EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Corporations Act, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 31 December 2023 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at <http://www.melodiolglobalhealth.com/>.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report to be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Meeting.

Period of Invoice	1 December 2023 to 1 July 2024.

6. RESOLUTIONS 5 AND 6 – RATIFICATION OF PRIOR ISSUE OF THE 10 BAY DEBT SHARES TO 10 BAY STREET CAPITAL INVESTMENTS PTY LTD

6.1 General

The Company seeks Shareholder approval for the ratification of the 10 Bay Debt Shares to 10 Bay Street pursuant to Resolutions 5 and 6.

The issue of the 10 Bay Debt Shares did not breach Listing Rule 7.1 at the time of the issue.

6.2 Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Under Listing Rule 7.1A, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

The Company's ability to utilise the additional 10% capacity provided for in Listing Rule 7.1A for issues of equity securities following this Meeting remains conditional on Resolution 35 being passed at this Meeting.

The issue of the 10 Bay Debt Shares does not fit within any of the exceptions set out in Listing Rule 7.2 and, as it has not yet been approved by Shareholders, it effectively uses up part of the 25% limit in Listing Rules 7.1 and 7.1A, reducing the Company's capacity to issue further equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the date of issue of the 10 Bay Debt Shares.

6.3 Listing Rule 7.4

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the 10 Bay Debt Shares.

Resolutions 5 and 6 seek Shareholder ratification pursuant to Listing Rule 7.4 for the issue of the 10 Bay Debt Shares.

6.4 Technical information required by Listing Rule 14.1A

If Resolutions 5 and 6 are passed, the 10 Bay Debt Shares will be excluded in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A,

effectively increasing the number of equity securities the Company can issue without Shareholder approval over the 12 month period following the date of issue of the 10 Bay Debt Shares.

If Resolutions 5 and 6 are not passed, the 10 Bay Debt Shares will be included in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, effectively decreasing the number of equity securities that the Company can issue without Shareholder approval over the 12 month period following the date of issue of the 10 Bay Debt Shares.

6.5 Technical information required by Listing Rule 7.5

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided in relation to Resolutions 5 and 6:

- (a) 31,000,000 10 Bay Debt Shares (pre-Consolidation basis) were issued to 10 Bay Street;
- (b) the 10 Bay Debt Shares issued were all fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (c) the 10 Bay Debt Shares were issued as follows:
 - (i) on 2 February 2024, the First Debt Shares (Resolution 5); and
 - (ii) on 28 February 2024, the Second Debt Shares (Resolution 6);
- (d) the issue price was \$0.01019 per 10 Bay Debt Share (pre-Consolidation basis), in consideration for the conversion of outstanding debt as described in Section 5.1. The Company has not and will not receive any other consideration for the issue of the 10 Bay Debt Shares other than the 10 Bay Options;
- (e) the purpose of the issue of the 10 Bay Debt Shares is to satisfy the outstanding invoices and debts with the 10 Bay Street;
- (f) the 10 Bay Debt Shares issued to the 10 Bay Street were issued to satisfy its obligations the terms and conditions of the invoices delivered by 10 Bay Street to the Company as set out in Section 5.1; and
- (g) a voting exclusion statement is included for Resolutions 5 and 6.

7. RESOLUTIONS 7 AND 8 – APPROVAL TO ISSUE OPTIONS TO 10 BAY STREET CAPITAL INVESTMENTS PTY LTD

7.1 General

As noted in Section 5.1, the Company agreed to issue 10 Bay Street the 10 Bay Options in consideration for services rendered.

Broadly speaking, and subject to a number of exceptions Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The proposed issue of the 10 Bay Options does not fit within any of the exceptions set out in Listing Rule 7.2. While the issue does not exceed the 15% limit in Listing

Rule 7.1 and can therefore be made without breaching that rule, the Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder approval pursuant to Listing Rule 7.1 so that it does not use up any of its 15% placement capacity under Listing Rule 7.1.

7.2 Technical information required by Listing Rule 14.1A

If Resolutions 7 and 8 are passed, the Company will be able to proceed with the issue of the 10 Bay Options. In addition, the issue of the 10 Bay Options will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolutions 7 and 8 are not passed, the issue of the 10 Bay Options can still proceed but it will reduce, to that extent, the Company's capacity to issue equity securities without Shareholder approval under Listing Rule 7.1 for 12 months following the issue.

Resolutions 7 and 8 seek Shareholder approval for the purposes of Listing Rule 7.1 for the issue of the 10 Bay Options.

