# Directors' report

## Directors

The directors present their report, together with the financial statements, on the consolidated entity consisting of Felix Group Holdings Limited ("Felix" or 'the Company') and the entities it controlled ('the Consolidated Entity' or "the Group") at the end of, or during, the half-year ended 31 December 2023.

The following persons were directors of Felix Group Holdings Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

- Michael Bruce Bushby
- Michael Peter Davis
- Joycelyn Cheryl Morton
- Robert William Phillpot
- George Humphry Davy Rolleston
- Michael Anthony Trusler

## Principal activities

During the period, the principal continuing activity of the Group consisted of a cloud-based SaaS solution to its Contractor and Vendor customer base to make it easier for them to find, manage and engage with each other. The Felix platform automates and streamlines a range of critical, procurement-focused business processes.

Contractors are contracted by asset owners to build or maintain capital works projects in the commercial construction and related industries.

Vendors comprise the Contractors suppliers and include subcontractors, equipment providers and service and materials providers.

## Review of operations

Felix achieved a number of significant milestones during H1 FY24 while executing against strategic objectives of accelerating Tier 1 Contractor growth, driving expansion revenue, and achieving sustainable cashflow breakeven. During H1 FY24, the Company signed multiple new Contractors, delivered significant expansion deals, and reduced net operating cash outflows in line with the Company's aim of achieving operating cashflow breakeven by Q1 FY25. In addition, Felix also made progress against its product roadmap, including key feature development and international data compliance and security certificates, and continued to grow the Vendor Marketplace.

## New contract wins

In H1 FY24, Felix signed five leading Contractors, bringing the total number of Contractors on the enterprise platform to 49 (see Figure 1). Notably, Felix signed the Company's first international contract outside of APAC with a global multi-disciplinary engineering, project delivery and operations management Contractor. Predominantly focused on the mining, minerals, and metals industry, the Contractor operates across Africa and the Middle East, North and South America, and APAC. The contract builds on Felix's already considerable international momentum, with its platform utilised on over 90 international projects by existing customers. The contract also validates Felix's capital-light international expansion strategy, which has the potential to reshape Felix's financial profile due to the size and scale of international opportunities in the pipeline.

Felix also saw strong momentum in new adjacent sectors such as mining & resources, as highlighted by the contracts signed with an ASX-listed gold miner, an ASX-listed provider of network services, as well as MMA offshore, a marine services provider. These contracts represent strong validation of the broad applicability of the platform, with the momentum built providing Felix leverage in driving further adoption across adjacent sectors.

## Expansions across existing customers

Five expansion deals were signed in H1 FY24, including a record expansion deal with Downer Group (ASX:DOW) (NZD:DOW), a leading ASX and NZX-listed integrated services provider. A significant expansion deal was also signed with NRW Holdings (ASX:NWH), a leading ASX-listed construction and mining company headquartered in Perth. The 3-year enterprise contract with NRW followed an initial successful contract with Primero, a subsidiary of NRW, demonstrating Felix's ability to upsell into larger parent organisations of its existing customer base. The ongoing signing of expansion deals highlights the mission critical nature of Felix's solution for existing customers, while also generating high margin revenue from Felix's existing customer base.

Driven by the signing of new customers and implementation of significant expansion deals during H1 FY24, Felix delivered rapid Contractor MRR growth of 67% on pcp (refer to Figure 2), with Contractor MRR for the closing month of H1 FY24 reaching \$426k. Felix also delivered record Contractor Net Revenue Retention (NRR) in H1 FY24, achieving a Contractor NRR of 116% at the end of the period. The strong Contractor NRR result was delivered despite one customer churning in H1 FY24.

# Directors' report

## Group ARR

Total Group ARR was at \$6.8m in H1 FY24 (refer to Figure 3), increasing 39% on pcp, with Contractor ARR contributing \$4.9m. Contractor ARR grew strongly by 55% on pcp, driving the increase in Contractor ARR contribution from 65% to 73% between H1 FY23 and H1 FY24. The growth in Contractor ARR aligns with Felix's strategic focus on scaling Contractor ARR, which represents a higher margin opportunity relative to Vendor ARR.

