Airtasker Marketplaces Revenue Growth 9.8%

During the year, Airtasker marketplaces revenue grew 9.8% on pcp to \$38.1m (FY23: \$34.7m), a compound annual growth rate of 18.7%.⁴

Whilst challenging macroeconomic conditions saw FY24 GMV⁵ down 3.5% on pcp, product investment to improve marketplace reliability saw cancellations decline 26.3% on pcp, delivering a record number of completed tasks and a 13.7% improvement in the full year monetisation rate⁶ to 20.0% (FY23: 17.6%)

The revised cancellation policy and cancellation fee structure was phased in during the year for both customers and Taskers in staggered cohorts and staged by geographic regions. As such the monetisation rate for FY24 does not yet fully reflect the impact of the introduction of the revised cancellation policy and cancellation fee structure.

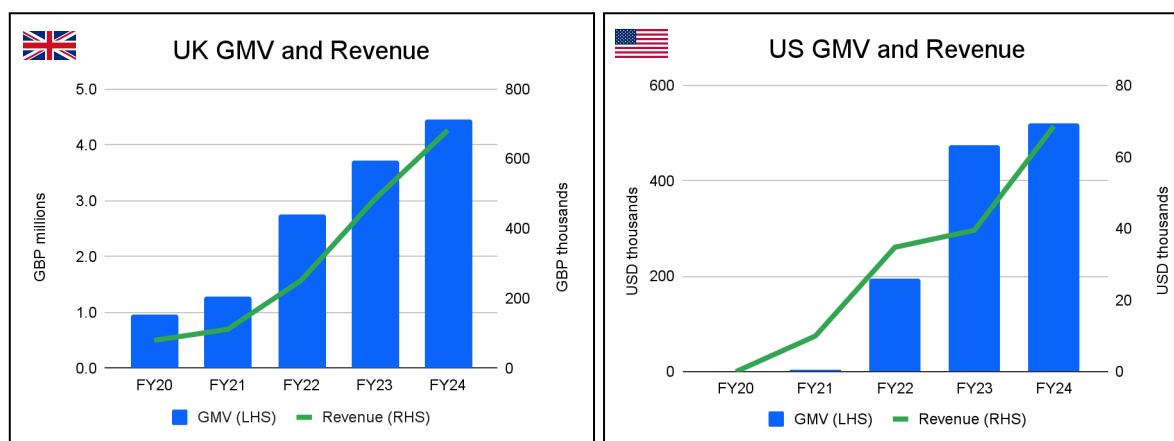

⁴ Over the four years to FY24.

⁵ Gross marketplace volume ('GMV') represents the total price of all tasks booked through the Airtasker marketplaces before cancellations and inclusive of price adjustments between customers and Taskers, bonuses paid by customers to Taskers, fees payable by customers and Taskers to Airtasker, and any applicable sales taxes.

⁶ Monetisation rate represents Airtasker's revenue in a given financial period, expressed as a percentage of GMV in the same period.

Media Partnership Drives 76.3% UK Revenue Growth

Following the successful release of a Channel 4 television campaign, UK marketplace demand accelerated with 4Q24 revenue growth of 76.3% on pcp, to \$0.5m (£0.25m).

The Group's Airtasker US marketplace continued its momentum in FY24 achieving revenue growth of 73.7% on pcp to \$0.1m (US\$0.1m). The Group has continued to see encouraging growth in US marketplace activity while being disciplined about marketing investment and exploring media partnership opportunities.

Overall, the Group delivered a 97.8% improvement on pcp in Group EBITDA to a \$0.2m loss (FY23: \$8.0m loss).

⁷ As disclosed in note 4 of the FY24 financial statements.
