## HALF YEAR FINANCIAL REPORT

### Highlights:

	6 Months to 30 June 2024	6 Months to 30 June 2023
• Nickel Industries Group Results:		
o Sales revenue:	US\$843.3M	US\$932.3M
o Gross profit:	US\$96.3M	US\$126.4M
o Operating profit:	US\$87.8M	US\$117.3M
o Profit after tax:	US\$14.0M	US\$49.1M
o EBITDA:	US\$131.7M	US\$141.8M
o RKEF EBITDA:	US\$90.9M	US\$147.2M
o Hengjaya Mine EBITDA:	US\$39.1M	US\$26.1M
	30 June 2024	31 December 2023
• Nickel Industries Group Balance Sheet:		
o Total assets:	US\$3,898.6M	US\$4,071.3M
o Net assets:	US\$2,829.4M	US\$2,906.6M
• 63,814 tonnes of nickel metal produced in RKEF operations		
• 4,117 tonnes (attributable, 10%) of nickel metal produced in HPAL operations		
• 6.1 million tonnes of saprolite and limonite ore mined at the Hengjaya Mine		
• Subsequent to the end of the period, increased to a 44% interest in ENC HPAL project		
• Interim dividend declared of A\$0.025 (funded from 100% conduit foreign income)		

Yours sincerely

Richard Edwards  
Company Secretary

**DIRECTORS' REPORT**

The Directors of Nickel Industries Limited (**Nickel Industries** or **the Company**) and its subsidiaries (**the Group**) submit their financial report for the half year ended 30 June 2024 and the Auditor's Review Report thereon.

**All amounts are reported in US\$ unless otherwise stated.**

**DIRECTORS**

The names of the Directors of the Company in office during the half year period and until the date of this report were:

Norman Seckold – Chairman and Executive Director since 12 September 2007

Justin Werner – Managing Director since 23 August 2012

Christopher Shepherd – Executive Director since 23 December 2022

James Crombie – Non-Executive Director since 23 May 2008

Emma Hall – Non-Executive Director since 11 June 2024

Dasa Sutantio – Non-Executive Director since 29 May 2020

Haijun Wang – Non-Executive Director since 1 November 2023

Muliady Sutio – Non-Executive Director since 21 September 2023

Xu Yuanyuan – Non-Executive Director since 26 April 2018

Xiang Binghe – Non-Executive Director since 9 May 2023

**RESULTS**

The profit of the Group for the half year after providing for income tax amounted to \$14,047,242 (2023 - \$49,052,812).

**REVIEW OF OPERATIONS**

During and following the half year ended 30 June 2024, significant milestones were achieved as follows:

**Highlights:**

- The Company's Hengjaya Nickel, Ranger Nickel, Angel Nickel and Oracle Nickel rotary kiln electric furnace (**RKEF**) projects produced a combined 63,814 tonnes of nickel metal equivalent. 62,071 of this was nickel in nickel pig iron (**NPI**) and 1,743 was nickel in nickel matte. A total of 65,032 tonnes of nickel metal equivalent were sold during the half year and EBITDA<sup>(1)</sup> from the RKEF projects for the six months to 30 June 2024 was \$90.9M.
- 6,084,127 wet metric tonnes (**wmt**) of nickel ore were mined at the Hengjaya Mine, 1,906,190 wmt of saprolite ore and 4,177,937 wmt of limonite ore. On a stand-alone basis, EBITDA from the Hengjaya Mine for the six months to 30 June 2024 was \$39.1M<sup>(2)</sup>.
- In January 2024, the Company declared a final dividend of A\$0.025 per share, representing a distribution of A\$107.1M (\$69.9M).
- In April 2024, the Company completed the acquisition of a further 13.75% equity interest in the Excelsior Nickel Cobalt HPAL Project (**ENC**) by cash payment of US\$316.3M. Subsequent to the end of the period the Company acquired an additional 16.5% interest through the cash payment of US\$379.5M, increasing its interest in ENC to 44%.

<sup>(1)</sup> EBITDA is defined by the Company as profit/(loss) for the period, plus depreciation and amortisation costs, plus interest income/(expenses), plus withholding tax expense. This non-IFRS financial measure, which is referred to throughout the directors' report, is used internally by management to assess the performance of the Group's business and make decisions on allocation of resources. This non-IFRS measure has not been subject to audit or review.

<sup>(2)</sup> During the half year, the Hengjaya Mine sold saprolite ore to Hengjaya Nickel, Oracle Nickel and Ranger Nickel. Hengjaya Mine profit of \$0.5M relating to nickel ore inventory held by Hengjaya Nickel, Oracle Nickel, Ranger Nickel at 30 June 2024 was realised on consolidation in the period.

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**DIRECTORS' REPORT**

**RKEF OPERATIONS**

During the half year, the Company held an 80% interest in Hengjaya Nickel (**HNI**), Ranger Nickel (**RNI**), Angel Nickel (**ANI**) and Oracle Nickel (**ONI**), projects.

A summary of production from HNI, RNI, ANI and ONI for the six months to 30 June 2024 is as follows:

PRODUCTION		HNI	RNI	ANI	ONI	Total
NPI production	tonnes	57,688	73,301	167,607	206,120	504,716
NPI grade	%	12.3	12.2	13.4	11.5	12.3
Nickel in NPI	tonnes	<b>7,117</b>	<b>8,910</b>	<b>22,389</b>	<b>23,655</b>	<b>62,071</b>
Matte production	tonnes	13,483	-	-	-	13,483
Matte grade	%	12.9	-	-	-	12.9
Nickel in matte	tonnes	<b>1,743</b>	-	-	-	<b>1,743</b>
<b>Total nickel production</b>	<b>tonnes</b>	<b>8,860</b>	<b>8,910</b>	<b>22,389</b>	<b>23,655</b>	<b>63,814</b>

SALES AND CONTRACTS		HNI	RNI	ANI	ONI	Total
Weighted avg contract price	\$	11,545	11,267	11,126	11,353	11,290
Tonnes sold	tonnes	9,610	8,910	22,857	23,655	65,032
<b>Sales revenue<sup>1</sup></b>	<b>\$M</b>	<b>110.9<sup>2</sup></b>	<b>100.3</b>	<b>252.1</b>	<b>268.6</b>	<b>731.9</b>

