Notice of closure of Betashares Digital Health and Telemedicine ETF (ASX: EDOC)

Betashares Capital Limited (**Betashares**), the responsible entity, gives notice of the upcoming closure of Betashares Digital Health and Telemedicine ETF (ASX: EDOC) (the **Fund**).

Betashares has applied to the ASX for the Fund's trading status to be revoked and the ASX has approved this application.

The last day units in the Fund will trade on the ASX will be 17 January 2025 (**Last Trading Day**). Upon the close of trading on the Last Trading Day, units in the Fund will be suspended and removed from trading. At the end of the Last Trading Day, the closure process for the Fund will commence in accordance with the Fund's constitutions and the Corporations Act.

Why is the Fund being delisted and closed?

The decision to close the Fund recognises that, since its launch, it has not achieved sufficient scale to be sustainable and is not likely to do so.

Options for investors

Investors in the Fund have two options:

1. Sell their units on the ASX before close of trading on the Last Trading Day via their broker or investing platform in the normal manner. Authorised Participants may redeem units until the Last Trading Day; or
2. Continue to hold their units, participate in the Fund's winding up, and receive a final distribution payment that represents a final distribution of any income (if applicable), as well as their proportionate share of the net proceeds from the sale of the Fund's assets. This payment will be made to each investor's nominated bank account for distributions. It is important to note that investors who hold their units and participate in the Fund's winding up will be subject to market movements until the Fund's assets have been sold (refer to the indicative timetable for further details).

Given the timing of the Fund closure, the Fund will not make a distribution for the distribution period ending December 2024. Any distributable income will be included as a component of the final distribution amount payable to each unitholder in the Fund as at the Record Date (outlined in the indicative timetable below).

The information in this notice does not take into account the objectives, financial situation or needs of any particular investor. Investors should seek independent professional advice to ensure that they understand the implications, including the tax implications, costs and risks of each choice.

Fund closure process

The Fund's constitution permits Betashares to determine the date of termination of the Fund in a notice given to investors. The Fund will then be wound up in accordance with the provisions of the constitution and the Corporations Act.

This means that the assets of the Fund will be sold and the net proceeds, after deduction of actual or anticipated expenses, will be distributed to investors in proportion to their unitholdings as at the Record Date.

Betashares will bear the expenses associated with winding up the Fund, other than any transaction costs and taxes associated with sale of the Fund's assets.
