and possible impact on the achievement of the Group's objectives.

Note 18. Financial risk management (continued)

The Group does not undertake any hedging activities.

Fair value measurement

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement, as follows:

- Level 1 – Quoted market prices in an active market (that are unadjusted) for identical assets or liabilities.
- Level 2 – Valuation techniques (for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable).
- Level 3 – Valuation techniques (for which the lowest level input that is significant to the fair value measurement is unobservable).

The carrying amounts of the Group's financial assets and liabilities are a reasonable approximation of their fair values. During the 6 months ended 31 December 2023, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into or out of Level 3 fair value measurements. (31 December 2022: Nil)

The fair value of the options grants is determined using the Black & Scholes option pricing model.

Note 19. Contingent assets/liabilities

The Company entered an option agreement to purchase Rhyolite Ridge from Boundary Peak Minerals LLC on 3 June 2016. The Company has made 4 progress payments to Boundary Peak under the agreement. A final payment will fall due following the board of directors making a 'decision to mine' the Rhyolite Ridge property. Once this decision is made, the Company is required under the terms of the contract to either:

- Pay Boundary Peak LLC USD \$3 million, or
- Issue shares (or a mix of both shares and cash) to Boundary Peak LLC, to the equivalent of USD \$3 million at a fixed exchange rate of USD \$0.75 = AUD \$1.00.

At the date of this report the decision to mine has not yet been made by the Company.

There are no other known contingent liabilities as at 31 December 2023.

Note 20. Events after the reporting period

No matter or circumstance has arisen since 31 December 2023 that has significantly affected, or may significantly affect the Company's operations, the results of those operations, or the Company's state of affairs in future financial years.

Independent Auditor's Review Report to the Members of Loneer Ltd

Conclusion

We have reviewed the accompanying half year financial report of Loneer Ltd (the Company) and its subsidiaries (collectively the Group), which comprises the condensed statement of financial position as at 31 December 2023, the condensed statement of profit or loss and other comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Group as at 31 December 2023 and of its consolidated financial performance for the half year ended on that date; and
- b. Complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the Auditor's responsibilities for the review of the half-year financial report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibilities for the half year financial report

The directors of the Company are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its

performance for the half year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
