**ALTECH BATTERIES LIMITED**  
**DIRECTORS' REPORT**  
For the year ended 30 June 2024

---

The directors present their report, together with the financial statements of the Group, being the Company and its controlled entities, for the financial year ended 30 June 2024.

## **DIRECTORS**

The names and details of the directors of Altech Batteries Limited during the financial year and until the date of this report are:

**Ignatius (Iggy) Tan** B.Sc, MBA, GAICD  
**Managing Director**  
**Appointed: 25 August 2014**

Mr Tan is a highly experienced mining and chemical executive with a number of significant achievements in commercial mining projects such as capital raisings, funding, construction, start-ups and operations. Mr Tan has over 30 years chemical and mining experience and been an executive director of a number of ASX-listed companies. He holds a Master of Business Administration from the University of Southern Cross, a Bachelor of Science from the University of Western Australia and is a Graduate of the Australian Institute of Company Directors.

Mr Tan became the Company's Managing Director in August 2014. Having been involved in the commissioning and start-up of seven resource projects in Australia and overseas, including high purity technology projects. Mr Tan is an accomplished project builder and developer. Mr Tan previously held Managing Director positions at ASX listed Kogi Iron Limited (ASX: KFE) (23-08-2013 to 1-05-2014) and Galaxy Resources Limited (ASX: GXY) (11-11-2011 to 11-06-2013). Mr Tan is currently Executive Chair of ASX listed Lithium Universe Limited (ASX: LU7) (from 10/08/2023).

**Luke Frederick Atkins LLB**  
**Non-Executive Chairman**  
**Appointed: 8 May 2007**

Mr Atkins was a co-founder of the Company, he is a highly qualified mining executive and a lawyer by profession, Mr Atkins has had extensive experience in capital raisings and has held a number of executive and non-executive directorships of private and publicly listed companies.

Mr Atkins is the co-founder and is currently a Non-Executive Director of ASX-listed Australian Silica Quartz Group Limited (formally Bauxite Resources Limited) (ASX: ASQ). Mr Atkins brings to the board extensive experience in the areas of mining, exploration and corporate governance.

**Peter Bailey**  
**Independent Non-Executive Director**  
**Appointed: 8 June 2012**

Mr Bailey is a highly experienced and qualified engineer with over 40 years of experience in the mining and industrial chemical production industry. Mr Bailey spent the majority of his career in the alumina chemicals and alumina refining industries. He was previously chief executive officer at Sherwin Alumina, an alumina refinery located in Texas, USA.

Prior to Sherwin, in 1998 Mr Bailey was president of Alcoa Worldwide Chemicals' industrial chemicals department. He was responsible for managing the company's 13 alumina plants that were located in eight countries, with combined annual revenue of approximately US\$700 million. In 1996, Mr Bailey was president of Alcoa Bauxite and Alumina and was responsible for 8 alumina plants outside of Australia. He was also the Chairman of the Alcoa Bauxite joint venture in Guinea, Africa. He has a solid business network throughout the global alumina industry. Mr Bailey has not held any other listed company directorships in the past 3 years.

**Daniel Lewis Tenardi**  
**Non-Executive Director**  
**Appointed: 17 September 2009**

Mr Tenardi is a highly experienced global resource executive with over 40 years of experience in the mining and processing sectors. During his extensive career, Mr Tenardi spent 13 years at Alcoa's alumina refinery in Kwinana as well as the company's bauxite mines in the Darling Ranges of Western Australia.

Mr Tenardi was the founding Managing Director of Bauxite Resources Limited (since renamed Australian Silica Quartz Group Limited (ASX: ASQ)), where he led the rapid growth of the company from its initial exploration phase, expansion of land holdings, to the commencement of trial shipments of ore and securing supportive strategic partnerships with key Chinese investors. Having built strong networks with industry leaders in the alumina sector, Mr Tenardi provides valuable alumina-specific industry experience. Mr Tenardi previously served as a Non-Executive independent director of Australian iron ore producer, Grange Resources Limited (ASX: GRR), was CEO of Ngarda Civil & Mining and has also held senior executive and operational roles at CITIC Pacific, Alcoa, Roche Mining and Rio Tinto.

# ALTECH BATTERIES LIMITED

## DIRECTORS' REPORT

For the year ended 30 June 2024

---

**Tunku Yaacob Khyra** B.Sc (Hons), CA  
**Non-Executive Director**  
**Appointed: 22 October 2015**

Tunku Yaacob Khyra is the executive Chairman of the Melewar Khyra Group of Companies (Melewar), a Malaysian-based diversified financial and industrial services group. He is the major owner and shareholder of Melewar and sits on the boards of Khyra Legacy Berhad, Mycron Steel Berhad, MAA Group Berhad, Melewar Industrial Group Berhad, Ithmaar Bank B.S.C. (listed on Bahrain Stock Exchange) and several other private companies.

Tunku Yaacob graduated with a Bachelor of Science (Hons) Degree in Economics and Accounting from City University, London. An accountant by training, he is a Fellow of the Institute of Chartered Accountants in England & Wales and a member of the Malaysian Institute of Accountants. He started his career as an Auditor with Price Waterhouse, London from 1982 to 1985 and subsequently joined Price Waterhouse Kuala Lumpur from 1986 to 1987. He joined Malaysian Assurance Alliance Berhad in 1987 and retired as its Chief Executive Officer in 1999. Tunku Yaacob has not held any other Australian listed company directorships in the last 3 years.

**Hansjoerg Plaggemars**  
**Non-Executive Director**  
**Appointed: 19 August 2020**

Mr Plaggemars is a member of the board of Delphi Unternehmensberatung AG and previously of Deutsche Balaton AG (ATC major shareholder) and acts as their representative. Mr Plaggemars is based in Heidelberg, Germany and is an experienced company director and manager. He studied business administration at the University of Bamberg from 1990 to 1995.

Mr Plaggemars has been a management consultant since June 2017, and is a board member of various companies within the scope of projects. Mr Plaggemars is currently a member of the management board of Frankfurt Stock Exchange listed Altech Advanced Materials AG. Mr Plaggemars also currently serves as a non-executive director of ASX listed Geopacific Resources Limited, Wiluna Mining Corporation, PNX Metals Limited and Patronus Resources Limited.

**Uwe Ahrens**  
**Alternate Non-Executive Director (for Tunku Yaacob Khyra)**  
**Appointed: 22 October 2015**

Mr Ahrens is executive director of Melewar Industrial Group Berhad and Managing Director of Melewar Integrated Engineering Sdn Bhd. He also sits on the board of several other private limited companies. Mr Ahrens holds Masters degrees in both Mechanical Engineering and Business Administration from the Technical University Darmstadt, Germany. Upon graduation, Mr Ahrens joined the international engineering and industrial plant supplier, KOCH Transporttechnik GmbH in Germany, now belonging to FLSmidth Group, where he held a senior management position for 12 years, working predominantly in Germany, USA and South Africa. Mr Ahrens has not held any other Australian listed company directorships in the past 3 years. Mr Ahrens is the Alternate Non-Executive Director for Tunku Yaacob Khyra.

### CHIEF FINANCIAL OFFICER & COMPANY SECRETARY

**Martin Stein** Chartered Accountant, B. Bus, Chartered Secretary  
**Chief Financial Officer and Company Secretary**  
**Appointed: Chief Financial Officer 1 November 2021 and Company Secretary 9 March 2022**

Mr Stein is a finance and corporate executive with over 20 years' of international experience. Mr Stein has held the positions of Chief Financial Officer and Company Secretary in several ASX listed companies. In these roles, Mr Stein has been responsible for all aspects of capital raising, financial management, investor relations and corporate governance. Prior to this, Mr Stein held senior positions with Anvil Mining Limited as well as with PwC at its London office. Whilst with PwC, Mr Stein provided corporate services for companies listed on the LSE, NYSE and AIM, including Colgate-Palmolive, Sony, Heinz, DHL Express and Bosch.

**ALTECH BATTERIES LIMITED**  
**DIRECTORS' REPORT**  
For the year ended 30 June 2024

## PRINCIPAL ACTIVITIES

The principal activities of the Group during the financial year were:

- a) All of the German battery plant suppliers were selected in order to commercialise Fraunhofer's revolutionary CERENERGY® Sodium Chloride Solid State (SCSS) Battery.
- b) CERENERGY® Sodium Chloride Solid State (SCSS) Battery was independently assessed by CICERO as exhibiting a minimum 50% lower GHG emissions compared to lithium-ion batteries with a superior environmental performance and footprint.
- c) An upgrade to the CERENERGY® Sodium Chloride Solid State (SCSS) Battery output by 20% to 120 MWh per annum.
- d) Silumina Anodes™ project output was expanded eightfold from 15GWh to 120GWh by using silicon only feedstock, without any change to plant and equipment used.
- e) Completion of the Definitive Feasibility Study, with outstanding economics, for the full-scale plant to produce 8,000tpa of Silumina Anodes™ in Saxony, Germany. Altech previously acquired an ~14Ha industrial site in Saxony, Germany that is an ideal location for the full-scale plant.
- f) Completion of the Definitive Feasibility Study for the CERENERGY® 120MWh battery plant intended to be constructed on Altech's land in Saxony, Germany.
- g) Commenced fabrication of the two CERENERGY® 120MWh battery prototypes.

## FINANCIAL POSITION & RESULTS OF OPERATIONS

The financial results of the Group for the financial year ended 30 June 2024 are:

	2024	2023
	\$	\$
Cash and cash equivalents	2,117,028	3,571,159
Net Assets	22,636,810	33,875,059
Revenue	256,766	296,456
Net profit /(loss) after tax	(32,293,676)	(61,779,873)
Profit / (Loss) per share	(0.026)	(0.060)

## DIVIDENDS

No dividend has been paid since the end of the previous financial year and no dividend is recommended for the current year.

## REVIEW OF OPERATIONS AND ACTIVITIES

The year ended 30 June 2024 enabled Altech to move forward with its CERENERGY® Sodium Chloride Solid State ("SCSS") battery project planned for the grid storage battery market, as well as its patented Silumina Anodes™ battery materials coating technology, which aims to increase the capacity of lithium-ion batteries by including high-purity alumina coated silicon and graphite in the anode of the battery.

## CERENERGY® SODIUM CHLORIDE SOLID STATE BATTERY PROJECT

### SCSS CERENERGY® Batteries

Altech believes that Sodium Chloride Solid State (SCSS) CERENERGY® batteries are the game-changing grid storage alternative to lithium-ion batteries. CERENERGY® batteries are fire and explosion-proof, have a life span of more than 15 years and operate in extreme cold and desert climates. The battery technology uses low input cost table salt and nickel - is lithium-free; cobalt-free; graphite-free; and copper-free, eliminating exposure to critical metal price rises and supply chain concerns.