7.3 Technical information required by Listing Rule 7.1

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to Resolutions 7 and 8:

- (a) the 10 Bay Options will be issued to 10 Bay Street (or its nominee/s);
- (b) in accordance with paragraph 7.2 of ASX Guidance Note 21, the Company confirms that none of the recipients will be:
 - (i) related parties of the Company, members of the Company's Key Management Personnel, substantial holders of the Company, advisers of the Company or an associate of any of these parties; and
 - (ii) issued more than 1% of the issued capital of the Company;
- (c) the maximum number of 10 Bay Options to be issued is 1,699,999 (post-Consolidation) as follows:
 - (i) 366,666 First Debt Options (post-Consolidation basis) (Resolution 7); and
 - (ii) 1,333,333 Second Debt Options (post-Consolidation basis) (Resolution 8);
- (d) the terms and conditions of the 10 Bay Options are set out in Schedule 1;
- (e) the 10 Bay Options will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the 10 Bay Options will occur on the same date;
- (f) the 10 Bay Options will be issued at a nil issue price, in consideration for the conversion of outstanding debt as described in Section 5.1;

- (g) the purpose of the issue of the 10 Bay Options is to satisfy the outstanding invoices and debts with the 10 Bay Street;
- (h) the 10 Bay Options are being issued to 10 Bay Street pursuant to the terms and conditions of the invoices delivered by 10 Bay Street to the Company as set out in Section 5.1; and
- (i) the 10 Bay Options are not being issued under, or to fund, a reverse takeover.

The above table is a statement of current intentions as of the date of this Notice. As with any budget, intervening events and new circumstances have the potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way funds are applied on this basis.

In the event that less than the full \$3,000,000 is raised the Company intends to apply the amount ultimately raised to the items above in proportion to the percentages noted above.

14.3 Listing Rule 7.1

A summary of Listing Rule 7.1 is set out in Section 8.3 above.

The issue of the Future Placement Shares does not fall within any of the exceptions under Listing Rule 7.2 and whilst the number of Future Placement Shares may not exceed the 15% limit in Listing Rule 7.1, the Company wishes to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain Shareholder approval under Listing Rule 7.1. To do this, the Company is asking Shareholders to approve the issue of the Future Placement Shares under Listing Rule 7.1 so that it does not use up any of the 15% limit on issue equity securities without Shareholder approval set out in Listing Rule 7.1.

14.4 Technical information required by Listing Rule 14.1A

If Resolution 21 is passed, the Company will be able to proceed with the issue of the Future Placement Shares. In addition, the issue of the Future Placement Shares will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolution 21 is not passed, the Company may be able to proceed with the issue of the Future Placement Shares to the extent that the Company has sufficient placement capacity under Listing Rules 7.1 and 7.1A. If the Company does not have sufficient placement capacity to complete the Future Placement, the Company will have reduced access to funding which may have an impact on its ongoing operations.

Resolution 21 seeks Shareholder approval for the purposes of Listing Rule 7.1 for the issue of the Future Placement Shares.

The recipients will be identified through a bookbuild process, which will involve the Directors and/or Oakley seeking expressions of interest to participate in the capital raising from nonrelated parties of the Company. The Company confirms that Shareholders who vote in favour of Resolution 21 will be excluded from participating in the Future Placement if Resolution 21 is passed;
- (b) the maximum number of Future Placement Shares to be issued is up to that number of Shares which, when multiplied by the issue price, equals \$3,000,000. - (c) the issue price of the Future Placement Shares will be equal up to a 30% discount of the 10-day volume weighted average prices calculated over the 10 trading days on which trades in Shares were recorded immediately before the date on which the issue price is agreed by the Company and the recipients of the relevant Future Placement Shares. The Company will not receive any other consideration for the issue of the Future Placement Shares;
- (d) the Future Placement Shares will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the Future Placement Shares will occur on the same date;
- (e) the purpose of the issue of the Future Placement Shares is to raise \$3,000,000. The Company intends to apply the funds raised from the issue as set out in Section 14.2;

15.2 Listing Rule 7.1

A summary of Listing Rule 7.1 is set out in Section 8.3 above.

The issue of the Debtor Shares does not fall within any of the exceptions set out in Listing Rule 7.2 and whilst the number of Debtor Shares may not exceed the 15% limit in Listing Rule 7.1, the Company wishes to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain Shareholder approval under Listing Rule 7.1. 16. RESOLUTION 31 – APPROVAL TO ISSUE SHARES TO EVERBLU CAPITAL PTY LTD – HISTORICAL DEBTS

16.1 General

The Company has agreed with EverBlu Capital Pty Ltd (**EverBlu**) to settle all historical debts owing under the former corporate mandate with EverBlu (**EverBlu Corporate Advisory Mandate**) (as previously announced on 21 January 2020 and 26 March 2021) and outstanding fees for services provided out of scope of the EverBlu Corporate Advisory Mandate, equal to \$825,000 (including GST) into Shares, at a deemed issue price equal to a 10% discount to the 10-day VWAP on the date of issue.

