- Revenue increased to US\$57,843k, which was a growth of 16.2% period-on-period (1H FY24: US\$49,759k, and 19.7% growth). This was primarily driven by the growth of the annualized contract value (ACV) of the Company's subscription contracts to US\$96,821k, a growth of 21.5% period-on-period (1H FY24: US\$79,660k, and 20.4% growth).

- Fixed costs declined by US\$279k period-on-period (1H FY24: US\$2,136k), representing a decline of 1.3% (1H FY24: 9.0%). This expense reduction, coupled with the revenue increase, were the primary drivers of the Free Cash Flow generated during the period of US\$4,811k (1H FY24: US\$1,423k).
- The Company is well positioned with US\$9,739k of cash at bank as at September 30, 2024 (FY24: US\$11,594k), after making a net repayment of US\$6,000k against its existing secured revolving loan facility during the period, which reduced the drawn down balance to US\$5,000k (FY24: US\$11,000k).
- The Company successfully launched sideline video analysis, as part of the Focus product for American Football, transforming the way coaches and athletes operate on game day in the National Collegiate Athletic Association (NCAA).
- The Company released next-generation presentation tools within Focus that significantly improve how coaches present and share key moments in video.

- The Company partnered with UEFA to deliver live insights for every match using MatchTracker at the 2024 UEFA European Football Championship (Euro 2024).
- The Company launched new algorithms within the Vector product range to measure metabolic power and expand sport-specific parameters for basketball, rugby, and tennis.

BUSINESS STRATEGIES AND PROSPECTS

Catapult's vision is to create the platform of solutions for teams and athletes, in order to improve the performance of athletes and teams globally.

Within this platform, Catapult has identified five "verticals" of technology solutions across two customer levels.

During the period, the principal activities of the entities within the Group and across the verticals were:

- In the Performance & Health vertical, a range of SaaS tracking technologies that use proprietary algorithms to quantify the load, effort and fatigue levels of athletes enabling them to maximize performance and minimize injury.
- In the Tactics & Coaching vertical, a range of video analysis software that segments game footage, enables instant video manipulation and replay, scouting of upcoming opponents, and more effective tactical and coaching practices and outcomes.
- In the Management vertical, AMS or the 'athlete management system', which is a cloud-based repository for wellness information that teams use to better understand athlete welfare, and an administration tool to plan rostering and the like.
- In the Professional Services vertical, a range of services that maximize the productivity of customers' sports technology, providing them with sports science insights and perspectives to gain a competitive edge.
- In the Media & Engagement vertical, a range of services to manage and monetize the video content assets (i.e., footage) of customers, to drive fan engagement via social media, generate revenue from media licensing, and facilitate talent scouting of athletes.

DIRECTORS' REPORT

The Group's wearable and video solutions are provided to elite clients on both a subscription and upfront capital sales basis, with subscription sales forming the vast majority of all sales to elite clients. Catapult is the global leader in wearable tracking technology and analytics solutions for the sports performance market, with more than 4,400 teams (FY24: 4,200 teams). Catapult is also a market leader in providing innovative digital and video analytic software solutions to elite sports teams globally.

With major offices in Australia, the United States, and the United Kingdom and over 490 staff in 27 countries (FY24: 430 staff in 26 countries), Catapult is a global technology success story that is committed to advancing the way data is used in elite sports.

Furthermore, Catapult has broadened its suite of athlete analytics solutions through organic growth and acquisitions, resulting in a substantially larger addressable market opportunity across a wider range of customers in both elite and prosumer sporting leagues. Catapult expects to benefit in these and other segments with increasing sales and technical functionality.

The interim condensed financial report does not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group's annual consolidated financial statements as at March 31, 2024. The consolidated interim financial statements have been prepared on a historical cost basis, except for other liabilities in relation to the contingent considerations which have been measured at fair value. Catapult Group International Ltd is a for-profit entity for the purpose of preparing the financial statements.