The SCSS technology has been developed by Fraunhofer over the last eight years and has revolutionised previous technology, allowing higher energy capacity and lower production costs. SCSS-type batteries, in terms of capacity, have already been successfully tested in stationary battery modules. The Fraunhofer SCSS batteries are ready to commercialise. Fraunhofer has spent in the region of EUR 35 million on research & development and operates a EUR 25 million pilot plant in Hermsdorf, Germany. The final CERENERGY® battery packs are specially designed for the grid storage market.

The joint venture partners have elected to develop a 120 MWh SCSS battery plant (Train 1) on Altech's site in Saxony, Germany. The target market for this project will specifically focus on the grid (stationary) energy storage market which is expected to grow by 28% CAGR (Compound Annual Growth Rate) in the coming decades. The global grid energy storage market is expected to grow from USD 4.4 billion in 2022 to USD 15.1 billion by 2027. Or further out, the market is expected to grow from 20 GW in 2020 to over 3,000 GW by 2050. Altech believes that SCSS batteries can provide high security, at low acquisition and operating costs, for the stationary energy storage market.

The joint venture partners have completed the DFS required for the commercialisation process. Altech is now moving forward with securing sales offtake as well as finance to construct the 120 MWh plant on land that it owns in Saxony, Germany.

**ALTECH BATTERIES LIMITED**  
**DIRECTORS' REPORT**  
For the year ended 30 June 2024

---

## **SILUMINA ANODES™ PROJECT**

The Silumina Anodes™ project involves coating silicon with a nanometre layer of high-purity alumina, for inclusion in lithium battery anodes to increase lithium battery capacity. Altech advanced this technology during the year and continues to progress with commercialisation of the product.

The Company has made significant progress in incorporating high-capacity high-purity alumina-coated silicon in lithium-ion batteries, and has concluded a Definitive Feasibility Study for the construction of a 8,000tpa Silumina Anodes™ plant in Saxony. As Altech races to bring its patented technology to market, it has completed construction of a pilot plant adjacent to the proposed project site to facilitate the qualification process for its Silumina Anodes™ product, and is now in the commissioning phase of the pilot plant. The pilot plant will also provide optimised inputs for the full-scale 8,000tpa commercial plant design, and will produce customer samples for testing and qualification.

### ***Silumina Anodes™ Full Scale Plant Development***

An outstanding Definitive Feasibility Study ("DFS") for a full-scale plant to produce 8,000tpa of Silumina Anodes™ has been completed. The DFS included a low capital cost of €112 million, a pre-tax Net Present Value of €684 million and an attractive Internal Rate of Return (IRR) of 34%.

Altech has acquired an ~14Ha industrial site in Saxony, Germany, to house a full-scale plant for its Silumina Anodes™ project. Altech believes that the site is the ideal location for a 8,000tpa high purity alumina battery materials coating plant, as it is strategically located to supply the European lithium-ion battery and EV markets.

## **RISK MANAGEMENT**

Due to its size and scope of operations, the Group does not have a dedicated Risk Management Committee. Rather, the Company's board as a whole is responsible for the oversight of the Group's risk management and control framework. Responsibility for control and risk management is delegated to the appropriate level of management within the Group, with the Managing Director having ultimate responsibility to the board for the risk management and control framework.

The Managing Director highlights areas of significant business risk and the board has arrangements in place whereby it monitors risk management, including the periodic reporting to the board in respect of operations and the financial position of the Company.

The Company does not have a dedicated internal audit function, however it works closely with its external auditors and management for the evaluation and continual improvement of the effectiveness of its risk management and internal control procedures. The Board has established an Audit Committee.

## **EMPLOYEES**

The Group had 24 permanent employees as at 30 June 2024 (2023: 19 permanent employees).

## **SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS**

In the opinion of the directors, there were no other significant changes in the state of affairs of the Group that occurred during the financial year under review.

## **EVENTS SUBSEQUENT TO BALANCE DATE**

### **Capital Raised**

On 7 August 2024, the Company announced a proposed capital raising of up to approximately \$8.9 million, comprising the issue of up to 223,946,491 fully paid ordinary shares in the capital of the Company at an issue price of \$0.04 per Share. Participants in the entitlement offer will also receive free attaching options on the basis of one (1) option for every two (2) shares held, with each option having an exercise price of \$0.06 and expiry date of 31 December 2025. The prospectus for the capital raising was lodged with ASIC and ASX on the same date.

The Capital Raising exercise had been completed with the following outcomes:

- a single tranche placement of 10,125,000 shares to sophisticated and professional investors at an issue price of \$0.04 per share was completed and raised \$405,000. The fully paid ordinary shares under the placement were issued and allotted on 15 August 2024. A total of 4,562,500 free attaching options in relation to the share placement were also issued and allotted on 17 September 2024. Each option had an exercise price of \$0.06 and expiry date of 31 December 2025.

**ALTECH BATTERIES LIMITED**  
**DIRECTORS' REPORT**  
For the year ended 30 June 2024

**EVENTS SUBSEQUENT TO BALANCE DATE (continued)**

- a non-renounceable entitlement offer of 1 share for every 8 shares held by eligible shareholders at the same issue price as the placement of \$0.04, raised \$6,473,693. 161,842,312 fully paid ordinary shares under the entitlement offer was issued and allotted on 17 September 2024. This included the amount of \$5,000,000 underwritten by Altech Director Tunku Yaacob Khyra's related entity, MAA Group Berhad (124,999,700 shares which included MAA Group Berhad taking up its entitlement under the entitlement offer). Under the terms of the underwriting agreement with MAA Group Berhad, the Company will pay MAA Group Berhad a fee of 6% of the amount underwritten. A total of 80,921,451 free attaching options in relation to the entitlement offer were also issued and allotted on 17 September 2024. Each option had an exercise price of \$0.06 and expiry date of 31 December 2025.
- On 17 September 2024, the Company issued and allotted 1,351,352 fully paid ordinary shares at a volume weighted price of \$0.037 per share to Spark Plus Pte Ltd as consideration for the provision of investor relations services.

**First Offtake Letter of Intent for Cerenergy® GridPacks**

Altech's subsidiary, Altech Batteries GmbH executed an Offtake Letter of Intent ("LOI") between Zweckverband Industriepark Schwarze Pumpe ("ZISP") on 12 September 2024. Under the LOI, ZISP will purchase 30 MWh of energy storage capacity annually, consisting of 1MWh GridPacks, for the first 5 years of production. The price of these batteries has been agreed and aligned to Altech's Definitive Feasibility Study assumptions. The purchase of these batteries is subject to performance tests, battery specifications and the batteries meeting customer requirements.

Further, there has not arisen since the end of the financial year any other item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Company to affect substantially the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

**OPTIONS OVER UNISSUED CAPITAL**

Since 30 June 2023 and up until the date of this report the Company had not issued any new options (2023: nil).

There are no options outstanding at the date of this report. Information in relation to this is available on both the ASX and Company website.

**PERFORMANCE RIGHTS OVER UNISSUED CAPITAL**

As at the date of this report unissued ordinary shares of the Company subject to performance rights are:

Performance Right Series	Rights outstanding	Exercise Price	Rights Vested	Rights not Vested	Expiry Date
Managing Director	5,000,000	Nil	Nil	5,000,000	11/6/25
Managing Director	10,000,000	Nil	Nil	10,000,000	29/11/26
Managing Director	15,000,000	Nil	Nil	15,000,000	11/5/28
Non-executive Directors	6,000,000	Nil	Nil	6,000,000	26/11/25
Non-executive Directors	27,000,000	Nil	Nil	27,000,000	11/5/28
Employees	500,000	Nil	Nil	500,000	27/9/25

Employees	47,400,000	Nil	Nil	47,400,000	11/5/28
Employees	3,600,000	Nil	Nil	3,600,000	11/5/28
<b>Total</b>	<b>119,250,000</b>	<b>Nil</b>	<b>Nil</b>	<b>119,250,000</b>	

Details of performance rights issued to the directors and Key Management Personnel of the Company during the period of this report are contained in the Remuneration Report.

The above performance rights represent unissued ordinary shares of the Company under option as at the date of this report. These performance rights do not entitle the holder to participate in any share issue of the Company. The holders of performance rights are not entitled to any voting rights until the performance rights are exercised into ordinary shares, which is only possible if the vesting conditions attached to the performance rights have been attained.

The names of all persons who currently hold performance rights granted are entered in a register kept by the Company pursuant to Section 168(1) of the *Corporations Act 2001* and the register may be inspected free of charge.

**ALTECH BATTERIES LIMITED**  
**DIRECTORS' REPORT**  
For the year ended 30 June 2024

## CORPORATE STRUCTURE

Altech Batteries Limited (ACN 125 301 206) is a Company limited by shares that was incorporated on 8 May 2007 and is domiciled in Australia.

## FUTURE DEVELOPMENTS, PROSPECTS AND BUSINESS STRATEGIES

The Group has what it believes to be a significant opportunity for the Company, with continued commercialisation of the CERENERGY® Sodium Chloride Solid State (SCSS) Battery Project in Saxony, Germany. To this extent, Altech has finalised the Definitive Feasibility Study ("DFS") in relation to the 120 MWh plant, planned to be constructed on Altech's land. The Company now aims to secure an offtake agreement and raise the required capital to construct the plant. The joint venture with Fraunhofer further allows for the commercialisation of the CERENERGY® battery through increasing production to gigawatts.

The Group also has a significant opportunity with the Silumina Anodes™ Battery Materials Project in Saxony, Germany. Altech will continue with the development and commercialisation of the Silumina Anodes™ project. To this extent, Altech has finalised the construction of the pilot plant to produce 120kg per day of Silumina Anodes™ for distribution to potential customers, with the aim being to secure an offtake agreement. Furthermore, Altech has finalised the Definitive Feasibility Study in relation to a full-scale 8,000tpa Silumina Anodes™ plant with excellent results.

In addition, work continues at the dedicated research and development laboratory in Western Australia, with Phase 2 R&D work striving to attain Silumina Anodes™ battery capacity retention beyond the current 30%.

### Development Risk

The proposed 120 MWh battery plant, as well as a 8,000tpa battery materials plant, construction and operation activities are a high-risk undertaking.

## MINERAL RESOURCE STATEMENT AND MINERAL RESOURCE ORE RESERVE ESTIMATION GOVERNANCE STATEMENT

Altech Batteries Limited ensures that its Mineral Resource and Ore Reserve estimates are subject to appropriate levels of governance and internal controls. Mineral Resource and Ore Reserve estimation procedures are well established and are subject to periodic systematic peer and technical review by competent and qualified professionals.

Altech reviews and reports its Mineral Resource and Ore Reserve estimates at a minimum on an annual basis and in accordance with the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves' (the JORC Code) 2012 Edition. The most recent annual review for the year ended 30 June 2024 has not identified any material issues. The table below sets out the Mineral Resources and Ore Reserves comparatives as at 30 June 2024 and 30 June 2023.

