Commencement Shares

The number of Commencement Shares is, under the CSA, determined by dividing \$199,500 by the 10-day average VWAP immediately prior to the completion of the issue of the initial convertible securities (**Commencement Share VWAP**).

Given the exact Commencement Share VWAP is unknown as at the time of this notice, the Company has determined to seek shareholder approval based on a Commencement Share VWAP equal to \$0.007 (**Applicable VWAP**).

On this basis, the Company is seeking shareholder approval to issue up to 28,500,000 Commencement Shares. Shareholders should note that the Company expects that the actual Commencement Share VWAP will be higher than the Applicable VWAP of \$0.007, and therefore, the ultimate number of Commencement Shares to be issued is likely to be lower than 28,500,000, subject to the market prices at the relevant time.

Convertible Security Options

Additionally, for each tranche drawn down, Mercer will receive 50% option coverage to purchase new Shares in the Company. For each tranche, Mercer will receive a 50% option coverage to purchase new shares in the Company (calculated using the relevant investment amount divided by 120% of the 10 day VWAP per Company share immediately prior to the relevant closing date (**Convertible Security Options VWAP**)). The options will have an exercise price of:

- for the options relating to the initial tranche of convertible securities: an amount equal to 120% of the 10 day VWAP per share immediately prior to the first closing date; and
- for any subsequent investment options: an amount equal to 120% of the 10 day VWAP per Share immediately prior to the date of issue of those options.

The options will have a 36 month term and will be unlisted.

Given the exact Convertible Security Options VWAP is unknown as at the time of this notice, the Company has determined to seek shareholder approval based on a the 10 day VWAP per Company share immediately prior to the relevant closing date being the same as the Applicable VWAP. Accordingly, the Convertible Security Options VWAP would equal \$0.0084. On this basis, the Company is seeking shareholder approval to issue up to 41,666,667 options. Shareholders should note that the Company expects that the actual Convertible Security Options VWAP will be higher than \$0.0084, and therefore, the ultimate number of Convertible Security Options to be issued is likely to be lower than 41,666,667, subject to the market prices at the relevant time.

(c) **Conditions**

The issue of securities under the Convertible Securities Agreement will be subject to certain final closing conditions, including:

- the Company obtaining Shareholder approval under the Listing Rules for the relevant tranche of the Convertible Notes (and related Options);
- the Company otherwise being permitted to issue the securities under the Listing Rules;
- the Company issuing a cleansing statement for the securities (as applicable);
- customary conditions such as representations and warranties being true and correct; and
- authorisations and consents being obtained, delivery of documents, and no default by the Company.

(d) **Takeover limitation**

Mercer shall not acquire a relevant interest in Shares which causes its voting power in the Company of the Investor and its associates (as defined in the Corporations Act) to exceed 19.99%, and the Company is not required to issue any Shares to Mercer or its associates if it reasonably considers that the issue of Shares will result in a breach of this takeover limitation or the Corporations Act.

(e) **Termination and repayment provisions**

The Convertible Securities Agreement is subject to a number of termination provisions which may prevent the Company drawing on the funding facility or require repayment of the Convertible Notes prior to their maturity. This includes where:

- there is an event of default that is not remedied;
- there is a change of control of the Company under a takeover bid or scheme of arrangement;
- the Company's shares are delisted from the ASX (subject to certain exceptions in respect of early repayment); or
- there is an adverse change in law affecting Mercer.

(f) **Use of funds**

The funding provided by Mercer will be used for general working capital expenses.

Loan Options

The Company has also agreed to issue unlisted options equal to 50% of the loan amount divided by 120% of the 10 day VWAP per Company share immediately prior to the date on which the options are issued (**Loan Options VWAP**).

Given the exact Loan Options VWAP is unknown as at the time of this notice, the Company has determined to seek shareholder approval based on a the 10 day VWAP per Company share immediately prior to the relevant option issue date being the same as the Applicable VWAP. Accordingly, the Loan Options VWAP would equal \$0.0084. On this basis, the Company is seeking shareholder approval to issue up to 71,428,571 options. Shareholders should note that the Company expects that the actual Loan Options VWAP will be higher than \$0.0084, and therefore, the

ultimate number of Loan Options to be issued is likely to be lower than 71,428,571, subject to the market prices at the relevant time.

Other matters

It is noted that Shareholder approval under Resolutions 4 and 7, if passed, will be valid in respect of the issue of the Commencement Shares, Loan Options and Convertible Security Options under at any applicable VWAP, up to the approved limit of 28,500,000 Commencement Shares, 71,428,571 Loan Options and 41,666,667 Convertible Security Options (i.e. the approval will not be limited by the application of any indicative pricing set out above).

