## Notes to the Financial Statements

For the Half-Year Ended 31 December 2023

The financial report covers RocketBoots Limited and controlled entities ('the Group'). RocketBoots Limited is a for-profit Company limited by shares, incorporated and domiciled in Australia.

The principal activities of the Group for the year ended 31 December 2023 were to operate at scale using proprietary computer vision based machine learning applications to optimise businesses and solve security challenges.

Each of the entities within the Group prepare their financial statements based on the currency of the primary economic environment in which the entity operates (functional currency). The consolidated financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

The financial report was authorised for issue by the Directors on 29 February 2024.

Comparatives are consistent with prior years, unless otherwise stated.

#### 1 Basis of Preparation

This condensed consolidated interim financial report for the reporting period ending 31 December 2023 has been prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*.

The interim financial report is intended to provide users with an update on the latest annual financial statements of RocketBoots Limited and Controlled Entities. As such it does not contain information that represents relatively insignificant changes occurring during the year within the Group. This condensed consolidated financial report does not include all the notes normally included in an annual financial report. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2023, together with any public announcements made during the year.

New or amended Australian Accounting Standards and Interpretations adopted.

The Group has adopted all the new and amended Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Any new or amended Australian Accounting Standards and Interpretations that are not yet mandatory have not been early adopted.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements.

#### **Going Concern**

The financial statements have been prepared on the going concern basis which contemplates the continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, for the half-year ended 31 December 2023, the Consolidated Entity had net current liabilities of \$610,342, cash outflows from operating activities of \$1,152,929 and incurred a loss of \$1,167,098.

These factors indicate a material uncertainty which may cast significant doubt as to whether the Consolidated Entity will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The directors believe that it is reasonably foreseeable that the Consolidated Entity will continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report after consideration of the following factors:

ACN: 165 522 887

## Notes to the Financial Statements

For the Half-Year Ended 31 December 2023

1 Basis of Preparation (continued)

#### **Going Concern (continued)**

- As disclosed in Note 18, in February 2024, the consolidated entity successfully raised \$500,000 in equity capital to be used for working capital.
- Management has reviewed the cashflow and has assessed that there is sufficient cash reserves and incoming
  cash to continue operations for a period of at least 12 months from the date of this report. This assessment is
  based on management's confidence of winning existing proposals and expected contracts with customers.
  Further, the consolidated entity has the ability to reduce expenditures if necessary to reduce operating cash
  requirements.

Accordingly, the Directors believe that Consolidated Entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Consolidated Entity does not continue as a going concern.

#### 3 Operating Segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (Chief Operating Decision Makers ('CODM')) in assessing performance and determining the allocation of resources.

Operating segments are presented using the 'management approach' where the information presented is on the same basis as the internal reports provided to the CODM. The CODM are responsible for the avocation of resources to operating segments and assessing their performance.

The Group's principal activities are those of a software Company and therefore identifies only one corporate reportable segment. The results of this segment are the same as the Group's results.

The Group established business in two new markets in 2023 – the United States and the United Kingdom. The Group shall report results by geographical segment when results and cash flow from these two markets become material to the Group.

We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of Rocketboots Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

#### Auditor's Responsibility for the Review of the Half-Year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