EverBlu provided the following services under the EverBlu Corporate Advisory Mandate:

- (a) lead managing each capital raising, including co-ordinating the offer timetable;
- (b) co-ordinating with the Company's other advisers involved in each capital raise;
- (c) in conjunction with the Company's legal and other professional advisers:
 - (i) providing advice and recommendations on the structure of each capital raising, including terms and pricing, market perception and impact;
 - (ii) assisting with the drafting of the prospectus or other offer document and any other documents required in conjunction with each capital raising;
 - (iii) liaising with the regulatory bodies such as the ASX and ASIC (if required);
- (d) providing advice on and co-ordinating the marketing of the Company and each capital raising to potential investors in each capital raising,

including, without limitation, institutional and broker roadshows, presentations to equity analysts, and publicity to the market generally;

- (e) participating in the due diligence process at the request of the Company;
- (f) conducting and managing a pricing process for each capital raising, having regard to the relevant capital raising structure; and
- (g) providing such other assistance to the Company in relation to each capital raising as agreed in writing from time to time.

The out of scope services that EverBlu provided included debt renegotiation services, consulting services and structuring advice.

Accordingly, the Company is seeking Shareholder approval pursuant to Resolution 31 to issue up to that number of Shares to EverBlu (or its nominee/s) which, when multiplied by the issue price, will equal to \$825,000 (**EverBlu Shares**).

16.2 Listing Rule 10.11

Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities to:

- 10.11.1 a related party;
- 10.11.2 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the company;
- 10.11.3 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the company and who has nominated a director to the board of the company pursuant to a relevant agreement which gives them a right or expectation to do so;
- 10.11.4 an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3; or
- 10.11.5 a person whose relationship with the company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders,

unless it obtains the approval of its shareholders.

EverBlu is controlled by Mr Adam Blumenthal. Mr Blumenthal resigned as a Director of the Company effective 10 October 2022. Although, Mr Blumenthal has not been a Director of the Company for the last six (6) months, the Company has conceded to ASX that Mr Blumenthal should fall under Listing Rule 10.11.5 to continue to deem Mr Blumenthal as a related party for the purposes of the Listing Rules. Accordingly, EverBlu falls within Listing Rule 10.11.

Consequently, the proposed issue of the EverBlu Shares falls within Listing Rule 10.11.5 and does not fall within any of the exceptions in Listing Rule 10.12. It therefore requires the approval of Shareholders under Listing Rule 10.11.

For avoidance of doubt, the Directors do not consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is required in respect of the issue of the EverBlu Shares because EverBlu is not a related party for the purposes of the Corporations Act.

Resolution 31 seeks Shareholder approval for the issue of the EverBlu Shares under and for the purposes of Listing Rule 10.11.

16.3 Technical information required by Listing Rule 14.1A

If Resolution 31 is passed, the Company will be able to proceed with the issue of the EverBlu Shares to EverBlu within one month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules). As approval pursuant to Listing Rule 7.1 is not required for the issue of the EverBlu Shares (because approval is being obtained under Listing Rule 10.11), the issue of the EverBlu Shares will not use up any of the Company's 15% annual placement capacity.

If Resolution 31 is not passed, the Company will not be able to proceed with the issue of the EverBlu Shares to repay historical debts owed under the EverBlu Corporate Advisory Mandate and will be required to pay the debts in cash which may affect the Company's available cash position.

16.4 Technical Information required by Listing Rule 10.13

Pursuant to and in accordance with Listing Rule 10.13, the following information is provided in relation to Resolution 31:

- (a) the EverBlu Shares will be issued to EverBlu (or its nominee/s), who falls within the category set out in Listing Rule 10.11 for the reasons set out in Section 16.2 above;
- (b) the maximum number of EverBlu Shares to be issued is up to that number of Shares which, when multiplied by the issue price, equals \$825,000. The EverBlu Shares issued will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (c) the EverBlu Shares will be issued no later than 1 month after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is anticipated the EverBlu Shares will be issued on the same date;
- (d) the issue price of the EverBlu Shares will be equal to a 10% discount to the 10-day VWAP on the date of issue. The Company will not receive any other consideration for the issue of the EverBlu Shares;
- (e) the purpose of the issue of the EverBlu Shares is to satisfy the Company's historical debts owed to EverBlu under the EverBlu Corporate Advisory Mandate and for out of scope services agreement as described in Section 16.1;
- (f) the EverBlu Shares are being issued under an agreement as described in Section 16.1 above; and
- (g) a voting exclusion statement is included in Resolution 31 of the Notice.

16.5 Dilution

Set out below are worked examples of the number of Interest Shares and Extension Shares that may be issued under Resolution 31 based on an assumed issue prices of \$0.18, \$0.27 and \$0.09 per EverBlu Share (post-Consolidation basis), being a 10% discount to the VWAP for Shares on the 10 trading days on which sales in Shares

were recorded before 12 April 2024 and the volume weighted prices which are 50% higher and 50% lower than that price.

2. Rounded to the nearest whole number.
3. Based on 17,939,770 Shares on issue (post-Consolidation basis) and this table assumes no Options are exercised, no Convertible Securities are converted or additional Shares are issued.
4. The Company notes that the above workings are an example only and the actual issue price may differ. This will result in the maximum number of Shares to be issued and the dilution percentage to also differ.