In the event that the Company is required to issue, in aggregate, in excess of the amounts set out above, the Company proposes to either seek further shareholder approval or issue the required additional Commencement Shares, Loan Options and/or Convertible Security Options under its then placement capacity under Listing Rule 7.1.

The table below is provided to demonstrate the number of Commencement Shares, Loan Options and Convertible Security Options that may be issued at various 'Applicable VWAPs'. Notwithstanding the figures shown in the table below, in accordance with the Convertible Securities Agreement, the Company is not required to issue any Shares to Mercer if it reasonably considers that the issue of Shares will result in Mercer's voting power in the Company exceeding 19.99%.

Applicable VWAP	\$0.007	\$0.005	\$0.010

The table below is provided to demonstrate the dilution that may occur at various Applicable VWAPs, assuming all Convertible Security Options and Loan Options approved for the purposes of Resolutions 6 and 7, are granted and then converted into Shares (but ignoring any other issuances).

Shareholder 3	25,000,000	2.29%	2.03%	1.94%	2.10%

ASX Listing Rule 7.1

ASX Listing Rule 7.1 provides that a Company must not, subject to specified exceptions under ASX Listing Rule 7.2, issue or agree to issue Equity Securities during any 12-month period in excess of 15% of the number of

ordinary Equity Securities on issue at the commencement of that 12-month period without Shareholder approval.

The Company requires Shareholder approval under ASX Listing Rule 7.1 in respect of the issue of the Commencement Shares, Convertible Securities, Loan Options and Convertible Security Options as none of the exceptions in ASX Listing Rule 7.2 apply and the Company currently has no remaining capacity to issue the Commencement Shares, Convertible Securities, Loan Options and Convertible Security Options.

If Resolutions 4, 5, 6 and 7 is approved by Shareholders, the Company will be able to issue the Commencement Shares, Convertible Securities, Loan Options and Convertible Security Options to Mercer in accordance with the Convertible Securities Agreement.

If Resolutions 4, 5, 6 and 7 are not approved by Shareholders, but Resolutions 1, 2 and 3 are approved by Shareholders (in which case the February 2024 Placement Shares, Advisor Shares and March 2024 Placement Shares will be deemed to have occurred with Shareholder approval and will not be deducted from the Company's placement capacity under Listing 7.1), then the Company may issue the Commencement Shares, Convertible Securities, Loan Options and Convertible Security Options to Mercer under its then placement capacity under Listing Rules 7.1 and 7.1A.

However, if all of Resolutions 1, 2, 3 and 4 to 7 are not approved, then the Company will not be able to issue the Commencement Shares, Convertible Securities, Loan Options and Convertible Security Options to Mercer, in which case the Company is obligated under the CSA to repay Mercer the initial loan of \$700,000.

Directors' recommendation

The Directors unanimously recommend that Shareholders vote in favour of each of Resolutions 4, 5, 6 and 7 in particular noting that if each of Resolution 4 is not approved by Shareholders, then the Company will not be able to complete the intended capital raise and the Company is unlikely to have the required funds to continue its operations.

Resolution 8: Approval of issue of shares in relation to the RIOT transaction

Background

On 20 March 2024, the Company announced that it has entered into an asset sale agreement (**Asset Sale Agreement**) to acquire certain intellectual property assets (including domain names, business names and trademarks) and stock on hand (**Assets**) from Riot HoldCo Pty Ltd ACN 656 220 058 and Riot IP Pty Ltd ACN 656 219 822.

If approved, Resolution 8 will be implemented prior to the consolidation of share capital of the Company the subject of Resolution 10.

In consideration for the Assets, the Company agreed to:

- pay to the relevant sellers \$247,000 in cash (**Cash Payment**);
- issue Shares to the relevant sellers (or nominee) to the value of \$350,000 at an agreed price of \$0.010 per share (subject to shareholder approval, being 35,000,000 Shares (**RIOT Shares**)).
- issue to the relevant sellers (or nominee) further shares or options in TOY (based on performance), to the maximum value of \$500,000 per year for two years (**Earn Out**).

The transaction contemplated by the Asset Sale Agreement completed on 28 March 2024, as per the Company's announcement on the same day, with the Company having made the Cash Payment. The Riot Shares are to be issued following shareholder approval being sought by the Company at this meeting.

