Dear Melissa

ASX PRICE QUERY

We refer to the Price and Volume Query received from the ASX today and respond as follows to the specific questions asked:

1. **Is TRI aware of any information concerning it that has not been announced to the market which, if known by some in the market, could explain the recent trading in its securities?**

In responding to this question, please consider in particular whether TRI is aware of any information that its earnings for the 6 month period ending on 31 December 2023:

- a) **are likely to differ materially (downwards or upwards) from any earnings guidance it has given for the period; or**
- b) **if TRI has not given any earnings guidance for the period, are otherwise likely to come as a surprise to the market (by reference to analyst forecasts for the period or, if TRI is not covered by analysts, its earnings for the prior corresponding period)?**

No.

2. **If the answer to question 1 is "yes".**
 - a) **Is TRI relying on Listing Rule 3.1A not to announce that information under Listing Rule 3.1? Please note that the recent trading in TRI's securities would suggest to ASX that such information may have ceased to be confidential and therefore TRI may no longer be able to rely on Listing Rule 3.1A. Accordingly, if the answer to this question is "yes", you need to contact us immediately to discuss the situation.**

Not applicable – see our response to question 1 above.

- b) **Can an announcement be made immediately? Please note, if the answer to this question is "no", you need to contact us immediately to discuss requesting a trading halt (see below).**

Not applicable – see our response to question 1 above.

- c) **If an announcement cannot be made immediately, why not and when is it expected that an announcement will be made?**

Not applicable – see our response to question 1 above.

3. **If the answer to question 1 is “no”, is there any other explanation that TRI may have for the recent trading in its securities?**

The Company is aware of an article published in Stockhead titled “Diagnosing mental disorder through sleep: How TrivarX could capture this huge research market” and believes that there is nothing in the article which warrants announcement to the ASX and has not previously been announced. The Company notes that it is currently in early-stage discussions concerning potential research collaboration with the Uniformed Services University of the Health Sciences in Bethesda, Maryland, USA. No agreement has been reached in relation to this collaboration or the scope of any potential research.

4. **Please confirm that TRI is complying with the Listing Rules and, in particular, Listing Rule 3.1.**

We confirm that the Company is in compliance with the Listing Rules and, in particular, Listing Rule 3.1.

5. **Please confirm that TRI’s responses to the questions above have been authorised and approved under its published continuous disclosure policy or otherwise by its board or an officer of TRI with delegated authority from the board to respond to ASX on disclosure matters.**

Confirmed

Yours sincerely

Stephen Buckley
Company Secretary
