The purpose of this Explanatory Statement is to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions in the Notice of Meeting.

If you are in any doubt about what to do in relation to the Resolutions contemplated in the Notice of Meeting and this Explanatory Statement, it is recommended that you seek advice from an accountant, solicitor or other professional advisor.

Full details of the business to be considered at the General Meeting are set out below.

Resolutions

1. Resolutions 1 and 2 – Ratification of Prior Issue of Placement Shares under ASX Listing Rule 7.1 (Resolution 1) and ASX Listing Rule 7.1A (Resolution 2)

1.1 Background to the Placement

On 29 January 2024 the Company announced a placement of 592,975,206 Shares ("Placement Shares") to Capricorn Society Ltd ("Capricorn") raising \$7.175 million ("Placement").

Capricorn is a member-based organisation established in 1974 to primarily support businesses in the automotive industry. Its current network consists of over 26,000 Members and more than 2,000 preferred Suppliers in every State and Territory in Australia and New Zealand. Capricorn's Members purchase ~\$270 million per month in parts from the approved Supplier network.

In December 2023, Spenda announced a 10-year Master Services and License Agreement (MSLA) with Capricorn for the provision of software and ecommerce payments infrastructure, following the successful completion of the Foundation Stage of the Digital Services Delivery ("DSD") initiative.

Capricorn undertook an extensive due diligence process for the Placement and this cornerstone investment reflected their confidence in Spenda's unique payments software and the Company's earnings potential over time.

The Company issued the Placement Shares at an issue price of \$0.0121 per Share representing 13.75% of the Company's issued share capital upon completion of the Placement. The issue price of \$0.0121 represented a discount of approximately 9.97% to the 15-day VWAP and a discount of approximately 7.7% to the 30-day VWAP prior to the date of the announcement of the Placement (29 January 2024). The Placement Shares were issued without prior shareholder approval, utilising all the Company's 10% placement capacity and part of the Company's 15% placement capacity, namely 371,018,745 Placement Shares under its 10% placement capacity and 221,956,461 Placement Shares under its 15% placement capacity.

There was no broker or lead manager to the placement and no capital raising fees were incurred.

Resolution 1 seeks the approval of Shareholders to ratify the issue of 221,956,461 Placement Shares issued pursuant to Listing Rule 7.1 for the purpose of ASX Listing Rule 7.4 and all other purposes.

Resolution 2 seeks the approval of Shareholders to ratify the issue of 371,018,745 Placement Shares issued pursuant to Listing Rule 7.1A for the purpose of ASX Listing Rule 7.4 and all other purposes.

1.2 Listing Rules 7.1, 7.1A and 7.4

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Under Listing Rule 7.1A however, an eligible entity can seek approval from its members, by way of special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%. At the Company's Annual General Meeting held on 3 November 2023 the Company sought and obtained approval of its Shareholders under ASX Listing Rule 7.1A to increase this 15% limit by an extra 10% to 25%.

The issue of the Placement Shares does not fit within any of the exceptions to Listing Rules 7.1 and, as it has not yet been approved by Shareholders, effectively uses up the Company's placement capacities under Listing Rules 7.1 and 7.1A. This reduces the Company's capacity to issue further Equity Securities without Shareholder approval under Listing Rules 7.1 and 7.1A for the 12-month period following the issue of the Placement Shares.

Listing Rule 7.4 provides that where a company in a general meeting ratifies the previous issue of securities made pursuant to Listing Rules 7.1 or 7.1A (and provided that the previous issue did not breach Listing Rules 7.1 or 7.1A), those Equity Securities will be deemed to have been made with shareholder approval for the purpose of Listing Rules 7.1 or 7.1A.

The effect of Shareholders passing Resolutions 1 and 2 will be to allow the Company to retain the flexibility to issue Equity Securities in the future up to the 15% and 10% placement capacity set out in Listing Rules 7.1 and 7.1A respectively without the requirement to obtain prior Shareholder approval.

If Resolution 1 is passed, 221,956,461 Placement Shares will be excluded in calculating the Company's 15% limit in Listing Rule 7.1, effectively increasing the number of Equity Securities it can issue without Shareholder approval over the 12-month period following the issue date.

