Your Directors submit the financial report of Javelin Minerals Limited ('Company') and its wholly owned subsidiaries (100% owned) (together referred to hereafter as "the Consolidated Entity" or "Group") for the period ended 31 December 2023.

In order to comply with the provisions of the Corporations Act 2001, the Directors report as follows:

1. DIRECTORS

The names of the Directors who held office during or since the end of the period and until the date of this report are noted below. Directors were in office for this entire period unless otherwise stated:

Mr Brett Mitchell	Executive Chairman (appointed 29 February 2024)
Mr Pedro Kastellorizos	Non-Executive Director (appointed 29 February 2024)
Robert Mosig	Non-Executive Director
Zaffer Soemya	Non-Executive Director (resigned 30 November 2023)
David Sanders	Non-Executive Chairman (resigned 29 February 2024)
Matthew Blake	Executive Director (resigned 29 February 2024)

2. RESULTS

The consolidated loss after tax for the half-year ended 31 December 2023 attributable to equity holders of the parent was \$553,669 (2022: \$370,681).

3. REVIEW OF OPERATIONS

MT IDA-IDA VALLEY, NORTHERN GOLDFIELDS, WESTERN AUSTRALIA

The Mt Ida-Ida Valley Project currently comprises 22 Exploration Licences and Exploration Licence Applications totalling over 2,450 sq km in area (refer Figure 1). Approximately 1,400 sq km of the Mt Ida-Ida Valley project has now been covered by low level aeromagnetics and radiometrics.

The project area lies within the Eastern Goldfields region of the Archaean Yilgarn Block, which contains a stable nucleus of gneisses and granites and thin elongate greenstone occurrences. The granites and greenstone belts often contain layered successions of alternating mafic, ultramafic, felsic-clastic associations and pegmatite intrusives prospective for lithium, REE, precious and base metals.

During the period, the Company completed an airborne aeromagnetic and radiometric survey covering 8 Exploration Licences. The Company is in the process to appoint an independent consultant to process the geological data acquired and provide the Company with analysis on the results.

During the period, Exploration Licences E 36/1075, E 37/1520 and E 36 /1033 were granted and E 26/1250 and E 29/1237 were applied for which form part of the Mt Ida-Ida Valley Project.

The new Board is now conducting a strategic review of the Mt Ida-Ida Valley Project tenements with a view to explore or commercialise the projects within the ground package assembled to date.