17. RESOLUTION 32 – APPROVAL TO ISSUE SHARES TO WILLIAM LAY

17.1 General

The Company has agreed, subject to obtaining Shareholder approval, to issue 3,333,333 Shares (on a post-Consolidation basis) (at a deemed issue price of \$0.004 (pre-Consolidation basis) (**Lay Shares**) to Mr William Lay (or his nominee/s) to compensate Mr Lay for his services and ensure on-going retention for his services.

The Company considers that the issue of the Lay Shares will further align the interests of Mr Lay with those of Shareholders, as the Company considers the retention of Mr Lay absolutely critical to the Company's long-term objectives and strategic growth. Accordingly, the Company has included the Lay Shares within Mr Lay's salary package to ensure his retention of services.

The company notes that if Shareholder approval is not obtained for this Resolution 32, it may consider making the payments in cash.

Mr Lay is employed by the Company under a consultancy services agreement pursuant to which Mr Lay agreed to act as Chief Executive Officer and Managing Director (**Consultancy Services Agreement**) as summarised below:

Position	Chief Executive Officer and Managing Director
Term	A four-year term commencing on 17 January 2022, unless terminated prior in accordance with the Consultancy Service Agreement.
Base Salary	CAD\$438,500 per annum (as varied).
Incentive Securities	The Company has previously issued Mr Lay 17,500,000 Performance Rights and 10,000,000 Options pursuant to the consultancy services agreement.

Resolution 32 seeks Shareholder approval for the issue of the Lay Shares to Mr Lay (or their nominee).

17.2 Chapter 2E of the Corporations Act

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of the Lay Shares to Mr Lay (or their nominee) constitutes giving a financial benefit and Mr Lay is a related party of the Company by virtue of being a Director.

The Directors (other than Mr Lay who has a material personal interest in Resolution 32) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the grant of the Lay Shares because the agreement to issue the Lay Shares, reached as part of the remuneration package for Mr Lay, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

17.3 Listing Rule 10.11

A summary of Listing Rule 10.11 is set out in Section 16.2 above.

The issue of the Lay Shares falls within Listing Rule 10.11.1 and does not fall within any of the exceptions in Listing Rule 10.12. It therefore requires the approval of Shareholders under Listing Rule 10.11.

Resolution 32 seeks the required Shareholder approval for the issue of the Lay Shares under and for the purposes of Listing Rule 10.11.

17.4 Technical information required by Listing Rule 14.1A

If Resolution 32 is passed, the Company will be able to proceed with the issue of the Lay Shares to Mr Lay within one month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the Listing Rules). As approval pursuant to Listing Rule 7.1 is not required for the issue of the Lay Shares (because approval is being obtained under Listing Rule 10.11), the issue of the Lay Shares will not use up any of the Company's 15% annual placement capacity.

If Resolution 32 is not passed, the Company will not be able to proceed with the issue of the Lay Shares and may need to find alternative means of compensation for Mr Lay's performance.

17.5 Technical Information required by Listing Rule 10.13

Pursuant to and in accordance with Listing Rule 10.13, the following information is provided in relation to Resolution 32:

- (a) the Lay Shares will be issued to Mr Lay (or their nominee), who falls within the category set out in Listing Rule 10.11.1 as Mr Lay is a related party of the Company by virtue of being a Director;
- (b) the maximum number of Lay Shares to be issued to Mr Lay (on a post-Consolidation basis) is 333,333,333 Shares;
- (c) the Shares issued will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (d) the Lay Shares will be issued no later than 1 month after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the Lay Shares will occur on the same date;
- (e) the Lay Shares will be issued at a nil issue price (at a deemed issue price of \$0.004 (pre-Consolidation basis)), in consideration for Mr Lay's services as Chief Executive Officer and Managing Director, and to provide a performance linked incentive component in the remuneration package for Mr Lay to motivate and reward their performance as a Director and to provide cost effective remuneration to Mr Lay, enabling the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to Mr Lay;
- (f) the current total remuneration package for Mr Lay is CAD\$438,500, comprising of directors' fees. If the Lay Shares are issued, the total remuneration package of Mr Lay will increase by A\$400,000 to CAD\$794,500, being the value of the Lay Shares (including the value of the Shares with a deemed issue price of \$0.004 (pre-Consolidation basis) and an Australian to Canadian dollar exchange rate of AUD\$1:CAD\$0.89);
- (g) the Lay Shares are being issued to Mr Lay in connection with the Consultancy Services Agreement as described in Section 17.1; and
- (h) a voting exclusion statement is included in Resolution 32 of the Notice.

18. RESOLUTION 33 – APPROVAL TO ISSUE SHARES TO LTC LONG SHORT FUND PTY LTD

18.1 General

Accordingly, the Company seeks Shareholder approval to issue up to that number of Shares, when multiplied by the issue price, be up to \$2,000,000 (**Loan Facility Shares**).