COSTS		HNI	RNI	ANI	ONI	Total
Cash costs/tonne produced <sup>3</sup>	\$/t	10,723	10,814	8,933	9,667	9,716
<b>EBITDA</b>	<b>\$/M</b>	<b>2.4</b>	<b>0.9</b>	<b>48.6</b>	<b>39.0</b>	<b>90.9</b>

SUMMARY RKEF METRICS		6 months to 30 June 2023	6 months to 30 June 2024	% movement
Nickel production	tonnes	59,957	63,814	6.4
Nickel tonnes sold	tonnes	59,637	65,032	9.0
Nickel metal production attributable to Nickel Industries	tonnes	45,843	51,052	11.4
Sales revenue <sup>2</sup>	\$M	922.9	731.9	(20.7)
RKEF EBITDA	\$M	147.2	90.9	(38.2)

<sup>1</sup> Revenue also includes other operations sales.

<sup>2</sup> Excludes the \$42.5M of sales by Hengjaya Nickel to Glencore AG of nickel matte not produced by Hengjaya Nickel.

<sup>3</sup> Cash costs refers to the cash costs of production, a non-IFRS performance measure, in order to provide investors with information about the measure used by management to monitor performance. Cash costs/tonne produced are equal to cash costs divided by nickel tonnes produced.

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**DIRECTORS' REPORT**

**Safety**

**Hengjaya Mine**

At the Hengjaya Mine over 13.4 million work hours have been registered since the last reported lost time injury (LTI) in November 2021. This gives the Hengjaya Mine a LTI frequency rate (LTIFR) of 0.07 and a total recordable incident frequency rate (TRIFR) of 0.74 for each million work hours. During the half year 3.25 million work hours recorded with no LTIs.

Safety and career development training continued, including supervisory and ISO 45001-2018 standards and reporting components which are currently focusing on Health and Safety certification. With the new haul road to Indonesia Morowali Industrial Park (IMIP) now in operation, there has been an increased focus on contractor management, the use of mobile equipment and the introduction of new safe work procedures for long distance road-haulage, traffic management and additional mining operations.

**RKEF Operations**

For the 6 months to 30 June 2024, 4.93 million cumulative work hours with one LTI at the ONI operation reported. Nickel Industries' RKEF operations LTIFR stand at 0.316 for the half year.

**Group Safety**

Total hours worked for the group half year was 8.18 million hours with 1 LTI representing a LTIFR of 0.182 per million work hours. The Company will continue to strengthen its 'best practice' mining and processing standards. In addition to the Hengjaya Mine, all of our operations continue to focus on our safety training, risk assessments and change management. The Company remains committed to continuous improvement in all areas of operations and will continue to work collaboratively with stakeholders to drive positive environmental, safety, social, and governance outcomes.

*Weekly safety talk at the Hengjaya Mine*

*Emergency response training*

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**DIRECTORS' REPORT**

**Commentary on RKEF operations**

RKEF operations during the half year period 2024 were negatively impacted by a series of licencing, weather and maintenance issues.

During the March quarter, there were industry-wide delays in relation to the renewal of the Rencana Kerja dan Anggaran Biaya Indonesian mining licenses (RKAB License). The RKAB License was an annual license approving nickel ore sales volumes but has now been granted for a three-year period. The delay was caused in part by enhanced regulatory approvals and scrutiny in the lead up to the Indonesian presidential elections which were held on 14 February 2024.

The delayed reissuance of RKAB Licenses across Indonesia were particularly impactful to the Company's RKEF operations in January and February. Whilst material stockpiles of ore are consistently maintained within the IMIP and IWIP, lower levels of incoming ore necessitated draw down and usage of lower grade higher cost ore throughout the quarter. As a result of lower grade ore feed, nickel production volumes from the Company's four RKEF lines were below historical levels which also translated into higher cash costs.

During the June quarter, above average rainfall further impacted the delivery of normal nickel ore volumes into the IMIP necessitating the continued requirement to draw down lower grade ore stockpiles which again negatively impacted production volumes and unit cash costs.

With production volumes down due to the abovementioned licencing and weather events proactive and rotational maintenance was carried out across the IMIP's power stations, with the Company's ONI power plant offline for several weeks during the half year period, contributing to lower than usual production volumes and higher cash costs at ONI.

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**DIRECTORS' REPORT**

**Hengjaya Nickel (80% interest held by Nickel Industries)**

During the six months to 30 June 2024, HNI produced 7,117 tonnes of nickel metal in NPI and 1,743 tonnes of nickel metal in matte, with a weighted average cash cost of \$10,723 per tonne of nickel metal.

HNI (100%)		March 2024 Quarter	June 2024 Quarter	Total
NPI production	tonnes	20,972	36,716	57,688
NPI grade	%	12.8	12.1	12.3
Matte production	tonnes	13,483	-	13,483
Matte grade	%	12.9	-	12.9
Nickel metal production in NPI and Matte	tonnes	4,416	4,444	8,860
Cash costs	\$/t Ni	10,320	11,131	10,723
Nickel metal sold	tonnes	5,046	4,564	9,610

For the six months to 30 June 2024, HNI recorded sales of \$110.9M from 9,610 tonnes of nickel metal sold. EBITDA for the six months was \$2.4M.

In December 2023 the Company had entered into a sales contract with Glencore AG (Glencore) for nickel matte. With HNI ceasing the production of nickel matte in February 2024 it was not able to complete the contract. Subsequently the contract was fulfilled by Golden Harbour International Pte. Ltd, an associate of Shanghai Decent. As a result of this contract Hengjaya Nickel recorded an additional \$42.5M in sales revenue, separate from the \$112.6M of revenue from sales of its own production, as well as a corresponding \$42.5M in operating costs.

**Ranger Nickel (80% interest held by Nickel Industries)**

During the six months to 30 June 2024, RNI produced 8,910 tonnes of nickel metal, with a weighted average cash cost of \$10,814 per tonne of nickel metal.