### Meckering kaolin (aluminous clay) deposit

## DIRECTORS' REPORT

For the year ended 30 June 2024

### MINERAL RESOURCE STATEMENT AND MINERAL RESOURCE ORE RESERVE ESTIMATION GOVERNANCE STATEMENT (continued)

#### Competent Persons Statement – Meckering kaolin deposit Mineral Resource estimate

The information in this report that relates to Mineral Resources for the Company's Meckering kaolin (aluminous clay) deposit is based on information compiled by Ms Sue Border, who is a Fellow of Australasian Institute of Mining and Metallurgy and Australian Institute of Geoscientists and is a consultant to the Company and is employed by Geos Mining mineral consultants. Ms Border has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity that she is undertaking to qualify as a Competent Person as defined in the 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". The information contained in this report pertaining to the Mineral Resource estimate as at 30 June 2024 is extracted from the ASX announcement entitled "Altech updates kaolin resource for its Meckering Mining Lease" dated 8 July 2016 and the ASX announcement entitled "Maiden Ore Reserve at Altech's Meckering Kaolin Deposit" dated 11 October 2016. Both announcements are available to view on the Company web site [www.altechgroup.com](http://www.altechgroup.com). The Company confirms that there are no material changes to the Company's Mineral Resources since its ASX announcement of 11 October 2016.

#### Competent Persons Statement – Meckering kaolin deposit Mineral Reserve estimate

The information in this report that relates to Mineral Reserves for the Company's Meckering kaolin (aluminous clay) deposit is based on information compiled by Mr Carel Moormann who is employed by Orelog Consulting Pty Ltd as a Principal Consultant. Orelog Consulting Pty Ltd is an independent mine planning consultancy based in Perth, Western Australia. Orelog was requested by Altech Batteries Ltd to prepare a reserve estimate for the Meckering kaolin deposit to provide feedstock for high purity alumina production. Mr Moormann is a Fellow of the Australasian Institute of Mining and Metallurgy and a Competent Person as defined by the 2012 JORC Code. Mr Moormann has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 JORC Code. The information contained in this report pertaining to the Mineral Reserve estimate as at 30 June 2024 is extracted from the ASX announcement entitled "Maiden Ore Reserve at Altech's Meckering Kaolin Deposit" dated 11 October 2016. The announcement is available to view on the Company web site [www.altechgroup.com](http://www.altechgroup.com). The Company confirms that there are no material changes to the Company's Mineral Reserve estimate and the assumptions underpinning the Mineral Reserve estimate since its ASX announcement of 11 October 2016.

### ENVIRONMENTAL REGULATION AND PERFORMANCE

The Company holds an exploration licence and a mining licence that regulate its exploration and future mining activities in Western Australia. These licences include conditions and regulations with respect to the rehabilitation of areas disturbed during the course of its exploration or future mining activities. So far as the directors are aware, there has been no known breach of the Company's licence conditions and all exploration activities comply with relevant environmental regulations.

### DIRECTORS' SHAREHOLDINGS, OPTION HOLDINGS AND PERFORMANCE RIGHTS HOLDINGS

As at the date of this report the directors' interests in shares and unlisted options of the Company are as follows:

Director	Interest in Ordinary Shares	Interest in Listed options	Interest in Unlisted Options	Interest in Performance Rights
Ignatius Tan	7,940,000	-	-	30,000,000
Luke Atkins	11,450,845	-	153,846	4,000,000
Daniel Tenardi	5,809,200	-	-	4,000,000
Peter Bailey	3,774,710	-	-	4,000,000
Tunku Yaacob Khyra	209,034,225	62,499,851	-	4,000,000
Uwe Ahrens	1,000,000	-	-	13,000,000
Hansjoerg Plaggemars	-	-	-	4,000,000

### DIRECTORS' MEETINGS

The number of meetings of the Company's directors held in the period each director held office during the financial year and the numbers of meetings attended by each director were:

Director	Board of Director Meetings		Audit Committee		Remuneration Committee	
	Meetings Attended	Meetings held whilst a director	Meetings Attended	Meetings held whilst a director	Meetings Attended	Meetings held whilst a director
Luke Atkins	4	4	N/A	N/A	1	1

## REMUNERATION REPORT

### Remuneration Committee

Recommendation 8.1 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations (4<sup>th</sup> edition)* states that the board should establish a Remuneration Committee. The board has established a Remuneration Committee.

### Use of Remuneration Consultants

The board did not engage a remuneration consultant to make any recommendations in relation to its remuneration policies for any of the key management personnel for the Company during the financial year covered by this report.

### Voting and comments made at the Company's 2023 Annual General Meeting

The Company received 8,581,433 proxy votes (2.1%) against its 2023 remuneration report (from the 408,681,649 proxy votes received and eligible to vote on the resolution) tabled at the 2023 Annual General Meeting. The Company did not receive any specific feedback at the Annual General Meeting or throughout the year on its remuneration practices.

This report details the amount and nature of remuneration of each director of the Company and executive officers of the Company during the year.

### **Overview of Remuneration Policy**

The board of directors is responsible for determining and reviewing compensation arrangements for the directors and executive management. The board remuneration policy is to ensure that remuneration properly reflects the relevant person's duties and responsibilities, and that the remuneration is competitive in attracting, retaining and motivating people of the highest quality. The board believes that the best way to achieve this objective is to provide the non-executive directors, executive director and the executive management with a remuneration package consisting of both fixed and variable components that together reflects the positions, responsibilities, duties and personal performance. An equity based remuneration arrangement for the board and executive management is in place. The remuneration policy is to provide a fixed remuneration component and a specific equity related component, with appropriate vesting (performance) conditions. The board believes that this remuneration policy is appropriate given the stage of development of the Company and the activities that it undertakes, and is appropriate in aligning director and executive objectives with shareholder and business objectives.

The remuneration policy in regard to setting the terms and conditions for the non-executive directors has been developed by the board taking into account market conditions and comparable salary levels for companies of a similar size and operating in similar sectors.

Performance rights are valued using the Black-Scholes methodology. In accordance with current accounting policy the value of these performance rights are expensed over the relevant vesting period.

### **Non-Executive Directors**

The board policy is to remunerate non-executive directors at market rates for comparable companies for time, commitment and responsibilities. The board determines payments to the non-executive directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. The maximum aggregate amount of fees that can be paid to non-executive directors is subject to approval by shareholders at a General Meeting, and has been set not to exceed \$500,000 per annum. Actual remuneration paid to the Company's non-executive directors is disclosed below. Cash remuneration fees paid to non-executive directors are not linked to the performance of the Company. However, to align directors interests with shareholder interests, the directors are encouraged to hold shares in the Company and the directors are awarded performance rights that are subject to vesting conditions, with the approval of Shareholders.

### **Board fees (per year)**

	2024	2023
Chairman	\$101,246	\$99,750
Other non-executive directors (excluding alternate director)	\$74,603	\$73,500

The Chairman's board fees are paid monthly, other non-executive director board fees are paid quarterly, in arrears. Mr Uwe Ahrens, the alternate director for non-executive director Tunku Yaacob Khyra, has been paid a consulting fee of \$5,408 per month for non-board related services provided to the Company. These services are performed in Germany and Malaysia. He has also been paid a short term incentive of \$50,000 during the year.

**ALTECH BATTERIES LIMITED**  
**DIRECTORS' REPORT**  
For the year ended 30 June 2024

---

**REMUNERATION REPORT** *(continued)*

**Executive management**

The remuneration of the executive management is stipulated in individual services agreements.

The Company aims to reward executives with a level of remuneration commensurate with their position and responsibilities within the Company so as to:

- Reward executives for Company and individual performance against targets set by reference to appropriate benchmarks;
- Reward executives in line with the strategic goals and performance of the Company; and
- Ensure that total remuneration is competitive by market standards.

Structure

Remuneration consists of the following key elements:

- fixed remuneration;
- short term incentive scheme; and
- performance rights

Fixed remuneration

Fixed remuneration consists of a fixed monthly salary, which is set so as to provide a base level of remuneration that is both appropriate to the position and is competitive in the market.

Remuneration packages for the staff that report directly to the Managing Director are based on the recommendation of the Managing Director, subject to the approval of the board.

Short term incentive scheme

Executives and employees of the Company participate in a short-term incentive scheme that makes available an annual cash incentive (bonus) to individuals based on the attainment of overall Company and group objectives, which are set annually. The scheme is structured to encourage executives and employees to work as a team for the attainment of the Company's overall objectives, as opposed to prescriptive individual performance objectives. Under the scheme, executives and employees can be awarded a cash bonus of between 10% and 40% of individual annual base salary, depending upon their role in the Company.

The board, on the recommendation of the Managing Director, sets annual bonus objectives, and the board also on the recommendation of the Managing Director, approves annual bonus awards. The board has complete discretion over the short-term incentive scheme.

During the year covered by this report short-term incentives were awarded by the board to executives for the attainment of pre-determined milestones. Mr Tan was awarded an amount of \$114,188 plus superannuation of 11.0% (2023: \$87,000 plus superannuation of 10.5%), while Mr Stein was awarded \$71,875 plus superannuation of 11.0% (2023: \$57,499 plus superannuation of 10.5%). The board does not participate in the short term incentive scheme.

Performance rights

The board considers equity based incentive compensation to be an integral component of the Company's remuneration platform enabling it to offer market-competitive remuneration arrangements, the award of performance rights is intended to enable recipients to share in any increase in the Company's value (as measured by share price) beyond the date of allocation of the performance rights, provided the specific performance conditions (milestones) are met.

The performance conditions that were chosen for the performance rights issued to the directors, executive management, employees and key consultants of the Company are on the basis that the achievement of each milestone will represent a significant and challenging performance outcome which will require the performance rights recipients to devote effort, time and skill above and beyond what would normally be expected for their respective fixed compensation. The attainment of each vesting condition (milestone) is not certain, but if achieved could be expected to see an increase in the value of the Company (as measured by share price), enabling the individuals to participate in this increase in value. Each milestone is transparently measurable, with the vesting condition either achieved or not achieved, with the achievement publicly announced to the ASX. The respective recipients must be employed or otherwise retained by the Company at the time of vesting for the performance rights to vest, subject to a milestone being achieved.

The objectives of the award of performance rights are to provide a remuneration mechanism, through share ownership, to motivate, retain and reward the performance of employees, key consultants and Company directors. All performance rights vest based on pre-determined vesting conditions.

**ALTECH BATTERIES LIMITED**  
**DIRECTORS' REPORT**  
For the year ended 30 June 2024

**REMUNERATION REPORT** (continued)

No performance rights held by directors or key management personnel that were outstanding as at 30 June 2024 or awarded since that date, have vested.

**Details of remuneration**

The following tables show details of the remuneration received by Altech Batteries Limited's key management personnel for the current and previous financial year.