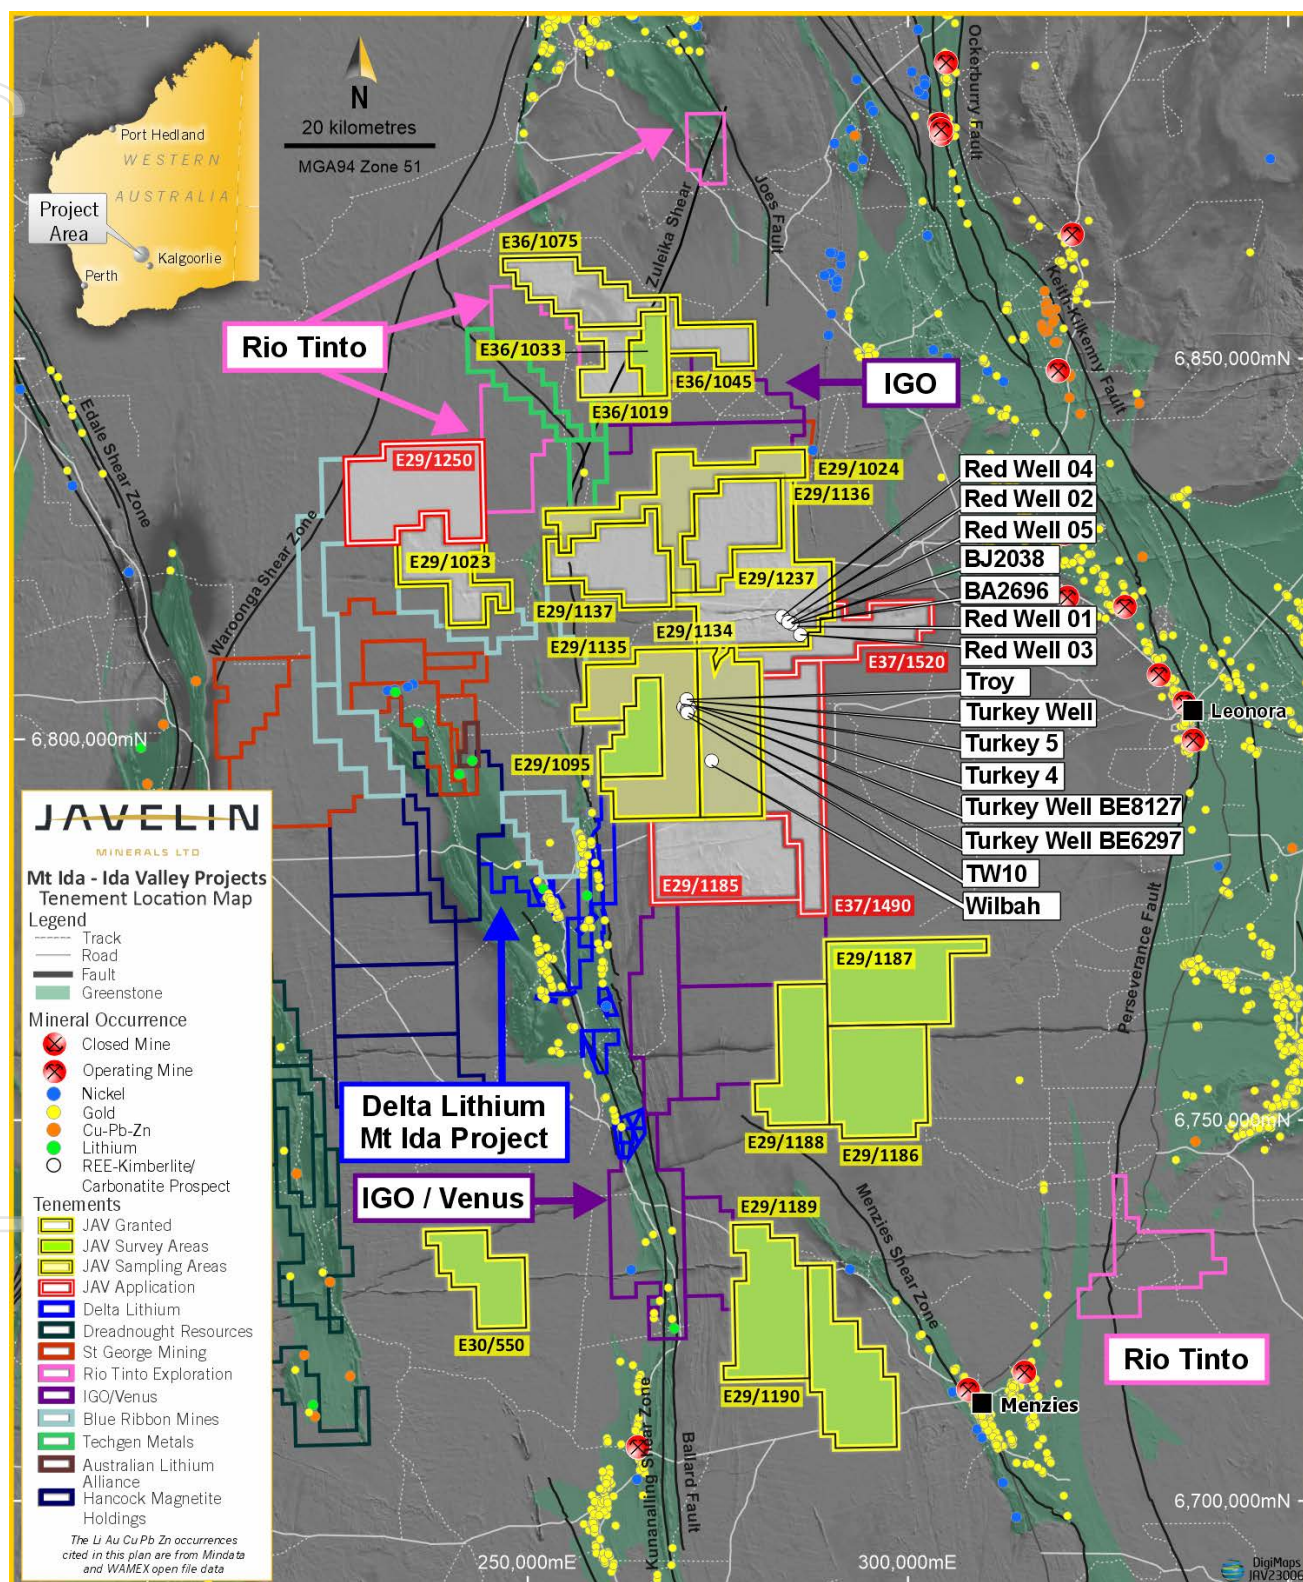

Figure 1: Mt Ida-Ida Valley tenement locations

HUSKY & MALAMUTE PROJECTS

The Husky and Malamute Projects comprise 2 Exploration Licences in New South Wales (refer Figure 2). During the period, the Company applied to extend the term of both Licences and as part of the application has relinquished the western most block of the Husky Licence (EL 8667). The Company was notified subsequent to period end that the extension of terms had been approved.

Drilling on the Husky Licence in 2023 containing remnants of the Owendale Intrusion confirmed the presence of weathered ultramafic rocks with geochemically elevated precious and base metals (Au, Ni, Co, Cr and Cu) and further follow up activities are planned for 2024 subject to the renewal of the Licence.

The Company's Malamute Licence (EL 8666) covers almost the entire ultramafic and mafic lithologies of the Minnemorong Intrusive Complex (MIC). The MIC presents as an ovoid featureless (at surface) significant geophysical anomaly where previous drilling by Javelin and historical aircore drill holes have intersected significant lateritic material containing geochemically elevated precious and base metals anomalism.

A further 2,088 metres of aircore drilling was completed in 2023 over some discrete previously untested aeromagnetic features in the Albert East area and provided more lithological and structural understanding to under-explored Albert East magnetic features within the Malamute Project. Additionally, highly encouraging platinum, nickel, cobalt and scandium levels were identified within the weathered saprolitic intervals of the drilled intervals.

Six aircore drillholes still require composite sampling and analyses subject to the renewal of the Licence.

