The preliminary half-yearly report is based on accounts which have been reviewed.

Dividends (distributions)

As previously announced, the Board has resolved that an interim dividend for the half year ended 31 December 2023 will not be paid, having regard to future cashflow commitments of the business.

Commentary

Brief explanation of any of the figures reported above:

Please refer to the attached commentary for a detailed review.

Net tangible assets

	31 December 2023	31 December 2022
Net tangible assets per ordinary security		
Note: Net tangible assets include “right-of-use assets”.	\$1.50	\$1.48

Audit qualification or review

The financial statements were subject to a review by the auditors and the review report is attached as part of the Interim Report.

RESULTS ANNOUNCEMENT FOR THE **6 MONTHS ENDED 31 DECEMBER 2023**

RESULTS SUMMARY:

CVC Limited (**CVC**) recorded a net loss after tax to shareholders of \$0.1 million in the first half of FY2024 (1H FY2023: \$0.5 million profit). Net Tangible Assets at the end of the period were \$1.50 per share (1H FY2023: \$1.48).

The segment contributions to the result for the half year period are summarised as follows:

Underlying Results		
	1H FY2024	1H FY2023
Net (loss)/profit after tax to shareholders	(\$0.1 m)	\$0.5 m
Comprises:		
Property Investments	\$3.2 m	\$5.1 m
Non Property Investments	\$0.2 m	\$0.9 m
Loan note/convertible note interest	(\$1.4 m)	(\$2.0 m)
Overhead costs	(\$3.0 m)	(\$3.4 m)
Tax effect	\$0.9 m	(\$0.1 m)
Net (loss)/profit after tax to shareholders	(\$0.1 m)	\$0.5 m

Due to the nature of CVC's investment portfolio, which mainly comprises property assets held as inventory, and the accounting treatment used to record their value, profits are largely driven by asset sales and settlements. During the period there was limited activity in this regard which has had flow on effects to the level of profitability recorded this period.

Complying with accounting standards also means that a large component of CVC's property assets are carried in the statement of financial position at the lower of cost and net realisable value. The board has previously sought independent valuations of three major property assets on an 'as is' market basis. As disclosed, the impact of these valuations (Liverpool, Marsden Park and Donnybrook), if reflected in the accounts of CVC, would add \$1.03 in assets per share on a post-tax basis. At the close of the H1 FY 2024 period, the Board is confident that the current value of these assets would still support this estimate of additional value above statutory NTA, if not exceed it.

The Board of CVC is also confident that the portfolio of assets is well placed to gain material further value should planning processes continue to progress as forecast. Significant effort is being applied to concluding these outcomes.

GENERAL COMMENTARY:

New Investments:

While there has been limited divestment activity in the business, substantial work has been undertaken in the early part of the period to invest in new property related opportunities.

CVC has partnered with private developer entities across two new industrial land projects in Melbourne located in Officer and Clyde North. CVC also completed the settlement of its land project in Burleigh Waters in Queensland during the period.

The Clyde North project is an approved industrial land parcel of approximately 8Ha which will be subdivided and sold upon completion of civil works. It is an infill project surrounded by greenfield development and is currently the subject of a planning permit application. CVC has contributed 40% of the project equity to this venture and it is anticipated to deliver profits in the FY 2026 period.

The Officer investment pertains to a parcel of land totalling approximately 23 hectares and located in the Officer South Employment Precinct and is on public exhibition as part of a rezoning approval process. An advisory panel process is scheduled to commence in March 2024 which represents the

final stage of planning before it is put to the Minister for Planning to endorse and adopt the rezoning in the Victorian Planning scheme. CVC and its JV partner envisage that the land will be approved for industrial uses which is in accordance with the currently exhibited documentation. CVC is a 70% equity holder in this project with land settlement forecast to occur in the FY2028 period.

The Burleigh Waters project was also settled in this period having been contracted in the previous financial year. CVC is a 60% equity participant in this project. The site is 5.39Ha and is located directly opposite Bond University and fronts Lake Orr providing a high level of amenity. The property will be subdivided and the resultant land lots either sold or developed over time with our partner Cru Collective.

