

Activities Report for the Quarter ended 30 September 2024

Key Highlights

- **Cash receipts from customers hit \$1.92m:** A record quarter to date, up 157% compared to the prior comparable period (pcp) and an increase of 6% quarter-on-quarter (qoq). The launch of SwiftStatement and the impact of the Limepay acquisition will enable accelerated growth in the future.
- **Payment Volumes of \$74m up 20% on pcp:** Total Payment Volumes (PV) of \$74m in Q1 FY25, up from \$62m in Q1 FY24. This excluded \$34m that Limepay processed in the quarter.
- **Completion of Limepay acquisition:** The Company's shareholders approved the acquisition of Limepay on 17 September 2024 and all Conditions Precedent were satisfied to Complete the acquisition on 20 September 2024.
- **Limepay financial metrics:** Limepay's PV for Q1 FY25 was \$40m, generating revenue of \$664k. They also entered a **MSA with Lessn** during the quarter, to process all Lessn's PV, with onboarding expected imminently (currently ~\$50m pa).
- **Cash and cash equivalent:** \$6.5m as at 30 September 2024, excluding the \$1.6m R&D rebate received subsequent to quarter end (\$9.8m as at 30 June 2024, NET cash movement (\$3.3m)).
- **Event subsequent to close of quarter:** Commercial launch of *SwiftStatement* with Capricorn in November 2024 to generate \$1.4m license fee and up to \$18m in ARR by September 2025, assuming an adoption rate of 50% amongst +30,000 strong membership base.

Spenda Limited (**ASX:SPX**, "**Spenda**" or "**the Company**"), an innovative software company with embedded electronic payment solutions for supply chains and trading networks, is pleased to release its Quarterly Activities and Cash Flow report for the quarter ended 30 September 2024 ("**Q1 FY25**").

During the Quarter, the Company announced and completed the acquisition of Limepay Pty Ltd T/A April Solutions ("**Limepay**"), a strategic acquisition that provides the Company with a B2B payments ready technology platform, ready to deploy within Spenda's platform ecosystem.

Acquisition of Limepay

On 16 July 2024, Spenda announced that it executed a binding term sheet to acquire 100% of the issued capital of Limepay for up to \$8m, in an all-scrip transaction. The acquisition is comprised of four tranches, with the last three tranches contingent on the achievement of specific performance milestones. If all milestones are achieved, it is expected that Limepay will add a minimum of \$7.2m in Annual Recurring Revenue ("**ARR**") to the enlarged group.

Limepay is a B2B SaaS company providing embedded finance services to Australian businesses. The acquisition of Limepay provides Spenda with significant strategic advantages that are unlocked by maximising the impact of consolidating a complementary product roadmap, a cohesive culturally aligned development team and additional product capabilities. The Limepay team comprises banking software professionals that will significantly expand Spenda's product development resources and capability.

The acquisition will enhance the speed that Spenda can roll out to existing contracted channels, including Carpet Court and Capricorn, while also scaling payment flow across the combined entity.

Limepay Payment Processing MSA with Lessn

During the quarter and pre completion of the acquisition of Limepay by Spenda, Limepay executed a Master Services Agreement (“Agreement”) with Lessn to acquire and process their entire payment volume, utilizing Limepay’s payment platform.

When Lessn is onboarded, the Agreement will result in an immediate increase to Limepay’s current PV by ~40% to ~\$167m per annum.

The Agreement will see Lessn implement Limepay’s white labelled payment widget product, to enable payment services on Lessn’s platform. The catalyst and the need to move to Limepay by Lessn was driven by Lessn securing several contracts that substantially grow their business and payment volumes.

The delivery of the Lessn agreement cements ~40% growth in Limepay’s ARR, with revenue growth from the new contract wins expected to substantially grow Lessn’s payment volumes. The payment volumes are expected to switch to Limepay once all operational and regulatory requirements have been satisfied.

Customer Facing Marketing

Throughout the quarter, the Company focused on Channel Marketing efforts to bolster member engagement initiatives for Carpet Court and Capricorn, and to deliver brand alignment following the Limepay acquisition.

Key highlights included:

Carpet Court

- The marketing team organised and planned Spenda’s participation in Carpet Court’s 50th Anniversary State Conference in August with the focus on the Standard Operating Environment (“SOE”) solution that Spenda is developing for Carpet Court, which was presented to their entire store network.

Capricorn

- To support the rollout of the *SwiftStatement* program, the Company assisted Capricorn in developing marketing communications and collateral to assist rollout across the Member network.
- The Company also participated in Capricorn's Gala and Roadshow event series in Sydney in September, showcasing *SwiftStatement* to NSW Members through a presentation at the gala event.
- The remainder of the Capricorn events are scheduled to take place across the country in October and November, all aimed at driving Member engagement in the *SwiftStatement* program.