If Resolution 1 is not passed, 221,956,461 Placement Shares will continue to be included in the Company's 15% limit under Listing Rule 7.1, effectively decreasing the number of Equity Securities the Company can issue or agree to issue without obtaining prior Shareholder approval, to the extent of 221,956,461 Equity Securities for the 12-month period following the issue of those Placement Shares.

If Resolution 2 is passed, 371,018,745 Placement Shares will be excluded in calculating the Company's 10% limit in Listing Rule 7.1A, effectively increasing the number of Equity Securities it can issue without Shareholder approval over the 12-month period following the issue date.

If Resolution 2 is not passed, 371,018,745 Placement Shares will continue to be included in the Company's 10% limit under Listing Rule 7.1A, effectively decreasing the number of Equity Securities the Company can issue or agree to issue without obtaining prior Shareholder approval, to the extent of 371,018,745 Equity Securities for the 12-month period following the issue of those Placement Shares.

The Company confirms that Listing Rule 7.1 or 7.1A was not breached at the time the Placement Shares were issued.

1.3 Specific information required by Listing Rule 7.5

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided in relation to the ratification of the issue of the Placement Shares:

- The Placement Shares were issued to Capricorn Society Ltd whom was not a related party of the Company or a Material Investor at the time of agreement to issue the Placement Shares. Following the issue of the Placement Shares Capricorn became a substantial shareholder of the Company holding 14.43% of the Company's share capital.
- A total of 221,956,461 Placement Shares were issued using the Company's available placement capacity under Listing Rule 7.1 (Resolution 1). A total of 371,018,745 Placement Shares were issued using the Company's available placement capacity under Listing Rule 7.1A (Resolution 2).
- The Placement Shares are fully paid and rank equally in all respects with the Company's existing Shares on issue.
- The Placement Shares were issued on 31 January 2024 at an issue price of \$0.0121 each.
- The proceeds from the issue of the Placement Shares have been or are intended to be used towards investment in product development and general working capital.

1.4 Additional information

Resolution 1 and Resolution 2 are ordinary resolutions.

The Board recommends that Shareholders vote in favour of Resolutions 1 and 2.

2. Resolution 3 – Approval of Issue of 4,500,000 Shares and 52,265,625 Options to Adrian Floate, Director of the Company

2.1. Background

The Company proposes to issue 4,500,000 Shares and 52,265,625 Options to the Company's Managing Director, Adrian Floate, and/or his nominees. The Options will be exercisable at \$0.0175 (1.75 cents) per Option expire 30 September 2027.

As part of Mr. Floate's incentive-based remuneration for the prior and current financial year, it is proposed that Mr. Floate be issued 4,500,000 Shares and 52,265,625 Options, the Options will be exercisable at \$0.0175 per Option and expire 30 September 2027. The exercise price for the 52,265,625 Options of \$0.0175 is a 94.44% premium to the current market price at the time of preparing this Notice (\$0.009 as at 9 August 2024). For Mr. Floate to receive any benefit from the exercise of these Options, the Company's share price (\$0.009 as at 9 August 2024) must increase by more than 99.44%.

The issue of options and/or shares to directors and executives as a form of incentive-based remuneration is common practice in listed companies and further encourages and rewards efforts by directors and executives to improve the performance of the company to the commercial benefit of all shareholders. It further aligns with interests of the executive/director with shareholders and allows the Company to remunerate, attract and retain experienced and qualified executives and directors in a competitive labour market.

The Shares and Options are intended to provide remuneration that is linked to the performance of the Company in the future. The benefit would only be received from the Options upon the Share price exceeding the exercise price of the Options and thereby warranting their exercise before they are lapsed.

Under the Company's current circumstances, the Board (with Mr. Floate abstaining) consider that the incentive-based remuneration noted above, represented by the issue of the 4,500,000 Shares

and 52,265,625 Options, is a cost effective and efficient reward and incentive to provide, as opposed to the payment of cash compensation only.