2024	Primary Compensation		Post-Employment	Equity Compensation	Total
	Base Salary/Fees \$	Short Term Incentive \$	Superannuation Contributions \$	Performance Rights \$	
<b>Directors</b>					
I Tan – managing director	463,601	114,188	63,557	508,544	1,149,890
L Atkins – non-executive chairman	101,246	-	11,137	101,709	214,092
D Tenardi – non-executive	74,603	-	8,206	101,709	184,518
P Bailey – non-executive <sup>(i)</sup>	74,603	-	-	101,709	176,312
Tunku Yaacob Khyra - non-executive	74,603	-	-	101,709	176,312
U Ahrens - alternate director <sup>(ii)</sup>	63,945	50,000	-	406,835	520,780
H Plaggemars – non-executive	74,603	-	-	101,709	176,312
<b>Executives</b>					
M Stein – CFO & company secretary	291,812	71,875	40,006	219,653	623,346
<b>TOTAL</b>	<b>1,219,016</b>	<b>236,063</b>	<b>122,906</b>	<b>1,643,577</b>	<b>3,221,562</b>

(i) Directors' fees were all paid to Waylen Bay Capital Pty Ltd.

(ii) Services were provided in Germany and Malaysia pursuant to a consultancy agreement with the Company, effective from 1 January 2019.

Note: The fair value of performance rights is estimated at each balance date taking into account, amongst other factors, the likelihood that the various tranches of performance rights will vest to the respective participants by the vesting date. At 30 June 2024, in the case of all participants, it was deemed likely that the vesting conditions pertaining to the respective tranches of performance rights would be achieved by the vesting dates and accordingly a pro-rata portion of the deemed value of the rights has been expensed to the Profit and Loss account and accordingly has been disclosed as deemed income for each key management personnel.

## DIRECTORS' REPORT

For the year ended 30 June 2024

### REMUNERATION REPORT (continued)

The proportion of remuneration linked to performance and the fixed proportion are as follows:

Name	Fixed remuneration		At risk remuneration	
	2024	2023	2024	2023
<b>Directors</b>				
I Tan – managing director	46%	46%	54%	54%
L Atkins – non-executive Chairman	52%	83%	48%	17%
D Tenardi – non-executive	45%	78%	55%	22%
P Bailey – non-executive	42%	76%	58%	24%
Tunku Yaacob Khyra - non-executive	42%	76%	58%	24%
U Ahrens - alternate director	12%	29%	88%	71%
H Plaggemars – non-executive	42%	76%	58%	24%
<b>Executives</b>				
M Stein – CFO & company secretary	53%	68%	47%	32%
S Volk – CFO & company secretary	-	100%	-	-

### Service agreements

Remuneration and other terms of employment for key management personnel are formalised in service agreements. The service agreements specify the components of remuneration, benefits and notice periods. Participation in the STI and LTI plans is subject to the board's discretion. Other major provisions of the services agreements are set out below.

Name	Term of agreement and notice period *	Base salary (including superannuation)	Termination payments **
<b>Ignatius Tan</b> <i>Managing Director</i>	No fixed term 6 months notice	\$527,158 p.a.	6 months, plus 3 months if terminated because of a change in control of the Company
<b>Martin Stein</b> <i>Chief Financial Officer &amp; Company Secretary</i>	No fixed term 1 month notice	\$331,818 p.a.	1 month, plus 3 months if terminated because of a change in control of the Company

Non-executive director service arrangements are detailed on the first page of the remuneration report.

\* The notice period applies equally to either party

\*\* Termination benefit is payable if the Company terminates employees with notice, and without cause (e.g. for reasons other than unsatisfactory performance or gross misconduct).

### Details of share based compensation

During the financial year, no new performance rights were issued to the directors and executives of the Company (2023: the Company issued 15,000,000 performance rights to Mr Iggy Tan, 12,000,000 performance rights to Mr Uwe Ahrens, 3,000,000 performance rights to each of the other directors and 6,000,000 performance rights to Mr Martin Stein).

Details of performance rights (subject to vesting conditions), awarded to directors and other key management personnel as part of remuneration in current and prior periods and held as at 30 June 2024, are set out below:

# ALTECH BATTERIES LIMITED

Mr Peter Bailey	27/11/20	1,000,000	nil	45,000	-	1,000,000	26/11/25
Mr Peter Bailey	12/05/23	3,000,000	nil	300,000	-	3,000,000	11/05/28
Tunku Yaacob Khyra	27/11/20	1,000,000	nil	45,000	-	1,000,000	26/11/25
Tunku Yaacob Khyra	12/05/23	3,000,000	nil	300,000	-	3,000,000	11/05/28
Mr Uwe Ahrens	27/11/20	1,000,000	nil	45,000	-	1,000,000	26/11/25
Mr Uwe Ahrens	12/05/23	12,000,000	nil	1,200,000	-	12,000,000	11/05/28
Mr H Plaggemars	27/11/20	1,000,000	nil	45,000	-	1,000,000	26/11/25
Mr H Plaggemars	12/05/23	3,000,000	nil	300,000	-	3,000,000	11/05/28
<b>Executives</b>							
Mr Martin Stein	31/1/22	1,000,000	nil	120,000	-	1,000,000	31/01/29
Mr Martin Stein	12/05/23	6,000,000	nil	600,000	-	6,000,000	11/05/28

The assessed fair value of the performance rights at issue date to recipients is allocated equally over the period from the grant date to vesting date, and the amount is included in the remuneration tables above. Fair values at issue date and at each subsequent reporting date are determined using a Black-Scholes option pricing model that takes into account the exercise price, the term of the option, the impact of dilution, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk-free rate for the term of the option.

### Equity instruments held by key management personnel (KMP)

The tables below show the number of:

- (i) shares in the Company;
- (ii) options over ordinary shares in the Company (both listed and unlisted options); and
- (iii) rights over ordinary shares in the Company

that were held during the financial year by the directors and key management personnel of the Company directly, indirectly or beneficially.

---

**INDEMNIFYING OFFICERS AND AUDITOR**

During the year, the Company paid an insurance premium to insure certain officers of the Company. The officers of the Company covered by the insurance policy include the directors and the company secretary named in this report.

The Directors and Officers Liability insurance provides cover against all costs and expenses that may be incurred in defending civil or criminal proceedings that fall within the scope of the indemnity and that may be brought against the officers in their capacity as officers of the Company. The insurance policy does not contain details of the premium paid in respect of individual officers of the Company. The insurers do not permit the premium amount paid by the Company for this insurance to be disclosed.

The Company has not provided any insurance for an auditor of the Company.

**AUDITORS' INDEPENDENCE DECLARATION**

Section 370C of the *Corporations Act 2001* requires the Group's auditor Moore Australia Audit (WA), to provide the directors of the Company with an Independence Declaration in relation to the audit of the financial report. This Independence Declaration is attached on the following page.

**NON-AUDIT SERVICES**

There were no non-audit services provided by the external auditors during the year.

**PROCEEDINGS ON BEHALF OF THE COMPANY**

No person has applied for leave of Court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings. The Company was not party to any such proceedings during the year.

**CORPORATE GOVERNANCE**

In recognising the need for the highest standards of corporate behaviour and accountability, the directors of the Company support and have adhered to the principles of corporate governance for a Company of the current size. The Company's corporate governance statement is contained in the Annual Report.

Signed in accordance with a resolution of the directors.

**Iggy Tan**

**Managing Director**

DATED at Perth this 26th day of September 2024

## **Auditor's Independence Declaration** **Under Section 307c of the Corporations Act 2001**

### **To the directors of Alltech Batteries Limited and Controlled Entities**

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2024, there have been:

- a) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit, and
- b) no contraventions of any applicable code of professional conduct in relation to the audit.

Shaun Williams  
Partner – Audit and Assurance

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

---

**GENERAL INFORMATION**

The financial statements cover Altech Batteries Limited as a consolidated entity consisting of Altech Batteries Limited and the entities it controlled at the end of, or during, the year. The financial statements are presented in Australian dollars, which is Altech Batteries Limited's functional and presentation currency.

Altech Batteries Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Suite 8, 295 Rokeby Road  
Subiaco  
Western Australia 6008

The financial statements were authorised for issue on the 26th of September 2024, in accordance with the resolution of directors. The directors have the power to amend and reissue the financial statements.

**1. SUMMARY OF MATERIAL ACCOUNTING POLICIES**

The principal accounting policies adopted in preparing the financial report of the Group, Altech Batteries Limited ("ATC" or "Company"), are stated to assist in a general understanding of the financial report. These policies have been consistently applied to all the years presented, unless otherwise indicated.

Altech Batteries Limited is a company limited by shares incorporated and domiciled in Australia whose shares are publicly traded on the official list of the Australian Securities Exchange (ASX). The financial statements are presented in Australian dollars, which is the Group's functional currency.

**(a) Basis of Preparation**

These general purpose financial statements have been prepared in accordance with the Corporations Act 2001, Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board and International Financial Reporting Standards as issued by the International Accounting Standards Board.

The financial report is presented in Australian dollars. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

Except for cash flow information, the financial statements have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

**(b) Use of Estimates and Judgements**

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses, these include employee provisions, amortisation and depreciation rates, share based payments and the valuation of capitalised exploration and development costs. Actual results may differ from these estimates and further disclosure on these estimates is detailed below. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

**(c) Income Tax**

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those tax rates which are enacted. The relevant tax rates are applied to the cumulative amounts of deductible and taxable temporary differences to measure the deferred tax asset or liability. An exception is made for certain temporary differences arising from the initial recognition of an asset or a liability. No deferred asset or liability is recognised in relation to those temporary differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and future tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

**(d) Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised.

**Interest income**

Interest revenue is recognised on a time proportionate basis that takes into account the effective yield on the financial asset.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

---

**(e) Cash and Cash Equivalents**

Cash and short-term deposits in the balance sheet comprise cash at bank and in hand and short term deposits with an original maturity of three months or less.

For the purposes of the Consolidated Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, which are readily convertible to cash on hand and which are used in the cash management function on a day-to-day basis.

**(f) Property, Plant and Equipment**

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

**Property**

Freehold land and buildings are recorded at cost of acquisition..

**Plant and Equipment**

Plant and equipment are measured on the cost basis and therefore carried at cost less accumulated depreciation and any accumulated impairment. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or. A formal assessment of the recoverable amount is made when impairment indicators are present (refer to Note 1(q) for details of impairment).

The cost of fixed assets constructed within the consolidated group includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss during the financial period in which they are incurred.

**Land**

Land is recorded at the total cost of acquisition. The value of land in Australia (Meckering) and in Germany (Saxony) is not amortised.

The carrying amount of land is reviewed annually to ensure that it is not in excess of the recoverable amount from its disposal. In the event that the carrying amount of any land is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss account or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of the recoverable amount is made when impairment indicators are present (refer to Note 1(q) for details of impairment).

**Depreciation**

The depreciable amount of all fixed assets including buildings and capitalised leased assets, but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the consolidated group commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

<b>Class of Fixed Asset</b>	<b>Depreciation Rate</b>
Plant & equipment	33% to 66%
Office Equipment	20%

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are recognised in profit or loss in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

**(g) Employee Benefits**

Short-term employee benefits

Provision is made for the Group's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Group's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Group's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

---

**(g) Employee Benefits (continued)**

Other long-term employee benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on corporate bonds that have maturity dates that approximate the terms of the obligations. Any re-measurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Group's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Group does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Share-based payment transactions

The Group currently operates a Performance Rights Plan and also awards Performance Rights to its directors outside of the plan but on the same terms and conditions, which provides benefits to directors, consultants, executives and employees. The Group may also award performance rights or other equity instruments outside of the performance rights plan to directors, consultants, executives and employees.

