We are particularly optimistic about the potential uplift in sales value from the introduction of our 150g into 90% more stores. This SKU is our most profitable and bestselling product globally and is driving eCommerce growth in Australia and the USA.

“To support the expanded ranging the company will be running a pilot, Out-of-Home advertising campaign focussed on Coles’ supermarkets in New South Wales from late August through September. The campaign will increase awareness of the products available in Coles as well as highlight in store location and the weekly specials across the range.”

Targeted Out of Home Advertising will be piloted in NSW to support the expanded ranging

The Calmer Co. range of kava products are sold nationally in Coles except for the Northern Territory and stores north of Perth in Western Australia and north of Rockhampton in Queensland.
