Escalating and unsustainable healthcare costs

70% of Australia's \$240B is spent on managing and supporting people living with lifelong conditions

- ❖ In 2021–22, Australia spent an estimated \$241.3 billion on health goods and services, an average of \$9,365 per person.
- ❖ In real terms (adjusted for inflation), this was an increase of 6.0% (\$13.7 billion) or \$484 per person (in 2021–22 dollars) from 2020–21 and larger than the average yearly growth rate over the decade to 2021–22 (3.4%).
- ❖ In 2021, Australia had the 15th highest health spending as a proportion of gross domestic product (GDP) out of 38 Organisation for Economic Cooperation and Development (OECD) countries.
- ❖ Australia's health spending to GDP ratio was 10.5% – higher than the OECD median (9.5%).

Australians are living longer than ever before, but **chronic conditions continue to have a considerable impact;**
91% of the non-fatal burden of disease is related to them.

Increasing Incidence of Chronic disease

Source: AIHW.gov.au

60% of Australians (15.5 million) live with 1 or more chronic disease i.e. People living with anxiety, depression, asthma, diabetes, hypertension, alcohol addiction, drug dependencies etc.

In 2020–2022, an estimated 8.5 million Australians (43% of the population) aged 16–85 had experienced a mental disorder at some time in their life while 4.3 million people aged 16–85 (22% of the population) had experienced a mental disorder in the last 12 months.

The 5 most common :

- **anxiety (4.8 million people, 18.9%)**
- back problems (4.0 million people, 15.7%)
- **depression (3.2 million people, 12.4%)**
- asthma (2.8 million people, 10.8%)
- deafness or hearing loss (2.4 million people, 9.6%)