The Group measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using the Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity. Any underlying assumptions are detailed in Note 15(e).

The cost of equity-settled transactions is recognised as a share based payment expense in the profit and loss account with a corresponding increase in equity over the vesting period. The cumulative charge to profit or loss is calculated based on the grant date fair value of the award, the best estimate of the number of awards that are likely to vest and the expired portion of the vesting period. The amount recognised in profit or loss for the period is the cumulative amount calculated at each reporting date less amounts already recognised in previous periods.

If equity-settled awards are modified, as a minimum an expense is recognised as if the modification has not been made. An additional expense is recognised, over the remaining vesting period, for any modification that increases the total fair value of the share-based compensation benefit as at the date of modification.

If the non-vesting condition is within the control of Group or employee, the failure to satisfy the condition is treated as a cancellation. If the condition is not within the control of the Group or employee and is not satisfied during the vesting period, any remaining expense for the award is recognised over the remaining vesting period, unless the award is forfeited.

If equity-settled awards are cancelled, it is treated as if it has vested on the date of cancellation, and any remaining expense is recognised immediately. If a new replacement award is substituted for the cancelled award, the cancelled and new award is treated as if they were a modification.

**(h) Exploration and Development Expenditure**

Exploration, evaluation and development expenditures incurred are capitalised in respect of each identifiable area of interest. These costs are only capitalised to the extent that they are expected to be recovered through the successful development of the area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves.

Accumulated costs in relation to an abandoned area are written off in full against profit or loss in the year in which the decision to abandon the area is made.

When production commences, the accumulated costs for the relevant area of interest are amortised over the life of the area according to the rate of depletion of the economically recoverable reserves.

A regular review is undertaken of each area of interest to determine the appropriateness of continuing to capitalise costs in relation to that area.

Costs of site restoration are provided for over the life of the project from when exploration commences and are included in the costs of that stage. Site restoration costs include the dismantling and removal of mining plant, equipment and building structures, waste removal, and rehabilitation of the site in accordance with local laws and regulations and clauses of the permits. Such costs have been determined using estimates of future costs, current legal requirements and technology on an undiscounted basis.

Any changes in the estimates for the costs are accounted for on a prospective basis. In determining the costs of site restoration, there is uncertainty regarding the nature and extent of the restoration due to community expectations and future legislation. Accordingly, the costs have been determined on the basis that the restoration will be completed within one year of abandoning the site.

**(i) Research and Development**

Expenditure during the research phase of a project is recognised as an expense when incurred. Development costs are capitalised only when technical feasibility studies identify that the project is expected to deliver future economic benefits and these benefits can be measured reliably. Development costs have a finite life and are amortised on a systematic basis based on the future economic benefits over the useful life of the project.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

---

**(i) Research and Development (continued)**

An intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following are demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

Capitalised development costs will be amortised over their expected useful life once commercial sales commence.

**(j) Going Concern**

The Group has incurred a net loss for the year ended 30 June 2024 of \$32,293,676 (2023: net loss of \$61,779,873). The Group has incurred net cash outflows for the year ended 30 June 2024 of \$1,437,412 (2023: net cash outflows of \$7,358,278). In addition, as at 30 June 2024, the Group had net current assets of \$302,703 (30 June 2023: net current liabilities of \$129,621).

This report has been prepared on the going concern basis, which contemplates the continuation of normal business activity and the realisation of assets and the settlement of liabilities in the normal course of business for a period of 12 months from the date of issuing the financial statements. However, the Group has not generated any revenues to date and has accumulated losses to date. The Group does not currently have any revenue generating operations. These conditions, among others, raise substantial doubt about the ability of the Group to continue as a going concern.

In addition, the Group's projects in Germany are held in subsidiary companies which are jointly funded by the minority shareholder Altech Advanced Materials AG ("AAM"). AAM has not generated any revenues to date and has accumulated losses to date. For AAM to continue to fund the projects, AAM is dependent upon its ability to meet its financial requirements, raise additional capital, and the success of its future operations. Should AAM not be successful in these endeavours, it may not be able to continue to contribute funding to the Group's projects in Germany. This would raise further doubt about the ability of the Group to continue as a going concern.

In view of these matters, continuation as a going concern is dependent upon continued operations of the Company, which in turn is dependent upon the Group's ability to meet its financial requirements, raise additional capital, and the success of its future operations. The financial statements do not include any adjustments to the amount and classification of assets and liabilities that may be necessary should the Group not continue as a going concern.

Management plans to fund operations of the Group through additional share capital being issued or sale of assets until such a time as a business combination or other profitable investment may be achieved or when the Group achieves revenue through the sale of products. There are no written agreements in place for such funding, issuance of securities or sale of products and there can be no assurance that such will be available in the future. Management believes that this plan provides an opportunity for the Group to continue as a going concern.

**(k) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of goods and services tax ("GST"), except where the amount of GST incurred is not recoverable from the Australian Taxation Office ("ATO"). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables are stated with the amount of GST included. GST incurred is claimed from the ATO when a valid tax invoice is provided. The net amount of GST recoverable from, or payable to, the ATO is included as a current asset or liability in the balance sheet.

The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the ATO are classified as operating cash flows.

**(l) Payables**

These amounts represent liabilities for goods and services provided to the Group prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

**(m) Issued Capital**

**Contributed Equity**

Issued capital is recognised as the fair value of the consideration received by the Group. Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received.

**Earnings per Share**

Basic earnings per share ("EPS") are calculated based upon the net loss divided by the weighted average number of shares. Diluted EPS are calculated as the net loss divided by the weighted average number of shares and dilutive potential shares.

**(n) Leases**

At inception of a contract, the Group assesses if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding lease liability is recognised by the Group where the Group is a lessee. However, all contracts that are classified as short-term leases (lease with remaining lease term of 12 months or less) and leases of low-value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

**(n) Leases (continued)**

Initially, the lease liability is measured at the present value of the lease payments still to be paid at the commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Group uses the incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows:

- fixed lease payments less any lease incentives.
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date.
- the amount expected to be payable by the lessee under residual value guarantees.
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options.
  - lease payments under extension options if lessee is reasonably certain to exercise the options; and
  - payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

Subsequently, the lease liability is measured by a reduction to the carrying amount of any payments made and an increase to reflect any interest on the lease liability.

The right-of-use assets is an initial measurement of the corresponding lease liability less any incentives and initial direct costs. Subsequently, the measurement is the cost less accumulated depreciation (and impairment if applicable). Right-of-use assets are depreciated over the lease term or useful life of the underlying asset whichever is the shortest.

Where a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group anticipates exercising a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

**Leased Asset**

The Company leases its research and development laboratory at Unit 2, 91 Leach Highway, Kewdale WA 6105. The lease is an extension of an earlier lease which expired on 31 March 2024. The new lease commenced on 1 April 2024 and has a 3-year term (expiring 31 March 2027) and with no option to renew the lease for further terms. Lease payments are made monthly and is subject to review on the first and second anniversary of the new lease. Variable outgoings are also paid to the building body corporate monthly and adjusted against actual outgoings expenses annually.

The Company's wholly owned Malaysian subsidiary, Altech Chemicals Sdn Bhd leases an office space in Tanjung Langsat, Johor, Malaysia. This lease has a 1-year term (expired 31 August 2024), and the Company has entered into a new lease agreement based on a reduced office space for an additional 1-year term (expiring on 31 August 2025).

The Company's 75%-owned subsidiary, Altech Industries Germany GmbH leases an office space in Dock 3, Saxony, Germany. This lease has a 5-year term (expiring 11 January 2026).

The Company accounts for all leases in accordance with the requirements specified in AASB 16 and has consequently recognised a right of use asset in the balance sheet as summarised in Note 8.

**(o) Comparative Figures**

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

**(p) Financial risk management**

The board of directors has overall responsibility for the establishment and oversight of the risk management framework, to identify and analyse the risks faced by the Group. These risks include credit risk, liquidity risk and market risk from the use of financial instruments. The Group has only limited use of financial instruments through its cash holdings being invested in short-term interest-bearing securities. The primary goal of this strategy is to maximise returns while minimising risk through the use of accredited banks. Working capital is maintained at its highest level possible and regularly reviewed by the full board.

**(q) Impairment of Assets**

At the end of each reporting period, the Group assesses whether there is any indication that an asset may be impaired. The assessment will include the consideration of external and internal sources of information including dividends received from subsidiaries, associates or jointly controlled entities deemed to be out of pre-acquisition profits. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. in accordance with the revaluation model in AASB 116). Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

**(r) Critical accounting estimates and judgements**

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are:

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

**(r) Critical accounting estimates and judgements (continued)**

Share based payment transactions

The Group measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by an internal valuation using a Black-Scholes option pricing model, using the assumptions detailed in Note 15(e).

Exploration and evaluation assets

Determining the recoverability of exploration and evaluation expenditure capitalised in accordance with the Group's accounting policy (refer Note 1(h)), requires estimates and assumptions as to future events and circumstances, in particular, whether successful development and commercial exploitation, or alternatively sale, of the respective areas of interest will be achieved. The Group applies the principles of AASB 6 and recognises exploration and evaluation assets when the rights of tenure of the area of interest are current, and the exploration and evaluation expenditures incurred are expected to be recouped through successful development and exploitation of the area or where exploration activities have not reached a stage that permits reasonable assessment of the existence of economically recoverable reserves. If, after having capitalised the expenditure under the Group's accounting policy in Note 9, a judgment is made that recovery of the carrying amount is unlikely, an impairment loss is recorded in profit or loss in accordance with the Group's accounting policy in Note 1(h). The carrying amounts of exploration and evaluation assets are set out in Note 9.

Development expenditure and Malaysian HPA Plant (work in progress)

Judgment is applied by management in determining when development and other capital expenditure relating to the Malaysian HPA plant is commercially viable and technically feasible. Any judgments may change as new information becomes available. If, after having commenced the development activity, a judgment is made that the asset under development is impaired, the appropriate amount will be written off to the Statement of Profit or Loss & Other Comprehensive Income. Whilst the current economic climate in the medium to longer term are still uncertain, impairment assessments are undertaken based on the best available current information.

**(s) New and Amended Accounting Policies Adopted by the Group**

The Group has considered the implications of new or amended Accounting Standards which have become applicable of the current financial reporting period. There have been no new or amended accounting standards for the current financial reporting period.

**(t) New Accounting Standards for Application in Future Periods**

Australian Accounting Standards and interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the Company for the annual reporting period ended 30 June 2024. Management is currently assessing the impact of these standards on the Company's financial statements in the year of initial application.