RNI (100%)		March 2024 Quarter	June 2024 Quarter	Total
NPI production	tonnes	37,459	35,842	73,301
NPI grade	%	12.2	12.2	12.2
Nickel metal production	tonnes	4,554	4,356	8,910
Cash costs	\$/t Ni	10,342	11,309	10,814
Nickel metal sold	tonnes	4,554	4,356	8,910

For the six months to 30 June 2024, RNI recorded sales of \$100.3M from 8,910 tonnes of nickel metal sold. EBITDA for the six months was \$0.9M.

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**DIRECTORS' REPORT**

**Angel Nickel (80% interest held by Nickel Industries)**

During the six months to 30 June 2024, ANI produced 22,389 tonnes of nickel metal, with a weighted average cash cost of \$8,933 per tonne of nickel metal.

ANI (100%)		March 2024 Quarter	June 2024 Quarter	Total
NPI production	tonnes	82,795	84,811	167,606
NPI grade	%	13.6	13.1	13.4
Nickel metal production	tonnes	11,271	11,118	22,389
Cash costs	\$/t Ni	8,797	9,071	8,933
Nickel metal sold	tonnes	11,561	11,296	22,857

For the six months to 30 June 2024, ANI recorded (on a 100% basis) sales of \$252.1M from 22,857 tonnes of nickel metal sold. EBITDA for the six months was \$48.6M.

**Oracle Nickel (80% interest held by Nickel Industries)**

During the six months to 30 June 2024, Oracle Nickel produced 23,655 tonnes of nickel metal, with a weighted average cash cost of \$9,667 per tonne of nickel metal.

ONI (100%)		March 2024 Quarter	June 2024 Quarter	Total
NPI production	tonnes	104,953	101,167	206,120
NPI grade	%	11.1	11.9	11.5
Nickel metal production	tonnes	11,599	12,057	23,656
Cash costs	\$/t Ni	9,411	9,914	9,667
Nickel metal sold	tonnes	11,599	12,057	23,655

For the six months to 30 June 2024, ONI recorded sales of \$268.6M from 23,655 tonnes of nickel metal sold. EBITDA for the six months was \$39.0M.

# NICKEL INDUSTRIES LIMITED and its controlled entities

## DIRECTORS' REPORT

### HPAL OPERATIONS

#### Huayue Nickel Cobalt Project (10% indirect interest held by Nickel Industries)

During the half year, the Huayue Nickel Cobalt (HNC) Project produced 41,172 tonnes of nickel and 3,669 tonnes of cobalt in mixed hydroxide precipitate (MHP). Nickel Industries' attributable share of HNC production was 4,117 tonnes of nickel and 367 tonnes of cobalt.

Whilst HNC undertakes its own sales of MHP, offtake is also distributed to Tsing Creation for sale. Nickel Industries holds a 10% interest in HNC and 10% of the EBITDA of HNC for the six month period was \$18.1M<sup>4</sup>. The EBITDA for Tsing Creation (with Nickel Industries holding a 100% interest) was \$4.5M<sup>4</sup>, giving a combined EBITDA of \$22.6M<sup>4</sup>. The Company's 10% profit from equity accounted investment in HNC was \$6.6M for the period.

### HPAL CONSTRUCTION

#### Excelsior Nickel Cobalt Project (44% indirect interest held by Nickel Industries)

During the period, continued strong progress was made at the Company's ENC HPAL project. Office and staff facilities have been completed and all earthworks and footings are now largely complete with concrete pouring to commence shortly, whilst long lead items and critical process equipment continue to be sourced and fabricated in China ahead of delivery to the IMIP.

In April 2024, the Company acquired a further 13.75% equity interest in ENC following a cash payment of US\$316.3M (refer ASX release 2 April 2024). As noted in the Company's recent operating update (refer ASX release 4 July 2024), subsequent to period end the Company completed an early acquisition of an additional 16.5% interest in ENC, increasing its equity interest to 44%, via a cash payment of US\$379.5M fast tracked to assist in the acceleration of the construction and commissioning of the Project's nickel cathode and sulphate plants.

**ENC Project under construction**

<sup>4</sup>The Company is equity accounting its 10% interest in HNC and therefore reports in its financials its 10% share of the net profit of HNC, including any amortisation on the fair value of the acquisition. In determining the EBITDA of HNC for the six month period, EBITDA is defined as profit/(loss) for the period, plus depreciation and amortisation costs, plus interest income/(expenses), plus withholding tax expense, as calculated in accordance with HNC's financial reports. Further, Tsing Creation is a Hong Kong entity through which the Company holds its 10% interest in HNC.

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**DIRECTORS' REPORT**

**HENGJAYA MINE (80% interest held by Nickel Industries)**

The Company holds an 80% interest in PT Hengjaya Mineralindo, the owner of 100% of the Hengjaya Mine, with the remaining 20% interest owned by the Company's Indonesian partner.

The mine is located approximately 12 kilometres from the IMIP in the Morowali Regency, Central Sulawesi, Indonesia. The Hengjaya Mine tenement covers 5,983 hectares and holds a 20-year mining operation/production licence (issued in June 2011) with two further 10-year extension periods.

**Operations**

For the half year, production of saprolite ore totalled 1,906,190 wmt and production of limonite ore totalled 4,177,937 wmt.

		March 2024 Quarter	June 2024 Quarter	Total
<b>Saprolite mined</b>	wmt	1,026,910	879,280	1,906,190
<b>Limonite mined</b>	wmt	2,087,865	2,090,072	4,177,937
<b>Nickel ore mined</b>	<b>wmt</b>	<b>3,114,775</b>	<b>2,969,352</b>	<b>6,084,127</b>
<b>Overburden mined</b>	BCM <sup>5</sup>	385,378	370,204	755,582
<b>Strip ratio</b>	BCM/wmt	0.12	0.12	0.12

During the half year, operations at the Hengjaya Mine were negatively impacted by the delay by Indonesian authorities in the issuance of a Rencana Kerja dan Anggaran Biaya (RKAB) (an application which is made based on the previous year's operating and environmental performance) and above average rainfall during the period. The Company's new RKAB has been granted for a three year period. The Hengjaya Mine was one of the first mines in Indonesia from over 700 mines to have the RKAB licence approved, highlighting our credentials as one of the leading mining operations in Indonesia.

