We are proud to serve industries which are critical both to sustain and improve our quality of life.

Aspermont
Information for Industry

For personal use only

Aspermont (ASX:ASP, FRA:00W) is the leading media services provider to the global resource industries.

Aspermont has built a commercial XaaS model for B2B media which distributes high value content to a growing audience. This versatile model is being scaled to serve new business sectors in new countries and languages to create recurring and exceptional long-term revenues.

Aspermont has also established a Client Services business which grows in correlation to the primary XaaS model. Diverse revenues from Events, Advertising, Lead Generation, and Marketing Agency have the capacity to multiply current revenue streams.

Aspermont is listed on the ASX, the Frankfurt Stock Exchange and quoted on other European exchanges. Aspermont has offices in the United Kingdom, Australia, Brazil, USA, Canada, the Philippines, and Singapore.

Revenue

Period Ended 31 st March	HY24	HY23	Change
Audience Revenue	\$4.9m	\$4.8m	+2%
Client Revenue	\$3.1m	\$4.6m	-33%
Total Revenue	\$8.0m	\$9.4m	-15%

Audience Revenue:

- ⑤ Subscriptions delivered only 2% growth impacted by :
 - Recent mergers and acquisitions consolidated several large corporate subscription accounts, resulting in personnel restructuring.
 - A temporary shortage in our subscriptions sales and marketing staff due to structural changes.

Client Revenue

- ⑤ Overall client revenue was 33% lower, due to a market shock in one customer segment, rescheduling of our live events, and the shutdown of legacy products.
 1. **Advertising revenue** had an \$0.8 million disruption.
The challenging capital-raising environment for junior mining exploration companies resulted in H1 advertising revenues being 41% lower.
 2. **Events revenue** of \$0.9 million was deferred from H1 to H2.
[Mining Journal Select London](#) was rescheduled to H2 and Future of Mining Sydney transitions to [Future of Mining Asia](#).
 3. **Product shutdowns** resulted in a \$0.3 million reduction in revenue.
Three small, low-revenue products were closed to reallocate operational capacity.

Client Services Revenue H1-24 vs H1-23 (AUD \$'m)

Total revenue:

- Overall revenue was down 15%, caused by cyclical, one-off, and transitional effects.
- Aspermont is realigning its operational capacity to support higher 'revenue quality' income streams.
- Revenues from subscriptions, marketing agency, and data services collectively increased by 2% year-over-year to \$5.4 million, and now contribute 70% of Aspermont's total revenue.
- Legacy advertising revenue was down 34% at \$2.1 million, and now contributes 27% of total revenue, down from a 65% share in FY16.

Aspermont has two separate business trajectories.

1. Long-term growth areas in Subscriptions, Marketing Agency Data Services
2. Long-term decline in Legacy Advertising

“Our subscriptions business is in strong long-term growth which is now augmented by rising revenues in Marketing Agency & Data Services. This more than compensates for the long-term decline of the legacy advertising business.”

Revenue Quality & Diversification

Revenue Quality (RQ) = recurring, resilient and high margin revenue

	Recurring	Market Resilience	Margin	RQ
Subscriptions	High	High	High	●
Data Services	Medium	High	High	●
Marketing Agency	Medium	Medium	Medium	●
Advertising	Low	Low	High	●
Events	Medium	Low	Medium	●
Research Grants	Low	High	Low	●

- 5 Aspermont has consistently built overall recurring revenue as it has reorganized the business divisions over the last few years.
- 5 Revenue diversification is an ideal hedge for the company as new income growth areas, such as data services and marketing agency offset the long-term decline in advertising.