For avoidance of doubt, the Company will only issue the Loan Facility Shares if LTC elects to exercise its right to convert the monies into Shares before the conclusion

of the Loan Facility's term or the expiry of Shareholder approval, whichever occurs first.

The material terms of the Loan Facility include:

- (f) **Security:** Loan is unsecured.

18.2 Listing Rule 7.1

A summary of Listing Rule 7.1 is set out in Section 8.3 above.

The issue of the Loan Facility Shares does not fall within any of the exceptions set out in Listing Rule 7.2 and whilst the number of Loan Facility Shares may not exceed the 15% limit in Listing Rule 7.1, the Company wishes to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain Shareholder approval under Listing Rule 7.1. To do this, the Company is asking Shareholders to approve the issue of the Loan Facility Shares under Listing Rule 7.1 so that it does not use up any of the 15% limit on issue equity securities without Shareholder approval set out in Listing Rule 7.1.

18.3 Technical information required by Listing Rule 14.1A

If Resolution 33 is passed, the Company will be able to proceed with the issue of the Loan Facility Shares. In addition, the issue of the Loan Facility Shares will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolution 33 is not passed, the Company may not be able to proceed with the issue of the Loan Facility Shares and may be in breach of its obligations under the Loan Facility.

2. Rounded to the nearest whole number.
3. Based on 17,939,770 Shares on issue (post-Consolidation basis) and this table assumes no Options are exercised, no Convertible Securities are converted or additional Shares are issued.
4. The Company notes that the above workings are an example only and the actual issue price may differ. This will result in the maximum number of Shares to be issued and the dilution percentage to also differ.

19. RESOLUTION 34 – APPROVAL TO ISSUE SHARES TO UNRELATED LENDERS

19.1 Background

The Company has entered into an amended and restated loan agreement with unrelated lenders (**Unrelated Lenders**) in respect of existing loans (**Loans**).

The terms of the Loans is set out in Section 19.2 below. Also refer to announcements dated 1 November 2022 and 15 December 2022 for further details of the Loans.

Pursuant to the Loans, the Company must at a minimum satisfy re-payments of the Loan (**Loan Amount**) by the following re-payment dates:

- (a) 2/3rd of the principal and accrued interest (\$2,934,400) by 15 August 2024, being \$956,267; and
- (b) the remaining 1/3rd of the principal and accrued interest (\$3,006,400) by 30 September 2024, being \$1,002,133,

(each, a **Repayment Date**).

The Company may pay the respective Loan Amounts prior to each of the Repayment Dates, in which case the interest amount payable would be reduced. As such, the Loan Amount that may be payable on the second Repayment Date may be a lower amount. The maximum Loan Amount payable by the Company is an aggregate of \$3,006,400.

Unless another proportion is otherwise mutually agreed between the parties, the Company must pay the Loan Amount in at least 50% cash and the remainder in either a combination in cash and/or Shares on each Repayment Date.

Any issue of Shares under the Loan is subject to Shareholder approval (being the subject of Resolution 34) and will be issued at an issue price equal to a 20% discount to the VWAP over the 20-trading days prior to the date of issue (**Loan Issue Price**), subject to a floor price of \$0.0015 (pre-Consolidation basis).

Accordingly, the Company is seeking Shareholder approval to issue that number of Shares when multiplied by the Issue Price, is up to \$3,006,400.

19.2 Loans

The terms of the Loans are:

- (a) (**Face Value**): Each Loan will have a face value of \$100,000.
- (b) (**Principal**): \$1,920,000
- (c) (**Interest**): 30% per annum, payable quarterly in arrears.

- (d) **(Repayment):**
- (i) 2/3rd of the principal and accrued interest payable by 15 August 2024; and
 - (ii) 1/3rd of the principal and accrued interest payable by 30 September 2024.
- (e) **(Maturity Date):** 30 September 2024.
- (f) **(Security):** The Loans will remain secured by the Security. The Security will be extinguished if and when the Loans are converted or otherwise repaid in full.
- (g) **(Conversion):** At the election of the Lenders, the face value is convertible at any time from the date of issue of the Loans until the Maturity Date.
- (h) **(Redemption):** If a Lender has not elected to convert the Loans on or before the Maturity Date, the Company must repay the face value of the Loans together with any accrued interest on the Maturity Date.

19.3 Listing Rule 7.1

A summary of Listing Rule 7.1 is set out in Section 8.3 above.

The proposed issue of the Loan Shares falls within exception 17 of Listing Rule 7.2. It therefore requires the approval of Shareholders under Listing Rule 7.1.

19.4 Technical information required by Listing Rule 14.1A

If Resolution 34 is passed, the Company will be able to proceed with the issue of the Loan Shares. In addition, the issue of the Loan Shares will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolution 34 is not passed, the Company may not be able to proceed with the issue of the Loan Shares and may have to repay the Loans in cash which may not be as cost effective for the Company.