In addition, the Options may provide the Company with additional funding (if the Options are exercised).

Accordingly, this Resolution seeks the required Shareholder approval to issue 4,500,000 Shares and 52,265,625 Options to Adrian Floate and/or his nominee under and for the purposes of ASX Listing Rule 10.11.

2.2. Listing Rule 10.11

ASX Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, the Company, as a listed company, must not issue equity securities to persons in a position of influence without Shareholder approval.

A person in a position of influence for the purposes of Listing Rule 10.11 includes:

- (a) a related party;
- (b) a person who is, or was at any time in the 6 months before the issue of agreement, a substantial (30%+) holder in the Company;
- (c) a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the Company and who has nominated a director to the board of the Company pursuant to a relevant agreement which gives them a right or expectation to do so;
- (d) an Associate of a person referred to in (a) to (c) above; and
- (e) a person whose relationship with the Company or a person referred to in (a) to (d) above is such that, in the ASX's opinion, the issue or agreement should be approved by Shareholders.

As Adrian Floate is a Director, he is a person in a position of influence for the purposes of Listing Rule 10.11. The proposed issue does not fall within any of the exceptions in Listing Rule 10.12, and therefore requires the approval of Shareholders under Listing Rule 10.11.

To this end, this Resolution seeks the required Shareholder approval to issue 4,500,000 Shares and 52,265,625 Options to Adrian Floate under and for the purposes of Listing Rule 10.11.

If approval is obtained under Listing Rule 10.11, in accordance with Listing Rule 7.2 (exception 14), separate approval is not required under Listing Rule 7.1. Accordingly, the issue of the 4,500,000 Shares and 52,265,625 Options the subject of this Resolution will not be included in the 15% calculation of the Company's annual placement capacity pursuant to Listing Rule 7.1.

2.3. information required by ASX Listing Rule 14.1A

If this Resolution is passed, the Company will be able to proceed with the proposed issue of Shares and Options to Mr. Floate.

If this Resolution is not passed, the Company will not be able to proceed with the proposed issue of the Options and Shares to Mr. Floate and will then be required to renegotiate with Mr. Floate such other reasonable remuneration as may be applicable in substitution of these Options and Shares, which may include the payment of additional cash amounts, reducing the Company's cash reserves.

2.4. Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits the Company from giving a financial benefit to a related party of the Company unless either:

- (a) the giving of the financial benefit falls within one of the exceptions to the provisions; or
- (b) Shareholder approval is obtained prior to the giving of the financial benefit.

The proposed issue of 4,500,000 Shares and 52,265,625 Options (which is a type of equity security, for the purposes of Chapter 2E of the Corporations Act) constitutes the giving of a financial benefit.

A “related party” for the purposes of the Corporations Act and the Listing Rules is widely defined and includes a director of a public company, a spouse of a director of a public company or an entity controlled by a director of a public company. The definition of “related party” also includes a person whom there is reasonable grounds to believe will become a “related party” of a public company.

The Board (other than Adrian Floate who has a material personal interest in the Resolution) carefully considered the issue of these 4,500,000 Shares and 52,265,625 Options and formed the view that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of the Shares and Options to Adrian Floate and/or his nominee because they form part of Mr. Floate’s remuneration as an executive and officer of the Company and the remuneration is reasonable given Mr. Floate’s circumstances and the circumstances of the Company.

Accordingly, approval will not be sought under Chapter 2E for the issue of the 4,500,000 Shares and 52,265,625 Options to Adrian Floate as the issue of the securities constitute ‘reasonable remuneration’ in accordance with section 211 of the Corporations Act.

