- › Invested A\$220 million to progress capital development projects (1H23: A\$330 million)
- › Liquidity (cash and undrawn debt facilities) of A\$2.1 billion at 31 December 2023⁴

NEXTDC Chief Executive Officer and Managing Director, Craig Scroggie, commented on the 1H24 results:

“We are pleased to deliver another record result in 1H24, with the business continuing to exhibit solid growth across key metrics during this reporting period.

The Company remains well capitalised to take advantage of its strong forward sales pipeline as well as continue to build its forward sales and earnings outlook.

As demand continues to be bolstered by the broad adoption of new technologies such as generative AI, the business remains in an outstanding position to support customer growth requirements across the Enterprise, Government and Hyperscale verticals.”

Business performance

For the 12 months to 31 December 2023:

- › Contracted utilisation increased 64.8MW⁵ (77%) to 149.0MW
