FY24 Results Presentation

August 2024

About Us

X2M has commercialised a unique patented software platform for machine connectivity

We are digitising utilities in Asia. Our target countries represent >20% of the world's population

Our platform is a core enabler of data collection, for automation, Artificial Intelligence and human free control of machines, meters and sensors

We are capitalising on a global trend of digitisation, data capture and AI in the utility sector

Our existing enterprise and government customers represent a very large addressable market and our new markets takes this to a higher level

FY24 highlights

Revenue of \$13.4 million, down 17% (FY23: \$16.2 million), reflecting the Company's targeted and previously announced strategy to exit low margin hardware-only sales

Recurring SaaS and maintenance revenue of \$1.7 million, up 50% (FY23: \$1.15 million)

Gross profit \$4.9 million up 29% (FY23: \$3.8 million), reflecting profitable conditions in Japan and South Korea

Adjusted EBITDA¹ loss of \$3.2 million, improved 31% (FY23: \$4.6 million)

Connected devices as at 30 June 2024 were 537,706, up 25% (FY23: 428,801)
Enterprise/government customers increased to 75, up 15%, (FY23: 64)

¹. Adjusted EBITDA is a non IFRS measure and excludes Share based payments and one-off costs

We are driving towards positive cashflow

Growth in gross profit, recurring SaaS and maintenance revenue and flat Opex has the company on path to positive cashflow and earnings. Drop in FY24 revenue driven by discontinuation of low-margin hardware sales and focus on margin generation

Revenue (\$M)

Gross profit (\$M)

FY23 gross profit of \$3.8m, up 64% on the pcp

SaaS and maintenance revenue*

Adjusted EBITDA¹ (\$M)

* FY21 and FY22 SaaS and maintenance revenue excludes Gochang hardware subscriptions

¹. Adjusted EBITDA is a non IFRS measure and excludes Share based payments and one-off costs

Strongly growing connected devices

A key focus for X2M is continued growth in the number of connected devices which provide the base for future recurring SaaS revenues under long-term contracts. The rise in connected devices is driven by the Company's core enterprise and government customers. Total connected devices at 30 June 2024 reached 537,706 an increase of 25% on the 30 June 2023 figure.

X2M is now in the third horizon of its strategy

Our solution – the results we deliver to our customers

**Increased
operational
efficiency**

Platform streamlines utility management and reduces manual interventions.

**Cost
reductions**

Automated monitoring and accurate, real-time data eliminates the need for manual meter readings, reduces errors, and optimises resource allocation.

**Enhanced
public safety**

Real-time alerts and automated responses to hazards, reduces risk and enhance public safety. Our platform can locally initiate a building gas emergency shut down in the case of a major natural disaster such as an earthquake or tsunami.

**Improved
data flow and
analysis**

Data collected can be used by a wide range of automation and Artificial Intelligence applications and to trigger individual or group actions with or without human intervention.

Revenue model

Upfront revenue

Platform installation fee per instance plus platform customisation fees

Per new device connection fee or per new device fee for X2M hardware

Recurring revenue

Monthly maintenance fee for support

Monthly SaaS fee for data delivered

Annual licensing fee per platform instance

X2M summary

Unique, world-leading, future-proofed IoT solution enabling smart cities and AI

Early mover advantage with significant barriers to entry and majority of customers with repeat orders

Addressable market is large and growing, with significant global potential

Clear path to profitability; recurring revenues growing strongly

Strong team leading the Company to the next horizon

Investment risk

An investment in Shares is subject to known and unknown risks, some of which are beyond the control of the Company, including possible loss of income and principal invested. The Company does not guarantee any particular rate of return or the performance of the Company nor does it guarantee the repayment or maintenance of capital or any particular tax treatment.

Past and future performance

Past performance information given in this Presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance.

This Presentation may contain certain forward-looking statements with respect to the financial condition, operations and business of the Company and certain plans and objectives of the Company. Forward-looking statements can be identified by the use of forward-looking terminology, including, without limitation, the terms “believes”, “estimates”, “anticipates”, “expects”, “predicts”, “intends”, “plans”, “targets”, “aims”, “outlook”, “guidance”, “forecasts”, “may”, “will”, “would”, “could” or “should” or, in each case, their negative or other variations or comparable terminology. These forward-looking statements include all matters that are not historical facts. Such forward looking statements involve known and unknown risks, uncertainties and other factors that because of their nature may cause the actual results or performance of the Company to be materially different from the results or performance expressed or implied by such forward looking statements. Such forward looking statements are based on numerous assumptions regarding the Company’s present and future business strategies and the political and economic environment in which the Company will operate in the future (including in respect of the COVID-19 pandemic, which makes all forward-looking statements highly uncertain), which may not be reasonable, and are not guarantees or predictions of future performance. No representation is made that any of these statements or forecasts will come to pass or that any forecast result will be achieved, or that there is a reasonable basis for any of these statements or forecasts.

Forward-looking statements speak only as at the date of this Presentation and the Company is under no obligation to, and will not, update them. This document should be read in conjunction with other publicly available information.

This document provides information in summary form only and is not intended to be complete. It is not intended to be relied upon as advice to investors or potential investors and does not take into account the investment objectives, financial situation or needs of any particular investor.