2.5. Information required by ASX Listing Rule 10.13

The following information in relation to the issue of the 4,500,000 Shares and 52,265,625 Options to Adrian Floate is provided to Shareholders for the purposes of ASX Listing Rule 10.13:

- (a) The allottee is Adrian Floate or his nominee.
- (b) Adrian Floate falls under Listing Rule 10.11.1 as a related party because he is a Director.
- (c) The maximum number of securities to be issued to Mr. Floate is 4,500,000 Shares and 52,265,625 Options.
- (d) Each Option will entitle the holder to subscribe for one Share. Options will be exercisable \$0.0175 per Option and expire 30 September 2027. The 52,265,625 Options will be unlisted and otherwise be issued on the terms and conditions set out in 'Annexure A' of this Notice.
The 4,500,000 Shares are ordinary fully paid shares in the capital of the Company and will rank equally in all respects with the Company’s existing Shares (ASX:SPX).
- (e) The securities the subject of this Resolution will be issued within 1 month from the date of the Meeting.
- (f) The 4,500,000 Shares and 52,265,625 Options will be offered for nil cash consideration.
- (g) The estimated value of the Shares and Options (Options value based on the Black Scholes methodology) as at 9 August 2024 is set out in the below table:

Security	Quantity	Value per security	Total value
Shares	4,500,000	\$0.009	\$40,500
Options with an exercise price of \$0.0175 each	52,265,625	\$0.0049	\$256,101
Total			\$296,601

Funds will not be raised from the issue of Shares and Options as the issue is proposed to be made for nil cash consideration. Should the Options be exercised up to \$914,648 will be raised, funds raised may be used by the Company for working capital and product development, however, the use of funds will depend on the circumstances of the Company at the time of exercise and will be determined at such time by the Board.

A summary of Mr. Floate remuneration for the 2022 financial year and 2023 financial year is set out on pages 28 and 29 of the Company's 2023 Annual Report. His current remuneration base salary per year is \$375,000 plus superannuation. In addition, short-term and long-term incentive-based remuneration that includes cash and equity components (including the securities the subject of this Resolution) will be determined by the Board. Any equity-based remuneration is subject to Shareholder approval.

2.6. Directors' recommendation

The Directors (Adrian Floate abstaining) recommend that Shareholders vote in favour of this Resolution.

3. Resolution 4 – Approval of Issue of Options to, Andrew Kearnan, Director of the Company

3.1 Background

The Company proposes to issue 10,000,000 Options to Non-Executive Director, Andrew Kearnan, and/or his nominee (**AK Options**). The 10,000,000 Options will be exercisable at \$0.0175 per Option and expire 15 June 2027 and will be issued (subject to shareholder approval) as a form of incentive-based remuneration.

The issue of options to directors as a form of incentive-based remuneration is common practice in listed companies and further encourages and rewards efforts by directors and executives to improve the performance of the company to the commercial benefit of all shareholders. It further aligns with interests of the director with shareholders and allows the Company to remunerate, attract and retain experienced and qualified directors in a competitive labour market.

The AK Options are intended to provide remuneration that is linked to the performance of the Company in the future. The benefit would only be received from the Options upon the Share price exceeding the exercise price of the Options and thereby warranting their exercise before they are lapsed.

The exercise price for the AK Options of \$0.0175 is a 94.44% premium to the current market price at the time of preparing the Notice (\$0.009 as at 9 August 2024). For Mr. Kearnan to receive any benefit from the exercise of these AK Options, the Company's share price (\$0.009 as at 9 August 2024) must increase by at least 94.44%.

Under the Company's current circumstances, the Board (with Mr. Kearnan abstaining) consider that the incentive-based remuneration noted above, represented by the issue of the AK Options, is a cost effective and efficient form of remuneration and incentive to provide, as opposed to the payment of cash compensation only.

In addition, the Options may provide the Company with additional funding (if the Options are exercised).

Accordingly, this Resolution seeks the required Shareholder approval to issue 10,000,000 Options to Andrew Kearnan and/or his nominee under and for the purposes of ASX Listing Rule 10.11.

3.2 Listing Rule 10.11

ASX Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, the Company, as a listed company, must not issue equity securities to persons in a position of influence without Shareholder approval.

A person in a position of influence for the purposes of Listing Rule 10.11 includes:

- a related party;
- a person who is, or was at any time in the 6 months before the issue of agreement, a substantial (30%+) holder in the Company;
- a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the Company and who has nominated a director to the board of the Company pursuant to a relevant agreement which gives them a right or expectation to do so;
- an Associate of a person referred to in (a) to (c) above; and
- a person whose relationship with the Company or a person referred to in (a) to (d) above is such that, in the ASX's opinion, the issue or agreement should be approved by Shareholders.

