ASX and Media Announcement

Fatfish to acquire strategic stake in AI-Powered gaming innovator, AIGC

Fatfish Group Ltd ("**FFG**" or the "**Company**") is pleased to announce it has executed a binding term sheet for the acquisition of up to a 50% equity interest in AI Gaming Co Pte Ltd ("**AIGC**"), an Artificial Intelligence (AI) gaming innovator based in Singapore.

AI Gaming Co, a specialist start-up in the development of digital entertainment, stands at the forefront of the gaming sector, harnessing advanced AI to forge immersive, dynamic gaming experiences. Their approach focuses on enhancing gaming through AI's potential to streamline development processes, create lifelike environments, and offer personalised gaming experiences, demonstrating a steadfast commitment to innovation within the industry.

AIGC is poised to refine gaming to offer even more personalised adventures, crafting tailored challenges, storylines, and interactions that cater to individual player preferences and capabilities. This approach aims to provide a unique gaming journey for each player, deepening engagement and creating an environment that dynamically adapts to and reflects the player's personal experiences and choices, thereby elevating the immersive quality of gaming experiences.

AIGC's maiden game is Tatarot (**tatarot.ai**), an AI-powered tarot reading app that merges traditional tarot practices with AI technology and personalised art to provide users with a gamified, unique experience. The game instantly generates unique tarot-inspired, AI-generated artworks tailored to their specific queries.

FFG aims to utilise its expertise in incubating and propelling start-ups to provide AIGC with the necessary resources and guidance to accelerate its growth trajectory and enhance profitability through synergetic benefits and scalability.

A second game, **The Waifu Maker**, uses Generative AI to transform Neo-Tokyo art into a virtual girlfriend immersive experience. **The Waifu Maker** is in development and will be launched in the coming months. Harnessing Generative AI technologies and benefiting from FFG's expertise in digital entertainment, AIGC expects to provide its users with an unparalleled virtual girlfriend immersive experience.

Transaction Terms

FFG has entered into a binding term sheet to invest up to SG\$2.5M (A\$2.8M) comprising the following, in return for up to 50% of in AIGC ("**Acquisition**") subject to due diligence to the end of April:

- (a) SG\$2,100,000 initial investment in AIGC, itself comprising SG\$100,000 in cash, and SG\$2,000,000 in services to be provided to AIGC by FFG, including incubation related services and access to FFG's broader team and expertise in digital entertainment (the **Initial Investment**); and
- (b) SG\$400,000 further investment via exercise of an Option over the six months following the Initial Investment, with exercise of such Option to be in cash (the **Option**).

In the event that FFG completes the Initial Investment, it will own approximately 45.65% of AIGC. In the event FFG completes both the Initial Investment and exercises its Option, it will own 50.00% of AIGC.

The Acquisition complements existing FFG investments in digital entertainment, representing great promise for collaborative and synergetic advancement of the FFG portfolio and enhancement of shareholder value. Further, the acquisition presents opportunities for potential collaborations and/or corporate exercises such as capital fundraising, mergers and acquisitions or future spin-outs and initial public offerings.

The Company will use the month of April to complete any further due diligence on AIGC and its vendors. The Company has sufficient cash to fund the cash component of the Initial Investment and the exercise of the Option.

A further summary of the material terms of the Term Sheet is set out at Annexure A.

Transaction Rationale

AI-driven technologies present a great opportunity for the gaming development industry to revolutionise the creation and personalisation of content, enabling the procedural generation of vast worlds, adaptive gameplay, and immersive, realistic NPC interactions. Further, it streamlines development processes through automated testing and enhances player experiences by tailoring games to individual behaviours and preferences. AIGC presents an excellent opportunity to capitalise on this paradigm shift.

FFG, renowned for its expertise in incubating and nurturing early-stage tech companies, recognises AIGC's immense potential. By investing in AIGC, FFG aims to capitalise on these emerging trends and position itself at the forefront of the next wave of innovation in gaming.

With this strategic investment, FFG aims to provide AIGC with the necessary resources and guidance to accelerate its growth trajectory. Leveraging FFG's extensive network and industry know-how, AIGC will be well-positioned to secure funding from investors and expand its market reach.

Furthermore, FFG sees significant potential synergies between AIGC and FFG's portfolio of investee companies involved in video game development and digital entertainment, which could lead to improved efficiency and scalability of their businesses.

Corporate Advisors Appointed

FFG is pleased to announce that Reign Advisory Pty Ltd, led by Managing Director Sonny Didugu, has been appointed Corporate Advisor to FFG and has advised the Company on this acquisition and will advise on the future development of AIGC. Reign Advisory brings significant experience in the corporate development and strategic guidance of micro-cap ASX listed entities in addition to corporate governance advisory services. FFG and AIGC look forward to continuing to work with Reign Advisory on the development of this investee company.

This announcement has been authorised by the Board of Directors of FFG.