**(u) Principles of Consolidation**

The consolidated financial statements incorporate all of the assets, liabilities and results of the parent, Altech Batteries Limited and all of the subsidiaries. Subsidiaries are entities the parent controls. The parent controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. A list of the subsidiaries is provided in Note 27.

The assets, liabilities and results of all subsidiaries are fully consolidated into the financial statements of the Company from the date on which control is obtained by the Company. The consolidation of a subsidiary is discontinued from the date that control ceases. Intercompany transactions, balances and unrealised gains or losses on transactions between group entities are fully eliminated on consolidation. Accounting policies of subsidiaries have been changed and adjustments made where necessary to ensure uniformity of the accounting policies adopted by the Company. Equity interests in a subsidiary not attributable, directly or indirectly, to the Company are presented as "non-controlling interests". The Company initially recognises non-controlling interests that are present ownership interests in subsidiaries and are entitled to a proportionate share of the subsidiary's net assets on liquidation at either fair value or at the non-controlling interests' proportionate share of the subsidiary's net assets. Subsequent to initial recognition, non-controlling interests are attributed their share of profit or loss and each component of other comprehensive income. Non-controlling interests are shown separately within the equity section of the statement of financial position and statement of comprehensive income.

**(v) Investment in Associates**

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the entity but is not control or joint control of those policies. Investments in associates are accounted for in the consolidated financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost (including transaction costs) and adjusted thereafter for the post-acquisition change in the Group's share of net assets of the associate. In addition, the Group's share of the profit or loss and other comprehensive income is included in the consolidated financial statements.

The carrying amount of the investment includes, when applicable, goodwill relating to the associate. Any discount on acquisition, whereby the Group's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the Group and the associate are eliminated to the extent of the Group's interest in the associate.

When the Group's share of losses in an associate equals or exceeds its interest in the associate, the Group discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the Group will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

---

**(v) Investment in Associates (continued)**

The requirements of AASB 128: Investments in Associates and Joint Ventures and AASB 9: Financial Instruments are applied to determine whether it is necessary to recognise any impairment loss with respect to the Group's investment in an associate or a joint venture. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with AASB 136: Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with AASB 136 to the extent that the recoverable amount of the investment subsequently increases.

**(w) Financial Instruments**

**Initial recognition and measurement**

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions to the instrument. For financial assets, this is the date that the Group commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments (except for trade receivables) are initially measured at fair value plus transaction costs, except where the instrument is classified "at fair value through profit or loss", in which case transaction costs are expensed to profit or loss immediately. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

**Classification and subsequent measurement**

*Financial liabilities*

Financial instruments are subsequently measured at amortised cost.

A financial liability cannot be reclassified.

*Financial assets*

Financial assets are subsequently measured at:

- amortised cost;
- fair value through other comprehensive income; or
- fair value through profit or loss.

Measurement is on the basis of two primary criteria:

- the contractual cash flow characteristics of the financial asset; and
- the business model for managing the financial assets.

**Impairment**

A financial asset that meets the following conditions is subsequently measured at amortised cost:

- the financial asset is managed solely to collect contractual cash flows; and
- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates.

A financial asset that meets the following conditions is subsequently measured at fair value through other comprehensive income:

- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates;
- the business model for managing the financial assets comprises both contractual cash flows collection and the selling of the financial asset.

By default, all other financial assets that do not meet the measurement conditions of amortised cost and fair value through other comprehensive income are subsequently measured at fair value through profit or loss.

The Group initially designates a financial instrument as measured at fair value through profit or loss if:

- it eliminates or significantly reduces a measurement or recognition inconsistency (often referred to as "accounting mismatch") that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases;
- it is in accordance with the documented risk management or investment strategy, and information about the groupings was documented appropriately, so that the performance of the financial liability that was part of a group of financial liabilities or financial assets can be managed and evaluated consistently on a fair value basis;

The Group uses the following approaches to impairment, as applicable under AASB 9: Financial Instruments:

- the general approach
- the simplified approach
- the purchased or originated credit impaired approach; and
- low credit risk operational simplification.

*General approach*

Under the general approach, at each reporting period, the Group assesses whether the financial instruments are credit-impaired, and if:

- the credit risk of the financial instrument has increased significantly since initial recognition, the Group measures the loss allowance of the financial instruments at an amount equal to the lifetime expected credit losses; or
- there is no significant increase in credit risk since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

---

**(w) Financial Instruments (continued)**

*Simplified approach*

The simplified approach does not require tracking of changes in credit risk at every reporting period, but instead requires the recognition of lifetime expected credit loss at all times. This approach is applicable to:

- trade receivables or contract assets that result from transactions within the scope of AASB 15: Revenue from Contracts with Customers and which do not contain a significant financing component; and
- lease receivables.

Evidence of credit impairment includes:

- significant financial difficulty of the issuer or borrower;
- a breach of contract (e.g. default or past due event);
- a lender granting to the borrower a concession, due to the borrower's financial difficulty, that the lender would not otherwise consider;
- high probability that the borrower will enter bankruptcy or other financial reorganisation; and
- the disappearance of an active market for the financial asset because of financial difficulties.

**(x) Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in profit or loss net of any reimbursement.

Provisions are measured at management's best estimate of the expenditure required to settle the present obligation at the reporting date.

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- income and expenses for each consolidated statement of profit and loss and other comprehensive income are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- all resulting exchange differences are recognised in other comprehensive income.

**(y) Foreign Currency**

**Functional and presentation currency**

Items included in the financial statements of each of the Company's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Australian dollars, which is the Company's functional and presentation currency.

**Transactions and Balances**

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year-end exchange rates are generally recognised in profit or loss.

When a foreign operation is sold or any borrowings forming part of the net investment are repaid, the associated exchange differences are reclassified to profit or loss, as part of the gain or loss on sale. Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

Foreign exchange gains and losses that relate to borrowings are presented in the consolidated statement of profit and loss and other comprehensive income, within finance costs. All other foreign exchange gains and losses are presented in the consolidated statement of profit and loss and other comprehensive income on a net basis within other income or other expenses.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equities held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss.

**MALAYSIAN HPA PLANT** (work in progress)

Carrying amount at the beginning of the year	464,187	27,367,758
Additions	-	-
Provision for impairment of assets	-	(26,313,376)
Foreign currency translation	(3,711)	(590,195)
<b>Carrying amount at the end of the year</b>	<b>460,476</b>	<b>464,187</b>

The Malaysian HPA plant is part way constructed and is currently on care and maintenance. The Company requires further capital to complete the plant. Due to uncertainties surrounding the prospect of obtaining funding for this plant, the Company has taken the prudent approach to provide for impairment of the Malaysian HPA Plant to its fair value less costs of disposal. A valuation of the HPA plant conducted by a licenced professional valuer formed the basis of the impairment.

**SILUMINA PILOT PLANT - GERMANY** (work in progress)

Carrying amount at the beginning of the year	6,185,191	814,852
Additions	3,776,769	5,370,339
<b>Carrying amount at the end of the year</b>	<b>9,961,960</b>	<b>6,185,191</b>

**CERENERGY BATTERY PLANT - GERMANY** (work in progress)

Carrying amount at the beginning of the year	1,920,565	-
Additions	4,593,992	1,920,565
<b>Carrying amount at the end of the year</b>	<b>6,514,557</b>	<b>1,920,565</b>

**8. Right-of-use Assets**

<b>At cost</b>	<b>5,236,112</b>	<b>5,310,736</b>
Accumulated depreciation	(978,238)	(912,597)
<b>Net carrying amount</b>	<b>4,257,874</b>	<b>4,398,139</b>

**Reconciliation**

Reconciliation of the carrying amount of right-of-use assets at the beginning and end of year are set out below:

**Right-of-use assets**

At beginning of the year net of accumulated depreciation	4,398,139	5,950,181
Impairment	-	(1,366,617)
Additions	66,209	-
Foreign currency translation	(41,418)	-
Depreciation charge for the year	(165,056)	(185,425)
<b>Net carrying amount at the end of the year</b>	<b>4,257,874</b>	<b>4,398,139</b>

Lease liabilities are significantly lower in comparison to the carrying amount of the right-of-use assets as the lease of the land in Malaysia (Johor HPA plant site) has been paid upfront in full.

<b>Ordinary shares on issue at the end of the reporting period</b>	<b>1,710,571,924</b>	<b>1,426,765,869</b>

**(b) Performance Rights**

During the year, a total of 5,200,000 ex-employees' performance rights were cancelled. The Company issued a total of 3,600,000 new performance rights to certain new employees pursuant to the Altech Batteries Limited Performance Rights Plan.

At 30 June 2024, the Company had the following unlisted performance rights on issue:

Performance rights - managing director (exercise price: nil)	30,000,000
Performance rights - employees (exercise price: nil)	56,250,000
Performance rights - non-executive directors (exercise price: nil)	33,000,000
<b>Total performance rights on issue at 30 June 2024</b>	<b>119,250,000</b>

At 30 June 2023, the Company had the following unlisted performance rights on issue:

Performance rights - managing director (exercise price: nil)	30,000,000
Performance rights - employees (exercise price: nil)	57,850,000
Performance rights - non-executive directors (exercise price: nil)	33,000,000
<b>Total performance rights on issue at 30 June 2023</b>	<b>120,850,000</b>

Each performance right converts to one fully paid ordinary share of the Company and the conversion of each performance right is subject to the holder attaining certain pre-determined vesting conditions.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

## 15. Contributed Equity (continued)

### (c) Listed Options

The Company did not issue any listed options during the reporting period (2023: nil). At 30 June 2024, the Company did not have any listed options on issue (2023: nil).

### (d) Unlisted Options

The Company issued 28,622,799 unlisted options as part of a Share Purchase Plan during the reporting period (2023: nil). At 30 June 2024, the Company had 28,622,799 unlisted options on issue (2023: nil).

### (e) Share Based Payments

#### Performance Rights

Share based payments expense relating to Managing Director and Non-Executive Directors during the year totalled \$508,544 and \$915,378 respectively (2023: \$509,957 and \$198,394 respectively).

In addition, share based payments expense relating to employees' performance rights totalled \$1,769,575 (2023: \$482,940)

During the financial year, the Company issued a total of 3,600,000 new performance rights to certain new employees and cancelled 5,200,000 performance rights due to termination of employment of ex employees.

The fair value of the performance rights awarded during the period at the award date was calculated using the Black Scholes pricing model that took into account the term, the underlying value of the shares, the exercise price, the expected dividend yield, the impact of dilution and the risk-free interest rate. Inputs used for each series granted included:

Performance Rights - Valuation Assumptions	
Variable	Directors
Exercise price for the performance right	\$0.00
Market price for the shares at date of valuation / issue	\$0.07
Volatility of company share price	80.0%
Dividend yield	0%
Risk free rate	3.23% - 3.56%
Expiry from date of grant (number of years)	5.00
<b>Number of Rights issued</b>	<b>3,600,000</b>

The fair value of performance rights is estimated at the date of grant using a Black-Scholes valuation model taking into account the terms and conditions upon which the performance rights were awarded, and the fair value of performance rights is re-assessed each balance date by reference to the fair value of the performance rights at the time of award, adjusted for the probability of achieving the vesting conditions, which may change from balance date to balance date and consequently impact the amount to be expensed via profit and loss account in future periods.