Despite these challenges, the 6,084,127 wmt mined was a 16.8% increase on the 5,207,201 wmt mined in the six months to 30 June 2023.

Additional haul trucks continue to be commissioned to provide the Hengjaya Mine with a full contingent of 175 x 50t payload haul trucks now operating at the mine site, and the Company has commenced additional road improvements and surfacing to allow haulage hours to improve during the future wet periods. The benefits of these improvement works are already being seen in July haulage numbers, and despite the higher-than-average rainfall in the June quarter, the Hengjaya Mine remains on track to produce 12 million wmt for 2024.

<sup>5</sup> BCM represents 'bank cubic metres'.

# NICKEL INDUSTRIES LIMITED and its controlled entities

## DIRECTORS' REPORT

### SAFETY, ENVIRONMENT, COMMUNITY AND SOCIAL GOVERNANCE

#### *HNC CO<sub>2</sub> intensity*

The Huayue Nickel Cobalt HPAL Project (HNC), in which the Company holds a 10% interest has recently released its carbon intensity for 2023. HNC's carbon intensity as determined by Skarn Associates Limited came in at 6.91 tonnes of CO<sub>2</sub> per tonne of nickel produced (Scope 1 & 2), positioning it as one of the lowest carbon emitting nickel processors globally and second when compared to Australian peers. The ENC Project will replicate the HNC project, with the exception of the added flexibility of being able to also produce nickel sulfate and nickel cathode, as well as mixed hydroxide precipitate. With the assistance of the SESNA solar project (Indonesia's largest solar project) (see ASX announcement dated 9 October 2023), our target is for ENC to significantly improve on this CO<sub>2</sub> intensity as part of our efforts to achieve the Company's stated emission targets.

#### *Awarded highest sustainability score in the Indonesian nickel mining sector*

During the period, the Company was recognised by the Indonesian Ministry of Environment and Forestry (KLHK) for achieving the highest sustainability score of any mine in the Indonesian nickel mining sector and fourth highest score for all mining companies, as published in the Government agency's PROPER Book of 2023.

This sustainability score builds upon numerous other accolades and awards for the Hengjaya Mine from various certified third parties such as S&P, MSCI, ENSIA and TrenAsia and being one of only two Indonesian mining companies recently invited to present at the prestigious COP28 climate summit in Dubai.

Having now established itself as the world's largest listed pure-play nickel producer, the Company is continuing to play a leadership role in promoting responsible and sustainable mining practices in Indonesia underscored by its recent commitment to net zero emissions by 2050 and a 50% reduction in carbon intensity across its operations by 2035.

#### *Sustainability Report*

In June 2024, the Company released its 2023 Sustainability Report, the third sustainability report published by the Company and a continuation of the previous year's report published in March 2023. The Sustainability Report showcases the Company's commitment to exhibiting a leadership role in promoting responsible and sustainable mining in Indonesia by implementing industry best practices across our mining and downstream processing operations, with the steadfast support from the local communities in which the Company operates.

The report was developed in accordance with key reporting principles, including stakeholder inclusiveness, materiality, completeness, accuracy, balance, clarity, comparability, reliability, and timeliness. The Company has reported the information cited in the Global Reporting Initiative (GRI) content index for 2023 in accordance with the GRI Standards, along with the Metals and Mining (MM) Supplement Sector; Sustainability Accounting Standards Board (SASB) for Metals and Mining Standard; and the early adoption of the International Financial Reporting Standards (IFRS) Sustainability Disclosure Standards.

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**DIRECTORS' REPORT**

**University Scholarship Program**

The Company, in partnership with Hasanuddin University, established a university scholarship program as part of our broader ongoing social initiatives within the local communities in which it operates. The scholarship program will provide full financial support to 10 local indigenous students per year from the Central Sulawesi, North Maluku and West Papua Provinces to pursue 4-year undergraduate degrees across the fields of metallurgical engineering, environmental engineering and mining engineering. It is envisaged this program will help foster the next generation of leaders in the local mining industry.

**University scholarship selection test on June 26 in Morowali University**

**Selected students first day of**

**CSR and Social Responsibility Awards**

During the period, the Company's Hengjaya Mine received the Top CSR (Community Social Responsibility) Award and the Indonesia Social Responsibility Award for the SMART HM (Semangat Meraih Cita-cita Bersama HM), with a focus on educating vocational school students to be more prepared to enter the industry.

**Top CSR Awards 2024 and Indonesia Social Responsibility Award ceremony**

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**DIRECTORS' REPORT**

**CORPORATE**

*Increase to a 44% equity interest in ENC HPAL Project*

In April 2024 completed the acquisition of an additional 13.75% interest in the ENC Project, increasing its equity interest in ENC to 27.5%. Subsequent to the end of the half year period the Company completed the acquisition of a further 16.5% equity interest, increasing its interest in ENC to 44.0%. The payment of US\$379.5M was made ahead of the scheduled 1 October 2024 payment date to assist in the acceleration of the construction and commissioning of the nickel cathode and sulphate plants.

The acquisition payment schedule for ENC is set out below.

Date	US\$M	Equity acquired	Cumulative equity
Invested to date	1,012.0	44.00%	44.00%
By 1 July 2025	126.5	5.50%	49.50%
By 1 October 2025 <sup>6</sup>	126.5	5.50%	55.00%
<b>Total</b>	<b>1,265.0</b>	<b>55.00%</b>	

*Trial sales of nickel cathode*

During the period, the Company commenced delivery of a contract to deliver 200 metric tonnes (MT) of nickel cathode to a leading Western space and aeronautical company under a trial sales contract, a necessary step ahead of any longer term, larger volume supply contract. The nickel cathode was produced by a nickel cathode plant operating at the IMIP (which is 49% owned by a Shanghai Decent-related entity) whose product specifications ENC's nickel cathode is anticipated to replicate. While the Company has numerous samples of MHP under qualification testing with various counterparties, this contract represents the first trial of nickel cathode and is a strong endorsement of ENC's multi-product offering – the first HPAL plant of its kind that will be capable of producing three class-1 nickel products being MHP, nickel sulphate and nickel cathode.