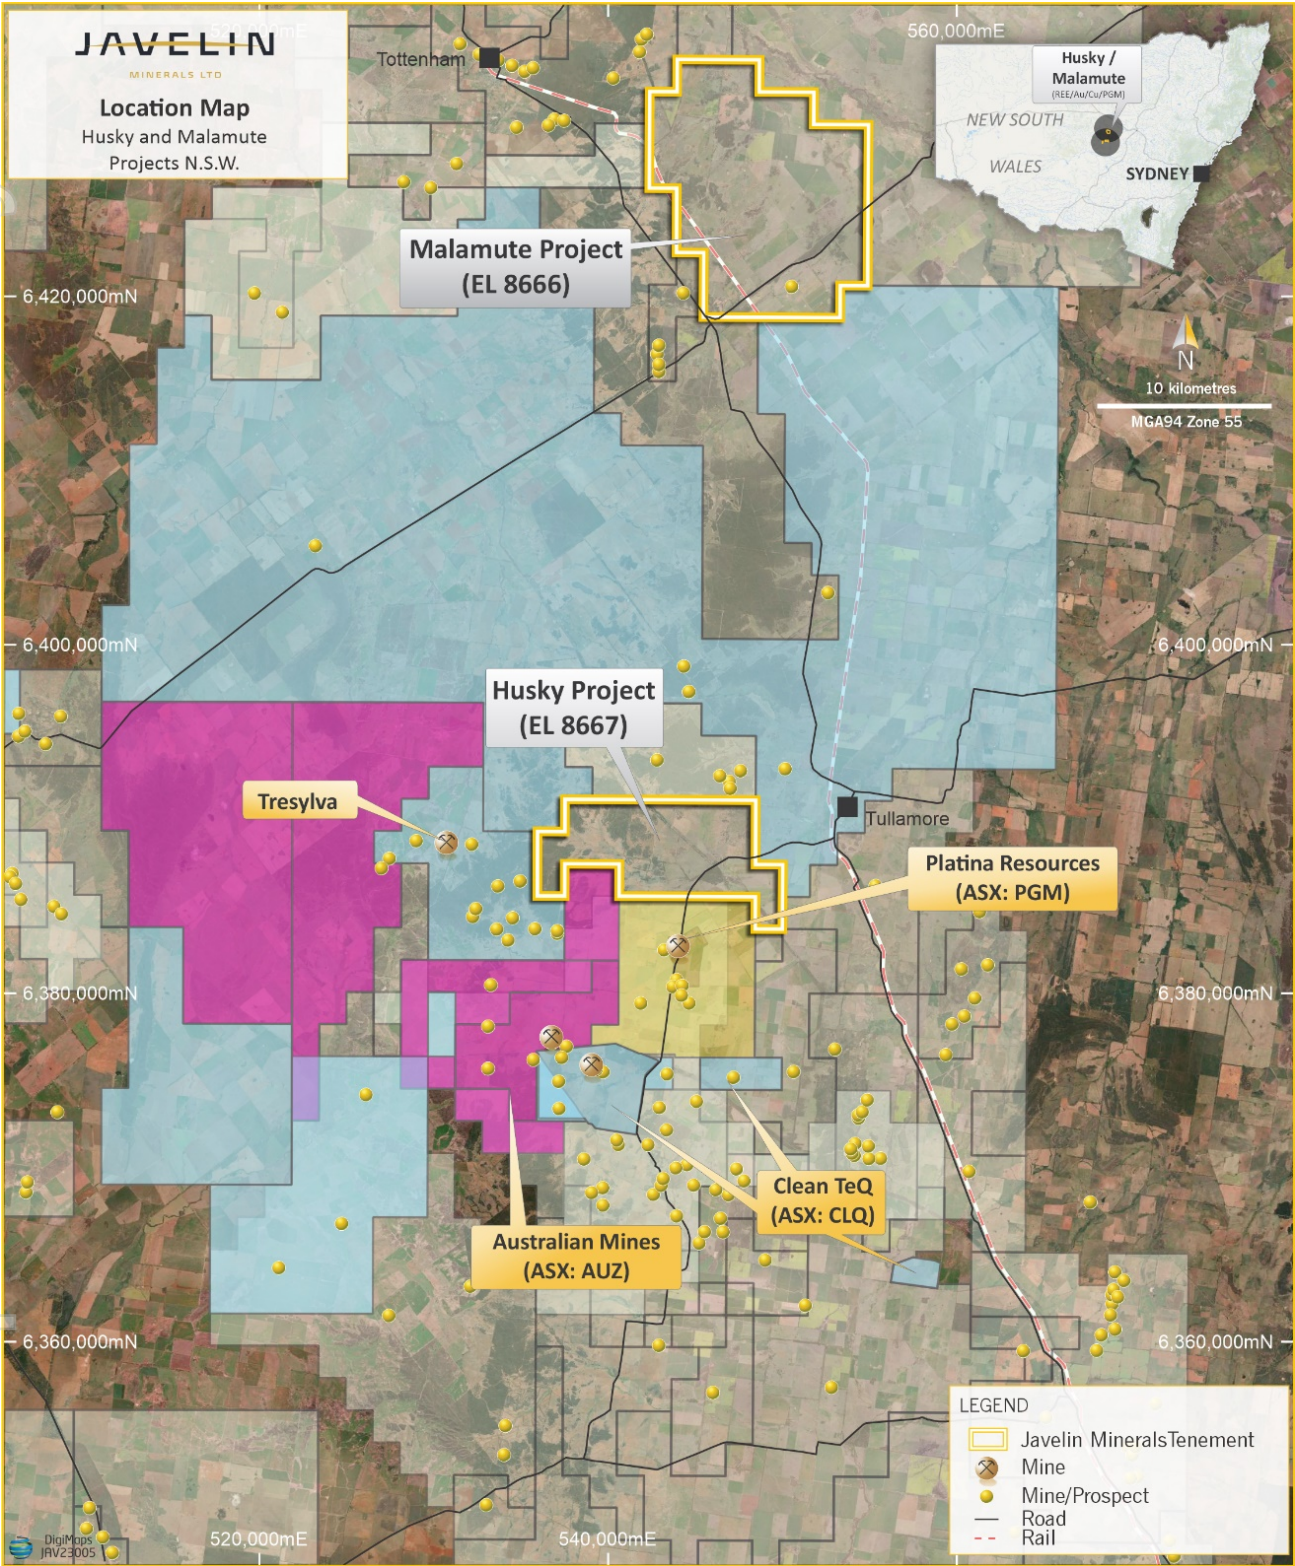

Figure 2: Location Map of Malamute and Husky Projects (EL's 8666 and 8667) NSW

COOGEE PROJECT

The Coogee Project comprises 1 Mining Lease, 5 Exploration Licences and 1 Exploration Licence Application (refer Figure 3). During the period, E26/0245, E26/246 and E26/247 were granted.