Annual Recurring Revenue (ARR) (A \$'m)

Average Revenue Per Unit (ARPU) (A \$)

- 5 Subscriptions revenues now represent 62% of all Aspermont revenues.
- 5 Annual Recurring Revenues (ARR) and Average Revenue Per Unit (ARPU) have grown 7% and 22%, respectively, compared to H1-23.
- 5 Overall Subscriptions revenues have now compound grown 14% for the last eight years in a row and on margins that have scaled from 47% to 67%.
- 5 Aspermont has three key strategies to support subscriptions growth over the next few years:
 1. **Expand global coverage:** Employ more writers in more countries, cover more industry segments, and provide content in more languages to boost subscription volumes.
 2. **Deeper account penetration:** Increase the number of paid members for each corporate subscription to drive ARPU.
 3. **Develop new products and services:** Launch new products in data and intelligence to expand both the volume width and pricing depth of our subscription community.

"We intend to ensure subscriptions maintain a long-term organic growth trajectory."

Earnings

- 5 We prioritized a sustained investment in operational capacity and technological capability to deliver future growth resulting in normalized EBITDA losses at \$1.0m and \$0.6m respectively.
- 5 An increasing focus on profitability in H2 will rebalance the full year result and increase net cash reserves.
- 5 A full earnings reconciliation is provided in [appendix 1](#)

Business Performance

Guidance

Our guidance for FY24 had been for:

1

Revenue growth: Overall revenue growth with particular focus on achieving double-digit growth in subscriptions.

2

Improved revenue quality: Higher gross margins through a concerted effort to enhance the quality of our revenue streams.

3

Profitability: Growth in profitability across key measures, including EBITDA, NPAT, and operating cashflow.

4

Financial resilience: Maintain net cash balances at above \$4 million.

5

Innovation: Launch first-generation Data and Intelligence products to diversify our offerings and stay at the forefront of industry innovation.

Business Performance

In the fiscal year 2023, we introduced significant investment initiatives, bolstered our senior management teams and enhanced both operational capacity and technological leadership. Transitioning into fiscal year 2024, our primary aim is to capitalize on these advances, drive profitability and to achieve robust double-digit growth in subscription revenues. We prioritise revenue quality over volume, and maintain a commitment to product development, particularly in data and intelligence. This year is dedicated to reinforcing our organic growth foundation for the long term growth.

Certainly, the first half of fiscal year 2024 presented some demanding challenges. The death of our Chairman and founder, Andrew Kent, in September, was a significant emotional and commercial blow now being overcome. The liquidation of our Blu Horseshoe business venture at the end of Q1 was disappointing. Adverse cyclical conditions in mining finance have been worse than expected and some temporary staff shortages in our subscriptions team hampered our operational efficiency and growth momentum in H1.

Aspermont remains resilient, benefiting from eight years of restructuring to withstand shocks. Being debt-free with ample cash reserves, solid fundamentals, and an experienced management team accustomed to challenge, ideally positions Aspermont for sustained growth.

Looking beyond the headline figures, the first half of 2024 was a building phase as we focused on new product development and upgrading product quality. The successful [migration of all brands onto the new V5 platform](#) has led to improved audience development and engagement. Furthermore, enhancements to our content offerings, with the recruitment of new senior management talent in Editorial, Research, and Data, boosts the underlying value proposition of our brands. Our content production is improving at all levels with positive audience response to those improvements. These advances lay the foundation for sustained organic revenue growth and we expect to continue our 33 consecutive quarters, growth phase with increased subscriptions growth in the second half of the year. With new data and intelligence products set for launch in Q4 we expect to upscale our growth momentum going forward.

During the first half of this year, [we launched Nexus](#), our rebranded marketing agency, formalizing the success of our multi-year pilot program. We expect strong growth in Nexus, and continued momentum in Data Services, over the second half of the year.

Re Live Events, we anticipate a second successful year for [Future of Mining Perth](#) and are excited about the launch of [Future of Mining Asia](#) in partnership with the Singapore government and Singapore Stock Exchange, in September 2024. Our [partnership with Rick Rule](#), an esteemed shareholder, for our mining finance [Mining Journal Select London](#) in July, has attracted positive publicity while adding valuable knowledge capital.

