Note 1. General information

The financial statements cover M3 Mining Limited as a Group consisting of M3 Mining Limited and the entities it controlled at the end of, or during, the half-year. The financial statements are presented in Australian dollars, which is M3 Mining Limited's functional and presentation currency.

M3 Mining Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Level 4, 225 St Georges Terrace
Perth WA 6000

A description of the nature of the Group's operations and its principal activities are included in the Directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of Directors, on 11 March 2024.

Note 2. Material accounting policy information

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

There has been no impact to the financial statements arising from new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Note 3. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Share-based payment transactions

The consolidated entity measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using an option valuation model taking into account the terms and conditions upon which the instruments were granted and market based performance conditions.

Note 3. Critical accounting judgements, estimates and assumptions (continued)

The likelihood of non-market performance conditions being met has been estimated by management and factored into the expense recognised in the period. The accounting estimates and assumptions related to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit and loss and equity.

Exploration and evaluation costs

Exploration and evaluation expenditure incurred by the Group subsequent to the acquisition of the rights to explore is expensed as incurred, up until the technical feasibility and commercial viability of the project has been demonstrated with a bankable feasibility study.

Capitalised exploration costs are reviewed at each reporting date to establish whether an indication of impairment exists. If any such indication exists, the recoverable amount of the capitalised exploration costs is estimated to determine the extent of the impairment loss (if any). Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in previous years.

Where a decision is made to proceed with development, accumulated expenditure is tested for impairment and transferred to development properties, and then amortised over the life of the reserves associated with the area of interest once mining operations have commenced.

Recoverability of the carrying amount of the exploration and evaluation assets is dependent on successful development and commercial exploitation, or alternatively, sale of the respective areas of interest.

Note 4. Operating segments

The Board has determined that the Company has one reportable segment, being mineral exploration in Australia. As the Company is focused on mineral exploration, the Board monitors the Company based on actual versus budgeted results. This internal reporting framework is the most relevant to assist the Board in making decisions regarding the Company and its ongoing exploration activities, while also taking into consideration the results of exploration work that has been performed to date. The financial results from this segment are equivalent to the financial statements of the Company as a whole.

All of the Company's assets are located in one geographical segment being Australia.

	31 Dec 2023 \$	30 Jun 2023 \$
Share-based payments reserve	1,415,264	1,176,398

Share-based payments reserve

The Company may provide benefits to employees (including directors) and non-employees of the Group in the form of share-based payment transactions, whereby services are rendered in exchange for shares or rights over shares ('equity-settled transactions').

Rights over shares (options) using an option pricing model takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk-free interest rate for the term of the option. The fair value of the options granted is adjusted to, exclude the impact of any non-market and service vesting conditions. Non-market vesting and service conditions, if any, are included in assumptions about the number of options likely to be exercisable.

Shares issued in lieu of payment are measured at the fair value of goods or services received or the fair value of the equity instrument issued, if it is determined the fair value of the good or services cannot be reliably measured, and are recorded at the date the goods or services are received. The corresponding amount is recorded to the share-based payment reserve.

Movements in reserves

Movements in each class of reserve during the current and previous financial period/year are set out below:

	\$
Balance at 1 July 2022	900,120

The Group must meet minimum expenditure commitments in relation to granted exploration tenements to maintain those tenements in good standing. If the relevant mineral tenement is relinquished the expenditure commitment also ceases.

Note 13. Events after the reporting period

On 29 January 2024 the Company converted 800,000 Tranche A Performance Rights to fully paid Ordinary Shares.

The Company announced on 6 February 2024 that it had received firm commitments for a capital raising of approximately \$2.2million (before costs) by way of 37,244,987 fully paid ordinary shares at \$0.06 per share via two tranches.

Tranche 1 was completed on 15 February 2024 with the issue of 11,117,458 fully paid ordinary shares at \$0.06 each raising \$667,048 (before costs).

No other matter or circumstance has arisen since 31 December 2023 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

Note 14. Share-based payments

An Employee Incentive Securities Plan has been established by the Company, whereby the Company may, at the discretion of the Board, grant options and performance rights over ordinary shares in the Company to certain key management personnel, employees and consultants of the Company.

Set out below are summaries of options granted:

	Number of options 31 Dec 2023	Weighted average exercise price 31 Dec 2023
Outstanding at the beginning of the half-year period	14,800,000	\$0.221

Outstanding at the end of the half-year period	14,800,000	\$0.221

The weighted average remaining contractual life of options outstanding at the end of the period was 2.2 years.

In the prior period, the Company issued 7,000,000 options exercisable at \$0.189 on or before 19 December 2025, with vesting conditions as shown below:

- 4,000,000 Director options were issued on 19 December 2022 following shareholder approval at the AGM; and
- 3,000,000 Consultant options were issued on 19 December 2022.

Options were issued to Directors and Consultants as follows:

	Number of options
Russell Davis	2,000,000
Ariel Edward King	2,000,000
Consultants	3,000,000
	7,000,000

Note 14. Share-based payments (continued)

The options have the following vesting conditions:

Tranche	Number	Vesting condition
A	3,500,000	30 Day VWAP of 50% premium being equal to or greater than the Company's 15 Day VWAP at the date of issue of the options, employment with the Company or otherwise engaged by the Company must continue over the vesting period.

In the Directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of Directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the Directors

Independent auditor's review report to the members of M3 Mining Limited

Report on the half-year financial report

Our conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of M3 Mining Limited (the Company), and its subsidiaries (the Group) does not comply with the *Corporations Act 2001*, including:

giving a true and fair view of the Group's financial position as at 31 December 2023 and of its financial performance for the half-year then ended; and

complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

What was reviewed?

We have reviewed the accompanying half-year financial report of the Group, which comprises:

- the consolidated statement of financial position as at 31 December 2023,
- the consolidated statement of profit or loss and other comprehensive income for the half-year then ended,
- the consolidated statement of changes in equity for the half-year then ended,
- the consolidated statement of cash flows for the half-year then ended,
- notes to the financial statements, including the material accounting policy information and other explanatory information, and
- the directors' declaration.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