As Andrew Kearnan is a Director, he is a person in a position of influence for the purposes of Listing Rule 10.11. The proposed issue does not fall within any of the exceptions in Listing Rule 10.12, and therefore requires the approval of Shareholders under Listing Rule 10.11.

To this end, this Resolution seeks the required Shareholder approval to issue the AK Options to Andrew Kearnan under and for the purposes of Listing Rule 10.11.

If approval is obtained under Listing Rule 10.11, in accordance with Listing Rule 7.2 (exception 14), separate approval is not required under Listing Rule 7.1. Accordingly, the issue of the 10,000,000 Options the subject of this Resolution will not be included in the 15% calculation of the Company's annual placement capacity pursuant to Listing Rule 7.1.

3.3 Information required by ASX Listing Rule 14.1A

If this Resolution is passed, the Company will be able to proceed with the proposed issue of AK Options to Andrew Kearnan.

If this Resolution is not passed, the Company will not be able to proceed with the proposed issue of the Options to Mr. Kearnan and will then be required to renegotiate with Mr. Kearnan such other reasonable remuneration as may be applicable in substitution of these Options.

3.4 Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits the Company from giving a financial benefit to a related party of the Company unless either:

- the giving of the financial benefit falls within one of the exceptions to the provisions; or
- Shareholder approval is obtained prior to the giving of the financial benefit.

The proposed issue of Options (which is a type of equity security, for the purposes of Chapter 2E of the Corporations Act) constitutes the giving of a financial benefit.

A “related party” for the purposes of the Corporations Act and the Listing Rules is widely defined and includes a director of a public company, a spouse of a director of a public company or an entity controlled by a director of a public company. The definition of “related party” also includes a person whom there is reasonable grounds to believe will become a “related party” of a public company.

The Board (other than Andrew Kearnan who has a material personal interest in the Resolution) carefully considered the issue of the AK Options and formed the view that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of AK Options to Andrew Kearnan and/or his nominee because they form part of Mr. Kearnan’s remuneration as an officer of the Company and the remuneration is reasonable given Mr. Kearnan’s circumstances and the circumstances of the Company.

Accordingly, approval will not be sought under Chapter 2E for the issue of the 10,000,000 Options to Andrew Kearnan as the issue of the securities constitute ‘reasonable remuneration’ in accordance with section 211 of the Corporations Act.

3.5 Information required by ASX Listing Rule 10.13

The following information in relation to the issue of the AK Options to Andrew Kearnan is provided to Shareholders for the purposes of ASX Listing Rule 10.13:

- a) The allottee is Andrew Kearnan or his nominee.
- b) Andrew Kearnan falls under Listing Rule 10.11.1 as a related party because he is a Director.
- c) The maximum number of securities to be issued to Mr. Kearnan is 10,000,000 Options.
- d) Each Option will entitle the holder to subscribe for one Share. The Options will be exercisable at \$0.0175 per Option and expire 15 June 2027.
- e) The AK Options will be unlisted, expire 15 June 2027, and will otherwise be issued on the terms and conditions set out in 'Annexure A' of this Notice.
- f) The AK Options the subject of this Resolution will be issued within 1 month from the date of the Meeting.
- g) The estimated value of the AK Options (Options value based on the Black Scholes methodology) as at 9 August 2024 set out in the below table:

Security	Quantity	Value per security	Total value
Options with an exercise price of \$0.0175 each	10,000,000	\$0.0048	\$48,000

Funds will not be raised from the issue of Options as the issue is proposed to be made for nil cash consideration. Should the Options be exercised up to \$175,000 will be raised, funds raised may be used by the Company for working capital and product development, however, the use of funds will depend on the circumstances of the Company at the time of exercise and will be determined at such time by the Board.

Mr Kearnan was appointed a director on 29 May 2024. His current remuneration base salary for the year is \$60,000 plus superannuation. In addition, incentive-based remuneration that includes equity components (which are the securities the subject of this Resolution) will be determined by the Board from time to time. Any equity-based remuneration is subject to Shareholder approval.

