NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2023

Native Title and Aboriginal Heritage

Determinations of native title have been made with respect to areas which include tenements in which the Group has an interest. The native title does not interfere with exercise, by members of the Group, of rights under their tenements and the exercise of those rights takes priority over the exercise of the native title. The Group may be liable to pay compensation in relation to the effect of the grant of its tenements on that native title, which will be determined by the Federal Court if not agreed. The Group is unable to determine the quantum of any future compensation at this time. Native title claims have been made with respect to areas which include tenements in which the Group has an interest. The Group is unable to determine the prospects for success or otherwise of the claims and, in any event, whether or not and to what extent the claims may significantly affect the Group or its projects. Areas of the Group's tenements may be subject to Aboriginal heritage sites protected by State and Federal legislation. In those areas, the agreement of relevant native title holders and certain governmental approvals may be required before members of the Group can exercise rights under their tenements. Agreement is being or has been reached with relevant native title holders in relation to Aboriginal heritage processes regarding areas in which the Group has an interest.

Note 17: Matters subsequent to the end of the financial half year

All of these performance rights have been issued with vesting performance hurdles attached which are linked to the FY24 annual performance review process.

Other than the above no matters or circumstances have arisen since 31 December 2023 that have significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the Corporations Act 2001 and for such internal controls as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and its performance for the half year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporation Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