The Company is currently reviewing plans to complete a downhole EM survey on its Mining Lease to further understand the structural controls to the gold and copper mineralisation previously encountered.

Future metallurgical testwork is also proposed to confirm the expected high free milling gold component at Coogee.

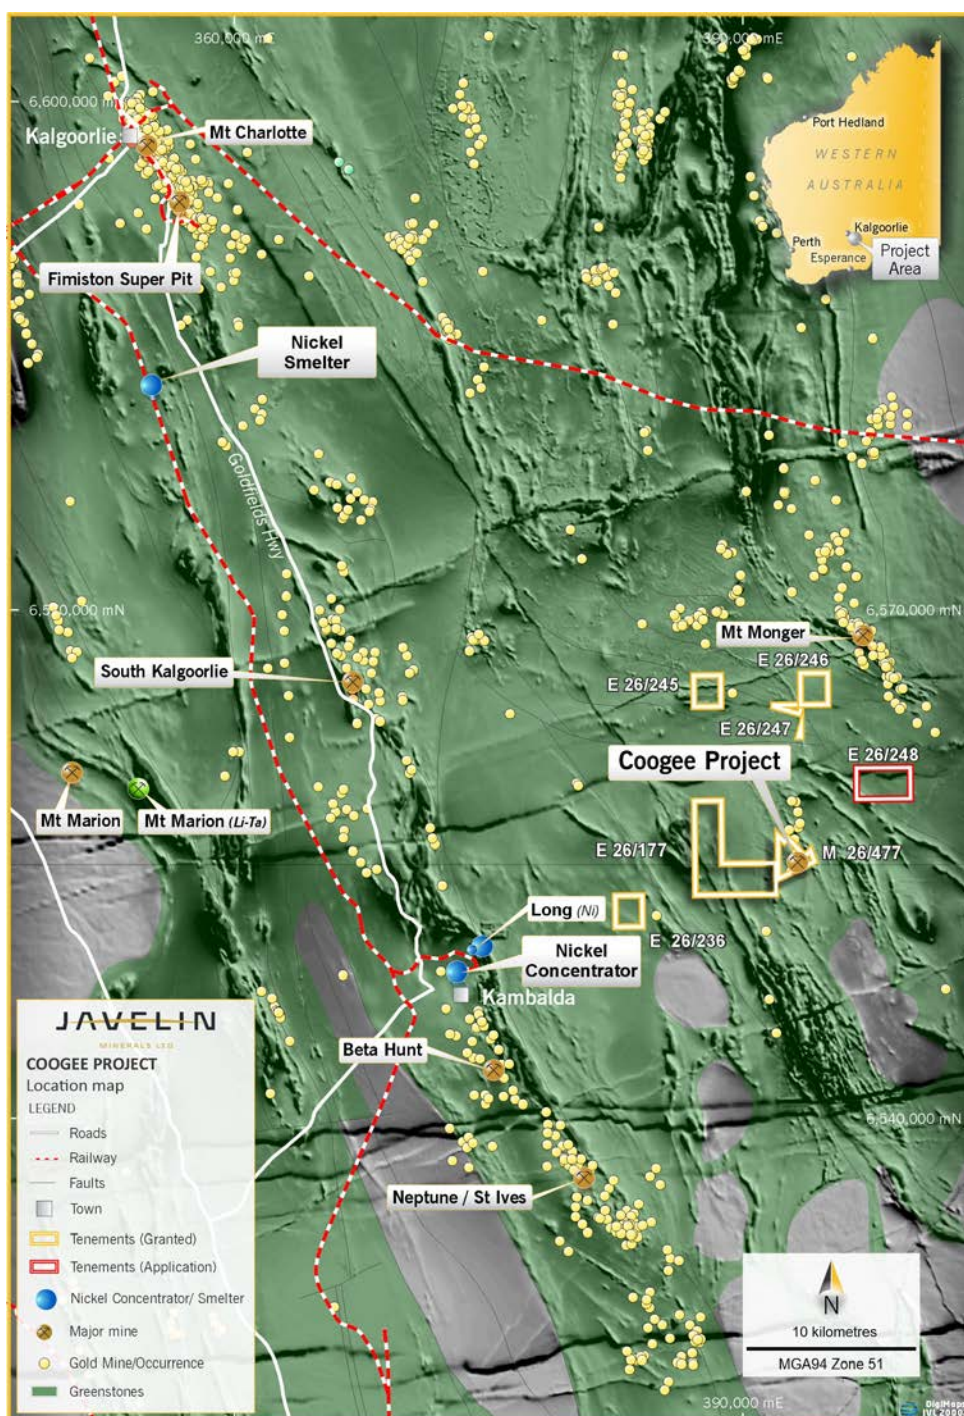

Figure 3: Coogee Project

BONAPARTE, KIMBERLEY REGION WA

The Bonaparte Project comprises 5 Exploration Licences totalling 564 sq km and is highly prospective for polymetallic elements (especially lead and zinc). The Project is located approximately 50 kilometres west of the Boab Metals Limited (ASX: BML) Sorby Hills base metals resource which contains a current resource estimate of 44.1 Mt of 4.5% lead and 0.5% zinc (refer Figure 4).