3.6 Directors' recommendation

The Directors (Andrew Kearnan abstaining) recommend that Shareholders vote in favour of this Resolution.

4. Resolution 5 – Approval of Issue of Initial Consideration Shares for the Acquisition of Limepay Pty Ltd

4.1 Background

The Company has entered into a binding but conditional agreement (**Binding Agreement**) to acquire the 100% issued share capital in an Australian private company (**Sale Shares**), Limepay Pty Ltd (**Limepay**), a payment processing and embedded finance service provider (**Transaction**).

Under the Binding Agreement, the Company agreed to pay, issue or grant the vendors of Limepay or their nominee(s) (in proportion with their respective holdings of the Sale Shares as at the date of this Notice) the following consideration:

Initial Consideration Shares:

Spenda will pay \$2.48m through the issue of 204,958,678 Shares at an issue price of \$0.0121 upon acquisition completion. Acquisition completion is expected to occur in September 2024;

Deferred Consideration Shares:

Tranche 2 Deferred Consideration Shares: Spenda will pay up to \$0.72m through the issue of up to 59,504,132 Shares at an issue price of \$0.0121, upon Limepay receiving its FY24 R&D refund of circa \$0.72m which is expected by December 2024;

Tranche 3 Deferred Consideration Shares: Spenda will pay \$2.4m, through the issue of Shares at an issue price of the greater of \$0.0175 or a 10% discount to the 90-day VWAP of Shares, upon Limepay achieving 3-month revenue of at least \$1.2 million in any consecutive 3 month period within 1 year from the date of acquisition; and

Tranche 4 Deferred Consideration Shares: Spenda will pay \$2.4m, through the issue of Shares at an issue price of the greater of \$0.0225 or a 10% discount to the 90-day VWAP of Shares, upon Limepay achieving 3-month revenue of at least \$1.8 million in any consecutive 3 month period within 2 years from the date of acquisition.

The achievement of the Tranche 3 Milestone will be verified by the Company's auditor prior to the issue of Tranche 3 Deferred Consideration Shares. The achievement of the Tranche 4 Milestone will be verified by the Company's auditor prior to the issue of Tranche 4 Deferred Consideration Shares. For the purposes of calculating Tranche 3 and Tranche 4 Milestones, one-off extraordinary revenue items, revenue received in the form of government grants, allowances, rebates or other hand-outs or revenue that has been manufactured to achieve the performance milestone will be excluded.

In the event Limepay does not maintain a positive working capital balance at the date of acquisition completion, the Company may at its absolute discretion elect to adjust the Tranche 2 consideration payable to the Vendors according to the following calculation:

$(\$720,000 - \text{WCD}) / \$0.0121 = \text{No. Spenda Shares}$
(Where WCD = working capital deficit)

Overview of Limepay

Limepay, established in 2019, is trusted by over 200 businesses to provide payment process and embedded finance services. Limepay provides a robust and scalable cloud-based platform comprising a portfolio of software tools to enable corporates and financial institutions to provide white-labeled embedded finance solutions to their customers. These include a suite of leading payment technologies to fuel business growth, encompassing payment acceptance, instalment options, lending, working capital, marketplace solutions and SaaS offerings.

Limepay's technology has been developed in-house, with all Intellectual Property (IP) and copyright over the platform. The team of eight experienced fintech developers have extensive experience in the payments technology space, providing a valuable upskilled resource pool to complement Spenda's development team.

In FY24, Limepay generated \$2.8m in revenue (unaudited) and a gross profit of \$1.4m (unaudited).

Limepay has a robust pipeline of enterprise level clients at various stages in the sales cycle, that are expected to contract to use Limepay's products, as well as take up Spenda's products suite. As such, the Company has linked Tranche 3 and 4 of the Deferred Consideration Shares to specific revenue milestones based on Limepay's internal company forecasts, detailed below.

Limepay Pty Ltd rebranded in 2022 and trades as April Solutions.

