Quarterly Activities Report & Appendix 4C

Toys“R”Us ANZ Limited (**ASX:TOY**) (**Company**) is pleased to provide its January 2024 Quarterly Activities Report and Appendix 4C.

KEY HIGHLIGHTS:

- Successfully raised \$550K via private placement
- Strong support from US Investors representing approx. 17% of Share Register
- Redesigned sales technology platform provides stable sales channel during Christmas period
- 45,000 new customers subscribed to the Toys R Us database during the quarter
- Generated 8x typical weekly revenue during Black Friday Week sales
- Operating cost base reductions continue
- Agreement reached for smooth exit of TOY UK Division

SALES

Strong sales were buoyed by the Black Friday Week and Christmas sales periods. In a continued effort to clear excess aging stock several successful direct-to-public warehouse sales were held.

Marketing began early for Black Friday, which resulted in our marketing performance metrics peaking directly over the major sales weekend, generating 8x typical revenue during Black Friday Week. A giveaways program also drove up basket size, while addressing overstocks.

A significant amount of technology works were undertaken to stabilise, rebuild and improve the sales channel and back-end platforms resulting in an improved customer experience and a more efficient order to fulfilment process, supported by a lean fulfilment team.

KEY CUSTOMER METRICS

- 45,000 new customers subscribed to the Toys R Us database during the quarter
- 88% of customers during the quarter were new to Toys R Us.
- Customer Service Satisfaction score (CSAT) remained above 4.3 (out of 5) throughout Nov/Dec
- 98%+ of orders were shipped out on time, including during a very busy Black Friday period

OVERHEAD COST REDUCTION AND OPERATIONAL IMPROVEMENTS

In furthering our promise to shareholders, strong discipline on costs and overheads has been maintained including reducing the footprint and optimising the workforce to match true market demand. Benefits have begun flowing from the reduced cost base without revenues being negatively impacted.

The UK business division was estimated to require \$7M of initial working capital to fund the UK expansion which was expected to incur an initial operating loss of \$6M in the first 12 months. Accordingly, the operational and financial resources required to make the UK market sustainable were not within reach.

A strong relationship with Licensor TRU Kids Inc TRUK enabled the negotiation and implementation of a smooth exit of the UK market to allow TOY to focus its efforts and working capital on the transformation and growth of Australian activities.

Other operational cost-reduction initiatives included:

- sub-leasing of excess space and transfer of the head-leases on 2 premises;
- sale of unused assets;
- product lines / product mix optimised to improve profitability and cashflow; and
- assessing opportunities for portfolio expansion to better leverage existing assets, infrastructure, and workforce through potential collaborations and/or M&A opportunities.

CAPITAL & FINANCING

• **Private Placement Raised \$550K**

Successfully closed a \$550k private placement in mid-February 2024. This funding came from three investors, two of whom were new strategic investors and one an existing major shareholder.

Following the news of this capital raising, the share price rallied off the back of significant volume with the majority of the securities being purchased by US-based investors. In the wake of the resurgence of Toys”R”Us in the US through their Macy’s in-store partnerships, our US-based shareholders have led the way in supporting the Australian arm of the brand with US-based investors now representing approx. 17% of registered shares.

• **Renegotiation of Agreement with Major Finance Partner**

Renegotiated an Amended Facility Agreement with the major Finance Partner to postpone the planned repayment of \$3M from 31 Dec 2023 to 31 May 2024. The revised agreement sees the total facility reduce to \$13M, with a set interest rate of 11.5%, and the exercise of 18M warrants repriced to \$0.011, as announced to ASX on 5 February 2024.

• **TRUK Loan Facility**

The loan facility with Licensor TRU Kids Inc. (TRUK) as at 31 Jan 2024 totalled USD\$1.8M. As TRUK continues to fund incremental operating expenditure and working capital for the UK operations through to the transfer of the license to another party, this loan facility represented an AUD\$2.8M liability on the Balance Sheet of TOY ANZ.

Under the agreements executed with TRUK, TOY will transfer ownership of all UK business assets to TRUK in settlement of its US\$1.8 million outstanding loan balance, which TRUK provided to support the transition of the UK business. TRUK has agreed to release TOY and its Australian subsidiary entities from all remaining liabilities and obligations under the previous agreements.

RELATED ENTITIES: Payments to related entities during the Quarter were \$0.182m which represented the remuneration and fees paid to the Board of Directors.

BUSINESS TRANSFORMATION

Penny Cox, CEO said:

“We are well underway with the transformation of the business strategy and business model which we envisaged will enable TOY to lower its operational cost base, activate new sales channels and streamline its business for future stable growth.

We remain committed to our goal of achieving a capital light, financially sustainable business and although we still have some way to go, we are well down the track and have put in place much of the cornerstone infrastructure from which to build.

There are a number of exciting initiatives in the pipeline which we hope to be able to announce in the near future as the pillars of our new strategy fall into place.”

This ASX release has been authorised by the Board of Directors.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