The region has been compared to the high-grade deposits within the soft sedimentary host rocks commonly found along the Mississippi River in the US otherwise known as Mississippi Valley-Type (MVT) or in the Lennard Shelf in Australia. Throughout most of the Company's project area, requisite porous carbonate lithologies present and appropriate structural dilatationary features are apparent.

Review of existing historical data has confirmed that most previous explorers have been focussed on Sorby Hills-type stratiform mineralisation and no testing for structurally controlled Lennard Shelf mineralisation has been conducted. Javelin carried out one 738 metres reverse circulation drilling programme in 2020 aimed at stratiform base metals mineralisation which showed inconclusive results.

The Company now considers that the mineralisation and alteration exhibited at the four most important localities within the project area, Martins Gossan, Siggins Springs, Cockatoo Ridge and Redbank may all represent leakage haloes from the main mineralisation within the Milligans Graben.

One of the Exploration Licences is subject to a partial exemption application which has been submitted to DMIRS (E 80/4901) and 2 of the Exploration Licences (E80/4901 and E 80/5759) are currently the subject of a proposed A Class Reserve and the Company is waiting to hear back from DPIRD in relation to its submission concerning the effect of the proposal on the Licences.

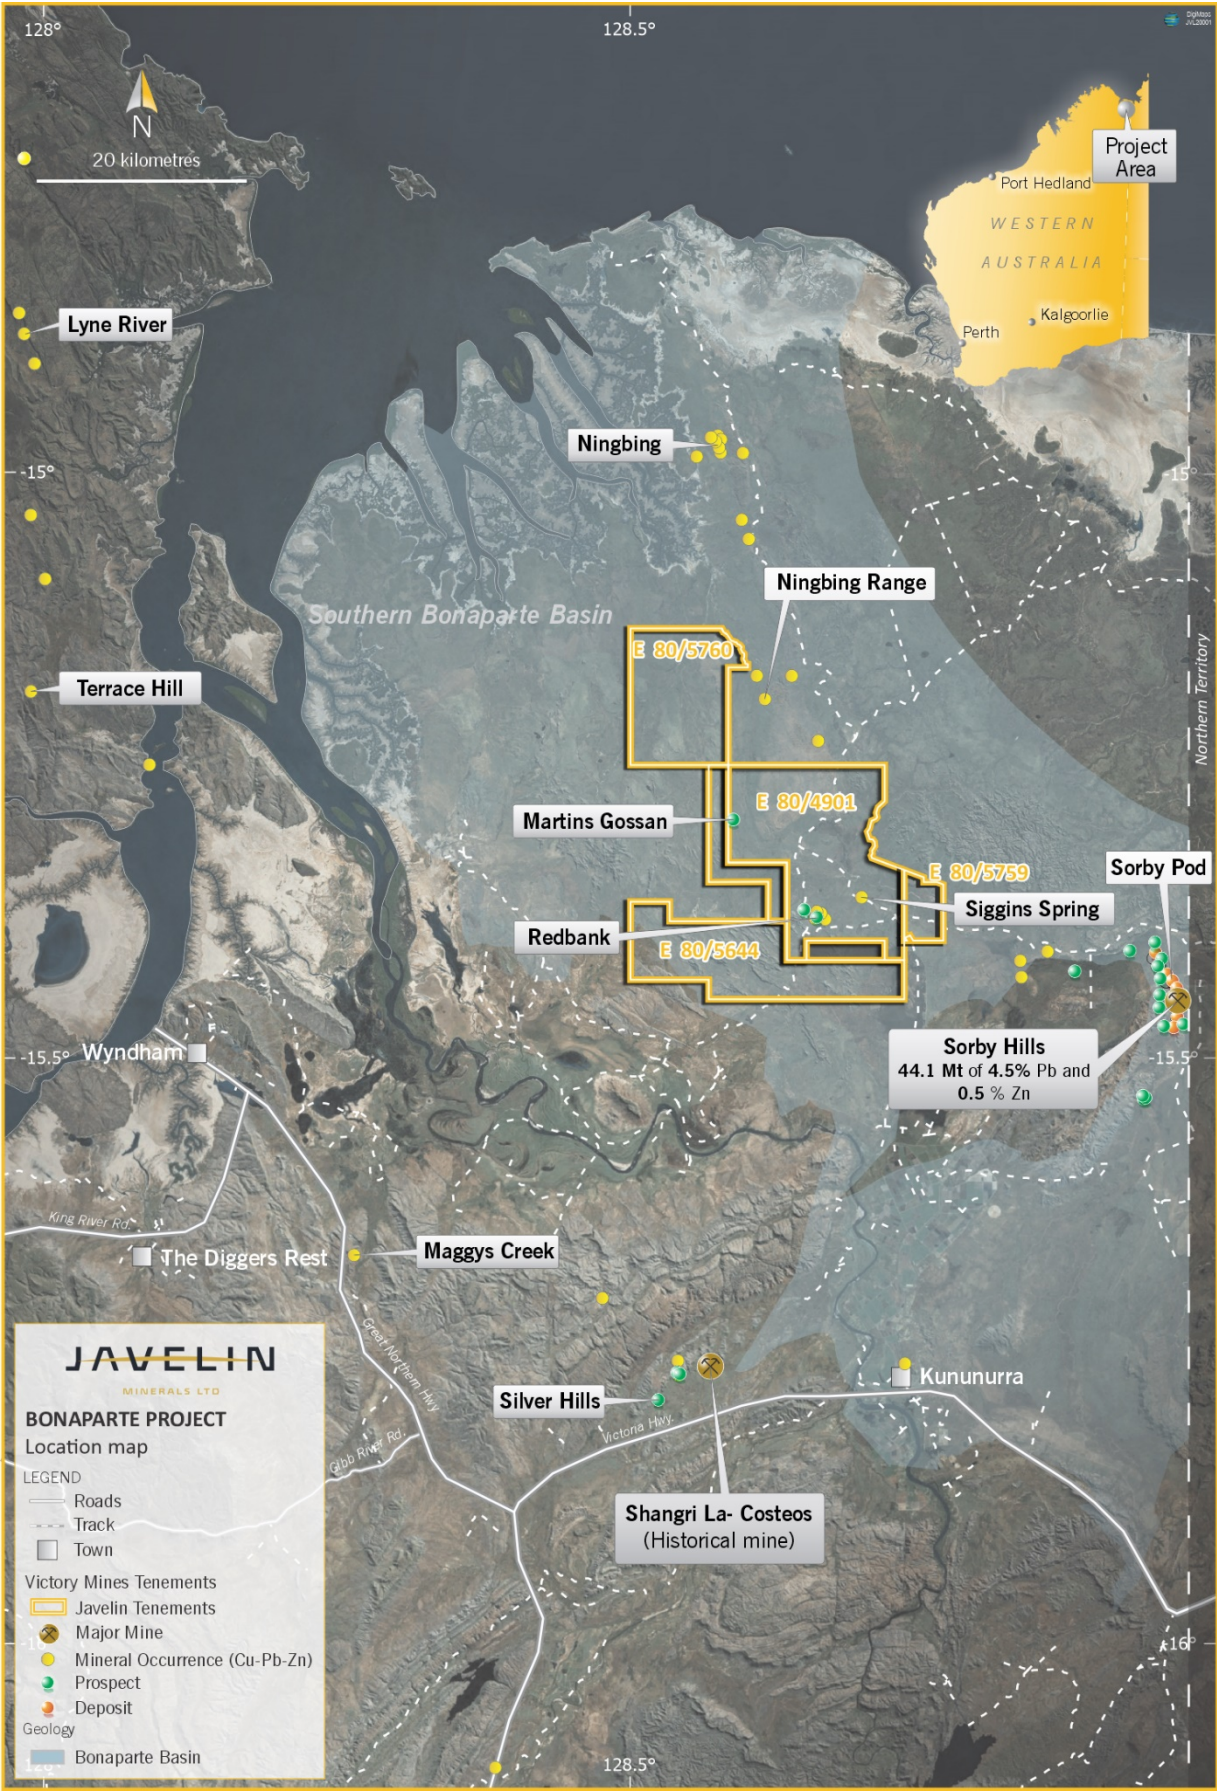

Figure 4: Bonaparte Project Tenement locations

4. CORPORATE

During the period, the Company raised \$567,200 (before capital raising costs of \$74,713), comprising of 1,418,000,000 shares at an issue price of \$0.0004 per share. The raising was completed within the Company's 15% placement capacity under ASX Listing Rule 7.1.

On 13 October 2023, the Company elected not to proceed with the proposed takeover of Gecko Minerals Limited and its lithium projects in Uganda as previously announced, and that it would restructure the proposed capital raising by replacing the previously announced conditional share and option placement with a pro rata entitlement issue that will enable all shareholders to participate.