19.5 Technical information required by Listing Rule 7.1

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to Resolution 34:

- (a) the Loan Shares will be issued to the Unrelated Lenders;
- (b) in accordance with paragraph 7.2 of ASX Guidance Note 21, the Company confirms that none of the recipients will be:
 - (i) related parties of the Company, members of the Company's Key Management Personnel, substantial holders of the Company, advisers of the Company or an associate of any of these parties; and
 - (ii) issued more than 1% of the issued capital of the Company;
- (c) the maximum number of Loan Shares to be issued is up to that number of Shares which, when multiplied by the Issue Price, is up to \$3,006,400,

subject to a floor price of \$0.0015 (pre-Consolidation basis). The Loan Shares issued will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;

- (d) the Loan Shares will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the Listing Rules) and it is intended that issue of the Loan Shares will occur progressively;
- (e) the issue price of the Loan Shares will be equal to the Loan Issue Price. The Company will not receive any other consideration for the issue of the Loan Shares;
- (f) the purpose of the issue of the Loan Shares is to allow the Company to repay the Loans amount in Shares as described in Section 19.1;
- (g) the Loan Shares are being issued to the Unrelated Lenders under the Loans. A summary of the material terms of the Loans is set out in Section 19.2; and
- (h) the Loan Shares are not being issued under, or to fund, a reverse takeover.

19.6 Dilution

Set out below is a worked example of the number of Loan Shares that may be issued under Resolution 34 based on an assumed issue prices of \$0.15, \$0.075 and \$0.225 per Loan Share (on a post-Consolidation basis), being the 20% discount to the VWAP for Shares on the 10 days on which sales in Shares were recorded before 12 April 2024, and the prices which are 50% higher and 50% lower than that price.

Assumed issue price	Maximum number of Loan Shares which may be issued ^{1,2}	Current Shares on issue as at the date of this Notice ²	Increase in the number of Shares on issue assuming the Company issued the maximum amount pursuant to Resolution 34 ³	Dilution effect on existing Shareholders
\$0.2250	13,361,778	17,939,770	31,301,548	42.69%
\$0.15	20,042,667	17,939,770	37,982,437	52.77%
\$0.075	40,085,333	17,939,770	58,025,103	69.08%

Notes:

- Based on post-Consolidation basis.
- Rounded to the nearest whole number.
- Based on 17,939,770 Shares on issue (post-Consolidation basis) and this table assumes no Options are exercised, no Convertible Securities converted or additional Shares issued, other than the maximum number of Shares which may be issued pursuant to Resolution 34 (based on the assumed issue prices set out in the table).
- The Company notes that the above workings are an example only and the actual issue price may differ. This will result in the maximum number of Shares to be issued and the dilution percentage to also differ.

20. RESOLUTION 35 – APPROVAL OF 7.1A MANDATE

20.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

However, under Listing Rule 7.1A, an eligible entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. The Company is an eligible entity for these purposes.

As at the date of this Notice, the Company is an eligible entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$2,152,773 (based on the number of Shares on issue and the closing price of Shares on the ASX on 12 April 2024).

Resolution 35 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

For note, a special resolution is a resolution requiring at least 75% of votes cast by shareholders present and eligible to vote at the meeting in favour of the resolution.

If Resolution 35 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 35 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

20.2 Technical information required by Listing Rule 7.1A

Pursuant to and in accordance with Listing Rule 7.3A, the information below is provided in relation to Resolution 35:

(a) Period for which the 7.1A Mandate is valid

The 7.1A Mandate will commence on the date of the Meeting and expire on the first to occur of the following:

- (i) the date that is 12 months after the date of this Meeting;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).

(b) **Minimum price**

Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued for cash consideration at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or
- (ii) if the Equity Securities are not issued within 10 trading days of the date in Section 20.2(b)(i), the date on which the Equity Securities are issued.

(c) **Use of funds raised under the 7.1A Mandate**

The Company intends to use funds raised from issues of Equity Securities under the 7.1A Mandate for:

- (i) advancing the Company's existing operations and potential future operations, including the development, marketing and distribution of animal health products, CBD, recreational cannabis and medicinal cannabis and investment in the cannabis cultivation facilities and operations of the Company's existing subsidiaries in Canada, Australia and the UK and the development, marketing and distribution of psychedelics alternative medicines;
- (ii) business development, promotion and marketing services;
- (iii) costs associated with corporate actions, including the costs associated with dual listing on another recognised exchange;
- (iv) the acquisition of new resources, assets and investments (including expenses associated with such an acquisition);
- (v) repayment of debt; and
- (vi) general working capital.

(d) **Risk of Economic and Voting Dilution**

Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 35 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Equity Securities on issue or proposed to be issued as at 12 April 2024.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 7.1A Mandate.

