BUSINESS OF THE MEETING

AGENDA

ORDINARY BUSINESS

1. RESOLUTION 1 – CAPITAL RETURN

To consider and, if thought fit, pass the following resolution as an **ordinary resolution**:

“That approval is given for the ordinary share capital of the Company to be reduced by approximately \$0.8 million, to be effected by the Company paying each shareholder on the record date of 12 December 2024 the amount of 2 cents for each ordinary share held at that time, on the terms described in the Explanatory Statement.”

DATED: 5 NOVEMBER 2024

BY ORDER OF THE BOARD

**MR NICHOLAS ONG
COMPANY SECRETARY**

EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions which are the subject of the business of the Meeting.

1. RESOLUTION 1 – CAPITAL RETURN

1.1 Background and summary

On 6 November 2024, the Company announced a proposed return of capital to shareholders following a review of its capital management strategy.

As a result of the Company's consistent profitability and strong cashflow over the past few years, the Company is now in a position to return excess cash to our loyal shareholders. This decision was made following a review of our capital requirements, strategic growth and the anticipated cashflow from business activities.

The capital return will not impact on the Company's ability to growing its revenue and ensuring that profitability is optimised. The balance sheet remains strong and robust, which will provide the Company with the financial flexibility to make strategic investments and explore new growth opportunities.

1.2 Timetable

The following timetable has been approved by ASX for Listing Rules consistency purposes. If there should happen to be any changes to this timetable then those changes will be announced to ASX on the ASX Market Announcements Platform.

Event	Date
Shareholder meeting to consider the Capital Return	6 December 2024
Effective date of the return of capital.	9 December 2024
Last date for trading of shares to be entitled to the Capital Return	10 December 2024
Trading in the securities on an "ex-return of Capital" basis.	11 December 2024
Record date	12 December 2024
Payment date	19 December 2024

As at 31 October 2024, the Company has cash of approximately \$2.8 million. The proposed Capital Return is expected to use up approximately \$0.8 million of these cash reserves.

1.3 Tax

The Company is in the process of applying for an ATO Class Ruling to confirm that:

- no part of the Capital Return will constitute, or be treated as, a dividend for Australian income tax purposes; and
- instead,
 - a shareholder's cost base in each share will be reduced by the amount of capital returned in connection with that share;¹

¹ Relevant for calculating capital gains and losses on future CGT events concerning the Company's shares.

- where the cost base of a share is less than the amount of capital returned in connection with that share, a capital gain will arise;
- qualifying shareholders will be entitled to treat any resulting capital gain as a 'discount capital gain';² and
- qualifying foreign resident shareholders will be entitled to disregard any resulting gain.³

Based on the historical share price and the quantum of the Capital Return, no capital gain is expected to arise for any shareholder. Notwithstanding, for completeness, the Company will request that the ATO confirm the capital gains tax consequences of the Capital Return under cover of the Class Ruling.

The Class Ruling, if issued in accordance with the Company's application, will apply:

- to the income years spanning 1 July 2024 to 30 June 2025, and
- to both Australian and foreign tax resident shareholders who hold their shares on capital account.

The Class Ruling will be made available (if received) in due course on the Company's website, but this is not expected until after the date of the shareholders meeting.

The tax implications of the Capital Return for shareholders will depend on their particular circumstances. All shareholders should consider seeking their own tax advice, in particular,

- shareholders who do not hold their shares on capital account, being shareholders to whom the Class Ruling will not apply. For completeness, a revenue gain may arise for shareholders who hold their shares on revenue account or as trading stock that does not qualify for the discount capital gains concessions referred to above; and
- shareholders who are not residents of Australia for tax purposes, noting there may be taxation consequences arising from the Capital Return in their country of residence.

No adverse tax consequences are expected to arise for the Company in relation to the Capital Return.

1.4 ASIC notifications

This Notice of Meeting is being lodged prior to the date of its distribution with the Australian Securities and Investments Commission in accordance with legislative requirements for the Capital Return. Further notifications will be lodged with ASIC in due course if shareholder approval is obtained.

1.5 Other information

As at the date of this Notice of Meeting, there are 40,534,169 fully paid ordinary shares on issue. There are no other securities on issue.

² Availability of the CGT discount is limited to individual, trusts and complying superannuation entities that hold the shares on capital account.

³ Assuming the Company's shares have not been used in carrying on business at or through an Australian permanent establishment and, for shareholders that hold the share on revenue account or as trading stock, tax treaty relief is available between Australia and the shareholder's country of residence.

If the Capital Return is implemented, the Company's shares are expected to trade at a lower share price than they would have done had the return of capital not occurred. This is due to the

outflow of funds to shareholders. Whilst this reduction in share price might approximate the amount of the Capital Return, the exact future trading price of shares is subject to market factors.

The way in which the proposed Capital Return will occur will be the same for all shareholders. No voting exclusions apply to the resolution. Each share is capable of being voted on the resolution.

The directors have reviewed the Company's assets and liabilities and cash flow forecasts and have satisfied themselves as to the Company's solvency and ability to pay its creditors following the proposed Capital Return.

In the directors' view having regard to the requirements of section 256B(1) of the Corporations Act, the Capital Return is fair and reasonable to shareholders as a whole and will not materially prejudice the Company's ability to pay its creditors.

The Capital Return is occurring on a proportionate basis across all shareholders and will not have any effect on the shareholding control or ownership of the Company.

The directors who are also shareholders will be treated the same as other shareholders in relation to the Capital Return. As at the date of this Notice of Meeting, the directors have an interest as shareholders of the Company as follows:

Director	Shares
Michael Ye	12,816,018
Tod McGrouther	3,457,000
Terence Grigg	Nil

Other than as set out in this Notice of Meeting including the Explanatory Statement and any other information previously disclosed by the Company to ASX or shareholders, there is no other information that is known to the directors which may reasonably be expected to be material regarding a decision on how to vote on the resolution.

The directors unanimously recommend that shareholders vote in favour of the resolution.

2. ENQUIRIES

Shareholders are required to contact the Company Secretary, Mr Nicholas Ong, on (+61 8) 9486 4036 if they have any queries in respect of the matters set out in these documents.