On 30 November 2023, following shareholder approval at its AGM, the Company completed a 10 for 1 share consolidation.

On 12 December 2023, the Company lodged a Rights Issue prospectus to raise approx. \$1.1m. Subsequent to period end, the Company announced the results of the Rights Issue.

The results of the Rights Issue were as follows:

	No. of new shares	No. of new options	Gross Proceeds (\$)
Shares accepted per entitlements under the Offer	527,241,936	527,241,936	\$527,242
Additional subscriptions to create marketable parcels	18,371,310	18,371,310	\$18,371
Total	545,613,246	545,613,246	\$545,613
Number of shortfall shares and options	542,502,295	542,502,295	\$542,502

A further \$607,818 was received from shareholders applying for additional shares.

The allocation of the shortfall shares and options occurred subsequent to period end, in consultation with the Lead Manager, Shaw and Partners Ltd and refunds have been sent to unsuccessful applicants as per the Prospectus.

At the end of the period the Consolidated Entity had \$67,148 in cash.

The Company has the following securities on issue at the date of this report:

- 2,176,230,787 fully paid ordinary shares;
- 376,000,004 quoted options exercisable at \$0.03 on or before 31 December 2024 (JAVO);
- 1,088,115,246 quoted options exercisable at \$0.002 on or before 31 December 2028 (JAVOA);
- 12,500,000 unquoted options exercisable at \$0.02 on or before 20 December 2024; and
- 141,800,007 unquoted options exercisable at \$0.01 on or before 31 December 2028.

5. CHANGE IN STATE OF AFFAIRS

In the opinion of the directors, there were no other significant changes in the state of affairs of the Consolidated Entity that occurred during the period under review not otherwise disclosed in this report or in the financial report.

6. EVENTS SUBSEQUENT TO REPORTING PERIOD

The following subsequent events occurred:

On 12 January 2024, the Company advised the results of the non-renounceable pro rata Rights Issue (Rights Issue). The Company issued 545,613,246 fully paid shares (JAV) and 545,613,246 listed options (JAVOA) to raise \$545,613.