Acquisition Strategy & Rationale

The acquisition of Limepay will enable Spenda to accelerate its current projects, expand its product suite, and enter new verticals with immediate deployment and revenue generating opportunities.

The acquisition of specific payments IP that is commercial and has no deployment risk is expected to deliver an immediate benefit for Spenda's existing customers, enabling them to readily deploy in market solutions that provide whole of business end to end payment solutions and services.

Both businesses have identified immediate revenue generating opportunities in each business' customer requirements that will allow the merged business to maximise the payment and software revenue wallet share. This will enable Spenda to leverage the merged business' revenue generating capabilities and provide economies of scale benefits in improved operating margin.

Limepay's Card Not Present ("CNP") as-a-service solution and their ability to deliver Platform on Record services to customers is in strong demand.

With growth expected through efficiency and integrated capabilities, the focus of the combined group will rationalise the roadmap enabling us to bring products to market faster and accelerate revenue from existing contracted key customer networks.

Limepay's experienced team of financial and payments technology developers will significantly expand Spenda's product development resources and capability. The integration of the Limepay team with the Spenda team in the overall development team will provide an immediate resource and product release cycle benefit, whilst also removing payments and product capability bottlenecks within the current resource pool, bolstering the overall capabilities of the combined team, enhancing our East Coast presence and providing continuity in services to existing customers.

The merged software suite will enable the Company to better compete in the digital payments segment with a much more robust product suite with an almost end to end service offering.

4.2 ASX Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

An issue of Equity Securities that is approved by the Company's Shareholders under Listing Rule 7.1 will not use up the Company's 15% limit and therefore does not reduce the Company's capacity to issue further Equity Securities without Shareholder approval under Listing Rule 7.1.

The Company wishes to retain as much flexibility as possible to issue additional Equity Securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1.

To this end, this Resolution seeks Shareholder approval to approve the issue of the Initial Consideration Shares under and for the purposes of Listing Rule 7.1.

4.3 Information required by ASX Listing Rule 14.1A

If this Resolution 5 is passed, the issue of the Initial Consideration Shares will be excluded in calculating the Company's 15% limit in Listing Rule 7.1 to issue Equity Securities without Shareholder approval over the 12 month period following the date on which the Shares are issued.

If this Resolution 5 is not passed, the Company will need to utilize its existing 15% placement capacity to issue the Initial Consideration Shares (if such capacity exists as at the date of the Meeting) or re-negotiate terms with the Limepay vendors or not proceed with the Transaction.

4.4 Information required by Listing Rule 7.3

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to Resolution 5:

The Initial Consideration Shares will be issued to vendors of Limepay or their nominee(s) in proportion with their respective holdings of the Sale Shares as at the date of this Notice.

In accordance with paragraph 7.2 of ASX Guidance Note 21, the Company confirms that:

- i. none of the recipients are related parties of the Company, members of the Company's key management personnel, substantial holders of the Company, advisers of the Company or an associate of any of these parties; and
- ii. it is anticipated the recipients will be issued more than 1% of the issued capital of the Company. The dilutionary impact of the issue of Initial Consideration Shares and the Deferred Consideration Shares is set out in Annexure B.

The maximum number of Initial Consideration Shares to be issued is 204,958,678 Shares.

The Initial Consideration Shares issued will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares. The Initial Consideration Shares will be held in voluntary escrow for a period of 12 months from the date of issue.

The Initial Consideration Shares will be issued at a deemed issue price of \$0.0121 per share as consideration for the acquisition of the Sale Shares;

The Initial Consideration Shares are being issued for the acquisition of Limepay.

The Initial Consideration Shares are being issued to the vendors of Limepay or their nominee(s) under the Binding Agreement. A summary of the material terms of the Binding Agreement is set out in Annexure C; and

The Initial Consideration Shares are not being issued under, or to fund, a reverse takeover.