Vesting of the performance rights are subject to the attainment of the applicable performance milestones.

#### Performance Rights Plan

Altech Batteries Limited's Performance Rights Plan ("Plan") was approved by ordinary resolution at a General Meeting of shareholders on 5 November 2014 and re-approved by shareholders in General Meetings on 12 June 2018 and 29 November 2021. All eligible directors, executive officers, employees and consultants of Altech Batteries Limited, who have been continuously employed by the Company are eligible to participate in the Plan.

The Plan allows the Company to issue rights to eligible persons for nil consideration. The rights can be granted free of charge, vesting is subject to the attainment of certain pre-determined conditions, and exercise is at a pre-determined fixed price calculated in accordance with the Plan.

The fair value of any performance rights issued by the Company during the reporting period is determined at the date of grant using a Black-Scholes valuation model taking into account the terms and conditions upon which the performance rights are awarded. At each balance date the fair value of all performance rights is re-assessed by reference to the fair value of the performance rights at the time of award, adjusting for the probability of achieving the vesting conditions, which may change from balance sheet date and consequently impact the amount that is expensed or reversed in the profit and loss account for the relevant reporting period.

During the year, the Company issued 3,600,000 performance rights to certain employees (2023: 15,000,000 to the Managing Director, 27,000,000 to the Non-executive Directors and 51,600,000 to certain employees) pursuant to the Altech Batteries Limited Performance Rights Plan. A total of 5,200,000 (2023: 2,800,000) performance rights of ex-employees were cancelled during the year.

**17. Financial Instruments**

The Company's activities expose it to a variety of financial risks and market risks. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Company.

**(a) Interest rate risk**

The Company's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market, interest rates and the effective weighted average interest rates on those financial assets, is as follows:

	Notes	Weighted Average Effective Interest %	Funds Available at a Floating Interest Rate \$	Fixed Interest Rate \$	Assets/ (Liabilities) Non Interest Bearing \$	Total \$
<b>2024</b>

**(b) Credit Risk**

The maximum exposure to credit risk, excluding the value of any collateral or other security, at balance date, is the carrying amount, net of any provisions for doubtful debts, as disclosed in the balance sheet and in the notes to the financial statements.

The Company does not have any material credit risk exposure to any single debtor or group of debtors, under financial instruments entered by it.

**(c) Liquidity Risk**

The Group has reduced liquidity risk due to the significant capital raisings post year-end. Loans payable represent advances from AAM to Altech Industries Germany GmbH as part of its 25% contribution towards AIG's operations in Germany and its 25% contribution to Altech Energy Holdings GmbH for the development of Altech Batteries GmbH's 120MWh battery production plant in Saxony, Germany. The Group's objective is to maintain a balance between continuity of development funding and flexibility through the use of available cash reserves. The following table discloses the maturity analysis of financial assets and liabilities based on managements expectations:

	Within 1 Year		Within 1-5 Years		Over 5 Years		Total

**17. Financial Instruments (continued)**

**(d) Net Fair Values**

For assets and other liabilities, the net fair value approximates their carrying value. No financial assets and financial liabilities are readily traded on organised markets in standardised form. The Company has no financial assets where the carrying amount exceeds net fair values at balance date. The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the balance sheet and in the notes to the financial statements.

**(e) Foreign Exchange Risk**

The Group has exposures arising from transactions that are denominated in Euro's and Malaysian Ringgit. The Group holds cash and bank balances denominated in Euro and Malaysian Ringgit for working capital purposes. Consequently, the Group is exposed to movements in foreign currency exchange rates. The Group does not use any financial derivatives such as foreign currency forward contracts, foreign currency options or swaps for hedging purposes.

**Other transactions with key management personnel**

The mother of Luke Atkins (non-executive chairman) is the owner of the office premises that the Company rents for its registered office and principal place of business. During the year the Company paid \$100,000 (2023: \$100,000) rent and outgoings on normal commercial terms and conditions.

**Other related party transactions**

MIE Tech Sdn Bhd, a company controlled by Non-Executive Director, Tunku Yaacob Khyra, recharges RM52,800 monthly for secondment of Mr Uwe Ahrens to the Group.

Altech Industries Germany GmbH and Altech Batteries GmbH each reimburses Altech Advanced Materials AG €1,900 monthly in relation to Mr Uwe Ahrens's remuneration for services rendered in Germany.

The Company pays Mr Uwe Ahrens €2,750 monthly for consultancy services performed in Germany.

Altech Advanced Materials AG has NIL (2023: \$26,628) receivable amount owing to the Group at year-end.

As per note 14 the Group has a loan of \$9,351,263 (2023: \$4,244,055) owing to Altech Advanced Materials AG (AAM). It represents advances from AAM to Altech Industries Germany GmbH (AIG) and to Altech Energy Holdings GmbH (AEH). Interest payable by AIG and AEH to AAM is 3.25% per annum on outstanding loan amount.

**21. Expenditure commitments**

**(a) Exploration**

The Company has certain obligations to perform minimum exploration work on the various mineral leases that it holds. These obligations may vary over time, depending on the Company's exploration programs and priorities. As at 30 June 2024, total exploration expenditure commitments on tenements held by the Company have not been provided for in the financial statements and those which cover the following twelve month period amount to \$228,000 (2023: \$228,000). These obligations are also subject to variations, may be subject to farm-out arrangements, sale of relevant tenements or via application for expenditure exemptions from prior-year commitments from the relevant government department.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

## 21. Expenditure commitments (continued)

### (b) Loan Commitments

On 1 May 2015, the Company entered into an Intercompany Loan Agreement (Agreement) with its 100% owned subsidiary Altech Chemicals Sdn Bhd (ATCSB).

Under the terms of the Agreement:

- The Company extends a loan facility up to the amount of \$100,000,000 to provide funding to enable ATCSB to advance the development of a high purity alumina manufacturing facility in Malaysia.
- Interest payable is nil for the period up to and preceding the date at which ATCSB commences commercial production from its proposed high purity alumina manufacturing facility.
- From the date at which ATCSB commences commercial production from its proposed high purity alumina manufacturing facility, interest shall be charged on the loan at an arms-length commercial rate of interest.

On 1 April 2020, the Company entered into a Shareholder Loan Agreement with its 75% owned subsidiary Altech Industries Germany GmbH (AIG). On 29 December 2020, the Shareholder Loan Agreement was amended to include the party Altech Advanced Materials AG (AAM), the holder of the remaining 25% in AIG.

Under the terms of the Shareholder Loan Agreement and as amended on 29 December 2020:

- The Company extends a loan facility up to the amount of €50,000,000 to provide funding to enable AIG to advance the development of its operations in Germany.
- AIG simultaneously and proportionally (75% to 25%) utilises the facility made available under the AAM Shareholder Loan Agreement. That is, funding to be provided to AIG is allocated in the proportions of 75% by the Company and 25% by AAM.
- Under this agreement, interest payable is nil for the period up to and preceding the date at which AIG commences commercial production from its proposed battery materials manufacturing facility.
- An Amendment Agreement was entered into by both parties on 11 November 2022, following which interest is payable by AIG at 3.25% on outstanding loan amount.

On 22 November 2022, the Company entered into a Shareholder Loan Agreement with its 75% owned subsidiary Altech Energy Holdings GmbH (AEH) and AAM, the holder of the remaining 25% in AEH.

Under the terms of the Shareholder Loan Agreement:

- The Company and AAM provides financing up to the amount of €15,000,000 to AEH proportionally (75% to 25%) to enable AEH to on-lend the funds to its 75% owned subsidiary, Altech Batteries GmbH (ABG) for the development of a 100MWh battery production plant in Saxony, Germany.
- Interest payable by AEH is 3.25% per annum on outstanding loan amount.

On 6 December 2022, the Company's 75% owned subsidiary, AEH entered into a Shareholder Loan Agreement with its 75% owned subsidiary Altech Batteries GmbH (ABG).

Under the terms of the Shareholder Loan Agreement:

- AEH extends a loan facility up to the amount of €15,000,000 to enable ABG to advance the development of a 100MWh battery production plant in Saxony, Germany.
- Interest payable by ABG is 3.25% per annum on outstanding loan amount.

On 7 December 2022, the Company's subsidiary ABG entered into a Research and Development Agreement with Fraunhofer-Institut Fur Keramische Technologien Und Systeme IKTS ("Fraunhofer") to develop battery systems for stationary energy storage based on sodium nickel chloride technology. The aim is to bring the technology to commercial production through the development of a 100MWh battery production plant in Saxony, Germany. Under the terms of the Research and Development Agreement:

- The project starts on 13 September 2022 and has an expected period of performance of 4 years.
- ABG makes quarterly payments up to a total combined amount of €13,600,000 for services performed by Fraunhofer, in accordance with an R&D Payment Plan, over a period of 4 years commencing on 13 December 2022:

Payment Instalment (€ 'mil)	0.360	0.360	0.560	0.660	1.020	1.020	1.370	0.700	1.150	0.900	0.700	0.700	0.550	0.550	1.500	1.500
Payment Date	13.12.2022	13.03.2023	13.06.2023	13.09.2023	13.12.2023	13.03.2024	13.06.2024	13.09.2024	13.12.2024	13.03.2025	13.06.2025	13.09.2025	13.12.2025	13.03.2026	13.06.2026	13.09.2026
Payment	P1	P2	P3	P4	P5	P6	P7	P8	P9	P10	P11	P12	P13	P14	P15	P16

- By mutual agreement, the timeline has been pushed back by one month, with the first payment being made in January 2023.
- In the event that ABG fails to provide timely payment, Fraunhofer may terminate the R&D contract.
- If commercialisation becomes unviable through outcome of a Definitive Feasibility Study, ABH may terminate the R&D contract.
- Within 1 month from the complete performance of the project and full payment of the €13,600,000, Fraunhofer shall transfer the ownership of the foreground IP in relation to the project to ABG.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

## 21. Expenditure commitments (continued)

On 14 December 2023, with the transformation of the CERENERGY® battery pack into a substantial 60kWh unit specifically designed for the grid storage market and the re-design of the pilot plant at Fraunhofer IKTS, an amendment to the Research & Development Agreement was executed. The revised R&D Payment Plan is as shown below:

Payment Instalment (€ 'mil)	0.360	0.360	0.560	0.660	0.600	0.600	0.600	0.800	1.660	1.500	1.300	1.300	0.650	0.650	1.100	0.900
Payment Date	13.12.2022	13.03.2023	13.06.2023	13.09.2023	13.12.2023	13.03.2024	13.06.2024	13.09.2024	13.12.2024	13.03.2025	13.06.2025	13.09.2025	13.12.2025	13.03.2026	13.06.2026	13.09.2026
Payment	P1	P2	P3	P4	P5	P6	P7	P8	P9	P10	P11	P12	P13	P14	P15	P16

ABG has, or will, make payments to Fraunhofer pursuant to the Research and Development Agreement up to the scheduled payment date of 13 September 2024. ABG and Fraunhofer have agreed to pause any further payments committed under the Research and Development Agreement until such time as ABG reaches financial close for the 120MWh plant to be constructed for the CERENERGY® battery project.

