A\$80m Fully Underwritten Equity Raising to Accelerate Exploration and Development of Dalgaranga Gold Project

Proceeds to fund underground exploration decline to facilitate drill-out of Never Never, Pepper and Four Pillars, ongoing surface drilling, development studies and regional exploration

Highlights

- Fully underwritten \$80m equity raising (**Equity Raising**) comprising:
 - Institutional placement to raise approximately \$47m (**Placement**); and
 - A 1-for-17 pro rata accelerated non-renounceable entitlement offer of 56.8m shares to raise approximately \$33m (**Entitlement Offer**).
- Equity Raising being conducted at a fixed offer price (**Offer Price**) of \$0.58 per share, representing a 11.5% discount to the last closing price of \$0.655 per share on 17 April 2024.
- The Equity Raising follows the Company's continued run of exploration success at the high-grade Never Never deposit and its very recent success with the discovery of the high-grade Pepper Prospect, including an intersection of 17.5m @ 15.9g/t¹:
 - Pepper sits perpendicular to Never Never just 90m to the south and displays the same "Never Never" style mineralisation characteristics;
 - The Pepper discovery further validates Spartan's exploration thesis for the Dalgaranga Gold Project and will be a key focus for its upcoming drilling campaign along with other key targets including Sly Fox, Four Pillars and West Wings.
- Proceeds from the Equity Raising to be used to underpin a significantly expanded exploration campaign at Dalgaranga in 2024/25, including:
 - Accelerated Resource extension drilling at Never Never, Pepper and the broader Gilbey's Complex including "lookalike" targets (Sly Fox, Four Pillars, West Wings);
 - The development of an underground exploration decline, which is scheduled to commence in the second half of 2024; and

¹ See Spartan ASX announcement dated 16 April 2024.

- Site infrastructure early works, general working capital, care and maintenance, tenement commitments and corporate and transaction costs.

• Spartan is well-funded with pro-forma cash position of \$110m on completion of the Equity Raising².

Spartan Managing Director and Chief Executive Officer, Simon Lawson, said:

“This is a landmark capital raising for Spartan which puts the Company in an exceptional position to deliver on the huge potential of the Never Never discovery and our other recent exploration successes at Dalgara.

“The proceeds will allow us to establish an underground exploration decline that will take underground development to within 50 to 100 metres of the Never Never orebody. This will allow us to cost effectively drill-out Never Never, the new Pepper discovery and Four Pillars to a very high level of definition, while also testing other ‘look-alike’ targets in the vicinity.

“Importantly, the underground exploration decline is also likely to provide for an accelerated pathway to re-commence mining at the time of a Final Investment Decision to re-start production. The Spartan team is committed to ensuring a thorough and diligent approach is taken to the delineation of the high-grade orebodies at Dalgara. The proceeds of this capital raise will ensure we have the balance sheet strength to progress our robust and thorough re-start plan, and the financial flexibility to commence early works in advance of the re-start decision.”

Spartan and the Joint Lead Managers retain the flexibility to scale back applications for additional New Shares at their discretion. An offer booklet in respect to the Retail Entitlement Offer (**Retail Offer Booklet**) is expected to be lodged on the ASX. BACKGROUND ON SPARTAN RESOURCES

Spartan Resources Limited (ASX: SPR) is an ASX-listed gold company that has repositioned itself as an advanced exploration company with a rapid pathway back into production at its Dalgaranga Gold Project, located 65km north-west of Mt Magnet in the Murchison District of Western Australia.

Dalgaranga produced over 70,000oz of gold in FY2022 before being placed on care and maintenance in November 2022 to implement an operational reset designed to preserve the value of its extensive infrastructure and Resource base while developing a new, sustainable operating plan.

This approach is underpinned by the exceptional high-grade Never Never gold discovery, which was made in 2022 just 1km from the existing 2.5Mtpa carbon-in-leach processing facility and the main open pit at Dalgaranga.

The Company has moved to rapidly unlock the potential of this significant discovery, which comprises a current JORC Mineral Resource of 952,000oz at an average grade of 5.74g/t ([read the announcement here](#)).

In February 2023, the Company announced an 18-month exploration and strategic plan (**the “365” strategy**) targeting⁵:

- A +300koz Reserve at a grade exceeding 4.0g/t Au at Never Never;
- A +600koz Resource at a grade exceeding 5.0g/t Au at Never Never;
- The development of a 5-year mine plan aimed at delivering gold production of 130-150koz per annum.

This strategy is centred around an aggressive exploration program at Never Never designed to target Resource expansion, Reserve definition and near-mine exploration drilling targeting Never Never “lookalikes” including Four Pillars, West Winds and Sly Fox.

In addition to its near-mine exploration at Dalgaranga, Spartan is actively exploring more than 500km² of surrounding exploration tenements and also owns the advanced 244koz Yalgoo Gold Project, where permitting activities are well advanced to establish a potential satellite mining operation at the Melville deposit.

⁵ These are not intended to be a forecast. Spartan's ability to achieve these aims is subject to a number of uncertainties including exploration success.

In addition to Dalgaranga and Yalgoo, the Company's 527koz advanced exploration and development project at Glenburgh–Mt Egerton, located ~300km north of Dalgaranga, has the potential to be a second production hub.

Spartan is committed to safe and respectful operation as a professional and considerate organisation within a diverse and varied community. Our people represent our culture and our culture is always to show respect to each other and to our community, to respect the unique environment we operate within and to show respect to all of our various stakeholders.
