Waiver of ASX Listing Rule 10.1 Granted

Hydration solutions company **The Hydration Pharmaceuticals Company Limited (ASX: HPC)** (“Hydralyte” or “the Company”) refers to its announcement dated 27 March 2024 (“**27 March 2024 Announcement**”) where the Company advised that it had signed a variation to its facility agreement with boutique asset manager and existing substantial shareholder PURE Asset Management Pty Ltd as trustee for The Income and Growth Fund (“**PURE**” or “**PURE Asset Management**”) (“**Original PURE Facility**”).

All capitalised terms in this announcement have the same meaning as defined in the 27 March 2024 Announcement.

Under the terms of the variation (“**Amended PURE Facility**”), Hydralyte secured A\$1.7m in new funding and two additional tranches, valued at A\$1.5m each, which can be accessed at the discretion of PURE. A condition precedent to the Amended PURE Facility becoming effective (and thus access to the additional funding under the Amended PURE Facility becoming available), was the requirement of a waiver of Listing Rule 10.1 in order to vary the Original PURE Facility.

Hydralyte is pleased to advise that on 24 April 2024 ASX granted a waiver of Listing Rule 10.1 to allow the Company to amend the Original PURE Facility without shareholder approval in accordance with the terms of the Amended PURE Facility, and to secure its obligations under the Amended PURE Facility.

Amendments to General Security Deed

In conjunction with entering into the Amended PURE Facility, the parties have agreed the following variations to the General Security Deed between PURE and each HydraLyte Group Company dated 15 October 2022 (“**GSD**”).

- (a) Security limited to amounts owing under Amended PURE Facility: a provision that expressly confirms that the ‘Security’ granted under the GSD is limited to amounts owing under the Amended PURE Facility (being the **Secured Moneys**) has been inserted.
- (b) Discharge: the ‘Security’ will be discharged once the Secured Moneys due under the Amended PURE Facility have been repaid in full.
- (c) Disposal of assets: a provision has been inserted which requires that, in the event that the ‘Security’ is enforced, the assets can only be disposed to PURE or an associate of PURE if the disposal is first approved by the Company’s shareholders under Listing Rule 10.1.
- (d) Appointment of receiver: if PURE exercises, or appoints a receiver, receiver and manager or analogous person to exercise, any power of sale under the GSD, the assets must be sold to an unrelated third party on arm’s length commercial terms and the net proceeds of sale distributed to PURE in accordance with its legal entitlements.

Second Warrant Deed

In conjunction with the Amended PURE Facility, a ‘Second Warrant Deed’ has been entered into between the Company and PURE. The material terms of the Second Warrant Deed are set out in the 27 March 2024 Announcement.

Rationale for the Amended PURE Facility

As announced in the 27 March 2024 Announcement, the Company has assessed and sought to execute on a range of different funding options in order to capitalise the business. It has been unable to garner sufficient support from shareholders for an equity capital raising and has been unable to procure new equity investors. The Board is of the view that the Company is unable to access the level of capital required to get the business to breakeven or better in a short period of time, resulting in the Board’s decision to seek a sale of the Company (“**Sale Transaction**”) to maximise shareholder returns. PURE has agreed to vary the Original PURE Facility in order to advance the Company an additional A\$1.7m (for a total of A\$8.2m of senior secured debt which would be owed to PURE), in order to fund the business while it seeks a Sale Transaction for the benefit of all stakeholders.

The Company has chosen to amend the Original PURE Facility in order to obtain the ‘Third Loan’ from PURE, rather than a lender that is not a Listing Rule 10.1 party, because the Company is unable to raise any meaningful level of equity or debt capital from existing shareholders or new investors in the time period required. After assessing a range of

options, the Board considers that the debt being provided by PURE is the only funding available within the current time requirements. The Board considers that the terms of the Amended PURE Facility are fair and reasonable for shareholders in the circumstances. The Amended PURE Facility and GSD has been negotiated between the Company and PURE on arm's length terms as evidenced by the material terms of the Amended PURE Facility.

The Company will ensure that any variation to the terms of the Amended PURE Facility or the GSD which advantages PURE in a material respect, disadvantages the Company in a material respect, or is inconsistent with the terms of the waiver granted to the Company, must be subject to security holder approval under Listing Rule 10.1.

For each year that the Amended PURE Facility remains on foot, a summary of the material terms of the financial accommodation and the security will be included in the related party disclosure of the Company's audited annual accounts.