### (c) Capital commitments

EPC contracts for the construction of the Malaysian HPA plant and the Australian kaolin loading facility have been executed with SMS group GmbH and Simulus Engineering Pty Ltd for prices of US\$280 million and US\$2.5 million respectively. Commitment to the contracted expenditure is subject to a number of conditions being met including the securing of the total targeted project funding. As at 30 June 2024, the Company had no capital commitments in relation either contract (2023: Nil). All works completed as stage 1 or stage 2 early works construction under the US\$280 million SMS group GmbH contract had been billed to the Company and paid as at 30 June 2024. As at 30 June 2024, no early works had been completed under the Simulus Engineering Pty Ltd contract.

On 9 August 2022, the Company's 75%-owned subsidiary, Altech Industries Germany GmbH entered into a Contract for Supplies and Services with Hatch Kuttner GmbH (formerly Kuttner GmbH & Co) for the development of a battery materials pilot plant in Saxony Germany, for the price of €2,981,146. The contract sum was subsequently varied to €5,538,093. As at 30 June 2024, the Group had capital commitments of \$180,014 (2023: \$2,192,241). It is currently anticipated that all of the commitment amounts will become payable during the subsequent financial year (2024/25).

## 22. Segment Information

The Group has identified its operating segments based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources. The financial statements presented above are the same as the reports the directors review.

### Reportable Segments

The Group operates four reportable segments, being the development of Silumina Anodes™, CERENERGY® and High Purity Alumina (HPA) and Corporate, which reflects the structure used by the Group's management to assess the performance of the Group.

## 23. Employee entitlements and superannuation commitments

### Employee Entitlements

Employee entitlements at 30 June 2024 are: Annual Leave Provision \$225,045 (2023: \$225,022) and Long Service Leave Provision \$153,707 (2023: \$173,800).

### Directors, officers, employees and other permitted persons' Performance Rights Plan

Details of the Company's Performance Rights Plan are disclosed in the Remuneration Report.

### Superannuation commitments

The Company contributes to individual employee accumulation superannuation plans at the statutory rate of the employees' wages and salaries, in accordance with statutory requirements, to provide benefits to employees on retirement, death or disability. Accordingly no actuarial assessment of the plans is required.

Funds are available for the purposes of the plans to satisfy all benefits that would have been vested under the plans in the event of:

- termination of the plans;
- voluntary termination by all employees of their employment; and
- compulsory termination by the employer of the employment of each employee.

During the year employer contributions (including salary sacrifice amounts) to superannuation plans totalled \$291,184 (2023: 272,968).

## 24. Contingent liabilities

There were no material contingent liabilities not provided for in the financial statements of the Group as at 30 June 2024 other than:

### Native Title and Aboriginal Heritage

Native title claims have been made with respect to areas which include tenements in which the Group has an interest. The Group is unable to determine the prospects for success or otherwise of the claims and, in any event, whether or not and to what extent the claims may significantly affect the Group or its projects. Agreement is being or has been reached with various native title claimants in relation to Aboriginal Heritage issues regarding certain areas in which the Group has an interest.

## 25. Events subsequent to balance date

### Capital Raised

On 7 August 2024, the Company announced a proposed capital raising of up to approximately \$8.9 million, comprising the issue of up to 223,946,491 fully paid ordinary shares in the capital of the Company at an issue price of \$0.04 per Share. Participants in the entitlement offer will also receive free attaching options on the basis of one (1) option for every two (2) shares held, with each option having an exercise price of \$0.06 and expiry date of 31 December 2025. The prospectus for the capital raising was lodged with ASIC and ASX on the same date.

**ALTECH BATTERIES LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
For the year ended 30 June 2024

**25. Events subsequent to balance date (continued)**

The Capital Raising exercise had been completed with the following outcomes:

- a single tranche placement of 10,125,000 shares to sophisticated and professional investors at an issue price of \$0.04 per share was completed and raised \$405,000. The fully paid ordinary shares under the placement were issued and allotted on 15 August 2024. A total of 4,562,500 free attaching options in relation to the share placement were also issued and allotted on 17 September 2024. Each option had an exercise price of \$0.06 and expiry date of 31 December 2025.
- a non-renounceable entitlement offer of 1 share for every 8 shares held by eligible shareholders at the same issue price as the placement of \$0.04, raised \$6,473,693. 161,842,312 fully paid ordinary shares under the entitlement offer was issued and allotted on 17 September 2024. This included the amount of \$5,000,000 underwritten by Altech Director Tunku Yaacob Khyra's related entity, MAA Group Berhad (124,999,700 shares which included MAA Group Berhad taking up its entitlement under the entitlement offer). Under the terms of the underwriting agreement with MAA Group Berhad, the Company will pay MAA Group Berhad a fee of 6% of the amount underwritten. A total of 80,921,451 free attaching options in relation to the entitlement offer were also issued and allotted on 17 September 2024. Each option had an exercise price of \$0.06 and expiry date of 31 December 2025.
- On 17 September 2024, the Company issued and allotted 1,351,352 fully paid ordinary shares at a volume weighted price of \$0.037 per share to Spark Plus Pte Ltd as consideration for the provision of investor relations services.

**First Offtake Letter of Intent for Cereenergy® GridPacks**

Altech's subsidiary, Altech Batteries GmbH executed an Offtake Letter of Intent ("LOI") between Zweckverband Industriepark Schwarze Pumpe ("ZISP") on 12 September 2024. Under the LOI, ZISP will purchase 30 MWh of energy storage capacity annually, consisting of 1MWh GridPacks, for the first 5 years of production. The price of these batteries has been agreed and aligned to Altech's Definitive Feasibility Study assumptions. The purchase of these batteries is subject to performance tests, battery specifications and the batteries meeting customer requirements.

Further, there has not arisen since the end of the financial year any other item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Company to affect substantially the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

**DIRECTORS' DECLARATION**

For the year ended 30 June 2024

---

The Directors of the Company declare that:

1. The financial statements and note, as set out on pages 16-44, are in accordance with the Corporations Act 2001:
  - (a) comply with Accounting Standards, which, as stated in accounting policy Note 1 to the financial statements, constitutes compliance with International Financial Reporting Standards (IFRS); and
  - (b) give a true and fair view of the financial position as at 30 June 2024 and of the performance for the year ended on that date of the consolidated group.
  - (c) the information disclosed in the attached consolidated entity disclosure statement is true and correct.
2. The Managing Director and Chief Financial Officer have given the declaration required by s295A of the Corporations Act 2001.
3. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the board of directors and is signed by authority for and on behalf of the directors by:

Iggy Tan  
Managing Director  
DATED at Perth this 26<sup>th</sup> day of September 2024

## **Independent Audit Report**

### **To the members of Altech Batteries Limited**

## **Report on the Audit of the Financial Report**

### **Opinion**

We have audited the financial report of Altech Batteries Limited (the Company) and its subsidiaries (the "Group"), which comprises the consolidated statement of financial position as at 30 June 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- i. giving a true and fair view of the Group's financial position as at 30 June 2024 and of its financial performance for the year then ended; and
- ii. complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter - Material Uncertainty Related to Going Concern**

In forming our opinion on the Group financial statements, which is not modified, we have considered the adequacy of the disclosure made in Note 1(j) to the financial statements concerning the Group's ability to continue as a going concern. The conditions as explained in Note 1(j) to the financial statements indicate the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern. The Group financial statements do not include the adjustments that would result if the Group were unable to continue as a going concern.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**Key audit matter**
**How the matter was addressed in our audit**
**Carrying value of Property, Plant and Equipment & Capitalised Development Expenditure (relating to the Silumina Anodes Project and Cerenergy project)**
**Refer to Note 1(f) and Note 7 Property Plant Equipment**

Property, plant and equipment (PPE as disclosed in Note 7: \$20,964,130) represents the most significant asset for the company.

These assets largely relate to the construction of the Silumina Pilot Plant (\$9,961,960) and Cerenergy Battery plant (\$6,514,557).

None of these capitalised costs are depreciated at this time, given that the project is still under development. Amortisation or depreciation will commence once the projects are complete and operational.

The evaluation of the carrying amount of these assets requires management estimation regarding possible impairment.

Our procedures included, amongst others, the following:

- Testing a sample of capitalised costs relating to these plants to relevant support and ensuring costs being capitalised are appropriate.
- Investigated any significant movements, ensuring they were valid and have been properly accounted for.
- Assessing if the carrying value of these plants is not impaired by reviewing the current stage and activity of the projects and feasibility studies.
- Assessing the carrying value of these plants by reviewing the company's market capitalisation.

**Group's ability to continue as a Going Concern**
**Refer to Note 1(j)**

The financial statements are prepared on a going concern basis in accordance with AASB 101 Presentation of Financial Statements. The Group continues to incur significant operating losses in its ongoing efforts to advance the development of its Projects. As the directors' assessment of the Group's ability to continue as a going concern is subject to significant judgement, we identified going concern as a significant risk requiring special audit consideration.

Our audit procedures included, amongst others, the following:

- An evaluation of the directors' assessment of the Group's ability to continue as a going concern. In particular, we reviewed budgets and cashflow forecasts for at least the next 12 months and reviewed and challenged the directors' assumptions.
- Reviewed plans by the directors to defer certain payments and secure additional funding through either the issue of further shares.
- An evaluation of the directors plans for future operations and actions in relation to its going concern assessment, taking into account any relevant events subsequent to the year end, through discussion with the directors.
- Review of disclosure in the financial statements to ensure appropriate.

Based on our work, we agree with the directors' assessment that the going concern basis of preparation is appropriate and our conclusion on going concern is set out above. However, we also concur that there is a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern. The disclosures in the financial statements appropriately identify this risk

## Other information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2024 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the directors and will request that it is corrected. If it is not corrected, we will seek to have the matter appropriately brought to the attention of users for whom our report is prepared.

## Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- a) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and
- b) the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and
- c) for such internal control as the directors determine is necessary to enable the preparation of:
  - i. the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
  - ii. the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

## Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website at:

[https://www.auasb.gov.au/admin/file/content102/c3/ar1\\_2020.pdf](https://www.auasb.gov.au/admin/file/content102/c3/ar1_2020.pdf). This description forms part of our auditor's report.

## Report on the Remuneration Report

### Opinion on the Remuneration Report

We have audited the Remuneration Report as included in the directors' report for the year ended 30 June 2024.

In our opinion, the Remuneration Report of Altech Batteries Limited, for the year ended 30 June 2024 complies with section 300A of the *Corporations Act 2001*.

### Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