Overall, we view the first half as a building period, and I am excited about new levels of innovation at Aspermont. Having great people on our board who support our strategy gives us confidence. In the second half we will focus on balancing profitability as we rebuild cash reserves, to support a management team driving our long-term growth.

Glossary

ABM	<p>Account based marketing (ABM) is a business marketing strategy that concentrates resources on a set of target accounts within a market. It uses personalized campaigns designed to engage each account, basing the marketing message on the specific attributes and needs of the account.</p> <p>Aspermont has successfully deployed ABM strategies in its CaaS business to develop multiple-member subscriptions. By increasing the number of members attached to a corporate subscription we can lift the price of that subscription – thus driving ARPU.</p>
ARR	<p>Annual Recurring Revenue (ARR) is a forward-looking indicator for revenue. ARR is the annualised total value of all subscription's contracts. Because subscription contracts are paid up front, but the service is then delivered over a 12 month basis, revenue recognition lags ARR shows the real value of all subscriptions at any point in time as is a perfectly correlated forward-proxy for subscriptions revenue.</p>
ARPU	<p>Average revenue per unit (ARPU) is an indicator of the profitability of a product based. ARPU is calculated as total ACV divided by the number of units, users, or subscribers.</p>
CaaS	<p>Content as a service (CaaS) is a service-oriented model, where the service provider delivers the content on demand to the service consumer via web services that are licensed under subscription. The content is hosted by the service provider centrally in the cloud and offered to a number of consumers that need the content delivered into any applications or system, hence content can be demanded by the consumers as and when required. All Aspermont's online news, editorial, research and opinion-based products make up its CaaS business.</p>
Intent Data	<p>B2B intent data provides insight into a web user's purchase intent; allowing our client to identify if and when a prospect is actively considering or looking to purchase their (or similar) products or solutions.</p>
Net Liquidity	<p>Net liquidity is measured as: cash equivalents + trade receivables - trade creditors and other payable. This metric give a truer indication of the firms net cash position than simply looking at current cash balances.</p>
NRR	<p>Net revenue retention (NRR) shows the percentage of earned revenue from existing customers and indicates business growth potential. Essentially if you generate more money from your existing accounts less your churn then you have a NRR > 100% and a very healthy subscriptions business. Having a high ACV, or ARR, growth rate alongside a NRR of more than 100% makes for a very attractive XaaS business model.</p>
Revenue Quality	<p>Revenue Quality (RQ) is what Aspermont's terms: high margin, recurring and market resilient revenue. Rather than just revenue volume, growing RQ has been Aspermont's main focus for the last few years and will continue to be so going forward.</p>
Solution selling	<p>Solution selling is a sales approach that focuses on your customers' needs and pain points and provides products and services that address the underlying business problems.</p>
Skywave	<p>Skywave is a new platform that Aspermont is building that will warehouse all our internal data, purchased data and behavioural data of our users, clients and partners. This is a key initiative that will transform Aspermont's capability in terms of monetising data and optimising its own processes.</p>
XaaS	<p>Anything as a service" (XaaS) describes a general category of services related to cloud computing and remote access. All Aspermont's digital services are delivered remotely and via the cloud.</p>

2. Significant accounting policies

Statement of compliance

These financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. The Group is a for-profit entity for the purposes of preparing the financial statements.

The financial report covers the consolidated group of Aspermont Limited and controlled entities. Separate financial statements of Aspermont Limited, as an individual entity, are no longer presented as a consequence of a change to the Corporations Act 2001.

The financial report of Aspermont Limited and controlled entities complies with all International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Basis of preparation

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected financial assets for which the fair value basis of accounting has been applied.

The accounting policies set out below have been consistently applied to all years presented, unless otherwise stated.

New Accounting Standards Issued but not yet Applied

Certain new accounting standards and interpretations have been published that are not mandatory for the 31 March 2024 reporting period.