*Successful syndication of US\$400m BNI loan facilities*

During the period, the Company announced the successful syndication of its US\$400M of bank loan facilities provided by PT Bank Negara Indonesia (Persero) Tbk (BNI). The loan facilities, established with BNI in October 2023 to support the Company's ENC funding obligations, were successfully syndicated across an additional eight banks comprising a mix of Asian, European and global banking institutions. This broad-based support is indicative of the Company's growing regional reputation and an industry leader in responsible and sustainable mining in Indonesia.

In March 2024 the Company drew down \$160.2M of the facility, ahead of making a US\$316.3M payment for an additional 13.75% interest in the ENC project. Subsequent to the end of the period, the Company drew down the final US\$50M under the facility ahead of making the US\$379.5M payment for an additional 16.50% interest in the ENC project.

<sup>6</sup> Following commissioning of line 1 of the ENC Project.

**and its controlled entities**

**DIRECTORS' REPORT**

---

*US\$250m term loan facility executed*

During the period, the Company executed a US\$250M, 5-year term loan facility, jointly provided by tier-1 banks BNI and DBS Bank Ltd (DBS).

Following the repayment of the US\$245M balance of the Company's April 2024 notes, the facility was established to support the remaining funding requirements for Nickel Industries' acquisition of a 55% equity interest in the ENC project (ENC), which is currently under construction within the IMIP.

Subsequent to the end of the period, the Company drew down the facility in full ahead of making the US\$379.5M payment for an additional 16.50% interest in the ENC project.

**SUBSEQUENT EVENTS**

- In July 2024, the Company paid US\$379.5M for an additional 16.5% interest in the ENC project, taking the Company's interest in the project to 44.0%.
- In July 2024, the Company drew down the remaining US\$50M under the US\$400M BNI loan facility and the US\$250M BNI and DBS facility, ahead of the ENC acquisition payment.
- In August 2024, the Company announced the acquisition of the Sampala Project, three contiguous nickel IUPs (mining licences) covering 6,654 hectares. Subsequent to the end of the period the Company has made US\$5M of acquisition payments for the Sampala project.

Other than the matters detailed above, there has not arisen in the interval between the end of the half year and the date of this report any other item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years.

**LEAD AUDITOR'S INDEPENDENCE DECLARATION**

A copy of the Lead Auditor's Independence Declaration on page 15 as required under Section 307C of the Corporations Act 2001 is attached to and forms part of the Directors' Report for the half-year ended 30 June 2024.

Signed in accordance with a resolution of the Directors.

Norman Seckold  
Chairman

Justin Werner  
Managing Director

Sydney, 29 August 2024

# Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of Nickel Industries Limited

I declare that, to the best of my knowledge and belief, in relation to the review of Nickel Industries Limited for the half-year ended 30 June 2024 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the review; and
- ii. no contraventions of any applicable code of professional conduct in relation to the review.

**NICKEL INDUSTRIES LIMITED**  
**and its controlled entities**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2024**

---

**NOTE 1 - REPORTING ENTITY**

Nickel Industries Limited (the 'Company') is a company domiciled in Australia. The condensed consolidated interim financial report for the half year ended 30 June 2024 comprises the Company and its subsidiaries (together referred to as the 'Group'). The Group is a for-profit entity and is involved in nickel mining and production operations.

The consolidated annual financial report of the Group as at and for the period ended 31 December 2023 is available upon request from the Company's registered office at Level 2, 66 Hunter Street, Sydney, NSW, 2000 or at [www.nickelindustries.com](http://www.nickelindustries.com).

**NOTE 2 - BASIS OF PREPARATION**

**Statement of compliance**

The condensed consolidated interim financial statements are general purpose financial statements prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134 '*Interim Financial Reporting*'.

The condensed consolidated interim financial statements do not include full disclosures of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the financial report for the year ended 31 December 2023 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001 and the ASX Listing Rules.

The financial report was authorised for issue by the Directors on 29 August 2024.

**Basis of measurement**

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value.

**Functional and presentation currency**

These financial statements are presented in United States dollars, which is the Company's functional currency.

**Use of estimates and judgements**

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected. The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

In forming views on these significant areas of estimation uncertainty, management have also had regard to the broader macroeconomic environment. In particular, the current year saw nickel prices fall considerably as the supply of nickel from Indonesia continued to increase and the market forecast further increasing supply, as well as a slower than expected growth in the EV sales. Management have had regard to these factors when assessing the short-term to medium-term outlook for nickel pricing, and the impacts this may have on financial performance of the Group as a result.

**Reclassification of prior period expenses**

Certain types of expenses have been reclassified within the Condensed Consolidated Interim Statement of Profit or Loss and Other Comprehensive Income to more appropriately reflect the underlying nature of the expenses. The impact of this change on the previously reported comparative period includes withholding taxes on dividend distributions of \$8,073,250 being reclassified from other expenses to income tax expense, and foreign exchange gain of \$1,481,391 being reclassified from other expenses to financial expense.

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE HALF YEAR ENDED 30 JUNE 2024**

**NOTE 3 - MATERIAL ACCOUNTING POLICIES**

The accounting policies applied by the Group in these condensed consolidated interim financial statements are materially the same as those applied by the Group in its consolidated financial statements as at and for the period ended 31 December 2023. The policy for recognising and measuring income taxes in the interim period is consistent with that applied in the comparative interim period, except for the changes outlined below:

The OECD released Global Anti-Base Erosion Model Rules for a global minimum tax that is expected to be used by individual jurisdictions which seeks to apply a 15% global minimum tax effective for income years commencing on or after 1 January 2024. Legislation to effect these changes is not substantively enacted in Australia, Singapore and Indonesia where the Group primarily operates.

The Group has adopted AASB 2023-2 *Amendments to Australian Accounting Standards – International Tax Reform – Pillar Two Model Rules* which provides a temporary mandatory exception from deferred tax accounting effective immediately.

If implemented the Company may be within scope of the proposed rules, given its operations and arrangements in Singapore and Indonesia. It is noted that the Company's subsidiaries have been granted material tax concessions in Indonesia.

The Company continues to evaluate the potential implications of the Pillar Two global minimum tax rules under IAS12. Recognition of any impact will only occur once legislation has been substantively enacted.

\* The carrying value of limonite ore not forecast to be delivered in the next 12 months has been classified as non-current.