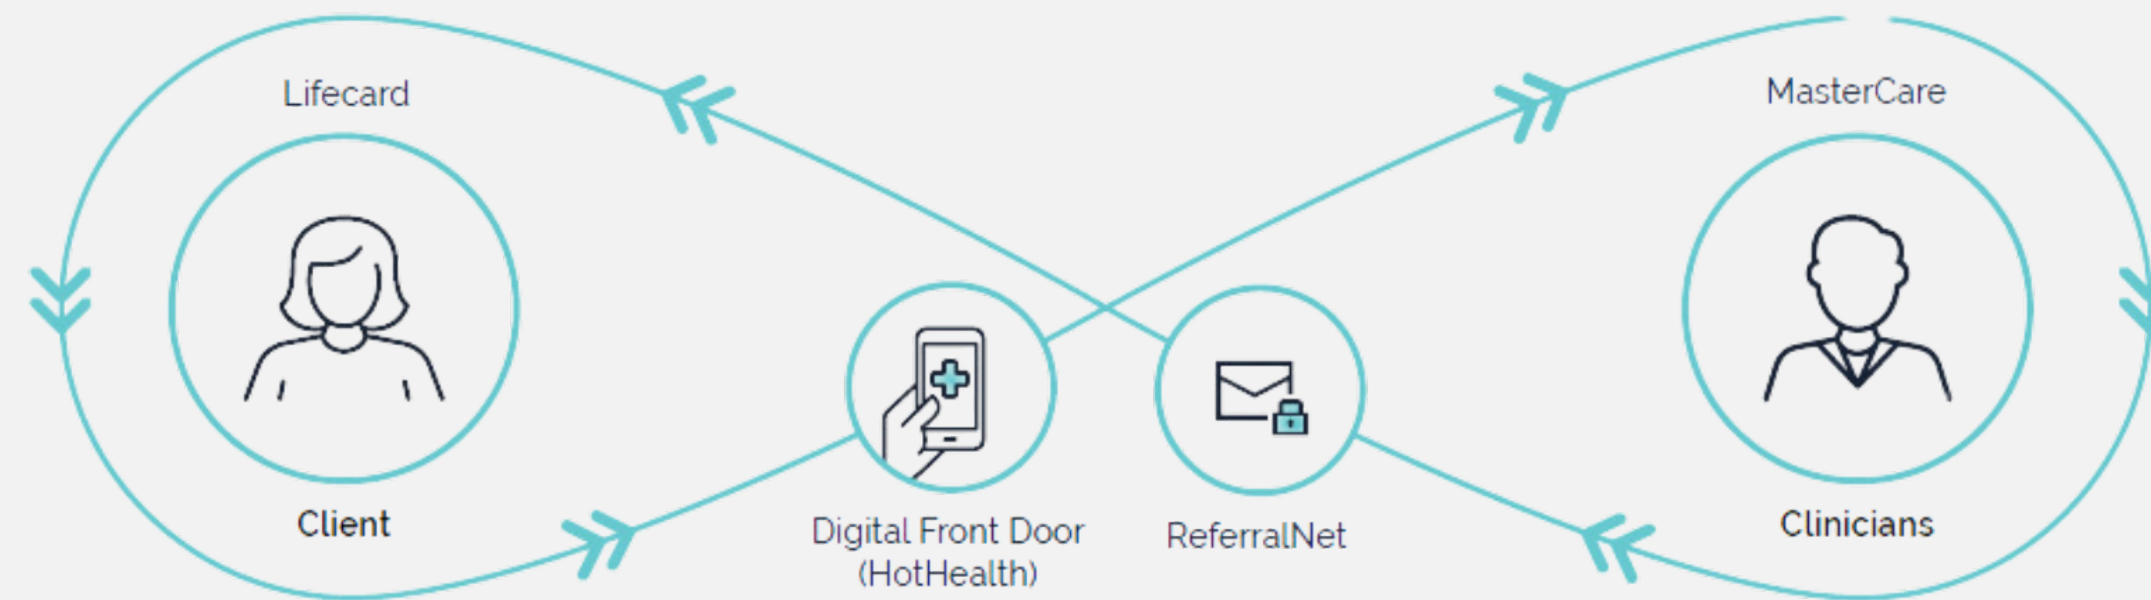

The 5 risk factors that caused the most disease burden in Australia in 2018 were:

- tobacco use (8.6% of total burden)
- overweight and obesity (8.4%)
- dietary risks (5.4%)
- high blood pressure (5.1%)
- alcohol use

*Treatment of chronic conditions typically involve a **team of medical and allied health specialists** working to create a care plan that includes **behavior changes** from impacted individuals.*

Our Mission

Enhancing health outcomes for individuals and improving operational and financial outcomes for healthcare providers with a patient-centric and connected healthcare eco-system.

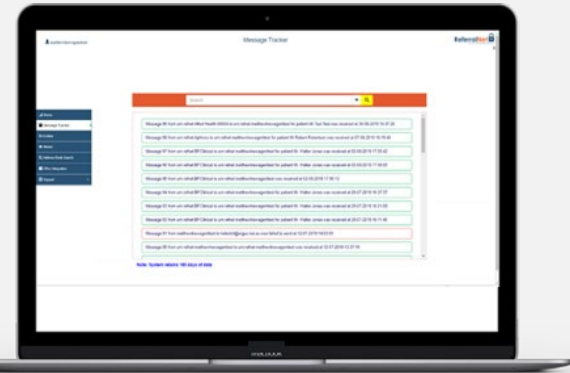

Global Health (ASX: GLH) develop and market a portfolio of composable software and SaaS platforms designed to digitally connect consumers with their clinicians, encouraging a more collaborative healthcare model that automates workflow, delivering improved productivity and profitability for operators and empowers consumers to better manage their health and wellness.