Catapult Group International Ltd is the Group's Ultimate Parent Company. Catapult Group International Ltd is a Public Company incorporated and domiciled in Australia and listed on the Australian Securities Exchange. The address of its registered office and its principal place of business is Level 2/630 Church Street, Richmond, Victoria, Australia.

The consolidated financial statements for the half year ended September 30, 2024, were approved by the Board of Directors and authorised for issue on November 13, 2024.

The accounting policies have been applied consistently throughout the Group for the purposes of preparation of the interim condensed financial report and are consistent with the annual consolidated financial statements as at March 31, 2024.

Going concern

The report has been prepared on the going concern basis of accounting which contemplates continuity of normal business and the realization of assets and settlement of liabilities in the ordinary course of business.

The Group had a current asset deficit of US\$41,234k as at September 30, 2024 (FY24: US\$28,793k). Current liabilities include contract liabilities of US\$49,271k (FY24: US\$ 34,471k) expected to be released into revenue within 12 months. Current contract liabilities are expected to be delivered over the next 12 months; therefore, no actual cash outflows are expected other than those required to pay costs associated with delivering the service.

As disclosed in Note 9.1, as at September 30, 2024, the Group had a drawn down balance of \$5,000k from the revolving loan facility. The Group expects the \$20,000k facility with Western Alliance Bank to be sufficient for all its working capital needs for the ensuing 12 months from the date of this report.

The Group continues to be well positioned with US\$9,739k of cash and cash equivalents at September 30, 2024.

Accordingly, the Directors believe the going concern basis on which the financial reports are prepared is appropriate.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. CHANGES TO REPORTING ACCOUNTING POLICIES

A number of new accounting standards, amendments to standards and interpretations, have been issued and will be applicable in future periods. While these remain subject to ongoing assessment, no significant impacts on the financial statements of the Group have been identified to date. These standards have not been applied in the preparation of these Financial Statements.

3.1 New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the Group's consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended March 31, 2024, except for the adoption of new standards effective as of April 1, 2024. The Group has not early adopted any standard, interpretation, or amendment that has been issued but is not yet effective. Several amendments apply for the first time in 2025, but do not have a significant impact on the Group's consolidated financial statements for the period.

NOTE 4. PRINCIPLE OF CONSOLIDATION

The interim consolidated financial report has been prepared using the material accounting policies and measurement bases of, and is consistent with, the annual consolidated financial statements for the year ended March 31, 2024.

4.1 Overall considerations

Non-controlling interests in the results and equity of subsidiaries are shown separately in the statement of profit or loss and other comprehensive income, statement of financial position, and statement of changes in equity of the consolidated entity. Losses incurred by the consolidated entity are attributed to the non-controlling interest in full, even if that results in a deficit balance.

4.2 Basis of consolidation

The Group interim financial statements consolidate those of the Parent Company and all of its subsidiaries as of September 30, 2024. The Parent controls a subsidiary if it is exposed, or has rights, to variable returns from its involvement with the subsidiary and could affect those returns through its power over the subsidiary. All subsidiaries have a financial year-end reporting date of March 31 and are included in the consolidated financial statements of the Group as at that date. Catapult Sports Technology Beijing Co Ltd (based in China) also reports its local financial statements on December 31.

All transactions and balances between Group companies are eliminated on consolidation, including unrealised gains and losses on transactions between Group companies. Where unrealised losses on intra-group asset sales are reversed on consolidation, the underlying asset is also tested for impairment from a group perspective. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Profit or loss and other comprehensive income of subsidiaries acquired or disposed of during the year is recognized from the date when the control is obtained, or up to the effective date of disposal, as applicable.

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's profit or loss and net assets that are not held by the Group. The Group attributes total comprehensive income or loss of subsidiaries between the owners of the parent and the non-controlling interests based on their respective ownership interests.