During the six-month period ended 30 June 2024, the Company's 80% subsidiary PT Hengjaya Mineralindo supplied saprolite nickel ore to the Company's 80% owned subsidiaries PT Hengjaya Nickel Industry, PT Oracle Nickel Industry and PT Ranger Nickel Industry under a series of offtake agreements to supply a between 80,000 to 100,000 wmt of saprolite per month to each entity for the period January to June 2024. During the period the PT Hengjaya Mineralindo continued to supply limonite ore to two HPAL projects operating within the IMIP, the Huayue Nickel Cobalt project and the QMB HPAL Nickel project.

Nickel pig iron production raw materials includes nickel ore acquired by PT Hengjaya Nickel Industry, PT Oracle Nickel Industry and PT Ranger Nickel Industry from PT Hengjaya Mineralindo, operator of the Hengjaya Mine. This continues to be valued at the PT Hengjaya Mineralindo cost of production.

Inventories are carried at the lower of cost and net realisable value.

\* Balances in construction in progress are transferred into other categories, as additions, on commissioning of projects, or when available for use in a manner that Management intended.

During the period, the Group acquired \$37,361,365 of property, plant and equipment and recognised depreciation and amortisation totalling \$61,512,900.

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2024**

**NOTE 10 - GOODWILL**

**30 June  
2024**      **31 December  
2023**

Carrying amount at beginning of year	102,748,404	102,748,404
	102,748,404	102,748,404

The goodwill balance amounting to \$102,748,404 pertains to the Hengjaya Nickel, Ranger Nickel, Angel Nickel and Oracle Nickel RKEF Projects, which are considered to be individual cash generating units (CGUs). The Directors consider there to be no impairment on the basis that the recoverable value, determined based on value-in-use, is higher than the carrying value of the respective CGUs.

Updated models were prepared as at 30 June 2024, given the impairment indicators identified during the period. The key assumptions used in the underlying cash flows of each CGU (RKEF plant) are set out below. Nickel price and cash cost estimates used in the cash flows are based on a 'steady state' of operations:

CGU (RKEF Project)	Carrying amount of CGU	Carrying amount of goodwill	Nickel production (tpa)	5-yr average NPI price (p/t)*	5-yr average cash costs (\$/t)*	Discount rate - real post tax (%)	Remaining useful life (years)
Hengjaya Nickel	\$288,949,575	\$29,219,349	20,451	\$12,515	\$10,499	10	15
Ranger Nickel	\$290,079,132	\$26,185,545	19,990	\$12,515	\$10,499	10	15
Angel Nickel	\$729,354,695	\$22,577,269	48,600	\$12,515	\$8,978	10	18
Oracle Nickel	\$814,835,279	\$24,766,240	48,600	\$12,515	\$8,978	10	19

\* The cash flow projections include specific estimates for the first five years and a constant margin thereafter for the remaining useful life of the RKEF project. NPI prices have been forecast based on an average of external market analyst forecast NPI prices. The forecast cash costs incorporate expected savings generated from reduced electricity and coal costs over the next five years. Forecast prices and costs are in real terms.

**Hengjaya Nickel and Ranger Nickel CGUs**

The estimated recoverable amount of the Hengjaya Nickel and Ranger Nickel CGUs were approximately equal to their carrying value. Therefore, a material adverse change in certain key assumptions would lead to impairment.

**Angel Nickel and Oracle Nickel CGUs**

The Angel Nickel and Oracle Nickel CGUs benefit from lower operating costs as a result of their owned power plants. These CGUs have demonstrated comparatively higher margins than Ranger Nickel and Hengjaya Nickel during their operations to date, which has been factored into the forecast for these CGUs.

***Senior Unsecured Notes October 2028***

In April 2023, the Company issued \$400,000,000 of senior unsecured notes (Senior Unsecured Notes October 2028). At the same time the Company made a tender offer (Concurrent Tender Offer) for its existing Senior Unsecured Notes (maturing April 2024) and purchased the outstanding \$225,000,000 of Senior Secured Notes. Key terms of the Senior Unsecured Notes October 2028 are as follows:

- Issue size of \$400,000,000.
- Coupon interest rate of 11.25% per annum.
- Interest is payable on a semi-annual basis in arrears.
- 11% amortisation in April and October each year commencing on 21 October 2025.
- Final Maturity Date of 21 October 2028.

***Senior Unsecured Notes April 2024***

In April 2024 the Company repaid the principal balance of \$244,918,000 of the Senior Unsecured Notes April 2024, as well as associated interest of \$8,003,920.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2024**

---

**NOTE 13 - BORROWINGS (cont.)**

***Bank facility October 2028***

In October 2023 the Company executed financing facilities totalling \$400,000,000 with Indonesian bank PT Bank Negara Indonesia (Persero) Tbk (BNI) to support the Company's funding obligations in relation to the ENC Project.

The facilities comprise a 5-year senior term loan facility (the 2028 Facility) of \$350,000,000, split across two tranches:

- tranche A: \$200,000,000 (secured against the Company's Angel Nickel Project and the Shareholder Loans); and
- tranche B: \$150,000,000 (unsecured).

In addition, the facilities include a \$50,000,000 revolving credit facility (RCF), for general working capital purposes

The interest rate applicable on the 2028 Facility is a margin above the Secured Overnight Financing Rate (SOFR) (currently ~5.3%), according to the following schedule: (i) initial 12-month period: 2.00% (ii) months 12 -18: 3.00% and (iii) 18 months onwards: 3.50%.

The margin applicable to the RCF is 3.00%. Amortisation of both tranche A and tranche B will commence 18 months after the signing of the Facility Agreement (i.e. in April 2025), with 6.3% to be paid every three months until the final maturity date of the 2028 Facility in October 2028.

In March 2024, the Company drew down the remaining \$10,200,000 of tranche A and the \$150,000,000 of tranche B. Transaction costs totalled \$6,290,017. Subsequent to the end of the period, the Company drew down the \$50,000,000 RCF.

***Bank facility May 2029***

In May 2024, the Company executed a \$250,000,000, 5-year term loan facility (the 2029 Facility), jointly provided by tier-1 banks BNI and DBS Bank Ltd (DBS).