On 2 February 2024, the Company advised that both Licences EL 8667 and EL 8666 were renewed for a further 3 years, now expiring 30 October 2026.

On 28 February 2024, the Company completed a placement of \$542,502 comprising of the shortfall from the Rights Issue, with 542,502,000 new shares (JAV) and attaching listed options (JAVOA) being issued.

On 29 February 2024, The Company advised the appointment to the board of Mr Brett Mitchell, as Executive Chairman and Mr Pedro Kastellorizos, as Non-Executive Director. Both Mr David Sanders and Mr Matthew Blake resigned as Directors of the Company.

Mrs Rachel Kerr also was appointed as Company Secretary, following the resignation of Mr Scott Mison.

On 1 March 2024, the Company listed 1,088,115,246 options (JAVOA) exercisable at \$0.002 and expiring 31 December 2028.

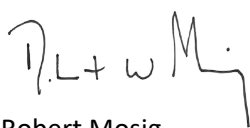

No further matters or circumstances have arisen since 31 December 2023 that have significantly affected, or may significantly affect:

- The Group's operations in future financial period; or
- The results of those operations in future financial periods; or
- The Group's state of affairs in future financial periods.

7. AUDITOR'S INDEPENDENCE DECLARATION

Section 307C of the Corporations Act 2001 requires our auditors, HLB Mann Judd, to provide the Directors of the Group with an Independence Declaration in relation to the review of the interim financial report. This Independence Declaration is set out on page 12 and forms part of this Directors' Report for the period ended 31 December 2023.

This report is signed in accordance with a resolution of the Board of Directors, made pursuant to s306(3) of the Corporations Act 2001.

Robert Mosig

Non-Executive Director

Dated this 13th day of March 2024

COMPETENT PERSON

The information in this report that relates to the Coogee Project Mineral Resources is based on information compiled by Mr Michael Job, a Competent Person who is a Fellow of the Australasian Institute of Mining and Metallurgy. Mr Job is a full-time employee of Cube Consulting Pty Ltd. Mr Job has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Job consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The information in this report that relates to Exploration Results concerning the Coogee Project is based on information compiled by Mr Harjinder Kehal who is a Registered Practicing Geologist and Member of the AusIMM and AIG. Mr Kehal has been engaged as a Consultant by Javelin Minerals Limited. Mr Kehal has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results'. Mr Kehal consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The information in this report on Mt Ida Ida (Galah Well, Peperill Hill), Bonaparte and Husky and Malamute Projects that relates to Exploration Results, Mineral Resources or Ore Reserves is based on information compiled by Mr Rob Mosig who is a Fellow of the Australasian Institute of Mining and Metallurgy (F.AusIMM). Mr Mosig has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Mosig consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the above original market announcements. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcements.

AUDITOR'S INDEPENDENCE DECLARATION

As lead auditor for the review of the consolidated financial report of Javelin Minerals Limited for the half-year ended 31 December 2023, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- a) the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- b) any applicable code of professional conduct in relation to the review.

Cash and cash equivalents at the end of the half-year	67,148	1,602,433

The accompanying notes form part of this financial report.

1. Basis of Preparation of Half-Year Financial Report

(a) Statement of compliance

These financial statements and notes represent those of Javelin Minerals Limited and its Controlled Entities (the "Group"). The half-year financial report, for the 6 months ended 31 December 2023, is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report and any public announcements made by Javelin Minerals Limited during the half year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001 and the ASX listing rules.

Javelin Minerals Limited (the Company) is a for profit public Company listed on the Australian Securities Exchange (trading under the code: JAV), incorporated and domiciled in Australia.

The financial report was authorised for issue on 13th March 2024 by the board of directors.

(b) Basis of preparation

The consolidated financial statements have been prepared on the basis of historical cost. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's 2023 annual financial report for the financial year ended 30 June 2023, except for the impact of the Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

For the purpose of preparing the half year financial report, the half year has been treated as a discrete reporting period.

(c) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial period.

(d) Critical Accounting Estimates and Judgements

The directors evaluate estimates and judgments incorporated into the half-year report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

Exploration and evaluation expenditure

Exploration and evaluation costs are carried forward where right of tenure of the area of interest is current. These costs are carried forward in respect of an area that has not at balance date reached a stage that permits reasonable assessment of the existence of economically recoverable reserves, and active and significant operations in, or in relation to, the area of interest are continuing.

(e) Application of new and revised Accounting Standards

New and revised AASBs affecting amounts reported and/or disclosed in the financial statements

In the half-year ended 31 December 2023, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Company and effective for the half-year reporting periods beginning on or after 1 July 2023. As a result of this the Directors have determined that there is no impact, material or otherwise, of the standards and interpretations in issue not yet adopted on the Group's business and, therefore, no change is necessary to the Group's accounting policies.

Any new or amended standards and interpretations that are not yet mandatory have not been early adopted, as the impact is not material to the Group.

(f) Going concern

The financial report has been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. During the half year ended 31 December 2023, the Company incurred a net loss of \$553,669 and had cash outflows from operating activities of \$85,001. Consequently, it relies on external funding to sustain ongoing operations. The Directors are confident to be able to raise further funds for the ongoing exploration activities of the Company.

These factors indicate a material uncertainty which may cast significant doubt as to whether the Group will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

2. Financial Instruments

The Consolidated Entity's financial instruments consist of those which are measured at amortised cost including trade and other receivables and trade and other payables. The carrying amount of these financial assets and liabilities approximate their fair value.

