

ASX RELEASE (ASX: MDR)

**MedAdvisor Solutions to evaluate strategic options to
maximise shareholder value**

Melbourne, Australia, 14 November 2024 – Global pharmacy-driven patient engagement company, MedAdvisor Limited (MedAdvisor Solutions or the Company), advises that it has initiated a formal review process to evaluate strategic options to maximize shareholder value.

The Board believes that MedAdvisor's current market valuation does not reflect the combined value of its Australian and US business units. The process is expected to consider a range of initiatives designed to address the valuation disconnect.

MedAdvisor CEO, Rick Ratliff, commented: "Earlier this year, we emphasised our commitment to profitable growth by releasing a 5-year plan and launching Transformation 360°, a key project designed to assist in driving strong growth, margin expansion, and revenue diversification. We remain focused on executing our 5-year plan, and the review process will enable the Board to evaluate the business as a whole and in parts."

MedAdvisor Non-Executive Chair, Linda Jenkinson, commented: "We are very pleased to have achieved profitability in FY24. Now that we have reached that milestone, the Board is keen to ensure that our assets are assigned their full and appropriate value. We view

positively the potential opportunities that this process may present and look forward to updating the market on relevant outcomes in due course."

Adelaide Equity Partners Limited (AE Advisors) has been retained as financial advisors and HWL Ebsworth as legal counsel, to assist with the process.

There can be no assurance that the review process will result in any transaction or other change or outcome for the Company. MedAdvisor expects the review process to take up to three months to conclude, and it does not intend to comment further on specific aspects of the process unless the Board has approved a specific course of action, or the Company has otherwise determined that further disclosure is appropriate or required by law.

During the review period, MedAdvisor intends to continue its current business plans (including Transformation 360°) and to evaluate opportunities for growth that may arise. For clarity, the Company does not intend to make any acquisition or undertake an associated capital raise whilst the review process is underway.