The Asset Sale Agreement also provides for Earn Out consideration payable by the Company. The Earn Out will be based on the 'Contribution Margin' achieved in relation to the RIOT assets, and will be paid in respect of each period commencing 1 July and ending 30 June, beginning on 1 July 2024, for two years (each an Earn Out Consideration Period), and determined as follows:

- 90 days after the end of each Earn Out Consideration Period TOY must determine the 'Contribution Margin' for the relevant Earn Out Consideration Period, the 'Contribution Margin' being calculated as the revenue less costs and expenses (ie cost of goods, marketing and shipping costs), directly related to the operation of the RIOT assets acquired; and
- the quantum of the Earn Out will be 10% of the relevant Contribution Margin for the relevant Earn Out Consideration Period.

In relation to each Earn Out Consideration Period, the Sellers may elect to be issued with shares in TOY, or options to acquire TOY shares. In the event that the sellers elect to be issued the Earn Out for a relevant period in the form of Shares, the number of shares to be issued will be determined by dividing the relevant Earn Out amount by the 15-day VWAP price of TOY shares as at the day prior to the proposed issue date.

In the event that the sellers elect to be issued the Earn Out for a relevant period in the form of options, the number of options will be determined as 1.5 times the number of shares which would have been issued if the sellers had elected to be issued with shares. The options will be issued for nil consideration and will have an exercise price equal to 150% of the 15-day VWAP of TOY shares as at the day prior to the date of issue of the option, and have

an expiry date of 36 months from the date of issue.

The issue of shares or options under the Earn Out will be subject to shareholder approval at the time and which must be obtained within 60 days of the end of each relevant Earn Out Consideration Period, and otherwise in compliance with the ASX Listing Rules. As such the issue of shares or options under the Earn Out are not being put to shareholders for consideration at this time.

The Share Consideration will be subject to voluntary escrow for 6 months from the date of completion of the Riot Acquisition which completed on 28 March 2024. Any shares issued pursuant to the Earn Out (whether the sellers opt for shares to be issued, or options which are later exercised), will be subject to voluntary escrow for 6 months from, depending on the relevant Earn Out Consideration Period, 30 June 2025 and 30 June 2026 respectively, as applicable.

ASX Listing Rule 7.1

Under Listing Rule 7.1, the Company is permitted to issue within a 12 month period Equity Securities equal to up to 15% of its ordinary Equity Securities on issue without Shareholder approval.

By approving the issue of Riot Shares, the Company will be able to meet its obligations under the Asset Sale Agreement, retain the flexibility to issue equity securities in the future up to the 15% annual placement capacity set out in Listing Rule 7.1, without the requirement to obtain prior Shareholder approval.

Accordingly, the Company is seeking Shareholder approval pursuant to Listing Rule 7.1 for the issue of the RIOT Shares.

If Resolution 8 is approved by Shareholders, the Company will be able to issue the RIOT Shares in accordance with the Asset Sale Agreement. If Resolution 8 not approved by Shareholders, the Company must make the \$350,000 payment in cash, which may affect the Company's ability to continue its operations as currently intended.

Directors' recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 8.

Resolution 9: Approval of issue of shares to Penelope Cox

On 20 March 2024, The Company entered into an unsecured convertible loan agreement with its Chief Executive

Officer (**CEO**) Penelope Cox whereby it was agreed that Penelope Cox will provide \$100,000 of funding to the Company which, subject to shareholder approval and in accordance with the ASX Listing Rules, will convert the loan into new shares in TOY at a conversion price of \$0.0094 per share being the same price under the March 2024 Placement (**CEO Loan**).

Resolution 9 seeks shareholder approval for the issue of 10,638,298 shares (**CEO Loan Shares**) in the Company to Penelope Cox.

If approved, Resolution 9 will be implemented prior to the consolidation of share capital of the Company the subject of Resolution 10.

The key terms of the CEO Loan are as follows:

- (a) Penelope Cox has provided a loan to the Company in the amount of \$100,000.
- (b) The Company shall seek the approval of its shareholders for the purposes of ASX Listing Rule 10.11 and for all other purposes in order to repay the loan in full by issuing shares to Penelope Cox, the number of which shall be equal to the loan amount divided by \$0.0094.
- (c) The loan principal is repayable in 12 months unless converted earlier into equity.

Other key terms:

No other interest is payable on the loan.

Termination and repayment provisions:

Shareholders should also note that the loan agreement is subject to a number of operating restrictions, and termination provisions which may require repayment of the loan prior to the end of the loan term. This includes where:

- (a) there is an event of default that is not remedied; and/or
- (b) there is a change of control of the Company under a takeover bid or scheme of arrangement.

