## **HALF YEAR REPORT**

**June 2024**

## Chair's Review

In stepping into the Chair role, I would like to thank previous Chair, Phil Basha, for his significant contributions both over the last two years and as a long-standing director. Phil remains on the board as a non-executive director.

On behalf of the Board of Directors of Reef Corporate Services Limited, Responsible Entity of the Reef Casino Trust (the Trust), I present my review of the Reef Casino Trust for the half year ended 30 June 2024.

While post-COVID recovery continues, challenges remain, including a continued shortfall in international visitors and cost pressures. This reflects the general trend of tourism in Cairns.

### Key points - A steady first half

- Total revenues at the Reef Hotel Casino complex were slightly above the same period last year, however, higher costs (mainly payroll) resulted in slightly lower rental revenue for the Trust;
- Trust costs increased – key items being insurance and the Responsible Entity fee;
- Unitholder distribution of 8.71 cents per unit, being 100% of distributable profit;
- Balance sheet continues to be robust;
- Management handled market conditions and other challenges well.

### Financial summary

	30 Jun 2024 \$'000	30 Jun 2023 \$'000
Rental revenue and other income	11,623	11,718
Operating expenses	4,738	4,458
<b>Earnings before interest, taxes, depreciation and amortisation (EBITDA)</b>	<b>6,885</b>	7,260
Depreciation and amortisation	2,489	2,528
Interest expense on financial liabilities measured at amortised cost	60	44
<b>Distributable profit<sup>1</sup> / Profit before finance costs<sup>2</sup> attributable to unitholders</b>	<b>4,336</b>	4,688
Finance costs <sup>2</sup> attributable to unitholders	2,168	2,344
<b>Profit for the period</b>	<b>2,168</b>	2,344
	Cents per unit	Cents per unit
Earnings per unit	8.71	9.41
Distribution per unit	8.71	9.44

The Trust delivered distributable profit<sup>1</sup> of \$4.336 million for the six-month period to 30 June 2024 (2023 \$4.688 million). This is a solid result and in line with last year and pre-COVID results.

Total Trust revenue and other income for the period comprised primarily of rental income from the Reef Hotel Casino.

<sup>1</sup> Basis of preparation: Distributable profit is a non-IFRS measure that is determined in accordance with the Trust Constitution and used as the basis for determining distributions to unitholders. Distributable profit is determined as net profit for each half year, adding back distributions to unitholders which have been treated as finance costs in accordance with IFRS. The distributable profit has been audited by Grant Thornton Audit Pty Ltd. Refer to the auditor's report for the half year ended 30 June 2024 on page 17.

<sup>2</sup> Under Australian Accounting Standards the first 50% of distributable profit is treated as "finance costs attributable to unitholders", with the remaining 50% treated as profit.

Trust operating expenses to 30 June 2024 were higher than the same period in 2023 due to inflationary pressures, which have driven increases, primarily in payroll and insurance premiums. The Responsible Entity fee, which is based upon the valuation of the Reef Hotel Casino complex, has also increased due to the higher valuation dated 31 December 2023.

### Unit distribution

The directors have declared a distribution for the six months to 30 June 2024 of 8.71 cents per unit (2023: 9.44 cents per unit). The record date was 28 June 2024 and payment will be made on 11 September 2024.

This represents 100% of the distributable profit for the period, consistent with the Trust's distribution policy of distributing 100% of its distributable profit.

The undistributed income account balance at 30 June 2024 is 20.12 cents per unit, or \$10.022 million in total.

### Trust statement of financial position

The Trust's financial position remains healthy. The Trust has adequate working capital, is meeting all liquidity requirements, and continues to be operating as a going concern.

As at 30 June 2024 the Trust's interest only business term loan facility with the Bank of Queensland was \$13.500 million with an expiry of 31 January 2025. The amount undrawn on 30 June 2024 was \$13.499 million. Other than the amount drawn of \$1,000, the Trust was essentially debt-free.

As announced on 21 August 2024, the Trust successfully negotiated a new interest only facility with Bank of Queensland. The new facility has a limit of \$15.000 million and expires on 30 June 2028.

### Capital investment

Capital expenditure in the first six months of 2024 was carefully managed. Essential capital items approved included:

- new gaming machines and other operational assets to enhance product offerings in respect of the casino;
- technology and other upgrades to meet regulatory, compliance and harm minimisation requirements in respect of the casino;
- operational assets to enhance efficiencies and drive growth in respect of the hotel;
- safety upgrades and sustainable, energy-saving technologies, to maintain the Reef Hotel Casino complex to ensure its value is enduring and it remains a desirable and safe venue to visit and work.