Number of Shares on Issue (Variable A in Listing Rule 7.1A.2)		Shares issued – 10% voting dilution	Dilution		
			Issue Price		
			\$0.002	\$0.004	\$0.008
			50% decrease	Issue Price	50% increase
			Funds Raised		
Current	538,193,124 Shares	53,819,312 Shares	\$107,638	\$215,277	\$322,915
50% increase	807,289,686 Shares	80,728,968 Shares	\$161,457	\$322,915	\$484,373
100% increase	1,076,386,248 Shares	107,638,624 Shares	\$215,277	\$430,554	\$645,831

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 538,193,124 Shares on issue (on pre-Consolidation basis).
2. The issue price set out above is the closing market price of the Shares on the ASX on 12 April 2024 (being \$0.004) (on pre-Consolidation basis).
3. The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1.
5. The issue of Equity Securities under the 7.1A Mandate consists only of Shares. It is assumed that no Options or Convertible Securities are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A Mandate, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(e) **Allocation policy under the 7.1A Mandate**

The recipients of the Equity Securities to be issued under the 7.1A Mandate have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 7.1A Mandate, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

(f) **Previous approval under Listing Rule 7.1A**

The Company previously obtained approval from its Shareholders pursuant to Listing Rule 7.1A at its annual general meeting held on 31 May 2023 (**Previous Approval**).

During the 12-month period preceding the date of the Meeting, being on and from 31 May 2023, the Company issued 185,907,075 Shares (on a pre-February Consolidation and pre-Consolidation basis) pursuant to the Previous Approval (**Previous Issue**), which represent approximately 7.24% of the total diluted number of Equity Securities on issue in the Company on 31 May 2023, which was 2,567,349,099 (on a pre-February Consolidation and pre-Consolidation basis).

Further details of the issues of Equity Securities by the Company pursuant to Listing Rule 7.1A.2 during the 12 month period preceding the date of the Meeting are set out in Schedule 6.

20.3 Voting Exclusion Statement

As at the date of this Notice, the Company is not proposing to make an issue of Equity Securities under Listing Rule 7.1A. Accordingly, a voting exclusion statement is not included in this Notice.

21. RESOLUTION 36 – CONSOLIDATION OF CAPITAL

21.1 Background

Resolution 36 seeks Shareholder approval to consolidate the Company's issued capital on the basis that:

- (a) every thirty (30) Shares be consolidated into one (1) Share (subject to rounding);
- (b) all Convertible Securities (other than Options) be consolidated in accordance with Listing Rule 7.21 (subject to rounding); and
- (c) all Options be consolidated in accordance with Listing Rule 7.22.1 (subject to rounding).

If approved, the record date for determining the holdings to be affected by the Consolidation will be 5 June 2024 (**Record Date**).

The Company currently has a significant number of Shares on issue, being 538,193,124 Shares as at 12 April 2024. The large number of Securities currently on issue results in a lower 'per share' value, which could lead to a lower demand for Shares from potential new investors (in particular, institutional investors whose mandates prevent investment in shares with a price below a particular threshold).

Accordingly, the Board believes that the Consolidation is in the best interests of Shareholders as it will result in a more appropriate and effective capital structure for the Company and is intended to result in a Share price that is more appealing to a wider range of strategic partnerships and investments, subject to prevailing market conditions.

21.2 Legal requirements

Section 254H of the Corporations Act provides that a company may, by resolution passed in a general meeting, convert all or any of its shares into a larger or smaller number.

Listing Rule 7.20 provides that, if a company proposes to reorganise its capital, it must advise shareholders of certain matters which are set out in Sections 21.3 and 21.6 below. No voting exclusions apply, and all shareholders can vote on the resolution.

Listing Rule 7.21 provides that a listed company which has convertible securities (except options) on issue may only reorganise its capital if, in respect of the convertible securities, the number of its convertible securities or the conversion price, or both, is reorganised so that the holder of the convertible securities will not receive a benefit that holders of ordinary securities do not receive.

Listing Rule 7.22.1 requires that where a listed company with options undertakes a consolidation of its capital, the number of its options must be consolidated in the same ratio as the ordinary capital and the exercise price must be amended in inverse proportion to that ratio.

21.3 Fractional entitlements

Not all security holders will hold that number of Securities which can be evenly divided by twenty. Fractional entitlements will be rounded down to the nearest whole number.

21.4 Taxation

It is not considered that any taxation implications will exist for security holders arising from the Consolidation. However, security holders are advised to seek their own tax advice on the effect of the Consolidation and neither the Company, nor its advisers, accept any responsibility for the individual taxation implications arising from the Consolidation.

21.5 Holding statements

From the date two Business Days after the Effective Date (as set out in the timetable in Section 21.8 below), all holding statements for Securities will cease to have any effect, except as evidence of entitlement to a certain number of Securities on a post-Consolidation basis.

After the Consolidation becomes effective, the Company will arrange for new holding statements for Securities to be issued to holders of those Securities.

It is the responsibility of each security holder to check the number of Securities held prior to disposal or exercise (as the case may be).