Marsden Park:

During the period the NSW Department of Planning and Environment (**Department**) withdrew support for the rezoning of land in Marsden Park North (**MPN**) precinct for residential development. This decision was in response to analysis of traffic impacts should flood events occur in the precinct and what effect these would have on safe evacuation of existing and future residents. Since that time, CVC and development partner Leamac Property Group (**Leamac**) have been liaising with the Department and are now exploring lower traffic density uses which would be suitable for this area. These uses include industrial and commercial development. It is forecast that in H2 FY 2024 the Department will provide more guidance in this direction.

On account of the decision to abandon the residential rezoning of the MPN precinct, and consequently the CVC / Leamac land, Mirvac Homes (NSW) Pty Ltd (**Mirvac**) elected to terminate the Development Management Agreement which would have seen them develop the land. CVC will now repay the loan which Mirvac provided over the course of their involvement in the project. The loan is required to be repaid in June 2024.

Liverpool:

Substantial advancement of the Liverpool project occurred in H1 FY2024. Detailed planning documentation and submissions have been made with strong engagement from the Department and Liverpool City Council. CVC remains optimistic about this rezoning process and anticipates that the rezoning will be on exhibition toward the end of FY 2024 or at the start of FY 2025.

Donnybrook:

Realisations for the residential components of the Donnybrook project continue to be received as forecast. Significant efforts have been made, and continue to be made, to progress infrastructure and planning approvals to bring the unsold industrial land toward being 'shovel ready'. The industrial site totals approximately 75Ha and is rezoned in a major growth corridor of Melbourne. CVC and JV partner Avid Property Group see this holding as a significant asset in a strong segment of the Melbourne property market.

Other Investments:

One of our larger non property holdings, Cyclopharm Limited, achieved a significant milestone with the USFDA granting approval for the use of its major product Technagas. The business has now commenced commercialisation of this approval and CVC is optimistic about its future success.

The wider CVC investment portfolio continues to be managed with a focus on reducing operational complexity by rationalising the number of investments.

DIVIDENDS, FORECAST RESULTS AND CAPITAL MANAGEMENT

The Board is extremely focused to ensure that CVC's cash position is robust and structured to fund current commitments as well as be in a position to act on attractive investment opportunities should they emerge. On account of this, as well as the profitability of the business in H1 FY2024, the Board resolved not to pay an interim dividend.

Ongoing capital management will remain extremely high on the list of priorities for the Board and management team.

As has been the position of the Board for a number of years, share and note buybacks will be assessed against the need for capital in the business and alternate investment opportunities.

The Board is not in a position to provide an estimate of full year profitability. Again, this is largely due to the nature of the investments within the portfolio and the way their values are recorded in the accounts of the business. It is not forecast that significant divestments will be concluded in the remaining part of FY 2024.

The major aim of the business in FY 2024 is to add substantial value to the value of its investments and to ensure it is best placed to deliver on the potential of our portfolio which has been cultivated over a decade. The Board looks forward to reporting progress of this endeavour in the coming periods.

CVC LIMITED & CONTROLLED ENTITIES DIRECTORS' REPORT

The directors present their report together with the condensed consolidated financial report for CVC Limited (the "Company") and its controlled entities ("CVC") for the half-year ended 31 December 2023 and the independent review report thereon.

Directors

The directors of the Company throughout and since the end of the half-year are:

Mark Anthony Avery (Managing Director)
Craig Granville Treasure (Executive Chairman)
Ian Houston Campbell (Non-Executive Director)
John Scott Leaver (Executive Director)

Operating results

The net loss after tax attributable to shareholders for the six months ended 31 December 2023 of CVC amounted to \$0.1 million (31 December 2022: profit of \$0.5million).

A detailed review of operations and developments is included in the commentary that accompanies the ASX release of these results.