Use of funds

The funding will be used for general working capital expenses.

Listing Rule 10.11

ASX Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, the Company, as a listed company, must not issue equity securities to persons in a position of influence without Shareholder approval.

A person in a position of influence for the purposes of Listing Rule 10.11 includes:

- (a) a related party;
- (b) a person who is, or was at any time in the 6 months before the issue of agreement, a substantial (30%+) holder in the Company;
- (c) a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the Company and who has nominated a director to the board of the Company pursuant to a relevant agreement which gives them a right or expectation to do so;
- (d) an Associate of a person referred to in (a) to (c) above; and
- (e) a person whose relationship with the Company or a person referred to in (a) to (d) above is such that, in the ASX's opinion, the issue or agreement should be approved by Shareholders.

Penelope Cox by virtue of having previously served as a Director of the Company within the previous 6 months is a person in a position of influence for the purposes of Listing Rule 10.11. The proposed issue does not fall within any of the exceptions in Listing Rule 10.12, and therefore requires the approval of the Company's Shareholders under Listing Rule 10.11.

To this end, Resolutions 9 seeks the required Shareholder approval to issue the CEO Loan Shares to Penelope Cox under and for the purposes of Listing Rule 10.11.

If approval is obtained under Listing Rule 10.11, in accordance with Listing Rule 7.2 (exception 14), separate approval is not required under Listing Rule 7.1.

If Resolutions 9 is passed, the Company will be able to proceed with the proposed issues of the CEO Loan Shares to Penelope Cox.

If Resolution 9 is approved by Shareholders, the Company will be able to issue the CEO Loan Shares in accordance with the CEO Loan. If Resolution 9 is not approved by Shareholders, the CEO Loan Shares may not be issued and the CEO Loan will become repayable in cash at the end of its term.

Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits the Company from giving a financial benefit to a related party of the Company unless either:

- (a) the giving of the financial benefit falls within one of the exceptions to the provisions; or
- (b) Shareholder approval is obtained prior to the giving of the financial benefit.

The proposed issue of CEO Loan Shares (which is an equity security, for the purposes of the Chapter 2E of the Corporations Act) constitutes the giving of a financial benefit.

A "related party" for the purposes of the Corporations Act and the Listing Rules is widely defined and includes a director of a public company, a spouse of a director of a public company or an entity controlled by a director of a public company. The definition of "related party" also includes a person who was a related party in the previous 6 months.

The non-conflicted Directors of the Company carefully considered the issue of the CEO Loan Shares and formed the view that the giving of this financial benefit is on arm's length terms, as Penelope Cox is acquiring shares at the same price as Mercer under the March 2024 Placement, who is a non-related participant.

Accordingly, the non-conflicted Directors of the Company believe that the issue of the CEO Loan Shares falls within the "arm's length terms" exception as set out in section 210 of the Corporations Act, and rely on this exception for the purposes of this Resolution. Therefore, the proposed issue of the CEO Loan Shares require Shareholder approval under and for the purposes of Listing Rule 10.11 only.

Directors' recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 9.

Resolution 10: Consolidation of the capital of the Company

Resolution 10 seeks Shareholder approval for the Company to consolidate its issued capital through the consolidation of every ten (10) Shares into One (1) Share (**Consolidation**).

Under section 254H of the Corporations Act, the Company may convert all or any of its shares into a larger or smaller number of shares by ordinary resolution passed at a general meeting.

Purpose and Rationale of the Consolidation

The Company currently has a large number of Shares on issue, being 1,090,663,176 Shares as at the date of this Notice. The Consolidation will result in a more appropriate and effective capital structure for the Company and is intended to result in a Share price more appealing to a wider range of strategic partnerships and investments. A share consolidation can also potentially reduce share price volatility due to the resulting reduction in the number of shares traded. The potential reduction in share price volatility and the number of shares traded can also result in the potential to reduce liquidity.

The Board believes that the consolidation of the Company's capital is in the best interests of its Shareholders. The Consolidation will theoretically increase Toys' share price at the time that it takes effect by a factor of ten (10), subject to prevailing market conditions. It will also reduce the administrative burden, cost and complexity of administering a capital base which currently has nearly 1 billion ordinary shares on issue.

