REVIEW OF OPERATIONS

The Group's principal activity during the period was the continued exploration of the Company's mineral exploration projects in Western Australia with the main focus being on rapidly advancing the large-scale Zn-Pb-Ag-Cu discovery at Earahedy. This included the discovery of the Mato Prospect, pilot beneficiation trials (including dense media separation [DMS] and sensor ore sorting) programs, further detailed mineralogy and flotation optimisation testing and the development of an initial process flowsheet for the zinc sulphide dominant ores.

The Company and its joint venture partners also completed drill programs and other exploration activities elsewhere across its portfolio in Western Australia, whilst the Company also continued with its strategy of commercialising non-core assets.

**NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2023**

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements and notes represent those of Rumble Resources Ltd and controlled entities ("Rumble" or the "Group"). Rumble is a listed public company, incorporated and domiciled in Australia.

Basis of Preparation

These interim financial statements constitute a general-purpose financial report and have been prepared in accordance with the requirements of the *Corporations Act* 2001 and Australian Accounting Standard AASB 134: Interim Financial Reporting. Compliance with AASB134 ensures compliance with IAS134: Interim Financial Reports. They do not include all of the information required for full annual financial statements and should be read in conjunction with the consolidated financial statements of the Group as at and for the year ended 30 June 2023.

These interim financial statements were approved by the Board of Directors on 14 March 2024.

The condensed consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

All monetary values are reported in Australian Dollar unless otherwise stated.

a) New, revised or amending Accounting Standards and Interpretations adopted

The Group has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Group during the financial period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going Concern

The interim financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the ordinary course of business.

For the financial half-year ended 31 December 2023, the Group incurred a net loss after tax of \$2,063,945 (31 December 2022: \$1,982,125), and a net cash outflow from operations of \$2,975,882 (31 December 2022: \$3,319,554).

The directors have prepared a cash flow forecast, which indicates that the Company will have sufficient cash after raising further capital and/or rationalising assets to meet all commitments and working capital requirements for the 12 months period from the date of signing this financial report.

Based on the cash flow forecasts and other factors referred to above, the directors are satisfied that the going concern basis of preparation is appropriate.

Should the Company be unable to raise funds or rationalise assets, there exists a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern and it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount and classification of liabilities that might result should the Company be unable to continue as a going concern and meet its debts as and when they fall due.

The Group has one operating segment being mined exploration in Australia.

NOTE 11: COMMITMENTS

Exploration expenditure commitments

In order to maintain current rights of tenure to exploration tenements, the Group is required to meet the minimum expenditure requirements specified by the relevant authorities. These obligations are subject to renegotiation when application for a mining lease is made and at other times. These obligations are not provided for in the financial report.

If the Group decides to relinquish certain leases and/or does not meet these obligations, assets recognised in the Statement of Financial Position may require review to determine the appropriateness of carrying values. The sale transfer or farm-out of exploration rights to third parties will reduce or extinguish these obligations. The ultimate recoupment of costs carried forward for exploration and evaluation is dependent on the successful development and commercial exploitation or sale of the respective mining areas.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF RUMBLE RESOURCES LIMITED

Conclusion

We have reviewed the accompanying half-year financial report of Rumble Resources Limited ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the condensed consolidated statement of financial position as at 31 December 2023, the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Consolidated Entity does not comply with the *Corporations Act 2001* including:

- a. Giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the half-year financial report, which indicates that the Consolidated Entity incurred a net loss of \$2,063,945 during the half year ended 31 December 2023. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1 indicate a material uncertainty exists that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