Rounding of Amounts

The parent entity has applied the relief available to it under Legislative Instrument 2016/191 and accordingly, amounts in the financial statements have been rounded off to the nearest thousand dollars, unless otherwise stated.

2. Significant accounting policies *(continued)*

Going concern

The financial statements have been prepared on the basis that the entity is a going concern, which contemplates the continuity of normal business activity, realization of assets and settlement of liabilities in the normal course of business.

For the half year ended 31 March 2024 the entity recorded a loss before tax for the year of \$1.7m, a net cash outflow from operating activities of \$2.0m and net working capital deficit excluding deferred revenue of \$0.2m.

The Directors have reviewed the Company's overall position and believe the Company will have sufficient funds to meet the Company's commitments.

The financial statements have been prepared on the basis that the entity is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business for the following reasons:

1. The Directors have forecast the group to generate positive operating cash flows in the next 12 months through an increase in revenue in the digital, subscription and events revenue streams and/or
2. The Directors expect the Group to be successful in securing additional funds through debt or equity issues if the need arises.

Critical accounting estimates and judgments

The Directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group.

Additional estimates and judgements applied since the last reporting period include:

Key Estimates — Shared Based Payments

The Group in some instances has settled services received through issue of shares or share options. The costs of these transactions are measured by reference to the fair value at the date at which they are granted. Where options are issued, the fair value at grant date is determined using a combination of trinomial and monte carlo option pricing models which require estimated variable inputs. In particular, the expected share price volatility is estimated using the historic volatility (using the expected life of the option), adjusted for any expected changes to future volatility. Information relating to share based payments is set out in note 5. The cost is recognised together with a corresponding increase in equity over the period in which the performance conditions are fulfilled.

The Group received shareholder approval on 1 February 2018 for an Incentive Performance Rights Plan for issue to the Executive team. This Performance Rights Plan was readopted by shareholder approval on 2 March 2021. Valuation was undertaken in accordance with Accounting Standard AASB 2 ('Share Based Payments') and an independent expert was retained to determine fair value of Performance Rights which were based on market conditions. Details of the scheme are provided in note 5(b).

3. Trade and other receivables

Ordinary shares participate in dividends and the proceeds on winding up of the parent entity in proportion to the number of shares held. At shareholders' meetings, each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

Issued capital at 31 March 2024 amounted to \$11.5m (2,455,634,703 ordinary shares).

(a) Options

The establishment of the Executive Option Plan was approved by the directors in April 2000. The Executive Option Plan is designed to retain and attract skilled and experienced board members and executives and provide them with the motivation to make the Group successful. Participation in the plan is at the Board's discretion.

The exercise price of options issued will be not less than the greater of the minimum value set by the ASX Listing Rules and the weighted average closing sale price of the Company's shares on the ASX over the five days immediately preceding the day of the grant, plus a premium determined by the directors.

When shares are issued pursuant to the exercise of options, the shares will rank equally with all other ordinary shares of the Company.

No options were granted under the plan during the period.

The table below summaries options in issue for the Consolidated and parent entity:

	Balance at the start of the year Number	Granted during the year Number	Exercised during the year Number	Lapsed during the year Number	Balance at end of the year Number	Vested and exercisable at end of the year Number	Weighted Average Exercise Price

2023	583,577,323	-	-	(260,000,000)	323,577,323	323,577,323	3c

Of the above options all 323,577,323 expires on 30 September 2025.

(b) Employee performance rights

Under the executive long-term incentive plan, Performance Rights ("Rights") have been granted to executives and other senior management who will have an impact on the Group's performance. On satisfaction of any vesting conditions, each Right will convert to a share on a one-for-one basis.

The Company issued 4,716,986 Performance Rights during the reporting year to a director and employees pursuant to the Aspermont Performance Rights Plan ("The Plan").

The value and number of Performance Rights that have vested or were exercised during the year is included in the table below.

