VRX Launches \$3.1m Renounceable Entitlement Offer

Highlights:

-  **Renounceable Entitlement Offer on the basis of 1 new Share for every 13 Shares held at \$0.07 per Share to raise approx. \$3.14 million (before expenses).**
-  **For every 2 Shares subscribed under the Offer, participants will be issued with 1 free attaching option, exercisable at \$0.18 each on/before 31 August 2025.**
-  **Partially underwritten up to \$2.6 million by Lead Manager and Underwriter Canaccord**

VRX Silica Limited (**VRX** or **Company**) (ASX: VRX) is undertaking a renounceable pro-rata entitlement issue to eligible shareholders on the basis of 1 new fully paid ordinary share in the Company (**New Shares**) for every 13 Shares held on the record date, at \$0.07 per New Share, together with 1 free attaching option (**Attaching Option**) for every 2 New Shares subscribed for and issued with an exercise price of \$0.18 each and expiring on 31 August 2025 to raise up to approx. \$3.14 million (before expenses) (**Entitlement Offer**).

Canaccord Genuity (Australia) Limited (AFSL 234666) (**Canaccord** or **Lead Manager**) has been appointed as lead manager and underwriter to the Entitlement Offer. The Entitlement Offer is partially underwritten up to \$2.6 million by Canaccord.

The proceeds of the Entitlement Offer will be applied towards the Company's Muchea project, Arrowsmith North project, VDT trials and environmental follow-up, working capital and expenses of the Entitlement Offer.

Offer Details

The Company will undertake a renounceable rights issue of one 1 New Share for every 13 Shares held by Eligible Shareholders on the record date, at \$0.07 per New Share (**Issue Price**), to raise up to approximately \$3.14 million (before expenses).

Eligible Shareholders will also receive one (1) free Attaching Option for every two (2) New Shares subscribed and issued. Each Option will have an exercise price of \$0.18 each with an expiry date of 31 August 2025.

About VRX Silica Limited

VRX Silica Limited (ASX: VRX) is the most advanced pureplay silica sand company listed on the ASX, developing its 100% owned silica sand projects at Arrowsmith (North, Brand and Central), Muchea and Boyatup in Western Australia.

Silica sand is the most used commodity on the planet after air and water. It is the main ingredient in all types of glassmaking, including specialty solar panel and high-tech glass, and foundry casting. It is a finite resource that is running out, with the Asia-Pacific region experiencing an ever-growing supply shortfall that is driving up prices.

Arrowsmith is located 270km north of Perth. Arrowsmith North boasts a minimum 25-year mine life capable of producing more than 2Mt tonnes per year of high-grade (99.7% SiO₂)* silica sand for export to the foundry, container glass and flat glass markets in Asia, with permitting well advanced, and will lead production.

Muchea, located 50km north of Perth, is an ultra-high-grade (99.9% SiO₂)* silica sand project capable of producing sand required for ultra-clear glass for solar panels and other high-tech glass applications.

Boyatup, located 100km east of Esperance, is under development and capable of producing sand for the glass market.

*Information relating to grades are extracted from releases to ASX on 28 August 2019 and 11 November 2022 (Arrowsmith North) and 18 October 2019 (Muchea). The company is not aware of any new information or data that materially affects this information.
