Melodiol Global Health Limited (ASX:ME1) ('Melodiol' or 'the Company') is pleased to provide the following update on progress for the three month period ended 31 March 2024 (the 'quarter'), as well as its Appendix 4C. All financial results are in Australian dollars and unaudited (unless otherwise stated).

Financial performance:

During Q1 FY24, Melodiol delivered \$4.4m in unaudited revenue, which was a 91% increase on the previous corresponding period ('PCP') (Q1 FY23: \$2.3m). The results follow record group revenues of \$21.6m in FY23 and highlight the Company's ability to identify high growth opportunities and capitalise.

Q1 FY24 revenue was underpinned by Melodiol's 100%-owned Canadian subsidiary, Mernova Medicinal Inc. ('Mernova') which generated \$1.6m in revenue for the period. Pleasingly, Mernova's revenue continued was up 6% on the PCP (Q1 FY2024 revenue: \$1.5m).

Further, wholly-owned operating division Health House International ('HHI' or 'HHI International') also contributed \$2.4m in revenue. HHI's ongoing contribution to the Company's revenue since its acquisition has further underpinned Melodiol's stated strategy of leveraging strategic M&A to bolster operations.

Receipts from customers for the period totalled \$5m, a 94% rise on the PCP. Net cash used in operating activities was also reduced by 50% from \$2.2m in Q4 FY23 to \$1.1m in Q1 FY24.

Cash used in operating activities comprised mainly of product manufacturing and operating costs (\$3.2m), advertising and marketing (\$0.1m), staff costs (\$1.5m), and administration and corporate costs (\$1.1m).

At quarter end, the Company has cash at bank of \$0.6m. Payments to related parties and their associates as detailed in section six of the attached Appendix 4C relates entirely to Directors Fees / expenses of \$0.1m.

Melodiol remains resolutely focused on continuing to reduce operating costs, while pursuing high growth revenue opportunities to push towards profitability. The Company also continues to take active steps to refocus its efforts and resources into higher performing business units, whilst exploring opportunities to undertake a strategic divestment or closures of non performing business units.

The Board and management are also considering additional sources of capital, including but not limited to, other debt funding, further capital raising activities, divestment of non-core assets, and possible accretive divestment of core assets.

Corporate Activities:

During the quarter, the Company completed a 20:1 share consolidation (refer to ASX release: 2 February 2024) and completed a placement for gross proceeds of \$1.08m (refer to ASX release: 21 February 2024).

Management commentary:

CEO and Managing Director, Mr William Lay said: *"During Q1 FY24, the Company continued to deliver solid revenue, which followed record yearly revenues of \$21.5m in FY23. The Company remains committed to building on its significant revenue base while focusing equally diligently on reducing expenses."*

"The bulk of the company's revenue was generated by Mernova and Health House International. These two wholly-owned divisions are considered by the Board to be the foundation for the business going forward. As previously advised, the Board have made the strategic decision to channel resources to optimise both operations and we look forward to providing additional updates in the coming months."

Answer: The Company has clearly indicated a downwards trend in its operating outflows over the last two fiscal years (Q1 FY23: \$4.2m, vs Q1 FY24: \$1.1m, a vast improvement). The Company expects this trend to continue as revenue grows and further steps are taken to rationalize costs and non-performing business units from the portfolio.

- Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: The Company has consistently demonstrated that it has various avenues by which it can draw down further capital, and a track record of utilising these various avenues when required. In the near term, the Company will consider and take steps to secure additional funding with the goal of maximising shareholder value. Following shareholder approval, at the AGM on 31 May 2024, the Company expects resolutions to be passed allowing for the raising of up to \$3m without utilising its placement capacity.

- Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Yes, through a combination of actions 1 and 2 noted above.