At 31 March 2024, the Company had the following unlisted Performance Rights in issue:

(b) Employee performance rights (continued)

The Plan was approved by the shareholders at the February 2018 annual general meeting. The scheme is designed to provide long-term incentives to the executive management team (including executive Directors) to deliver long-term shareholder returns. Under the Plan, participants are granted Performance Rights to receive ordinary shares which only vest if certain performance conditions are met. Participation in the Plan is at the Board's discretion and no individual has a contractual right to participate in the Plan or to receive any guaranteed benefits. The Board can amend vesting conditions on issued Performance Rights. Any change to vesting conditions which affects a related party requires shareholder approval.

Performance Rights have the following performance conditions:
Managing Director
1. FY18, FY19 and FY20:

- ⁽¹⁾ Fifty percent of grant vests if the Company's returns on equity over a three-year period are within 50-75% range of all companies in the S&P ASX 300.
- ⁽²⁾ Fifty percent of grant vests if the Company's total shareholder return (TSR) over a three-year period is within 50-75% range of all companies in the S&P ASX 300.

2. FY21, FY22 and FY23

- ⁽³⁾ Time based and will be eligible to vest from the third anniversary from the grant dates.

KMPs:

- ⁽³⁾ Time based and will be eligible to vest from the third anniversary from the grant dates.

Employees:

- ⁽³⁾ FY 24 - time based and will be eligible to vest from the third anniversary from the grant dates.
- ⁽⁴⁾ FY 18-22 - time based over a three year period, 33.3% of the total performance rights will vest per annum with the first tranche eligible for vest upon issue of the Performance Rights.

Once vested, the Performance Rights remain exercisable for a period of four years. Performance Rights Shares are granted under the Plan for no consideration and carry no voting rights during the vesting period. The Performance Rights have an implied service condition meaning the Directors and Employees must remain employed for the entire period.

Performance Rights issued in HY24 were valued for a total of \$50,000 being expensed over the vesting period, with \$1,389 to the Consolidated Income Statement for this reporting period. This is reflected in the share-based payment expense at 31 March 2024.

Fair values were determined as follows:

The fair value at grant date for Employee Performance Rights was based on the share market price on the date of grant on 12 February 2024.

6. Segment information *(continued)*

Reconciliation of reportable segment profit or loss:

Description of segments:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker has been identified as the Managing Director who makes strategic decisions.

In line with the ongoing development and strategy of the Group's trading business, the reporting segments have in the current reporting period has been amended within Publishing to separately show: media services - combination of the advertising and events, XaaS – media subscriptions and related services and data – mainly lead generation activity.

The segments derive revenue from the following products and services:

The Publishing segment derives subscription, advertising and sponsorship revenues from print and online publications as well as from running events and holding conferences in various locations across a number of trade sectors including the mining, agriculture, energy and technology sector. It also derives revenue from B2B lead generation activity it undertakes on behalf of clients utilising its contacts database.

As a result, prior year segment results which had events separately broken out now gets reported within media services and data revenue are now separately reported broken out from media services.

Segment revenue and expenses:

Segment revenue and expenses are accounted for separately and are directly attributable to the segments.

INDEPENDENT AUDITOR'S REPORT

ELDERTON

AUDIT PTY LTD

Independent Auditor's Review Report

To the members of Aspermont Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Aspermont Limited ("the Company") and its controlled entities ("the Group"), which comprises the consolidated condensed statement of financial position as at 31 March 2024, the consolidated condensed statement of financial performance, consolidated condensed statement of changes in equity and the consolidated condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the accompanying half-year financial report of Aspermont Limited does not comply with the *Corporations Act 2001* including:

- (i) giving a true and fair view of the Aspermont Limited 's financial position as at 31 March 2024 and of its financial performance for the half-year then ended; and
- (ii) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the ethical requirements of the *Corporations Act 2001* and the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 March 2024, and of its financial performance for the half-year ended on that date, and complying with Accounting Standards 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