Dividends

A final fully franked dividend in respect of the year ended 30 June 2023 of 5 cents per share amounting to \$5,841,205 was paid on 18 August 2023.

Events subsequent to balance date

There are no other matters or circumstances that have arisen since the end of the financial period which significantly affected or may significantly affect the operations of CVC, the results of those operations or the state of affairs of CVC in the financial period subsequent to 31 December 2023.

Rounding of amounts

CVC is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to "rounding-off". Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar unless otherwise stated.

Auditor's Independence Declaration

A copy of the Independence Declaration given to the directors by the auditor for the review undertaken by Pitcher Partners Sydney is included on page 22.

Signed and Dated Sydney 22 February 2024 in accordance with a resolution of directors.

CVC LIMITED & CONTROLLED ENTITIES
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 December 2023

NOTE 1: CORPORATE INFORMATION

CVC Limited is a company limited by shares, incorporated and domiciled in Australia.

The condensed half-year financial report covers the consolidated entity, comprising CVC Limited (the “Company”) and its controlled entities (“CVC”).

NOTE 2: BASIS OF PREPARATION

The half-year financial report is a condensed financial report, which has been prepared in accordance with the requirements of AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. Compliance with AASB 134, as appropriate for for-profit entities, ensures compliance with International Financial Reporting Standard IAS 34 “*Interim Financial Reporting*”.

This condensed half-year financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report should be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by CVC during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with Australian Accounting Standards and International Financial Reporting Standards. The accounting policies adopted are also consistent with those of the previous financial year and corresponding interim reporting period. A number of amended standards became applicable for the current reporting period. CVC did not have to change its accounting policies or make retrospective adjustments as a result of adopting these amended standards.

Rounding of amounts

CVC is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to “rounding-off”. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar unless otherwise stated.

NOTE 3: DIVIDENDS

A final fully franked dividend in respect of the year ended 30 June 2023 of 5 cents per share amounting to \$5,841,205 was paid on 18 August 2023.

No interim dividend in respect of the half year ended 31 December 2023 will be paid.

NOTE 5: INVENTORIES		
Current		
Land development sites held for resale	5,754,726	4,720,802
Non-current		
Land development sites held for resale	76,410,265	13,441,003

The land developments represent projects at Marsden Park, New South Wales, Burleigh Waters, Queensland, Caboolture, Queensland and Werribee, Victoria.

The recoverability of the carrying value has been accessed taking the following into consideration:

Burleigh Waters, Queensland

CVC exercised the option and acquired the development site in Burleigh Waters, Queensland during the period. The development approval for subdivision was achieved in FY23. An independent valuation was completed in July 2023 which indicates that the end value of the property is greater than the expected development cost of the site, including the current carrying value and the anticipated construction cost.

Marsden Park, New South Wales

Mirvac Homes (NSW) Pty Ltd has terminated the Project Delivery Agreement (PDA) to deliver a residential development on the land. Under the terms of the PDA, CVC is required to repay loan funds and project costs to Mirvac by June 2024. The relevant development costs are recognised in Inventories with a corresponding liability recognised in Interest Bearing Loan and Borrowings.

An independent valuation is currently underway and is expected to be finalised in the coming weeks. The valuation is based on the current land use entitlements (zoning) and utilising a direct comparison basis method. The valuation is greater than the current carrying value of the site.

NOTE 6: OTHER ASSETS

Current		
Prepayments	91,242	93,870
Other current assets	552,358	2,413,537
	643,600	2,507,407
Non-current		
Other non-current assets (a)	59,252,699	57,007,010

- (a) Other non-current assets include call options, put and call options and contracts to acquire real properties. The carrying value reflects capitalised non-refundable call option fees paid, security deposits and associated due diligence costs paid. The carrying value of capitalised option costs is assessed for impairment annually.

CVC has exercised one of the options and acquired a development site in Burleigh Waters, Queensland during the period. The cost of the relevant option has been reclassified to Inventories upon settlement. Refer note 5.

