

Market Announcement

27 March 2024

Ava Risk Group Limited (ASX: AVA) – Trading Halt

Description

The securities of Ava Risk Group Limited ('AVA') will be placed in trading halt at the request of AVA, pending it releasing an announcement. Unless ASX decides otherwise, the securities will remain in trading halt until the earlier of the commencement of normal trading on Tuesday, 2 April 2024 or when the announcement is released to the market.

Dear Mr Litis,

Request for Trading Halt

Pursuant to ASX Listing Rule 17.1, Ava Risk Group Limited ACN 064 089 318 (**AVA, ASX: AVA**) requests the immediate implementation of a trading halt in its securities, being fully paid ordinary shares, to apply from the time of receipt of this request by ASX and until the earlier of the Company making an announcement relating to a capital raise, or the commencement of trading on 02 April 2024.

For the purposes of ASX Listing Rule 17.1, AVA provides the following information:

1. **Reason for the trading halt** – the trading halt is requested to allow the capital raise to take place in an orderly manner.
2. **Duration of the trading halt** – AVA expects the trading halt will be in place until the earlier of the time at which AVA makes an announcement in relation to a capital raise, or the commencement of trading on 02 April 2024.
3. **Termination of the trading halt** – AVA anticipates the trading halt will cease upon the release of an announcement to ASX.
4. **No reason** – AVA is not aware of any reason why the trading halt should not be granted.
5. **Further information** – there is no further information in relation to this request.

Yours sincerely

Kim Larkin
Company Secretary

About Ava Risk Group

Ava Risk Group is a global leader in providing technologies and services to protect critical and high value assets and infrastructure. It operates three business segments – Detect, Access and Illuminate. The Detect segment manufactures and markets ‘smart’ fibre optic sensing systems for security and condition monitoring for a range of applications including perimeters, pipelines, conveyors, power cables and data networks. Access is a specialist in the development, manufacture and supply of high security biometric readers, security access control and electronic locking products. Illumination specialises in the development and manufacture of illuminators, ANPR cameras and perimeter detectors. Ava Risk Group products and services are trusted by some of the most security conscious commercial, industrial, military and government clients in the world. www.theavagroup.com
