Generation Development Group Limited to acquire the remaining 61.9% of Lonsec's fully diluted share capital for \$197.4m, to be funded by a Conditional Placement of \$49.2m to Lonsec shareholders and an Equity Raising of approximately \$155.4m

- Generation Development Group Limited (ASX:GDG) ('**GDG**') has entered into a binding agreement to acquire the remaining 61.9%¹ of Lonsec Holdings Pty Ltd's ('**Lonsec**') fully diluted share capital not already owned by GDG for \$197.4m up-front consideration ('**Acquisition**')
- Following GDG's highly successful investment in Lonsec in 2020, a move to 100% ownership provides an opportunity for GDG to take full control of a familiar asset with further expected significant growth upside
- GDG intends to raise approximately \$155.4m through a fully underwritten Institutional Placement and Accelerated Non-Renounceable Entitlement Offer ('**Equity Raising**')
- Proceeds of the Equity Raising will be used to fund the Acquisition plus associated transaction costs
- Remaining up-front consideration will be funded through a Conditional Placement to Lonsec shareholders who have elected to receive scrip in GDG in exchange for their equity in Lonsec
- Lonsec is well known to GDG through its existing investment, with strong knowledge of its operations and management team, having made the initial investment in 2020
- Lonsec has performed well since the initial investment, has been a strong contributor to GDG performance, and is expected to have a strong future growth outlook supported by regulatory tailwinds
- Increases scope for GDG to further capitalise on growth opportunity in managed accounts, a high growth market which has seen major structural change in recent years (market size growth of 25.7% p.a. to \$195b between 2018 and 2023, forecast to maintain ~17% growth CAGR to 2028)²
- Equity Raising is expected to significantly broaden GDG's share register and increase institutional representation and interest, supporting a higher free float and potential for improved liquidity
- The acquisition of Lonsec is expected to be high single digit to low double-digit EPS accretive in FY25 on a full-year pro forma basis³

Commenting on the transaction, Generation Life Chief Executive Officer Grant Hackett OAM said, "I am excited to announce today that Generation Development Group is embarking on a significant step in progressing its growth strategy through the acquisition of the residual equity interests in Lonsec".

"We have entered into binding agreement to acquire the remaining 61.9% interest in Lonsec, a market leading qualitative investment and fund research and ratings provider with a very high quality client base. Lonsec is well known and respected in the financial services sector, with its clients comprising a significant proportion of Australia's leading fund managers, superannuation funds, advisory groups and wealth platforms. This acquisition of Lonsec will provide GDG with full ownership of a highly strategic asset in an attractive segment of the wealth management sector. We believe that Lonsec is

well positioned for future growth supported by strong industry and regulatory tailwinds and is expected to provide access to resilient recurring revenue streams from its core research offering. The Lonsec acquisition is expected to be immediately accretive to our earnings.”

⁴ TERP is the theoretical price at which GDG shares should trade immediately after the ex-date of the Conditional Placement, Entitlement Offer and Institutional Placement, and is calculated based on the Entitlement Offer of \$93.4 million, Institutional Placement of \$62.0 million, and Conditional Placement of \$49.2 million. TERP is a theoretical calculation only and the actual price at which GDG shares will trade on the ASX immediately after the ex-date for the Entitlement Offer will depend on many factors and may not be equal to the TERP. TERP is calculated by reference to the closing price of GDG shares as traded on the ASX on the last trading day prior to the announcement of the Entitlement Offer of \$1.95.

institutional shareholders, will be sold through an institutional shortfall bookbuild at the Offer Price from 3 June to 4 June 2024.

Eligible retail shareholders in Australia and New Zealand will be invited to participate in the Retail Entitlement Offer at the same Offer Price and offer ratio as the Institutional Entitlement Offer. The Retail Entitlement Offer will open on Friday 7 June 2024 and close at 5.00pm (Sydney time) on Friday 21 June 2024.

The Retail Entitlement Offer will include a top-up facility under which eligible retail shareholders who take up their full Entitlement may apply for additional shares in the Retail Entitlement Offer (subject to a cap of 100% of their Entitlements) from a pool of shares not taken up by other eligible retail shareholders. There is no guarantee that applicants under this top-up facility will receive all or any of the New Shares they apply for under the top-up facility. Further details on the allocation of New Shares under the top-up facility will be set out in the Retail Offer Booklet.

GDG will notify retail shareholders as to whether they are eligible to participate in the Retail Entitlement Offer. Eligible retail shareholders will be sent, on or about Friday 7 June 2024, the Retail Offer Booklet, including a personalised entitlement and acceptance form, which will provide further details of how to participate in the Retail Entitlement Offer. An extension of the closing date for acceptances under the Retail Entitlement Offer will delay the anticipated date for

issue of the New Shares. The board of directors of GDG also reserve the right not to proceed with the whole or part of the Entitlement Offer any time before the allotment and issue of the New Shares. In that event, the relevant application monies (without interest) will be returned in full to applicants.

Update on PDF status

- GDG has applied to have its Pooled Development Fund (**PDF**) registration revoked. This revocation is a condition to completion of the Acquisition under the SOSA, as a PDF cannot acquire 'preowned' shares without regulatory approvals
- GDG has outgrown its PDF status and it is difficult for GDG to continue to maintain its PDF status regardless of the Acquisition having regard to various PDF restrictions. This revocation will allow GDG to continue to invest and support the growth of its subsidiary companies as well as remove limitations on GDG's ability to grow by acquisition
- GDG's operational activities and other regulatory licences are not impacted by this revocation. GDG will cease to be entitled to a concessional tax rate on its income and gains with effect from the start of the current financial year. GDG shareholders will from the time its PDF registration is revoked be subject to the usual dividend rules for taxation purposes and any previous PDF dividend tax concessions will no longer be available. GDG shareholders will be taken to have acquired shares in GDG for capital gains tax purposes at the time of revocation. Any subsequent disposal by shareholders of their GDG shares will have potential taxation consequences having regard to this cost base.⁵

Trading update and outlook

- Record sales momentum to be maintained. After a record third quarter, and with the current sales pipeline, we believe the record sales result will continue into the end of the financial year. Continue to build sales momentum and capitalise on recent MetLife strategic relationship
- Continue to innovate our investment bond offering and tax optimised options on GDG's investment menu

Focus on supporting Lonsec's existing Accelerated Growth Plan and developing next phase of GDG growth with consolidated Lonsec ownership