21.6 Effect of the Consolidation

In addition to consolidation of the Shares on issue on a thirty (30) to one (1) basis, if the Consolidation is approved, any Convertible Securities in the capital of the Company must also be reorganised in accordance with the terms and conditions of those Convertible Securities and ASX Listing Rule 7.22.1.

Given the Company has a number of Convertible Securities on issue as at the date of this Notice (as set out in Section 21.7 below), the Convertible Securities will be consolidated in the same ratio as the Consolidation of Shares and their respective exercise prices will be amended in inverse proportion to that ratio.

21.7 Effect on capital structure

As at the date of this Notice, the effect which the Consolidation will have on the Company's capital structure is set out in the table below.

	Shares	Listed Options ⁴	Unlisted Options ⁴	Performance Rights	Performance Shares	Convertible Notes
Pre-Consolidation ¹	538,193,124	161,423,032	25,491,267	4,200,000	300,000	25,998
Securities issued under this Notice ²	3,363,809,920	196,004,920	-	-	-	-
Sub-total	3,902,003,044	357,427,952	25,491,267	-	300,000	25,998
Completion of all Resolutions (Post Consolidation) ²	130,066,768	11,914,265	849,708	140,000	10,000	866

Notes:

1. As at the date of this Notice.
2. Assuming Resolutions 7 to 34 are passed at this Meeting, and the Securities the subject of those Resolutions are issued prior to the Record Date of the Consolidation.

3. This figure includes the number of Shares that may be issued under Resolutions 17 to 31, 33 and 34 which are an indeterminate number of Shares and accordingly, the number of Shares that may be issued pursuant to Resolutions 17 to 31, 33 and 34 may differ. The Shares the subject of Resolutions 17 to 31, 33 and 34 are based on the closing price of the Company's Shares of \$0.004 on 12 April 2024 (pre-Consolidation basis) and an exchange rate of CAD\$1.12:AUD\$1.
4. The terms of these Options are set out in the table below.
5. Assuming no Shares or Convertible Securities are issued and no exercise or conversion of any Convertible Securities.
6. Subject to rounding.

(a) **Shares**

The Company has 538,193,124 Shares on issue as at the date of this Notice. If Resolution 36 is passed, every thirty (30) Shares on issue will be consolidated into one (1) Share (subject to rounding).

As at the date of this Notice, this will result in the number of Shares currently on issue being reduced from 538,193,124 to 17,939,770 (the number of Shares ultimately on issue post-Consolidation will depend on the rounding of fractional amounts). This assumes no existing Options or Convertible Securities are exercised prior to the Consolidation. If Resolutions 9 to 34 are passed (based on the assumptions set out in Section 21.7 Note 3), the Company will have 3,363,809,920 Shares on issue and this will result in the number of Shares on issue being reduced from 3,363,809,920 to 130,066,768 (subject to rounding).

(b) **Options**

The Company has a total of 186,914,299 Options on issue as at the date of this Notice. If Resolution 36 is passed, in accordance with Listing Rule 7.22, these Options will be consolidated on the same basis as the Shares meaning that every thirty (30) Options on issue will be consolidated into one (1) Option (subject to rounding), with the exercise price of each Option being amended in inverse proportion to the Consolidation ratio.

As at the date of this Notice, this will result in the number of Options on issue being reduced from 186,914,299 to 6,230,476 (the number of Options ultimately on issue post-Consolidation will depend on the rounding of fractional amounts). If Resolutions 7 to 13 are passed, the Company will have 382,919,219 Options on issue and this will result in the number of Options on issue being reduced from 382,919,219 to 12,763,973.

The following table sets out the effect of the Consolidation on the Options currently on issue (subject to rounding):

(c) **Performance Rights**

The Company currently has 4,200,000 performance rights on issue (**Performance Rights**). The Performance Rights are convertible into Shares on the achievement of certain vesting conditions.

The terms of the Performance Rights provide that if the issued capital of the Company is consolidated, all rights of a holder will be changed in a manner consistent with the applicable ASX Listing Rules and the Corporations Act at the time of reorganisation.

If Resolution 36 is passed, in accordance with Listing Rule 7.21, these Performance Rights will be consolidated on the same basis as the Shares meaning that every thirty (30) Performance Rights on issue will be consolidated into one (1) Performance Right (subject to rounding).

As at the date of this Notice, this will result in the number of Performance Rights on issue being reduced from 4,200,000 to 140,000.

(d) **Performance Shares**

The Company currently has 300,000 performance shares on issue (**Performance Shares**).

The terms of the Performance Shares provide that if the issued capital of the Company is reconstructed, all rights of a holder will be changed in a manner consistent with the applicable Listing Rules and Corporations Act at the time of reorganisation.

If Resolution 36 is passed, in accordance with Listing Rule 7.21, these Performance Shares will be consolidated on the same basis as the Shares meaning that every thirty (30) Performance Shares on issue will be consolidated into one (1) Performance Share (subject to rounding).