Following the repayment in April 2024 of the \$245,000,000 balance of the Company's April 2024 notes, the 2029 Facility was established to support the remaining funding requirements for the Company's acquisition of a 55% equity interest in the ENC project.

The interest rate applicable for the 2029 Facility will be a margin above the SOFR, according to the following schedule: (i) initial 12-month period: 2.00% (ii) months 12 -18: 3.00% and (iii) 18 months onwards: 3.50%.

Subsequent to the end of the period, the Company drew down the \$250,000,000.

***Oracle Nickel working capital loans***

Commencing in October 2022, the indirect shareholders of Oracle Nickel, Nickel Industries and Decent Resource, have provided working capital loans to Oracle Nickel totalling \$26 million to fund operations through the ramp-up commissioning phase of operations. These loans are proportionate to the shareholders interest in Oracle Nickel at the time of the loans i.e. Nickel Industries provided 70% of the total amount, \$18.2 million and Decent Resource provided 30%, \$7.8 million. Oracle Nickel repaid \$15 million in June 2024, \$10.5 million to Nickel Industries, and \$4.5 million to Decent Resource. Interest was charged at a rate of 2.5% per annum up to 31 December 2023. From 1 January 2024, the interest rate shall be TERM SOFR 6M minus 50 basis points, which was 4.68% for the period. Total interest payable Oracle Nickel on the working capital loans is \$1,138,327, with \$826,163 payable to the Company eliminating on consolidation and \$312,164 payable to Decent Resource. The term of the loan is 3 years.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2024**

---

**NOTE 15 - RELATED PARTIES**

A number of key management persons, or their related parties, hold positions in other entities that result in them having control or joint control over the financial or operating policies of those entities. A number of these entities transacted with the Group during the period. The aggregate value of transactions and outstanding balances relating to key management personnel and entities over which they have control or joint control were as follows:

*Transaction with Director related entity*

Director Norman Seckold holds an interest in an entity, MIS Corporate Pty Limited (MIS), which provided full administrative services, including administrative, accounting, company secretarial and investor relations staff both within Australia and Indonesia, rental accommodation, services and supplies to the Group, for a fee of A\$50,000 per month. Fees charged by MIS during the period amounted to A\$300,000 (2023: A\$228,000). At 30 June 2024 A\$0 (2023: A\$nil) remained outstanding.

*Transactions with Shanghai Decent and its associates*

During the six months to 30 June 2024, the Group sold NPI, nickel matte and MHP totalling \$792,934,279 to Shanghai Decent-related entities. \$162,771,458 of raw materials and services and fixed assets were purchased from Shanghai Decent-related entities. At 30 June 2024 trade receivables of \$255,845,156 from Shanghai Decent-related entities remained outstanding and was included in the receivables balance, and trade payables of \$62,130,793, payable to Shanghai Decent-related entities remained outstanding and was included in the creditor's balance.

Decent Resource, an associate of Shanghai Decent has provided working capital loans to Oracle Nickel totalling \$7,800,000 (\$4,800,000 in the six months to 30 June 2023 and \$3,000,000 in 2022), with repayment of \$4,500,000 in June 2024. Interest was charged at a rate of 2.5% and increased to 4.68% per annum since 1 January 2024. Total interest incurred by Oracle Nickel on the working capital loan from Decent Resource in 2024 totalled \$180,964. At 30 June 2024 a working capital loan amount of \$3,300,000 and interest totalling \$312,164 remained outstanding and is included in the borrowings balance.

During the six months to 30 June 2024 dividend distributions, interest and shareholder loans repayments from the Company's 80% owned subsidiaries Hengjaya Holdings Private Limited, Ranger Investment Private Limited and Angel Capital Private Limited to Shanghai Decent's associates Decent Investment International Private Limited and Decent Resource Limited, totalled \$21,360,806.

Shanghai Decent and its associates hold 20% equity interests in the Hengjaya Nickel, Ranger Nickel, Angel Nickel and Oracle Nickel projects, which reflects the non-controlling interest in the Group amounting to \$440,666,870 as at 30 June 2024.

Shanghai Decent and its associates are the Company's collaboration partner at each of the Hengjaya Nickel, Ranger Nickel, Angel Nickel and Oracle Nickel projects. Shanghai Decent and its associates also have responsibility for the design and construction of the ENC project. Under the terms of the acquisition agreement for the ENC project, the Company has committed to acquiring a 55% interest in the ENC project for a total acquisition cost of \$1,265M, plus the \$25M option fee paid. At 30 June 2024 the Company has acquired a 27.5% interest for \$632.6M.

As a result of the above arrangements, the Group is economically dependent on Shanghai Decent and its associates.

**NICKEL INDUSTRIES LIMITED**  
and its controlled entities

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 30 JUNE 2024**

**NOTE 15 - RELATED PARTIES (cont.)**

*Transaction with equity accounted associate*

At 15 August 2023 the Company acquired a 10% interest in the HNC HPAL project, operating within the IMIP. During the period ended 30 June 2024, the Group sold limonite ore totalling \$3,253,926 to the HNC HPAL project, operating within the IMIP. At 30 June 2024 trade receivables of \$260,856 remained outstanding and was included in the receivable's balance.

As part of the acquisition agreement for the HNC HPAL project on 15 August 2023, the Company acquired a 100% interest in Tsing Creation. During the period ended 30 June 2024, HNC sold mixed hydroxide precipitate (MHP) to Tsing Creation totalling \$41,715,751. At 30 June 2024, there were trade payables of \$1,907,929 outstanding from Tsing Creation to HNC.

Apart from the details disclosed in this note, no Director or other related party has entered into a material contract with the Group during the year and there were no material contracts involving Director's interests subsisting at year end.

**NOTE 16 - SEGMENT INFORMATION**

Segment information is presented in respect of the Group's management and internal reporting structure.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly income earning assets and revenue, interest bearing loans, borrowings and expenses, and corporate assets and expenses. Segment capital expenditure is the total cost incurred during the period to acquire segment assets that are expected to be used for more than one period in that geographic region.

**Operating segments**

For the period ended 30 June 2024, the Group had three segments, being nickel ore mining in Indonesia, the RKEF projects in Indonesia and Singapore and the HPAL projects in Indonesia.