NOTE 10. EARNINGS PER SHARE

Both the basic and diluted earnings per share have been calculated using the loss attributable to shareholders of the Parent Company (Catapult Group International Ltd) as the numerator (i.e., no adjustments to profit were necessary in 1H FY25 or 1H FY24). Options and performance rights have not been included in calculating diluted EPS because their effect is anti-dilutive.

The reconciliation of the weighted average number of shares for the purpose of diluted earnings per share to the weighted average number of ordinary shares used in the calculation of basic earnings per share is as follows:

10.1 Basic and diluted loss per share

The valuation of the acquisition was finalized and included in the financial statements for the year ended March 31, 2022.

Contingent consideration

As part of the purchase agreement with the previous owners of SBG, a contingent consideration component has been agreed, with \$5,000k of Catapult shares available, subject to the achievement of key performance indicators that are aligned to the performance metrics used for the Executive team's annual STI award. The \$5,000k contingent consideration is split into two tranches of \$2,500k, with the first tranche calculated in June 2023 as \$2,200k after taking into consideration the achievement of key performance indicators for FY23, and the second tranche calculated in June 2024 as \$3,250k after taking into consideration the achievement of key performance indicators for FY24, with the final total earn out consideration being \$5,450k.

A portion of the contingent consideration which pertains to several key employees of SBG is being recognized as share-based payments in the consolidated financial statements, of which US\$4,013k has been recognized as at September 30, 2024. The fair value of the remaining contingent consideration at September 30, 2024 is \$816k (FY24: \$793k) which has been recorded in total, within current other liabilities (FY24: \$509k in current other liabilities with the remaining \$284k recorded in non-current other liabilities).

The contingent consideration has been remeasured at the reporting date of September 30, 2024 to reflect share price and foreign currency fluctuations since the last reporting date of March 31, 2024. Please refer to Note 13 for further details.

NOTE 12. CONTINGENT LIABILITIES

The Group has obtained two bank guarantees as security in respect of lease agreements for its premises and credit card liabilities amounting to US\$265k as of September 30, 2024 (FY24: US\$245k). These amounts, disclosed as contingent liabilities, remain inaccessible to the Group.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 13. FAIR VALUE

Financial assets and financial liabilities are recognized in the consolidated statement of financial position, when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transaction costs, except for those carried at fair value through profit or loss, which are measured initially at fair value.

The following table presents a reconciliation of recurring fair value measurements for financial liability categorised within level 3 of the fair value hierarchy:

	Financial Liability	
	Sep 2024 US\$'000	Mar 2024 US\$'000
Opening balance	793	428
Settlement of deferred consideration	(273)	-
Remeasurement recognized in profit and loss	296	365
Closing Balance	816	793
Current	816	509
Non-current	-	284
Total	816	793

Fair value hierarchy

All financial instruments for which fair value is recognized or disclosed are categorised within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole, as follows:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Contingent consideration in relation to the SBG acquisition was classified as a financial liability measured at fair value as at the date of acquisition and subsequently remeasured at the reporting date with changes in fair value recognized in profit or loss. The Group has adopted the deterministic payout approach associated with each possible outcome to determine the fair value of the contingent consideration as at the date of acquisition. The significant unobservable inputs adopted by the Group were based on a combination of the entity's key performance indicators being achieved, such as the number of Customers, Annualized Contract Value (ACV) and Multi Vertical Customers with a maximum outcome of 130% having been assessed in June 2024. As at September 30, 2024, the Group has remeasured the fair value of the contingent consideration to reflect share price and foreign currency fluctuations since the last reporting date of March 31, 2024.

Independent auditor's review report to the members of Catapult Group International Ltd

Conclusion

We have reviewed the accompanying half-year financial report of Catapult Group International Ltd (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated statement of financial position as at 30 September 2024, the consolidated statement of profit and loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Group as at 30 September 2024 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibilities for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

AUDITOR'S REVIEW REPORT

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 September 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