CVC has entered into contracts to acquire two parcels of land in Officer South Employment Precinct in Victoria during the period. CVC is of the opinion that the fair value of the properties is greater than the expected cost of the underlining sites including the current carrying value and the balance of the purchase price.

Commitments

Commitments for acquisition of land not recognised on balance sheet at reporting date are \$48.75m.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 December 2023 (CONTINUED)

NOTE 11: FAIR VALUE MEASUREMENTS

Fair value reflects the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted prices or rates are used to determine fair value where an active market exists. If the market for an asset is not active, fair values are estimated using valuation techniques, based on market conditions prevailing at the measurement date. Such techniques include using recent arm's length market transactions; net asset backing; reference to current market value of another instrument that is substantially the same and discounted cash flow analysis.

The fair value of liquid assets maturing within three months are approximate to their carrying amounts. This assumption is applied to liquid assets and the current portion of all other financial assets and financial liabilities. For the majority of the non-current financial assets at amortised cost, the fair values are also not significantly different from their carrying amounts as interests charged are at market rates. Judgements and estimates were made in determining the fair values of certain financial instruments and non-financial assets that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, CVC has classified its financial instruments and non-financial assets into three levels prescribed under the accounting standards.

Level 1 – the fair value is calculated using quoted prices in active markets.

Level 2 – the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset, either directly (as prices) or indirectly (derived from prices).

Level 3 – the fair value is estimated using inputs for the asset that are not based on observable market data.

The fair value of the assets and liabilities as well as the methods used to estimate the fair value are summarised in the table below.

	Valuation technique – market observable inputs (Level 2) \$	Valuation technique – non market observable inputs (Level 3) \$	Total \$
At 31 December 2023

CVC LIMITED & CONTROLLED ENTITIES
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 December 2023 (CONTINUED)

NOTE 11: FAIR VALUE MEASUREMENTS (CONT.)

Reconciliation of Level 3 fair value movements:

	31 Dec 2023	31 Dec 2022
	\$	\$
Opening balance at the beginning of the period	18,996,136	29,373,111
Purchases	14,648	7,882,547
Purchase - acquisition of subsidiary (refer note 14)	38,400,000	-
Capital return	(70,514)	(12,478,568)
Loss recognised in income (a)	(2,244,754)	(520,210)
Closing balance at the end of the period	55,095,516	24,256,880
(a) Unrealised losses recognised in statement of financial performance attributable to assets held at the end of the reporting period	(2,265,292)	(11,775)

Level 2 financial assets at fair value through profit or loss are listed investments which CVC has significant holdings and which are considered to be illiquid and have small market capitalisations. CVC has determined that although an active market may not exist, the active market in small amounts of trading does provide a guide for valuation in that it indicates whether or not the market values the intangible assets of an entity. The fair value has been determined using the "last-price".

The fair value of Level 3 assets has been determined as follows:

- (a) Financial assets at fair value through profit or loss – with reference to valuation techniques, including:
 - recent arm's length market transactions; and
 - net asset backing.
- (b) Investment properties
 - Retail: the fair value has been determined based on an independent valuation prepared by CBRE Valuation & Advisory Services Pty Limited on 30 June 2023 based on an Equivalent (Market) Yield of 7.93%.
 - Commercial: the fair value has been determined based on an independent valuation performed by professional qualified valuers in November 2022.

Sensitivity analysis

The table below shows the pre-tax sensitivity to reasonable possible alternative assumptions for Level 3 assets whose fair values are determined in whole or in part using unobservable inputs.

	Net profit/(loss)		Equity increase/(decrease)	
	Dec 23	Jun 23	Dec 23	Jun 23
	\$	\$	\$	\$
Shares in unlisted entities				
Favourable changes	1,269,552	1,499,614	1,269,552	1,499,614
Unfavourable changes	(1,269,552)	(1,499,614)	(1,269,552)	(1,499,614)
Investment properties				
Favourable changes	8,705,667	525,000	8,705,667	525,000
Unfavourable changes	(3,844,500)	(380,000)	(3,844,500)	(380,000)

Significant unobservable inputs

The following table contains information about the significant unobservable inputs used in Level 3 valuations, and the valuation techniques used to measure fair value. The range of values represent the highest and lowest input used in the valuation techniques. Therefore, the range does not reflect the level of uncertainty regarding a particular input, but rather the different underlying characteristics of the relevant assets.

