Strong Cash and Revenue

Cash receipts for Q3 FY24 was \$3.12 million with net operating cash inflow for the period was \$0.3 million, with cash receipts to increase in the coming quarters with a full quarter of Pain Away receipts and Haleon recommencing orders during the quarter.

Wellnex, during the quarter and after the acquisition of Pain Away, implemented a restructure of the business resulting in operational savings of circa \$1.5 million in annual costs. This has not impacted the operations of the business but is a result of the business being able to put all resources to continue to grow our brands.

The acquisition of Pain Away and the continued growth of all other brands has resulted in margins increasing from 13% in the prior corresponding period to 32% in the current quarter. This reflects the company's revenue being predominately generated from Wellnex's high margin brands.

The Company had available funding at the end of the quarter of \$4.6 million with an additional \$1 million in a placement received in April 2024.

In addition, the Company through the administrator of Corio Bay Dairy Group (CBDG) continues to pursue preferential creditor claims with proceedings commenced. There remains circa \$1.9 million in claims that have commenced mediation.

Marketing Cost for the quarter was circa \$0.24 million down from \$0.4 million in the previous quarter and inventory purchases was circa \$1.15 million.

Transaction costs of \$0.5 million was associated costs with the Pain Away transaction and the placement conducted in the March.

Payments made to related parties as outlined under Section 6.1 of the Appendix 4C relate to the director fees and salaries paid during the quarter.

Board Changes

Wellnex during the quarter strengthened the board with key appointments that will bring the Company industry experience and enhanced corporate governance. The key appointment of Chair has been filled by Chemist Warehouse director, Mr Mario Tascone.

The other key appointment was, Mr Andrew Vidler and Mr Jeffrey Yeh with a combined experience of over 50 years in the consumer health industry.

UK Approval

As announced on 29 June 2023, Wellnex and Haleon agreed to extend its existing arrangement for the Australian market, by increasing the product offering and territories to take advantage of the unique and innovative products Wellnex has received TGA approval in the Australian market.

During the quarter, Haleon received UK approval for the paracetamol soft gel liquid analgesic to commence sales in the UK under the Panadol brand, with first sales expected to commence in FY25.

International Distribution

Wellnex signed an exclusive international distribution agreement with Homart Pharmaceuticals for Wellnex's brands to be distributed into the Asian markets.

Homart for over 30 years has built a successful distribution network for all its own brands into the Asian market, predominately into China, Taiwan and Vietnam which will provide opportunities to Wellnex to generate significant sales in this lucrative market.

Corporate

Wellnex during the quarter completed a placement on the same terms as the entitlement issue for the acquisition of Pain Away, with the balance of \$1 million of the placement completed in April.