Competitive Advantage

The 5 most common chronic conditions :

- **anxiety (4.8 million people, 18.9%)**
- back problems (4.0 million people, 15.7%)
- **depression (3.2 million people, 12.4%)**
- asthma (2.8 million people, 10.8%)
- deafness or hearing loss (2.4 million people, 9.6%)

The 5 risk factors that caused the most disease burden in Australia in 2018 were:

- tobacco use (8.6% of total burden)
- overweight and obesity (8.4%)
- dietary risks (5.4%)
- high blood pressure (5.1%)
- alcohol use

- ✓ Healthcare providers focusing on Mental Health and Alcohol and Other Drug (AOD) treatment represent a key customer segment for Global Health. These conditions are among the top five most prevalent chronic diseases.
- ✓ Global Health is a market leading provider in the chronic disease segment, supporting individuals living with lifelong conditions across diverse healthcare settings. These include hospitals, general practices, specialist services, allied health, community health, mental health, aged care, and in-home care.
- ✓ Global Health's HotHealth Consumer engagement and Lifecard empowerment platforms are key to managing the risk factors that cause the most disease burden.
- ✓ This provides Global Health with a unique advantage to be able to serve multiple sectors of the healthcare eco-system across with customers in the community health, primary, secondary and acute care segments of healthcare.

Financial Performance – Expenses & EBITDA

Over the 24 months since June 2022, Operating EBITDA improved by \$2.85M from negative EBITDA of (\$1.238M) before Growth R&D investments to **positive EBITDA before Growth R&D investments of \$1.614M in FY24.**

However, over the same period, investments in future revenue or Growth R&D increased from \$324K (4% of total expenses), to \$1.782M in FY2023 and \$2.702M (27% of total expenses), in FY 2024.

EBITDA after R&D investments are fully expensed and forecast to revert to a **positive earnings result in FY25.**

R&D Expenses

Expenses Profile

With the bulk of the Growth R&D now complete, investments in Growth R&D is forecast to **reduce to \$2.055M in 2025** representing 22% of total expenses.

Our composable MasterCare Plus (M+) SaaS platform integrated to our HotHealth Digital Front Door and Lifecard Patient empowerment platforms will be the focus of marketing and sales initiatives going forward.

Our Board of Directors

GRANT SMITH
Independent Chairman

A seasoned healthcare executive with over 40 years of experience in the private hospital and general private health sector. Grant has been instrumental in the establishment and operation of numerous hospitals across Australia, including the first digital private surgical hospital. He is currently involved in the development of several new hospitals; he is also involved in utilising digital technology to generate productivity for the healthcare sector.

STEVEN PYNT
Independent Non-Executive Director

Steven is a Director of the Perth legal firm, MP Commercial Lawyers, and his main area of practice is in commercial law including corporations' law, franchising, and contracts. He was formerly a member of the Racing Penalties Appeals Tribunal and Chairman of the Commercial Tribunal of WA.

STEVEN STRANGE
Independent Non-Executive Director

Steven brings over 30 years of leadership experience to the Board at Global Health at a very opportune and pivotal time, where the Company seeks to significantly grow its business both domestically and in its positioning in the Asia Pacific Region. Steven was the Founder and Executive Director of Health Metrics (HM) a leading provider of software solutions to the aged care sector. He also recently successfully completed the sale of HM to Private Equity interests.

KAREN CORRY
Independent Non-Executive Director

Karen is an experienced board director and business leader in digital health, technology, and finance. Previously a KPMG partner and founder of Delta Management Consulting, where she has led digital health strategy initiatives for over a decade. She is currently a non-executive director at Peninsula Health, Chair of ACSO and the Cultural Development Network, and a Fellow of both the Institute of Chartered Accountants and the Australian Institute of Company Directors.

MATHEW CHERIAN
Managing Director

Mathew has been in the information technology industry since 1981. In 1985, he established Working Systems Pty Ltd in Perth, Western Australia. He was appointed CEO of Working Systems Solutions Limited in January 2002 to refocus the Group as a software product developer for the healthcare sector. The initial phase culminated with the rebranding of the Company as Global Health Limited in December 2007. Mathew plays an active role in product strategy and the development of overseas markets for the Company.