**FOR THE HALF YEAR ENDED 30 JUNE 2024**

**NOTE 16 - SEGMENT INFORMATION (cont.)**

	Nickel ore mining \$	RKEF Projects <sup>(4)</sup> \$	Unallocated \$	Total \$
<b>30 June 2023</b>				
External revenues	9,352,733 <sup>(1)</sup>	922,912,836	-	932,265,569
EBITDA <sup>(5)</sup>	26,106,711	147,244,414	(31,512,395)	141,838,730
Interest income	44,367	409,592	2,228,859	2,682,818
Interest expense (excluding bond costs)	-	598,446	25,440,884	26,039,330
Depreciation and amortisation <sup>(2)</sup>	1,916,130	48,690,815	-	50,606,945
Withholding tax expense <sup>(6)</sup>	621,706	449,373	697,094	1,768,173
Reportable segment profit before tax	23,613,242 <sup>(3)</sup>	97,915,372	(55,421,514)	66,107,100
Reportable segment assets	114,159,689	2,618,033,812	272,771,067	3,004,964,568
Reportable segment liabilities	25,019,343	292,605,521	650,299,812	967,924,676

- (1) Revenue number for sales of limonite ore only. Sales of saprolite ore of \$54,018,895 (2023: \$57,830,244) are internal to the Group and so are eliminated on consolidation, whilst limonite ore sales are external to the Group.
- (2) Includes \$21,182,363 (2023: \$18,863,392) of amortisation on the fair value uplift of property, plant and equipment resulting from the acquisition of the Angel Nickel, Hengjaya Nickel, Oracle Nickel, and Ranger Nickel RKEF projects.
- (3) An additional \$476,045 (2023: \$948,546 derecognised) of gross profit at the Hengjaya Mine was recognised on consolidation, reflecting that the associated tonnes of nickel ore are still held at the Hengjaya Nickel, Oracle Nickel and Ranger Nickel projects decreased during the period.
- (4) The Group has four separate CGUs (RKEF plants). They are considered as an aggregate portfolio and are therefore included within the one segment here.
- (5) EBITDA is defined by the Company as profit/(loss) for the period, plus depreciation and amortisation costs, plus interest income/(expenses), plus withholding tax expense.
- (6) Refer to Note 2 for reclassification of prior period expenses.

**Revenue**

All sales during the half year were to customers located in either Indonesia, China, Singapore or Switzerland. For the half year ended 30 June 2024 the value of total NPI sales to customers based in China was \$254.3 million and to customers based in Indonesia was \$449.7 million. Sales of nickel matte to a customer based in Indonesia were \$30.1 million and exported to a buyer based in Switzerland were \$42.5M. Limonite ore revenue totalling \$19.2 million was derived from sales to customers located in Indonesia.

**Major customers**

All sales of nickel pig iron during the half year ended 30 June 2024 were either exported sales to Shanghai Decent in China (\$254.3M), or sales within Indonesia to PT Indonesia Stainless Steel (\$218.6M) or PT Qing Feng Ferrochrome (\$231.2M), stainless steel producers operating within the IMIP. All exported sales of nickel matte were to Glencore AG (\$42.5M), and sales of matte in Indonesia were to PT Indonesia Guang Ching Nickel and Stainless Steel Industry (\$30.1M), a stainless-steel producer operating within the IMIP.

All sales of saprolite nickel ore during the half year ended 30 June 2024, were to the Company's subsidiaries PT Hengjaya Nickel Industry, PT Oracle Nickel Industry and PT Ranger Nickel Industry, under a series of offtake agreements to supply between 80,000 to 100,000 wmt per month to each entity. During the half year period, limonite ore was delivered to two HPAL projects operating within the IMIP, the Huayue Nickel Cobalt project and the QMB HPAL Nickel project.

**NOTE 17 – SUBSEQUENT EVENTS**

- In July 2024, the Company paid US\$379.5M for an additional 16.5% interest in the ENC project, taking the Company's interest in the project to 44.0%.
- In July 2024, the Company drew down the remaining US\$50M under the US\$400M BNI loan facility and the US\$250M BNI and DBS facility, ahead of the ENC acquisition payment.
- In August 2024, the Company announced the acquisition of the Sampala Project, three contiguous nickel IUPs (mining licences) covering 6,654 hectares. Subsequent to the end of the period, the Company has made US\$5M of acquisition payments for the Sampala Project.

Other than the matters detailed above, there has not arisen in the interval between the end of the half year and the date of this report any other item, transaction or event of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Group, the results of those operations, or the state of affairs of the Group, in future financial years.

**DIRECTOR'S DECLARATION**

---

In accordance with a resolution of the Directors of Nickel Industries Limited, we state that in the opinion of the Directors:

- (a) the financial statements and notes set out on pages 16 to 35 are in accordance with the *Corporations Act 2001* including:
  - (i) giving a true and fair view of the Group's financial position as at 30 June 2024 and of its performance for the half-year ended on that date; and
  - (ii) complying with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Regulations 2001; and
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed at Sydney this 29<sup>th</sup> day of August 2024

in accordance with a resolution of the Board of Directors:

# Independent Auditor's Review Report

To the shareholders of Nickel Industries Limited

## Conclusion

We have reviewed the accompanying **Interim Financial Report** of Nickel Industries Limited.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the **Interim Financial Report** of Nickel Industries Limited does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Group's** financial position as at 30 June 2024 and of its performance for the **Interim Period** ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Interim Financial Report** comprises:

- Condensed Consolidated statement of financial position as at 30 June 2024
- Condensed Consolidated statement of profit or loss and other comprehensive income, Condensed Consolidated statement of changes in equity and Condensed Consolidated statement of cash flows for the Interim Period ended on that date
- Notes 1 to 18 comprising material accounting policies and other explanatory information
- The Directors' Declaration.

The **Group** comprises Nickel Industries Limited (the Company) and the entities it controlled at the Interim Period's end or from time to time during the Interim Period.

The **Interim Period** is the six months ended on 30 June 2024.

## Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

## Responsibilities of the Directors for the Interim Financial Report

The Directors of the Company are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibilities for the Review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 June 2024 and its performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Interim Period Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