Effect of the Consolidation

In addition to consolidation of the Shares on issue on a 10 to 1 basis, if the Consolidation is approved, any convertible securities in the capital of the Company must also be reorganised in accordance with the terms and conditions of those convertible securities and ASX Listing Rule 7.22.1. Given the Company will also have on issue a number of convertible securities, the convertible securities will account for the consolidation in the same ratio as the Consolidation of Shares and their respective exercise prices will be amended in inverse proportion to that ratio.

This section of the Explanatory Memorandum provides the information required by ASX Listing Rule 7.20 to be provided to Shareholders in relation to the Consolidation.

(a) Effect on capital structure

As at the date of this Notice of Meeting, the effect which the Consolidation would have on the Company's capital structure is set out in the table below:

Security	Pre-Consolidation	Post-Consolidation (Resolution 10 approved)
Shares	1,090,663,176	109,066,318
Unquoted Securities	36,653,932	3,665,394
Warrant	Warrant over 18,000,000 Shares	Warrant over 1,800,000 Shares

Note: Does not include securities to be issued under Resolutions 4 to 9.

(b) Shares

The Company has 1,090,663,176 Shares on issue as at the date of this Notice. If Resolution 10 is approved, every ten (10) Shares on issue will be consolidated into One (1) Share (subject to rounding).

As at the date of this Notice, this will result in the number of shares currently on issue reducing from 1,090,663,176 to 109,066,318 (subject to rounding). This does not include the impact of the additional securities to be issued under Resolutions 4 to 9, but those securities will be consolidated on the same basis.

(c) Unquoted securities

Unquoted Options

The Company has a total of 5,114,846 unquoted Options on issue as at the date of this Notice. The following table sets out the effect of the Consolidation on the Options (subject to rounding):

Code	Pre-Consolidation			Post-Consolidation (Resolution 10 approved)		
	Options	Exercise Price	Expiry Date	Options	Exercise Price	Expiry Date
TOYAH	1,696,717	\$0.166	01/11/24	169,672	\$1.66	01/11/24
TOYAI	1,726,173	\$0.199	01/11/25	172,617	\$1.99	01/11/25
TOYAF	1,691,956	\$0.138	01/05/25	169,196	\$1.38	01/05/25
Total	5,114,846			511,485		

The Consolidation will not result in any change in the substantive rights and obligations of existing holders of Options.

Unquoted Service Rights and Share Appreciation Rights

Code	Pre-Consolidation	Post-Consolidation (if Resolution 10 is approved)
	Rights	Rights
TOYAG	16,863,632	1,686,363
TOYAJ	14,675,454	1,467,545
Total	31,539,087	3,153,908

The Consolidation will not result in any change in the substantive rights and obligations of existing holders of Options.

Warrants

The Company has granted a warrant over 18,000,000 shares to be issued in the capital of the Company. The agreement pursuant to which the warrant is granted states that the 'Exercise Price' (of \$0.05 per share) and/or number of shares to be issued on the exercise of the warrant must be adjusted to be such amount or number as complies with the Listing Rules and so that the relevant warrant holder does not suffer any material detriment following a capital reconstruction which includes a share consolidation. The effect of the Consolidation on the warrants will be as follows:

	Pre-Consolidation		Post-Consolidation (Resolution 10 approved)	
	Number of shares that may be issued	Exercise Price	Number of shares that may be issued	Exercise Price

Warrant Particulars	18,000,000	\$0.05	1,800,000	\$0.50
----------------------------	------------	--------	-----------	--------

Upon any adjustment being made, the Company will notify the relevant warrant holder in writing, informing them of the revised Exercise Price and/or number of shares that may be issued upon the exercise of a warrant.

(d) Fractional entitlements

Where the Consolidation results in an entitlement to a fraction of a security, that fraction will be rounded up to the nearest whole security.

(e) Holding statements

With effect from the date of the Consolidation, all existing holding statements will cease to have any effect, except as evidence of entitlement to a certain number of securities on a post Consolidation basis. New holding statements will be issued to security holders, who are encouraged to check their holdings after the Consolidation.

(f) Taxation

The Consolidation should not result in a capital gains tax event for Australian tax residents. The cost base of the Shares held after the Consolidation will be the sum of the cost bases of the original Shares pre-Consolidation. The acquisition date of Shares held after the Consolidation will be the same as the date on which the original Shares were acquired.

This Explanatory Memorandum does not consider the tax implications in respect of Shares or other securities held on revenue account, as trading stock or by non-Australian resident Shareholders. Shareholders should consider their own circumstances and seek professional advice in relation to their tax position. Neither the Company nor any of its officers or employees assumes any liability or responsibility for advising Shareholders or other security holders about the tax consequences of the proposed Consolidation.
