Q4 FY24 Highlights

Successful completion in July of our share placement and priority offer raising \$7.1m¹ (gross)

Strategic focus on the development of high value plant-protein ingredients at our German facility

Completion of the sale and divestment of Dirty Clean Food

Successful adaptation of our technology to produce enhanced pea and faba protein isolates

Continued to build sales pipeline with attendance at IFT Chicago 2024

Successfully integrated lupin protein into third-party products on sale globally

Strategic Refocus Towards Germany

- ✎ The German facility, located close to European food and ingredient companies was acquired in October 2023 along with a highly experienced European team. The facility is capable of producing up to 500tpa of protein isolate.
- ✎ Commercial manufacturing of WOA's lupin protein isolate has already begun, with the facility also capable of producing other plant protein isolates.
- ✎ The manufacturing facility allows WOA to focus on the manufacture and sale of higher value protein isolate products, which can accelerate our path to future profitability.
- ✎ The 1,700 sqm facility is IFS (International Featured Standard) Progress Food certified. This internationally recognised certification relates to food safety and product quality processes and assists in meeting customer requirements.
- ✎ The German facility provides a commercial scale manufacturing facility enabling us to execute immediately on sales opportunities, whilst also continuing to develop our large-scale sales pipeline.