3. Exploration and evaluation expenditure

	Consolidated 6 months to 31 December 2023 \$	Consolidated 12 months to 30 June 2023 \$
Costs carried forward in respect of Exploration and Evaluation Expenditure:		
Exploration at cost		
Balance at beginning of period	7,874,582	6,367,947
Costs capitalised during the period	619,741	1,530,328
Impairment of exploration expenditure*	(22,623)	(23,693)
Balance at end of period	8,471,700	7,874,582

* The Company assessed its exploration projects for impairment as at 31 December 2023 in accordance with AASB 6 *Exploration and Evaluation of Mineral Resources* and determined \$22,623 impairment loss was required (30 June 2023: \$23,693).

The ultimate recoupment of the exploration and evaluation expenditure in respect to the areas of interest carried forward is dependent upon the discovery of commercially viable reserves and the successful development and exploitation of the respective areas or alternatively the sale of the underlying areas of interest for at least their carrying value.

4. Trade and other payables

	Consolidated 31 December 2023	Consolidated 30 June 2023
Current	\$	\$
Trade creditors	340,631	120,971

	31 December 2023	31 December 2022
	Cents per share	Cents per share
Basic and diluted loss per share	(0.05)	(0.04)

The loss and weighted average number of ordinary shares used in this calculation of basic and diluted loss per share are as follows:

	\$	\$
Loss	(553,669)	(370,681)
	Number	Number
Weighted average number of ordinary shares for the purposes of basic and diluted loss per share (post 10:1 share consolidation basis)	1,023,507,585	937,874,294

As the Company is in a loss position the options outstanding at 31 December 2023 have no dilutive effects on the loss per share calculation.

6. Reserves

	Consolidated	
(a) Option Reserves	31 December 2023	30 June 2023
	\$	\$
Opening reserves	8,525,244	8,525,244
Closing reserves	8,525,244	8,525,244

7. Subsequent Events

The following subsequent events occurred:

On 12 January 2024, the Company advised the results of the non-renounceable pro rata Rights Issue (Rights Issue). The Company issued 545,613,246 fully paid shares (JAV) and 545,613,246 listed options (JAVOA) to raise \$545,613.

On 2 February 2024, the Company advised that both Licences EL 8667 and EL 8666 were renewed for a further 3 years, now expiring 30 October 2026.

On 28 February 2024, the Company completed a placement of \$542,502 comprising of the shortfall from the Rights Issue, with 542,502,000 new shares (JAV) and attaching listed options (JAVOA) being issued.

On 29 February 2024, The Company advised the appointment to the board of Mr Brett Mitchell, as Executive Chairman and Mr Pedro Kastellorizos, as Non-Executive Director. Both Mr David Sanders and Mr Matthew Blake resigned.

Mrs Rachel Kerr also was appointed as Company Secretary, following the resignation of Mr Scott Mison.

On 1 March 2024, the Company listed 1,088,115,246 options (JAVOA) exercisable at \$0.002 and expiring 31 December 2028.

There has been no other matters, other than those contained within this report, that have arisen since 31 December 2023 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

8. Commitments**Exploration commitments**

In order to maintain current rights of tenure to exploration tenements, the Company is required to perform minimum exploration work to meet the minimum expenditure requirements specified by the relevant authorities. These obligations are subject to renegotiation when application for a mining lease is made and at other times. These obligations are not provided for in the financial report.

	31 December 2023	30 June 2023
	\$	\$
Not Longer than 12 months	1,354,800	1,296,800

Between 12 months and 5 years	3,147,882	3,244,934
Over 5 years	403,056	417,826
	4,905,738	4,959,560

9. Contingent Assets and Liabilities

On 14 November 2017, the Company announced that it had entered into a binding agreement to acquire 100% of the issued capital of Cobalt Prospecting Pty Ltd ('CPPL') subject to certain conditions precedent. As part of the Consideration terms at settlement, Javelin Minerals is to grant 2% net smelter return royalty with respect to all minerals produced and sold from the four project areas.

In the opinion of the Directors, there were no other contingent assets or liabilities as at 31 December 2023.

10. Financial reporting by segments

The Directors have considered the requirements of AASB 8 - Operating Segments and the internal reports that are reviewed by the chief operating decision maker (the Board) in allocating resources have concluded at this time there are no separately identifiable segments. The Group operates in one segment being the minerals exploration across licenses in Western Australia and New South Wales.

11. Interests in controlled entities

The consolidated financial statements incorporate the assets, liabilities and the results of the following subsidiaries in accordance with the accounting policy described in note 1:

Name	Country of incorporation	Class of share	Equity holding	
			31 December 2023	30 June 2023
Cobalt Prospecting Pty Ltd	Australia	Ordinary	100%	100%

12. Transactions with related parties

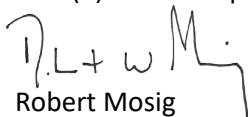

There were no transactions between related parties during the current period.

DIRECTORS' DECLARATION

In the opinion of the directors of Javelin Minerals Limited ("the Consolidated Entity"):

1. The attached financial statements and notes thereto are in accordance with the Corporations Act 2001 including:
 - a) complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
 - b) giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2023 and of its performance for the half-year then ended.
2. There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is signed in accordance with a resolution of the Board of Directors made pursuant to s305(5) of the Corporations Act 2001.

Robert Mosig

Non-Executive Director

Dated this 13th day of March 2024

INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of Javelin Minerals Limited

Report on the Condensed Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Javelin Minerals Limited ("the Company") and its controlled entities ("the Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2023, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, selected explanatory notes, and the directors' declaration, for the Group comprising the Company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Javelin Minerals Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material Uncertainty Related to Going Concern

We draw attention to Note 1(f) in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