### Board membership changes

The following changes to the board occurred during 2024 and to the date of this report:

## Review of performance at Reef Hotel Casino by CEO, Trust

Brad Sheahon, CEO of the Responsible Entity of the Trust, provides a review of the performance of the Operator of the Reef Hotel Casino, Casinos Austria International (Cairns) Pty Limited (CAIC):

### Trading performance and operating conditions

- Overall complex revenues were 3.3% better than the prior comparative period, however, inflationary pressure has led to increased costs, particularly in respect of payroll, resulting in slightly less rental income to the Trust during the current period.
- Local and domestic markets held up well for the complex.
- International tourism has still not recovered to pre-COVID levels.

	30 Jun 2024 \$'000	30 Jun 2023 \$'000
<b>Rental to Trust</b>		
Casino rental to Trust	10,088	10,641
Hotel and other rental to Trust	1,389	900
<b>Total rental to Trust</b>	<b>11,477</b>	<b>11,541</b>

Reef Casino Trust continues to have a low-risk appetite which informs its strategy. This is reflected in the Operator's management of the complex underpinned by its "One Complex, One Team, One Success" philosophy.

A summary of operations follows:

<b>Casino</b>	
<b>Visitation</b> Increased by 3.9%	Visitation drives revenues throughout the Reef Hotel Casino. The increase was primarily driven by local and domestic visitors with proportionally fewer international guests.
<b>Electronic gaming</b> Revenue increased by 5.1%	Electronic gaming is the biggest contributor to rentals paid to the Trust. Electronic gaming continued to perform well due to ongoing patron support from local and domestic markets. Marketing promotions and materials are continually refreshed, and electronic gaming products regularly updated to ensure our offerings remain attractive to our visitors.
<b>Table gaming</b> Revenues decreased by 16.6%	Grind table gaming results were above the prior comparative period. However premium play was lower due to a lower win percentage and fewer premium players. Table gaming was primarily supported by local and interstate visitors.
<b>Hotel</b>	
<b>Rooms</b> Revenues increased by 13.3%	Strong bookings from intra and interstate visitors continued. Our hotel is part of the Accor sales and marketing network in Australia.
<b>Food &amp; beverage</b> Revenues increased by 13.4%	Ongoing promotions and live entertainment resulted in strong ongoing visitation and activity leading to more sales from the food and beverage outlets which utilise fresh local produce and supports local suppliers where practical.

## Regulatory environment and risk management

Due to the passing of the *Casino Control and Other Legislation Amendment Act 2024* by the Queensland Parliament earlier this year, the regulatory environment is changing. The implementation of this legislation will lead to the following:

- the acquisition of new gaming products and gaming-related technologies;
- the implementation of enhanced business practises in respect of harm minimisation and compliance;
- increased regulatory fees and associated costs.

The Operator is committed to the proper delivery of successful outcomes in respect of compliance and risk management in the following areas:

- casino regulatory compliance;
- harm minimisation and responsible serving of gaming and alcohol;
- anti-money laundering and counter-terrorism financing.

## A brief look at the second half 2024

The second half of the year is the high season of Cairns and the region. Trading in July and to date in August has been profitable.

The trading environment and conditions are likely to remain challenging. Cost-of-living concerns could impact revenues. Inflationary pressures and regulatory change will impact costs. However, the Reef Hotel Casino is well positioned to take advantage of any increases in international visitation as airline access continues to expand. An increase in cruise ships and domestic air capacity is likely to support or slowly grow a steady base of visitors.

The Operator of the Reef Hotel Casino remains committed to exploring all opportunities to utilise and enhance the complex and the casino licence as productively and profitably as possible to deliver the best outcome for the Trust.

## Chair's summary and outlook

### Sum up of the first half of 2024

The Trust delivered another profitable result and was comfortably able to continue to adhere to its policy of paying 100% of distributable profit<sup>1</sup>. The Trust balance sheet remains strong and healthy. Management and staff continue to achieve the best possible outcomes in an environment of rising costs. The Trust Board remained focused on driving revenue and ensuring adherence to value-driven expenditure.

### A brief outlook for the Trust in the second half of 2024

The Trust and the Operator of the complex will continue to adopt a long standing overall low risk appetite.

The Trust's performance largely reflects the trading at the Reef Hotel Casino with the main source of income being the rentals paid by the Reef Hotel Casino complex. July was another profitable month for the Trust and August to date is also performing well.

Ongoing inflation, elevated interest rates and international visitation to Cairns still not being back to pre-COVID levels continues to be challenging. Responding to increasing regulatory oversight will require some additional resourcing including monitoring and management.

The international tourist market (particularly the Chinese market) into Australia, including Cairns, is recovering, albeit slowly. The cruise line market into Cairns is showing pleasing signs of growth and airline capacity to the region continues to increase. Business events and conferences are showing strong forward bookings.

Trust expenditure and costs will remain a focus and capital investment will be carefully monitored and managed. The Trust will work closely with the Operator of the complex to properly maintain the property to retain its value.

In closing, I would like to thank my fellow board members and the management and staff of the Trust and the Operator of the Reef Hotel Casino for their efforts and contributions during the first half of 2024.
