

**ASX ANNOUNCEMENT**  
**3 June 2024**

**ORGANISATIONAL CHANGES INCLUDING CEO RESIGNATION, COMPANY RESTRUCTURE & ADDITIONAL FUNDING**

Booktopia Group Limited (ASX: BKG) (the **Company** or **Booktopia**) previously advised the market, on 9 February 2024, that it was undertaking a strategic review of the business to explore available options to support the Company's return to improved earnings in response to the decline experienced in trading performance and the Company's associated funding requirements.

As part of this process, a comprehensive review of the Company's operating costs has been undertaken with the objective of addressing Booktopia's cost base given the Company's underlying trading performance. Following a consideration of available options, the Booktopia Board (**Board**) has elected to implement a significant number of changes to reduce its operating costs resulting in the following key outcomes for Booktopia:

- Mr David Nenke tendered his resignation this morning and ceased to be Booktopia's CEO with immediate effect. Mr Nenke will serve out his 6 month notice period and provide assistance to the Company as requested from time to time. The search for a new CEO will be undertaken in due course.
- In the interim, Booktopia Chairman, Mr Peter George, will assume the role of Executive Chairman and will take on full operational responsibilities for the next 6 months. Details of Mr George's employment arrangements for this role are set out in Schedule 2 and his remuneration includes the issue of nil priced options under the Company's existing Long Term Incentive Plan (**Plan**) exercisable into shares in the Company. The subsequent issue of shares on exercise of the options is subject to shareholder approval at Booktopia's next general meeting.
- Mr Tony Nash, also a Booktopia Director, will also assume an Executive Director Role and undertake duties as Sales Director for the next 6 months. Details of Mr Nash's employment arrangements with the Company are set out in Schedule 3 and his remuneration includes the issue of nil priced options under the Plan exercisable into shares in the Company. The subsequent issue of shares is likewise subject to shareholder approval at Booktopia's next general meeting.
- To assist the Company with its cashflows, and to indicate their support for the Company's restructure, each of the Directors have also agreed to have their fees paid to them by the Company issuing nil priced options under the Plan exercisable into shares in the Company, commencing on 1 June 2024 for a period of six (6) months. Details of the Directors' remuneration arrangements with the Company are set out in Schedule 4. The issue of shares is subject to shareholder approval at Booktopia's next general meeting.

- The organisation is proposed to be substantially restructured with at least 50 roles considered for redundancy across a number of departments in the Company's corporate headquarters in Rhodes, Sydney. This organisational restructure would result in \$6.1m annualised cost savings, which would be realised in FY25 and assist with the Company successfully completing a restructure.
- To support the implementation of the restructuring, Booktopia has secured \$1.0 million in funding to assist in the payment of redundancy related costs through a revolving debt facility with AFSG Capital Pty Ltd (**AFSG**) (**Facility**). Certain key commercial details of the Facility are set out in Schedule 1.

Under the Facility, the Company will pay an arrangement fee of \$400,000 plus GST by way of an issue of 7,333,333 shares to Tony Nash Enterprises Pty Ltd as trustee for the AL Nash Family Trust in consideration of collateral which Mr Nash has provided to AFSG to support the Facility. This issue of shares is subject to approval by shareholders at the next Booktopia general meeting. If shareholder approval is not obtained then the arrangement fee is to be paid in cash to AFSG within 30 days of that meeting and the Company must repay all outstanding loans under the Facility within 40 days.

Under the Facility, the Company will also pay an establishment fee of \$200,000 plus GST by way of an issue of 3,666,667 shares to LA&MDP Pty Ltd as trustee for the Paton Family Trust (being a related entity of AFSG nominated by it under the Facility to receive the establishment fee) on or before drawdown of the initial loan. The issue of these shares is not subject to shareholder approval.

Consent from the Company's existing secured lender Moneytech is being sought for the provision of certain financial assistance provided in support of the Facility and also in relation to its financial reporting covenants.

On the restructure, Mr George said: "The sustained volatility of the economic climate, in addition to changing consumer spending behaviours, have continued to contribute to business results that have been below our expectations. The Board remains committed to building a profitable and sustainable business in the short and long-term and as such, we have regrettably had to make the very difficult decision to make a large reduction in headcount and will commence the necessary consultation with our staff. This will assist in resetting the Company's cost base to become more commercially viable and improve its prospects as it moves forward."

"We recognise we will be losing many talented staff in this process and would like to express a sincere thank you to those affected, for all of the hard work and commitment they have put into the Company."

On Mr Nenke's tenure, Mr George thanked him for his dedication and tenacity in leading the team through a particularly challenging transitional period for the business.

A number of key strategic focuses have been implemented to improve conversion rates to support increased revenue. This includes focusing on core elements of the website experience, which will make it easier for customers to make purchases, with emphasis on development of a guest checkout feature as well as further optimisations to improve website speed on mobile and desktop, improving the book buying experience.

With this decline in revenue and with the organisational restructure about to be implemented, the Company is no longer in a position to provide guidance and withdraws the guidance provided to the market in its announcement made on 9 February 2024. Further detail on revenue and earnings will be shared when the Company publishes its full-year accounts in August.