Building a strong foundation for long-term sustainable revenue

All programs of work are tracking to plan, with the key highlights being:

- Stable payment B2B volume of approximately \$20m per month on Spenda's platform from roll out of SpendaAR to Carpet Court Head Office;
- Finalisation of Carpet Court SOE;
- Continuing strong growth in AirPlus facilities with both new and existing clients, with revenue growing to more than \$1.3m per annum and is expected to generate more income than the traditional lending facilities in the financial year; and
- Continued scaling of our finance and payments products, including SpendaAR, SpendaAP, Payment Widget with corresponding SaaS Software Licensing fees.

Total payment volume is tracking in line with budget, with Q1 FY25 total payment volume of \$74m, up 20% on pcp (Q1 FY24 - \$62m).

Financial position

Cash receipts from customers for the quarter was \$1.92m, up 157% on pcp (Q1 FY24).

For personal use only

The Company had a cash and cash equivalents position of \$6.5m as of 30 September 2024 plus \$12.3m in gross client loan book, representing loan capital deployed to multiple customers.

Product manufacturing and operating costs	293	162	+80%
Advertising and marketing	60	55	+9%
Staff costs	1,490	1,323	+12%
Administration and corporate costs	747	968	-23%

Table 2: Summary of operating expenditure

Related party transactions

The Company made payments totaling \$180k to the Company's Directors, which included director's salaries, fees and superannuation.

Events subsequent to the end of the quarter

Building on the ten-year Master Services Agreement, Spenda has executed a Preferred Supplier Agreement ("PSA") with Capricorn that enables Spenda to offer its products and services to the Capricorn Membership.

On 4 November 2024, under the PSA, the Company announced the launch of Spenda's *PSBL* product under the *SwiftStatement* brand to Capricorn's Member Network.

SwiftStatement enables automatic invoice integration for Capricorn Members on their consolidated trade account statement and allows Spenda to provide Members an integrated payment capability which will reduce reconciliation time and manual data entry errors, saving costs for Capricorn Members.

Spenda will scale its ARR as we roll out the *SwiftStatement* product to Capricorn ~30,000 Members.

Given the strong market fit for the Capricorn Membership the Company is cornerstoning its strategy with Capricorn and the automotive industry using *SwiftStatement*. Off the back of the *SwiftStatement* rollout, the Company expects to launch other software and payments initiatives that will scale ARR.

Research and Development Rebate of \$1.6m was received in October.

Key operational activities in the December quarter (Q2 FY25)

In the this quarter, the focus is on:

- **Commercial launch of Capricorn DSD project:** The 3rd milestone payment relates to the onboarding of the first cohort of suppliers, which will trigger the \$100k per month SaaS Software Licensing fee.

- **Commercial Launch of SwiftStatement to Capricorn Members in November:** expecting to deliver +\$1m in revenue and build a base for durable revenue into the future.
- **Continued delivery of the SOE solution for the Carpet Court store network:** First stores will receive software in early November 2024, with the broader rollout in the new year. SOE will enable Carpet Court stores to manage their quote-to-install payment flow and the scale up of consumer payment services, including digital payment options and POS terminals in-store.
- **Continued roll out of Spenda AP bundled with Airplus facilities.**

GM of Corporate Development, Francis deSouza said:

"In the past quarter, our focus has been on the effective execution of our record pipeline of work across all partnerships. Despite ongoing resource constraints, I am pleased to report that all programs remain on track. We are planning for the commercial launch of our new payments infrastructure with Capricorn which has the potential to significantly increase the payment volumes on our platform and we expect to launch the SOE for the Carpet Court network which will enable the scaling of payment volume through their network. "

About Spenda

Spenda Limited (ASX:SPX) is an integrated business platform that enables businesses across the supply chain to sell better and get paid faster. Spenda is both a software solutions provider and a payment processor, delivering the essential infrastructure to streamline processes before, during and after the payment event.

Spenda's payments solution has three components – Software, Payments & Lending – and enables end-to-end e-invoicing integration, rapid ordering, digital trust and automated reconciliation. Spenda creates an industry standard operating environment (SOE) that enables the effective and seamless transfer of data from multiple, disparate software systems in one standardised technology solution. Spenda combines five vendors into one solution with end-to-end software integration as well as ledger-to-ledger integration to improve operational efficiency for all trading parties in the supply chain.

Spenda captures transactions and payments through the value chain, generating layered revenue streams from SaaS, both B2B and B2C payments and B2B supply chain finance. Spenda's ability to analyse and understand payment flows throughout these networks enables the Company to offer customised financing solutions to clients, in order to improve their working capital efficiency and cash utilisation throughout their operations.