	Valuation Techniques	Significant Unobservable Inputs	Range of Inputs			
			Dec 23		Jun 23	
			Min	Max	Min	Max
			Down 10%	Up 10%	Down 10%	Up 10%
Investments in unlisted entities	Net asset backing	Value per security				
Investment properties						
Retail	Capitalisation of income	Capitalisation Rate	4.0%	5.0%	4.0%	5.0%
Commercial	Capitalisation of income	Capitalisation Rate	3.0%	4.0%	n/a	n/a

NOTE 14: BUSINESS COMBINATIONS

79 Logan Road Trust

On 4 July 2023, CVC acquired 17.5% of 79 Logan Trust for a consideration of \$4,644,692. Immediately prior to that date the Company had an existing holding of 35% of the equity on issue with a carrying amount of \$8,471,784.

A summary of the acquisition is as follows:

	\$
Purchase consideration:	
Cash paid	4,644,692
Carrying amount prior to acquisition	8,471,784
	<hr/>
Total purchase consideration	13,116,476
	<hr/>
Fair value of Assets and Liabilities of 79 Logan Road Trust at Acquisition:	
Cash assets	223,352
Trade and other receivables (a)	125,873
Investment property	38,400,000
Trade and other payables	(224,538)
Interest bearing loan	(11,320,000)
	<hr/>
Net identifiable assets acquired	27,204,687
Less: non-controlling interest (b)	(14,410,004)
Add: goodwill (c)	321,793
	<hr/>
Net assets acquired	13,116,476
	<hr/>
Cash outflow	
Cash consideration	4,644,692
Less: balances acquired	
Cash	(223,352)
	<hr/>
Net outflow of cash – investing activities	4,421,340
	<hr/>

- (a) The fair value of acquired trade and other receivables is the gross contractual amount.
- (b) CVC has recognised the non-controlling interest at the non-controlling interest's proportionate share of the net identifiable assets.
- (c) The goodwill is attributable to the value of business in 79 Logan Trust. It will not be deductible for tax purpose. The goodwill has been fully impaired during the period.

For the period from acquisition to 31 December 2023, the acquired business contributed revenues of \$715,749 and net loss of \$72,051. If the acquisition had occurred on 1 July 2023, the contributed revenues and net profit would not have been materially different to the actual amounts contributed.

Goodwill reconciliation

	31 Dec 2023	30 Jun 2023
	\$	\$
Carrying amount at the beginning of the period	-	-
Acquisition of business	321,793	-
Impairment of goodwill	(321,793)	-
	<hr/>	<hr/>
Carrying amount at the end of the period	-	-
	<hr/>	<hr/>

The goodwill is attributable to the acquisition of the business in 79 Logan Road Trust. It has been fully impaired during the period. Goodwill is not deductible for tax purpose.

HALF YEARLY REPORT**

DIRECTORS' DECLARATION

In the opinion of the directors:

- (a) the condensed half-year financial statements and notes set out on page 4 to 20, are in accordance with the *Corporations Act 2001* including:
 - (i) giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
 - (ii) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
- (b) there are reasonable grounds to believe that CVC Limited will be able to pay its debts as when they become due and payable.

Signed in accordance with a resolution of the board of directors.

MARK AVERY
Director

CRAIG TREASURE
Director

**Independent Auditor's Review Report
To the Members of CVC Limited****ABN 34 002 700 361****Report on the Half-Year Financial Report****Conclusion**

We have reviewed the half-year financial report of CVC Limited ("the Company") and its controlled entities ("the Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2023, the condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of CVC Limited does not comply with the *Corporations Act 2001* including:

- a) Giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- b) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