4.5 Dilution

Annexure B sets out worked examples of the number of Initial Consideration Shares to be issued under this Resolution 5 and the number of Deferred Consideration Shares that may be issued under Resolution 6 based on the floor price for Tranche 3 Deferred Consideration Shares (\$0.0175) and an issue price which is 50% higher (\$0.0265) and a price which is 100% higher (\$0.035) and based on the floor price for Tranche 4 Deferred Consideration Shares (\$0.0225) and an issue price which is 50% higher (\$0.03375) and an issue price which is 100% higher (\$0.045).

4.6 Directors' recommendation

The Directors recommend that Shareholders vote in favour of this Resolution.

5. Resolution 6 – Approval of Issue of Deferred Consideration Shares for the Acquisition of Limepay Pty Ltd

5.1 Background

Please see background information on the acquisition of Limepay in section 5.1 above.

Resolution 6 seeks shareholder approval of the future issue of the three separate tranches of Deferred Consideration Shares for the purpose of ASX Listing Rule 7.1.

5.2 ASX Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

An issue of Equity Securities that is approved by the Company's Shareholders under Listing Rule 7.1 will not use up the Company's 15% limit and therefore does not reduce the Company's capacity to issue further Equity Securities without Shareholder approval under Listing Rule 7.1.

The Company wishes to retain as much flexibility as possible to issue additional Equity Securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1.

To this end, this Resolution seeks Shareholder approval to approve the issue of the Milestone Shares under and for the purposes of Listing Rule 7.1.

5.3 Information required by ASX Listing Rule 14.1A

If this Resolution 6 is passed, the issue of the Deferred Consideration Shares will be excluded in calculating the Company's 15% limit in Listing Rule 7.1 to issue Equity Securities without Shareholder approval over the 12 month period following the date on which the Shares are issued.

If this Resolution 6 is not passed, the issue of the Deferred Consideration Shares will not proceed pursuant to this Resolution and the Company will need to re-negotiate deferred consideration terms with the Limepay vendors which may result in the Company paying the equivalent value at the time of achieving each milestone (if this occurs) in cash or seeking subsequent shareholder approval for the Deferred Consideration Shares to be issued after the achievement of the specified milestones.

5.4 Waiver from the requirements of Listing Rule 7.3.4

Listing Rule 7.3.4 requires a notice of meeting with a resolution to approve the issue of equity securities to state that the securities will be issued within 3 months of the date of the shareholder's meeting. The Company has obtained a waiver from the ASX to the extent necessary to permit the Company to not state in this Notice that the Tranche 3 Deferred Consideration Shares and Tranche 4 Consideration Shares will be issued within 3 months of the date of the Meeting, subject to the following conditions:

- (a) the milestones attaching to the Tranche 3 and Tranche 4 Deferred Consideration Shares (**Tranche 3 and 4 Milestones**) must not be varied;
- (b) the Tranche 3 Deferred Consideration Shares are issued no later than 15 months from the date of completion of the Transaction and are only issued on the achievement of the Tranche 3 Milestones;
- (c) the Tranche 4 Deferred Consideration Shares are issued no later than 27 months from the date of completion of the Transaction and are only issued on the achievement of the Tranche 4 Milestones;

- For personal use only
- (d) the relevant terms and conditions of the Tranche 3 and Tranche 4 Deferred Consideration Shares are fully and clearly set out in the Notice to ASX's satisfaction;

 - (g) the maximum number of total Tranche 3 Deferred Consideration Shares to be issued is capped at 137,142,857;
 - (h) the maximum number of total Tranche 4 Deferred Consideration Shares to be issued is capped at 106,666,667;

 - (j) The achievement of Tranche 4 Milestone will be verified by the Company auditor prior to the issue of Tranche 4 Consideration Shares.
 - (k) if the Tranche 3 Milestones or Tranche 4 Milestones are achieved, the achievement of that Milestone and the basis on which the Company's directors determined that the Milestone has been achieved is announced to the market, along with the number of Milestone Shares to be issued; and
 - (l) for any annual reporting period during which the Milestone Shares are issued or any of them remain to be issued, the Company's annual report sets out in detail the number of Milestone Shares issued during the reporting period, the number that remains to be issued and the basis on which they may be issued.

5.4 Information required by Listing Rule 7.3