Figure 3. Group Contracted ARR (\$m)

## Cashflow improvements

Felix has also made significant progress in improving the Company's cashflow profile, with H1 FY24 cash receipts increasing 71% on pcp, while H1 FY24 operating outflows only increased 7% on pcp. Furthermore, cost base efficiencies made in H1 FY24 will reduce annualised operating cash outflows by 9% from January 2024 onwards. Felix has delivered a significant improvement in cashflow performance with total H1 FY24 net operating cash outflows of \$1.3m, representing a 57% reduction relative to pcp. These improvements are in line with Felix's aim of achieving sustainable cashflow breakeven in Q1 FY25.

## Platform development

During H1 FY24, Felix achieved SOC 2 Type 1 certification and GDPR compliance, which are international data security certifications for North America and Europe, respectively. This compliments Felix's ISO27001 certification, which was obtained in May 2021, another internationally recognised data security standard. These certifications recognise the security of Felix's governance, infrastructure, systems, and ability to protect customer information from unauthorised access. Furthermore, these certifications are often security requirements for large organisations, and is expected to help reduce the sales cycles for international customers as well as significantly expand Felix's addressable market.

Felix also released an AI-powered information extraction and validation solution for compliance documents during H1 FY24. The AI-powered solution will improve inefficiencies that currently exist for Vendors during onboarding stages and is expected to enhance Contractor sales by demonstrating the efficiency and accuracy in Felix's onboarding processes.

## Vendor marketplace

The onboarding of five new Contractors in H1 FY24 has continued to grow and scale the Vendor Marketplace, as these Contractors mandate the usage of Felix across their entire third-party supply chain of Vendors onto the platform. The number of Vendors in the Marketplace grew 14% on pcp, from 79,293 in H1 FY23 to 90,522 in H1 FY24 (refer to Figure 5). The increase in scale of the Vendor Marketplace supports Felix's strategic aim of monetising the Marketplace in the medium-term, following the development of key modules and features.

# Directors' report

## Engagement metrics

Felix has observed strong growth across of its key platform engagement metrics throughout H1 FY24, reflecting expanding usage of its platform and indicating the platform's deepened engagement within customer systems and processes. Key highlights were (for the half-year period ending 31 December 2023):

- Number of Active Projects: +52% pcp
- Requests for Quotations (RFQ) sent by Contractors: +67% pcp
- Total Contractor User Accounts: +25% pcp
- Total active Vendor Compliance Documents: +6% pcp

## Rounding of amounts

The Company is of a kind referred to in Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar.

## Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this directors' report.

# Notes to the financial statements

— For the half-year ended 31 December 2023

## Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

### *Going Concern*

The half year report has been prepared on a going concern basis which assumes continuity of normal business activities and realisation of assets and settlement of liabilities in the ordinary course of business.

For the period ending 31, December 2023, the Group incurred a loss before income tax of \$2,887,800 (1H FY23: \$3,319,170) and experienced net cash outflows from operations of \$1,249,543 (1H FY23: outflows of \$2,936,559).

The Group completed a two tranche Placement and SPP during the period. The transaction resulted in the Group raising an additional \$3.82 million, before fees. The Group is currently free of any debt liabilities. The capital raise funds received, nil debt and improvement in net loss from operations indicate that no material uncertainty exists that may cast doubt on the Group's ability to continue as a going concern and therefore, the Group will be able to realise its assets and discharge its liabilities in the normal course of business, and at the amounts stated in the financial report.

The report has been prepared on a going concern basis.

### *New or amended Accounting Standards & Interpretations adopted*

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. There was no material impact on the adoption of the new standards.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Felix Group Holdings Limited

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the half-year financial report of Felix Group Holdings Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2023 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

#### Responsibility of the directors for the financial report

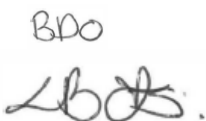

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
