Dear Daniel

ASX PRICE AND VOLUME QUERY

We refer to the Price and Volume Query from the ASX dated 23 May 2024 in relation to the change in the price of KP2's securities from a low of \$0.014 to an intraday high of \$0.022 today, and the significant increase in the volume of KP2's securities traded from 16 May 2024 to 23 May 2024.

We respond as follows to the specific questions asked:

- 1. Is KP2 aware of any information concerning it that has not been announced to the market which, if known by some in the market, could explain the recent trading in its securities?**

No. The Company is not aware of any information concerning it that has not been announced, which, if known by some in the market, could explain the recent trading in its securities.

- 2. If the answer to question 1 is "yes":**

- (a) Is KP2 relying on Listing Rule 3.1A not to announce that information under Listing Rule 3.1?**
- (b) Can an announcement be made immediately?**
- (c) If an announcement cannot be made immediately, why not and when is it expected that an announcement will be made?**

The answer to question 1 is no – therefore not applicable.

- 3. If the answer to question 1 is "no", is there any other explanation that KP2 may have for the recent trading in its securities?**

The Company lodged its Quarterly Activities Report on 29 April 2024 re-confirming that PowerChina International Group Limited ("PowerChina") delivered the Engineering, Procurement and Construction ("EPC") proposal and draft EPC contract on 6 February 2024 (refer Announcement dated 9 February 2024). The Company also advised that Kore Potash and PowerChina commenced further detailed negotiation on the EPC proposal and draft EPC contract, and that the parties are targeting signing the full EPC documentation in Q2 2024 with the Company meeting PowerChina senior officials in Beijing in early May 2024. That meeting took place. The result of the meeting is that discussions are continuing with PowerChina but without any legal agreement having yet been reached.

The recent increase in price and volume as noted could be linked to the market expectation in finalizing the EPC proposal and contract. The Company confirms that no further or formal legal agreements have been entered into with work and negotiations on these matters continuing.

The Company is not aware of any other possible explanation for the recent trading in its securities.

In light of this, ASX asks KP2 to respond separately to each of the following questions and requests for information:

We require the request for a trading halt to be in writing. The trading halt cannot extend past the commencement of normal trading on the second day after the day on which it is granted.
